Dear Mr. Vielmetti:

I have received your email message dated April 9, 2010, entitled "APPEAL. Fwd: Google Fiber RFI." Because your appeal was submitted electronically, it was deemed received on the following business day, Monday, April 12, 2010.

Due to the demands on my time working on preparation of the City's budget for submission to the City Council and because my ability to work on this appeal was disrupted when the Guy C. Larcom, Jr. Municipal Building was closed for part of April 14 and all of April 15, 2010, I am extending the date for response to May 6, 2010, in accordance with MCL 15.240(2)(d). I expect to be able to respond before the end of that extension period.

Sincerely,

Roger W. Fraser,
City Administrator
