Re: Freedom of Information Act Request

Dear Ms. Elias:

This is a request under the state Freedom of Information Act. I am seeking the following information:

I am requesting copies of all emails and other correspondence sent or received by you since May 1, 2013, in your capacity as the attorney for any governmental body regarding a Freedom of Information Act request from me that the Detroit Free Press sent to a community or communities you represent. I am not requesting communications that served as legal advice to your clients. My request includes but is not limited to discussions between you and attorneys for other public bodies about handling the newspaper's FOIA request. My request includes but is not limited to Internet postings.

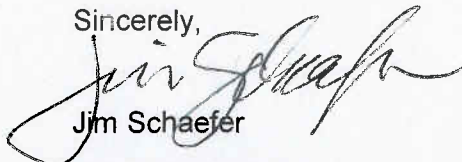

As a reporter for the Detroit Free Press, Michigan's most widely read newspaper, I am gathering information with the intent of informing the public about the workings of government.

For that reason, I am requesting a waiver of all fees as allowed by law. The information I seek is in the public interest because it will contribute significantly to the public's understanding of the activities of the government and is not primarily in my commercial interest. Release of this information, therefore, will provide insight into governmental functions. If you decide against a waiver, please inform me before fulfilling the request so that I can approve the charges in advance.

Jackie,

Please consider this an official FOIA request for records showing all city expenses (including but not limited to law enforcement, solid waste, and signs and signals) related to the Notre Dame night game, as well as the first Michigan football game of the season against CMU. I also would like to see copies of any invoices submitted to the University of Michigan and any corresponding records showing payments received from the university.

Cheers,

Dear Fire Marshal Farrackand,

I completed my site walk in Ann Arbor today and was unable to get a hold of you. I work out of Lansing so it will be difficult to get back over there to view the files. I was wondering if you could peruse the property records for 2185 W. Stadium Boulevard (Victory Lane Quick Oil Change) looking for environmental concerns; for instance, underground storage tanks (USTs), confirmed spills, or ASTs, an perhaps copy and fax or scan and email those files to me. If that isn't possible maybe we and verbally go over some of what you observed and I can just try to capture the important records that way.

Also, I am interested in whether you are familiar with this site and if you have any personal knowledge of environmental concerns with the site that are not contained within the property files.

Thank you very much for your time.

Regards,

Jeremy
