It has come to my attention that you are contacting members of City Council in an effort to discuss with them legal issues you raised and are raising relative to the City's footing drain disconnect program.

As you know from our meeting the other day, I represent the City, which includes the City Council, regarding those disputed issues that you have raised on behalf of your client. Your efforts to contact members of City Council to discuss those issues directly are improper and must stop. All your communications with the City regarding these matters, whether with the Mayor, members of City Council, City Administrator or staff, must be directed to me.
