Thank you for the attached letter and I look forward to hearing from your staff member! I've copied CMs Griswold, Eaton and Hayner.

We will be back in touch later about the issue I mentioned Wednesday night at the Ward 3 and 4 meeting, about pedestrian and cyclist safety, and the Safe Routes to School (SRTS) grant from Michigan Fitness Foundation and MDOT. A small delegation of residents from Ward 1 and CM Griswold and I, are organizing to try and meet with the related people in Lansing, to describe the situation in Ward 1 with the Northside STEAM SRTS sidewalk grant, and other pedestrian safety matters.

Thanks for all you do for constituents!!

January 17, 2019

On January 2nd, I was happy to open up the doors to our District 18 State Senate office in Lansing. Please consider my office a resource to you and the people you serve. I am honored to have the opportunity to serve our communities and I am writing you to ask for your assistance and collaboration.

As I begin my term in office, a priority of mine is to ensure that there is always an open line of communication between you and my office.

I want to hear from you about how I and my team in Lansing can serve your community. To facilitate our collaboration, I'd like to schedule a brief meeting to personally connect. Someone from my office will be calling in the next few weeks to make arrangements. I would also be happy to schedule a meeting over email.

Thank you for your service to the people and I look forward to working with you moving forward.

Please do not hesitate to contact me directly at (734) 834-7152 or my office at (517) 373-2406.

A handwritten signature in blue ink, appearing to read "Jeff Irwin".

Regards,

State Senator Jeff Irwin

I have tentatively reserved a conference room on the 6th floor at the Fleming Building for both 2:00 and 3:00 PM on January 25th. If either of those times and the location are convenient, we can finalize the meeting schedule after everyone has the opportunity to respond.

However, I too am open for a different meeting location.

Anne,

Thanks for your response and for your kind words of congratulations.

I could meet on the afternoon of Friday, January 25th, however the 18th will not work. I have reached out to all of the City Council representatives as well as Mayor Taylor to try and set up introductory meetings. I would welcome individual or group meetings, whatever is most convenient as I realize how busy everyone's schedule is.

Thanks for your response and I look forward to our meeting, perhaps on January 25th. Take care.

Councilmember Eaton:

I am writing in response to concerns I have resulting from Mondays' Council Planning Session. I've taken a few days to weigh whether or not I should bring these to your attention,

and in the best interest of working relationships and staff morale I think it prudent to do so.

During the discussions that took place, which were very beneficial, there were several comments about our staff that I and others have found to be a bit demeaning to our administrative and non-union workforce. While I am sure your intentions were not to be hurtful, the words used do matter and I hope you can clarify your intent as we go through the budget process.

The use of the term “administrative staff” in a manner that implies these members of the City team do not do “real work” can (and is) perceived as mean-spirited. We have many exceptional administrators throughout the City, including staff that provide critical customer service, planning and permitting, financial management, legal, judicial, engineering, communications, clerical, technological, and utilities operation functions.

Factually, we have not added many positions to the City staff over the past five years. I laid out the hiring history to you in a December 18<sup>th</sup> memo to you. Out of the 51.75 FTEs added, 28 (54%) are employees of the Ann Arbor Housing Commission that were made City staff by Council resolution, and 9.5 (18%) are enterprise funded and are not carried within the General Fund. Of the 14.25 (28%) of the new positions within the General Fund, the largest gain was in AAPD (5). A total of three (3.25) FTE are the result of part-time to full time status. Of the remaining six (6) FTE, five (5) of these positions support planning, human resources, information technology, and boards and commissions. The remaining FTE is the Assistant City Administrator, whose actions to date more than justify the need for this position. The tracking of these positions can be a bit complicated, and I can go through these with you at your convenience.

In the end, the culture of being a lean, efficient, and high-performing team is well established throughout our City staff. Everyone plays an important role, and their work is valued. I am available to discuss the above concerns with you, and I appreciate your support going forward.

Hi Rita,

You do not need to submit your application again. The Mayor has opened the process up to Council members and we are now able to review everyone who's applied for Boards and Commissions. You are on that list as seeking a position on the Environmental Commission. If you are interested in any other commissions, you would need to update your application.

There are many others on the list whose applications are mch older than your. That doesn't seem to be a problem.

Best wishes,  
Jack

Good Afternoon Councilmember Bannister,

To answer your question about communication with the general public: The vacant seat is posted online at on the Boards and Commissions module. If you'd like a link to share the best address to give out is:

<http://a2gov.granicus.com/boards/w/fe6c5e22e6f4a331/vacancies>

This link lists all vacant seats, not just the Environmental Commission and includes a button to apply.

As for the process of filling this seat:

I'd be happy to send out weekly updates of new applications received to both you and Councilmember Smith.

Once an applicant is selected to move forward in the process, either you or Councilmember Smith can let me know and I will get the nomination added as a resolution to an upcoming City Council agenda.

Sincerely,  
Kelly Beattie | Boards and Commissions Coordinator

**Subject:** Green Belt - Lepkowski Property

Dear City Council Members,

I am the daughter of Thaddeus & Margaret Lepkowski whose land was recently turned down for the Greenbelt Program. I'm pleading with the council members who have voted "No" to please reconsider. This land has been in my family since I was a child. I was with my mom and dad when they found this piece of property. We had lived in the city (Livonia) and they use to go on Sunday drives to get out of the city and into the country. They would just drive down country roads and look at all the farms. On this particular day I was with them and we drove down Spencer Road. I remember them pulling into the driveway and meeting two farmers Albert and Irma Cussigh. They had farmed that land for quite some time but were up in years and had decided to sell. My parents fell in love with this property and we moved from the city to the country. They have owned the land ever since.

This land means the world to me. The Greenbelt Program would have given my husband and I the chance to farm the land ourselves. We just moved back to Michigan from North Carolina with all of our cows, horses and two mini donkeys because we thought this project was going forward because council had already reviewed it. We were devastated to here that it was turned down. We had big plans for this farm. We had been working with USDA to get ideas on how we can preserve the nature of this land. This would include planting bushes that would attract butterflies and bees, planting food plots that would feed and attract different kinds of wildlife.

We had wanted to raise cows, chickens and goats on our farm. We were hoping to add a barn in the spring to house our animals. One thing special about our cows is that most of them are halter broke and are very tame. The breed (Dexter) we have are smaller than your average cow. They are not as intimidating as the larger size breeds. These cows produce a leaner cut of beef and many produce A2A2 milk. In addition, these cows teach. We had

plans on working with children in Washtenaw County. We had worked with FFA (Future Farmers of America), and 4H clubs that included children with disabilities in our previous state. We wanted to do that here. There are a lot of kids who never have the opportunity to work with farm animals. To see the look on their faces when they actually learn how to work and show a cows is priceless.

We believe in helping the community and giving back. In our previous state we had also donated products that our farm produced to the homeless shelter.

We feel this property is a great candidate for the Greenbelt Program. This property gives my husband and I a chance to do what we love and on a piece of property that I always dreamed of having. It also preserves the property by keeping it in its natural state with all the wildlife that it feeds and houses. There are days, around dusk, we see about 19 deer walk across the property. Sometimes they graze, sometimes they play, and sometimes they stop at the pond for a drink. In the warmer climates you will see turkey's with their young walking across and nest up in the trees. These are just two examples of the wildlife that this land impacts. I would like to extend an invitation to City Counsel to visit the property so you can see what we see.

I want to thank you for taking the time to read this email. I would also like to thank all the council members who voted "yes" on this Greenbelt project.

Please reconsider your "no" vote.

Sincerely,

Michele Woolford (Lepkowski)

CM Bannister, staff shares a final response for your review.

Final plans and specifications are scheduled to be submitted to MDOT before the end of January 2019. Before the funding can be obligated, and the SRTS Grant awarded, the City must possess all necessary easements and temporary grading permits (TGP) necessary to do the work described in the plans. There are no permanent easements required for this project, as all sidewalks will be installed in the public right-of-way. However, four (4) properties remain in the project limits where the sidewalk will be close to the property line. At these locations, requests for temporary grading permits were made to provide the best results to the adjacent home owners with regard to transitioning the grade of the sidewalk to their yards and driveways. If the TGPs are not returned to the City prior to our deadline to secure the funding, we will revise the plans to stop all grading at the right-of-way line before we submit to MDOT, but the grading transition will not be as smooth as it could had TGP been granted.

Subject: Northside STEAM Sidewalk Gap Project

Could you provide an update on the status of the Northside STEAM sidewalk gap project? After reading the article in Sunday's Ann Arbor News, it seems the project is going forward. I agree with what you said. "This is a million dollar project and to focus on Traver Rd and Brookside does not address the safety issues that we set out to do."

We recently received a temporary grading permit from the City to sign and return. If we do this, does it mean we agree with the project? We still believe our short block of Brookside Dr should be dropped from this project.

I understand more than 51% of the homeowners involved are against this project.

Greetings, Mayor Taylor and City Council Members,

The Washtenaw Housing Alliance is a coalition of [over 25 non-profit and government entities](#) working together to end homelessness in Washtenaw County. The solution to ending homelessness is quite simple: we must make sure everyone in our community has a safe, stable and affordable home.

WHA understands that City Council will soon be asked to consider the PUD Zoning and Site Plan for the Lockwood of Ann Arbor Development, located at 3365 Jackson Avenue. **WHA strongly encourages you to approve this development**, as it will provide 38 new units of senior affordable housing, targeted to very low-income seniors in our community, for a 99-year affordability term. Attached is a letter which shares more details about why our organization and its Board of Directors, and our member agencies that serve people who are homeless or at-risk of homelessness, support this development.

We appreciate your consideration of this letter – and our position – as you debate the merits of this development. Please do not hesitate to reach out to me if you have any questions, concerns, or would like to discuss homelessness and affordable housing in Ann Arbor and the county.

Thank you,  
Amanda Carlisle

Amanda Carlisle

Executive Director

Washtenaw Housing Alliance (WHA)

[734/222-3575](tel:7342223575) (phone) | [734/222-3550](tel:7342223550) (fax)

[www.whalliance.org](http://www.whalliance.org)

January 16, 2019

Dear Ann Arbor Mayor and City Council Members:

The Washtenaw Housing Alliance (WHA) is a coalition of over 25 non-profit and government entities working to end homelessness in Washtenaw County. WHA knows that the solution to ending homelessness is quite simple: we must make sure everyone in our community has a **safe, stable and affordable home**. **WHA strongly encourages City Council approval of the PUD Zoning and Site Plan for the Lockwood of Ann Arbor Development**, located at 3365 Jackson Avenue. As described below, the proposed development will add 38 units to the city's affordable housing stock, and will provide additional housing options for Ann Arbor's rapidly aging population.

The proposed Lockwood of Ann Arbor development is for a three-story building with 95 independent senior apartments (studio, one-bedroom, and two-bedroom units). The developer has committed that **40% (38 units) of the total units will be affordable housing, for a term of 99 years**, for households earning approximately \$32,000 or less (incomes at 50% of the Area Median Income (AMI) or lower). These affordable housing units will truly be affordable for low-income seniors in our community – for three generations; the 99-year term for affordable housing is commendable.

This development supports the goals outlined in Washtenaw County's 2015 Affordable Housing and Economic Equity Analysis Report, which the City adopted, to add 140 units of affordable housing annually for 20 years. It will also provide new types of housing opportunities for a growing population of seniors in the community at all income levels, and especially those with the lowest incomes. The 2010 U.S. census found 53,000 adults age 60+ in Washtenaw County; and, by 2040, this number will more than double, to 110,000. Many of the WHA's member agencies, including the Shelter Association of Washtenaw County, which operates the Delonis Center, report that they are experiencing an increasing number of seniors with insecure housing, because of rising rents, and no way for seniors to increase their income.

Lastly, in light of the recent loss of 800+ affordable housing units throughout the county in the last 18 months, 200 of which were affordable units for seniors, we support both the addition of affordable units, but also that this developer is exceeding ordinance requirements to provide additional senior affordable housing units.

**We enthusiastically endorse the Lockwood of Ann Arbor development, and hope you will too.** If you have any questions, please do not hesitate to reach out to me at [carlislea@washtenaw.org](mailto:carlislea@washtenaw.org) or (734) 222-3575.

Sincerely,

Amanda Carlisle  
Executive Director

**Subject:** Northside STEAM Sidewalk Gap Project

Could you provide an update on the status of the Northside STEAM sidewalk gap project? After reading the article in Sunday's Ann Arbor News, it seems the project is going forward. I agree with what you said. "This is a million dollar project and to focus on Traver Rd and Brookside does not address the safety issues that we set out to do."

We recently received a temporary grading permit from the City to sign and return. If we do this, does it mean we agree with the project? We still believe our short block of Brookside Dr should be dropped from this project.

I understand more than 51% of the homeowners involved are against this project.

Friends,

Some of you have asked for increased visibility regarding Board & Commission applications. To this end, Staff has provided us read-access to filed applications per below. THANK YOU!!!

If you choose to wander through these applications, permit me a couple of cautions.

- \* OMA considerations naturally apply to discussion of any of these applications.
- \* Although these applications are FOIA-able, they contain information that I believe would ordinarily be redacted. Please do not treat these applications as suitable for distribution prior to consultation with Attorney's Office.
- \* Without regard to FOIA-ability, I'd ask that you treat these applications as sensitive. We have each of us chosen to subject ourselves to the public discussion, approval, and rejection that accompanies elected office. Although service on Boards/Commission is public and does expose volunteers to comment, there is a different expectation and, often, tolerance, for this element of public life. All the more so for folks who have merely applied to serve, most of whom will by regretful necessity be rejected. This is all to say, as community leaders we have the power to wound by a careless word or critique. Please be cautious.

As ever, please do not hesitate to contact me with any questions you may have.

Christopher

\*\*\*\*\*

Accounts are now set up for all members of the City Council on the Boards and Commissions site. This software is intuitive and see attached a quick start guide to this email, but there are a few quirks. First, the site does not work as intended on Internet Explorer, please use Google Chrome for full functionality. Second, search results may display hundreds of applications dated January 9, 2018, this date is simply the date that the transition to the new software occurred, the City received no applications on that date. Any other issues can usually be overcome as users become familiar with the software.

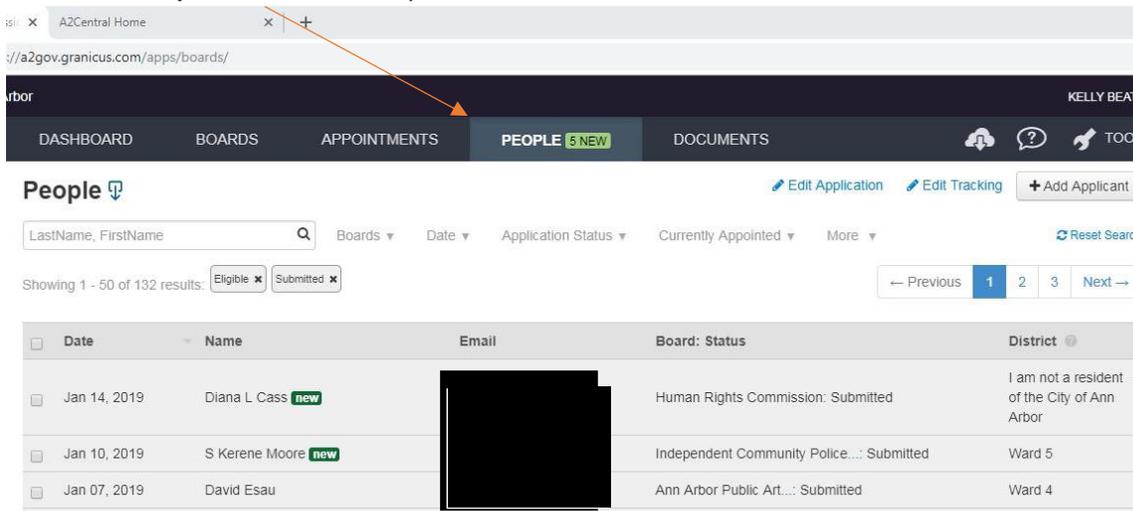

When you are ready to start, simply visit the login page at:  
<https://a2gov.granicus.com/account/login>, and log in using the appropriate username from the table below with the password XXXXXXXXXX

---

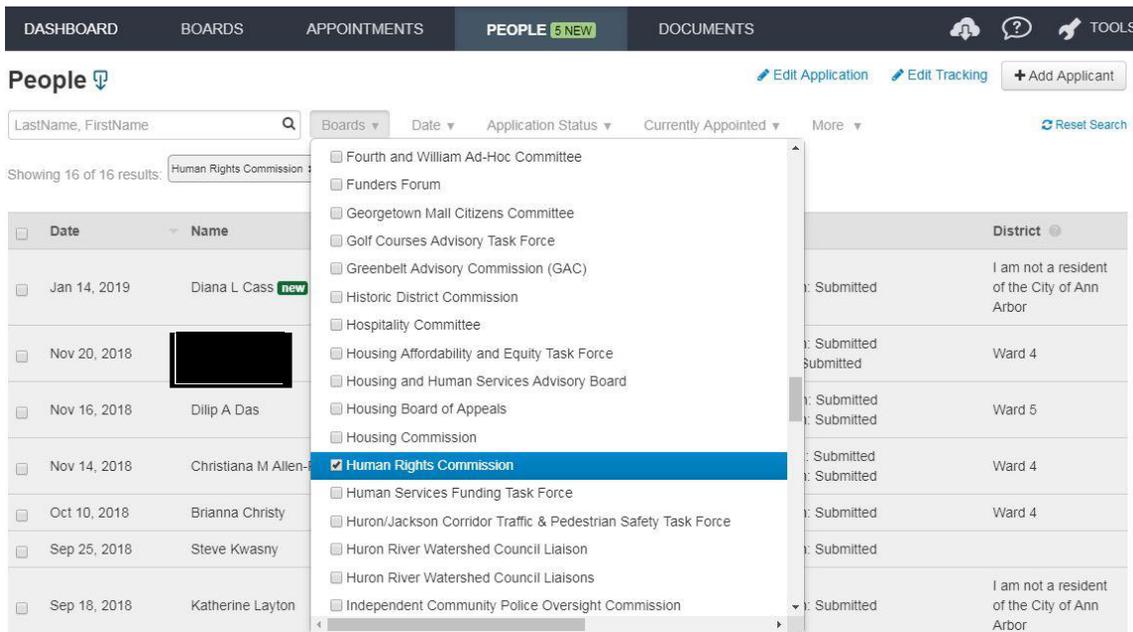

<b>Full Name</b>	<b>Username</b>
Ali Ramlawi	ARamlawi
Anne Bannister	ABannister
Chip Smith	ChSmith
Christopher Taylor	CTaylor
Elizabeth Nelson	ENelson
Jack Eaton	JEaton
Jane Lumm	JLumm
Jeff Hayner	JHayner
Julie Grand	JGrand
Kathy Griswold	KGriswold
Zachary Ackerman	ZAckerman

Steps to sort and view applications.

1. Log onto the Boards and Commissions page:
  - <https://a2gov.granicus.com/account/login>
2. Select the **People Tab** from the top ribbon

3. View Applications on the **People Tab** by using the table.
  - Date = Date application was submitted. Will display “In Progress,” if the applicant saved, but did not finish submitting the application.
  - Name = Applicant Name
  - Email = Applicant Email
  - Board: Status
    - Board is the name of the board, commission, or committee the applicant is applying for
    - Status will be: *Submitted* for new applicants; *Appointed* for current members, or *Archived* for past members.
  - District will list the Ward where each applicant resides.
4. There are many ways to sort applications, clicking on the table headers such as **date** to show the most recent applications is a good start. Other sorting functions use the search ribbon, including the ability to search by board name or applicant name if you are searching for someone specific.

5. To view detailed information about an applicant, clicking on any applicants name will open a new frame that contains the full response to application questions and a link incorporated into the application to view the any attached resumes.

**Are you seeking reappointment as a current member of a board, commission, or committee? \***

**No, I am not a current member.**

**Which Boards would you like to apply for?**

Human Rights Commission

**Interests & Experiences**

**Why are you interested in serving on a board or commission?**

I have spent the last ten years of my career in EEO law and love it! I believe in fair and equal treatment but I also understand that the law is not always written that way. I would like to become more involved in Human Rights outside of my work in the Federal sector.

**Cc:** Lazarus, Howard <HLazarus@a2gov.org>  
**Subject:** RE: Serious Pedestrian Accident - confidential info

Thank you for the update. I pray for the two young men.

Words cannot express my frustration with yet another serious pedestrian injury in a crosswalk with inadequate illumination. The two streetlights in the area are not adequate when working, but one of the streetlights has been out since at least mid-December. I placed the ticket listed below on December 14, 2018 and updated it on January 2, 2019.

Please contact me if you would like more information on this location and its history. A pedestrian is not visible in the north most lane.

I am ready to lead an effort to accelerate our roadway safety effort and support the immediate hiring of a PE manager as I stated at the work session last night. We need results – the deficiencies at this crosswalk were well known by MDOT, UM and the city.

Kathy

<https://en.seeclickfix.com/issues/5208741-streetlight-repair>

**Griswold** (Registered User)

The majority of the streetlights between city hall and the mid-block crossing near Thayer St. remain out. It is a chronic problem and is extremely dangerous for pedestrians as many of the crosswalks are dark.

Please prioritize this ticket!

Good morning,

On 1/14/2019 at 2159, AAPD responded to a car / pedestrian accident, on Huron St near Thayer St. The preliminary investigation shows a 17 yoa male was driving a 2016 gray Chevy Trax, w/b Huron, in the curb lane and did not see the pedestrian, a 21 yoa man, as he was crossing the street in the marked mid-block crosswalk. The vehicle struck the pedestrian, without braking .

Officers arrived to find the pedestrian unconscious, with a significant head injury. He was transported to U of M ER by HVA. Last information from U of M is the man was suffering from serious head trauma and was being taken into surgery He is listed in critical condition.

Sgt. Clock was called and responded as the Accident Reconstructionist.

---

Very sorry to hear, and hope and pray this young man will recover fully from his injuries.  
Thank you for this detailed report, Chief Pfannes -- always appreciate your looping us in on these incident reports.

I drove by this area, and do so daily and did so last night prob. less than a half an hr. before this serious accident. If I'm thinking about this correctly,, this is where Thayer merges w/Washtenaw (near St. Mary's Chapel) and so a busy vehicle, bike, pedestrian intersect.

Thank you for your report and for your and Officer Clock's and the AAPD's prompt assistance at the scene.

My thoughts and prayers are with these young men, Jane

**Subject:** RE: Environmental Commission Vacancy

Good Afternoon Councilmember Bannister,

To answer your question about communication with the general public:  
The vacant seat is posted online at on the Boards and Commissions module. If you'd like a link to share the best address to give out is:

 <http://a2gov.granicus.com/boards/w/fe6c5e22e6f4a331/vacancies>

This link lists all vacant seats, not just the Environmental Commission and includes a button to apply.

As for the process of filling this seat:

I'd be happy to send out weekly updates of new applications received to both you and Councilmember Smith.

Once an applicant is selected to move forward in the process, either you or Councilmember Smith can let me know and I will get the nomination added as a resolution to an upcoming City Council agenda.

Sincerely,  
Kelly Beattie | Boards and Commissions Coordinator

Thanks, Kelly! I see 7 applicants on your attached list, including John Mirsky, who actually already serves on the Environmental Commission (and maybe Energy, too). His name could be removed.

What happens next?

Is there a communication plan where the City sends out a reminder to the general public about this vacancy? If so, I'd be happy to forward it on social media and email, etc.

Hello!

Rita, you're still on the list of 7 applicants. Are you still interested? I'd LOVE to have you there with me - I need your help!

I've sent Kelly Beattie an email asking what the next steps are, and if they're going to send a public announcement out via social media and email about this vacancy.

Also, John Mirsky is still on the list of 7 applicants, although he's already serving on the Environmental Commission (I've asked Kelly to remove him).

Question applies to Environmental Commission

**Please describe your interest in protecting and enhancing the well-being of the environment and public health of the community.**

I believe that we need diverse thinking and urgent action on reducing our carbon emissions. My children's future is at stake.

**Why are you interested in serving on a board or commission?**

I was asked by Human Rights board member David Baum. I respect him and have worked with him on human rights boards here at U-M.

## Interests & Experiences

**Please describe your interest in protecting and enhancing the well-being of the environment and public health of the community.**

---

I've always been very interested in protecting the well-being of the environment. As a young child, I would gravitate towards projects that focused on environmental concerns -- oil spills, endangered species, deforestation, etc. Further, growing up on Lake Michigan has given me a great appreciation for Michigan's lakes, rivers, and watersheds. As an undergrad, I studied Economics and Program in the Environment (PITE) at the University of Michigan. We've recently moved back to Ann Arbor and have finally become homeowners in this amazing community so I would like to provide support by volunteering with the Environmental Commission.

**Why are you interested in serving on a board or commission?**

---

I enjoy being an active member of the community. It allows me to feel more connected to my neighbors as well as assist in important decisions that need to be made for our community. I enjoy leading as well as learning from others and believe my background in analytics will play an important role while serving on a board or commission. In recent years, I've participated in the following: - Co-found Club25, an IT group focusing on representing under-represented persons within IT - Served as Campaign Manager for my father's city council campaign - Served as a Board Member at Paws Chicago I look forward to discussing with you further how I can contribute on the Environmental Commission. Thank you for your time and thoughtful consideration.

## Interests & Experiences

**Please describe your interest in protecting and enhancing the well-being of the environment and public health of the community.**

---

Protecting the environment and enhancing the well-being of the environment is something I am passionate about because it is the basis of human life. Every day it seems we are inundated with information about the deteriorating state of our climate. However, I believe that we humans can at least slow down the effects of climate change or even better change its course and I want to do everything I can to bring about this change.

**Why are you interested in serving on a board or commission?**

---

I want to serve on the environmental commission because I want to put in my passion into action. This commission does very important work in protecting the environment and I want to uphold that tradition.

**Please describe your interest in protecting and enhancing the well-being of the environment and public health of the community.**

---

My interest to maintain and continuously improve the health of the environment is a value I've held throughout my life and is reflective in my educational and professional pursuits to date. I am uniquely qualified and called to serve the community in which I live, in a policy advisory capacity, to further the goals and values held by Ann Arbor city residents and leadership.

**Why are you interested in serving on a board or commission?**

---

I specialize in solid waste management policy and programming. Efficient solid waste and material management is an important part of the overall sustainable environment, with direct impact on our local community health, image and quality of life. I believe that my unique policy and program experience, along with my overall interest and passion to improve the environment through well-written, practical and cooperative policy, qualify me to productively serve on the City of Ann Arbor Environmental Commission.

# Noelle D. Bowman

████████████████████  
Ann Arbor, MI 48104  
████████████████████

June 28, 2018

Dear Ann Arbor City Councilmembers,

I hereby submit my application to serve on the **City of Ann Arbor Environmental Commission**.

I currently serve on the Washtenaw County Food Policy Council representing the Waste Management sector, and have served as Chair of the 'Food & Food Packaging Waste' Policy Action Team of the Washtenaw County Food Policy Council since January 2014.

In 2014, I worked to successfully amend Washtenaw County's Environmentally Preferable Purchasing (EPP) policy to include language to promote procurement of products that yield minimum end-of-life waste, with unique and progressive language that focuses on food service ware and waste diversion through compost. Along with the Washtenaw County Office of Community and Economic Development, I played a role in developing Washtenaw County's Local Vendor Preference (LVP) policy to include language to promote local food, goods and services. In 2016, Washtenaw County adopted Michigan's first local policy to address plastic bag waste management, a project I led in furtherance of Washtenaw County's progressive environmental policy goals. In these roles, I have served as an expert, author and advocate to further various local environmental policy efforts in continuance of the goals and objectives of Washtenaw County Board of Commissioners, many of which are directly supported by and through Ann Arbor city policy and programs.

Professionally, I serve as a Solid Waste Program Specialist for Washtenaw County, in the Department of Public Works - Water Resources Commissioner's Office. In 2017 Washtenaw County amended its Solid Waste Management Plan, a project I played an active role to facilitate. One program I played a pertinent role to spearhead is Zero Waste Washtenaw, which offers recycling and compost collection at Washtenaw County-based events, and assists event leadership and vendors in environmentally low-impact and sustainable practices.

Efficient solid waste and material management is an important part of the overall sustainable environment, with direct ties to our local community image and quality of life. **I believe that my unique policy and program experience, along with my overall passion to improve our environment through well-written, practical and cooperative policy, qualify me to serve on the City of Ann Arbor Environmental Commission.**

Thank you kindly for your time and consideration.

Regards,  
Noelle Bowman

## Interests & Experiences

**Please describe your interest in protecting and enhancing the well-being of the environment and public health of the community.**

---

As a long-term Ann Arbor resident, I am concerned with our water and air quality, and the need to move quickly to reduce our overall carbon footprint in order to address the effects of climate change. I want to be more directly involved with developing policies that will support implementation of alternative energy sources, addressing the clean up requirements for the underground dioxane plume that is flowing toward Ann Arbor's primary drinking water resource, the Huron River, and with developing community actions to directly support the sustainability goals set for the city.

**Why are you interested in serving on a board or commission?**

---

The environment is a consistent part of my community volunteer and recreational activities. I have been involved with city workgroups and task forces. I am ready to use my skills and experience to analyze issues and propose policies to address climate change, and to reduce pollution from toxic chemicals applied by the city and residents, in order to support a cleaner environment for Ann Arbor and our immediate region.

## Interests & Experiences

Question applies to Economic Development Corporation Board

**Are you an officer or employee of the City of Ann Arbor?**

---

Yes  No

Question applies to Environmental Commission

**Please describe your interest in protecting and enhancing the well-being of the environment and public health of the community.**

---

I am very passionate about caring for and protecting our environment because I believe it is our responsibility and just the right thing to do. I am eager to take the next step from just being a passionate citizen, to someone who can support and champion broader change initiatives to help keep our community healthy.

Question applies to Housing and Human Services Advisory Board

**If you meet any of the special qualifications for the Housing and Human Services Advisory Board listed below, please select the appropriate box(es).**

---

None Selected

**Why are you interested in serving on a board or commission?**

---

I am interested in serving on a board or a commission as a way to give back and to play a role in ensuring the future health and happiness of our community. I was born and raised in Ann Arbor and have recently moved back after spending a number of years away. I have been in the business world for many years and I think my background and experience will enable me to be a productive member and hopefully bring new perspective and a high level of engagement to the group.

---

Strategy and finance leader with deep experience delivering retail performance improvement through optimization and growth initiatives. Strong analytical skills with a creative leadership approach. Experienced in defining key strategic issues and leading teams to develop and deliver solutions. Highly engaged and collaborative leader with proven ability to develop high-performing teams and lead large-scale transformations.

## EXPERIENCE

2001-Present **WALGREEN CO.** Deerfield, IL

*Vice President, WBA Group Strategy, 2016 - Current*

- Advisor and hands-on business partner to senior leadership, responsible for identifying strategic direction and guiding business owners to develop effective plans, aligned to the strategy.
- Developed \$1B EBIT turn-around plan for \$28B retail business, key components included:
  - *SKU Rationalization*: Used sku-level profitability and loyalty scores to identify opportunity for up to 20% range reduction and space redeployment
  - *COGS Improvement*: Identified \$300M+ COGS opportunity and action plan to capture using supplier funding rates, clean room data, competitive pricing, and brand loyalty scores
  - *Owned brand*: Analysis showing \$100M+ opportunity targeting low loyalty, low margin products and org structure and decisions rights needed to accelerate development
  - *SGA Improvement*: Developed operating model for low volume stores that improved customer satisfaction and employee engagement, while enabling \$200M+ in labor savings annually.
- Led work to identify growth strategy for stagnated retail business using trip mission analysis, financial viability, partner evaluation, and concept testing. Currently in pilot development stage.
- Developed new low cost pharmacy store format to enable further expansion of pharmacy locations.
- Led development of enterprise digital strategy including digital capability development and digital marketing optimization.
- Strategy lead on brand transformation program defining target customer, growth objectives, new brand positioning and store execution elements to support relaunch campaign.
- Experienced in all aspects of M&A and retail commercial partnerships including diligence, synergy analysis, concept development, deal model, integration planning, and synergy execution.

*DVP, Business Unit CFO Retail Products, 2012-2016*

- Financial governance over \$28B retail P&L including long range planning, budgeting, forecasting and performance management. EBIT contribution doubled during my time in role.
- Governance over all business investments and financial decisions; extensive experience with business case development including DCF, IRR, ROI, and break-even analyses.
- Led three \$1M+ business intelligence projects that have led to \$200M+ returns: integrated forecasting capability, vendor funding reporting, and direct product profitability.
- \$90M in vendor funding synergy captured; financial support for all payment terms and COGS negotiations.
- Directly managed \$2B trade funding system. Led process improvement initiative in deal management that reorganized the division and improved internal controls over trade funding resulting in \$20M GP improvement and a \$35M reduction of aged receivables.
- Supported board of directors and various senior leadership meetings with comprehensive performance reviews, scenario analysis and financial evaluation of large strategic decisions.

*Finance Director, Owned Brands 2010 - 2012*

- Financial governance over \$4B owned brands business including budgeting, forecasting and performance reporting.
- Bid analysis and negotiation support leading to \$50M COGS improvement over two-year period.
- Contributed to 200bps sales penetration improvement by building robust new product sales and profit modeling that included retail pricing, cannibalization and distribution planning.
- Led development of significant IT project to enable dual-sourcing, directly managed large cross-functional team to build and implement capability that drove over \$20M annual profit contribution.

*Sr. Manager, Loyalty 2007 - 2010*

- Designed loyalty program for \$70B retail pharmacy chain. Led concept ideation, market testing and final program design for market pilot.
- Developed financial model, conducted scenario analysis to determine program funding rate, anticipated customer earn/ burn cycle, incremental sales, and supplier participation.
- Built a targeted pharmacy patient retention program including call center, in-store training and direct marketing that drove 500 bps improvement in high value churn rate.
- Extensive experience drawing meaningful insights from customer transaction data, market POS and panel data, and primary research.

*Manager, Pharmacy Marketing 2005 - 2007*

- Translated customer, market, and competitive insights into actionable new pharmacy services and marketing communications programs.
- Drove successful change in media buying strategy and creative approach through use of pharmacy customer segmentation and ethnographic research
- Developed approach to measure marketing ROI for campaigns and profitability of pharmacy program, introduced organization to statistical testing and measurement methods.

*Project Manager, Corporate Strategy 2003 - 2005*

- Developed growth plans for healthcare business segments including: PBM, Specialty Pharmacy, Mail Order pharmacy and Clinics.
- Led large consumer research studies including survey design, oversight of data collection, data analysis and insight development.
- Prepared annual five year financial plan including business leader parameter meetings, model development and creation of board materials.

*Sr. Planning Analyst, Corporate Strategy 2001– 2003*

- Analysis of new business opportunities including financial assessment and operational feasibility.

2000-2001      **MACY'S WEST**      San Francisco, IL  
*Marketing Analyst*

- Analyzed customer behavioral data to inform marketing plans for prestige cosmetics and furniture businesses to drive sales and improve ROI.
- Analyzed performance of direct marketing campaigns and recommended changes to offers and distribution lists.
- Analyzed FSI distribution, adjusted circulation to better reach target market while holding costs.

**EDUCATION**

2008-2011      **CHICAGO BOOTH SCHOOL OF BUSINESS**      Chicago, IL  
**UNIVERSITY OF CHICAGO**  
*Master of Business Administration, majors in Finance, Strategy, and Marketing Management*

1996-1999      **MICHIGAN STATE UNIVERSITY**      East Lansing, MI

*Bachelor of Arts in Marketing, Eli Broad School of Business, Dec 1999*

- Honors: *Cum Laude*, Honors College, Phi Beta Kappa, Dean's List

 Employer Occupation

### Are you seeking reappointment as a current member of a board, commission, or committee? \*

None Selected

### Which Boards would you like to apply for?

Energy Commission: Submitted  
 Environmental Commission: Submitted

## Interests & Experiences

**Please describe your interest in protecting and enhancing the well-being of the environment and public health of the community.**

---

I have had an interest in the environment dating back to my childhood. My father was an air pollution expert and my family grew up camping and enjoying the out-of-doors as our primary recreational activity. I've also been a member of and financial contributor to environmental NGOs for ~ 40 years. Professionally, in my last position prior to retirement, the Robert Bosch NA Environmental Health and Safety corporate function (and others) reported to me.

**Why are you interested in serving on a board or commission?**

---

I currently serve on the Energy Commission and as its liaison on the Environmental Commission. I am also the Executive Policy Advisor for Sustainability to the City Administrator. I believe I have made significant contributions in those roles the last two years, not just in advisory roles but also outcomes achieved.

## PROFILE & OBJECTIVE

---

Retired business executive seeking volunteer opportunities in the areas of sustainability and social justice. 37 years of international experience in business unit and manufacturing operations management and in corporate shared services. Proven record improving profitability, quality, delivery and services, restructuring, lean enterprise process optimization, and strategic out-of-the-box thinking. Collaborative team player; customer / end-user focused.

## PROFESSIONAL BACKGROUND

---

**ROBERT BOSCH GmbH and LLC** – Entire career with Bosch, a privately held \$80B company with 350,000 employees headquartered in Stuttgart, Germany operating in 4 business sectors: Mobility, Industrial, Consumer Goods, Energy and Buildings.

**VP, Technical and Engineering Services – Robert Bosch NA; Farmington Hills, MI: 5/2007 – 8/2015**

Responsible for technical shared service functions for the \$ 11B, 150 location NA region reporting to the NA President. Functional responsibilities included engineering and testing; real estate and site concept optimization; facilities management; security; environmental, health and safety; indirect purchasing; insurance; continuous improvement; and problem solving.

**VP, Special Projects - Chassis Systems Full Brakes; Farmington Hills, MI: 1/2007 – 4/2007**

Led strategic restructuring, acquisition and operations improvement activities reporting to the President of the global \$3.5B Chassis Systems foundation and actuation brake component business. Headed acquisition of a Mexican Delphi brake plant.

**Sr. VP, Manufacturing - Chassis Systems Full Brakes, North America; Farmington Hills, MI: 7/2005 – 12/2006**

Member of the 7-person team responsible for the \$1.8B N. American foundation and actuation brake component business reporting to the President of the NA Division. Responsible for 7 manufacturing plants, 5 in the US (2 with UAW workforces) and 2 in Mexico, plus divisional logistics.

**Sr. VP & General Manager - Business Unit Foundation Worldwide, Chassis Systems Division; Farmington Hills, MI: 2/2004 – 6/2005**

GM of the global \$2.0B Foundation Brakes Business Unit reporting to the President of the NA Division. Responsible for manufacturing, including 12 plants in NA, SA and Europe, product engineering and product marketing.

**Sr. VP, Manufacturing - NA Power Tool Division (formerly S-B Power Tool); Mt Prospect, IL: 1/1998- 1/2004**

Member of the 7-person team responsible for the \$1.0B N. American power tool and accessory business sold under the Bosch, Skil, Roto-Zip and Dremel brands reporting to the Group President and CEO of Robert Bosch Tool Corporation. Responsible for manufacturing (4 plants in the US, Mexico and China) plus NA Power Tool corporate purchasing, quality and business process improvement.

**Various positions, Charleston, SC Plant (the oldest, largest and most sophisticated NA Bosch plant): 1/1983 – 12/1997**

**Manufacturing Engineer; Stuttgart-Feuerbach, Germany Plant 1978 – 1982, and Munich, Germany Plant, 1982**

## EDUCATION

**Subject:** Scheduling Brownfield Committee Orientation Follow-Up Items

Everyone,

I have not heard back from everyone, but based on the feedback so far, it's looking like Monday mornings at 9 a.m. may be best, and even better on Council days (so, 1<sup>st</sup> or 3<sup>rd</sup> Mondays of the month?). Wednesdays will not be the best.

If everyone agrees we could make Council Mondays work, I would propose scheduling our first meeting for Monday, Feb. 4<sup>th</sup> at 9 a.m.

Please confirm and we will schedule the first meeting for 2/4, thank you!

**Subject:** Brownfield Committee Orientation Follow-Up Items

Dear Councilmembers Hayner, Griswold, Eaton and Smith,

Derek and I met with the two new Brownfield Review Committee members, councilmembers Griswold and Hayner, yesterday to provide a general orientation to brownfields. Here's a link to all of the materials that were handed out at the meeting:

<https://drive.google.com/drive/folders/1k6mtTcirDcVs3lsAgXjD0Zcj-fiuHHkx?usp=sharing>

Here's a link to a neat GIS-based project mapping page that we just launched:

<https://gisappsecure.ewashtenaw.org/public/brownfieldprojects/>

**There were several items of follow-up from the meeting:**

**Local Brownfield Revolving Fund (LBRF):** This grant/loan fund was established in 2017 by the County Brownfield Authority, and is used to support brownfield redevelopment projects in the region. The fund is capitalized from additional capture from all brownfield projects in the County, usually at the end of the developer reimbursement period, but annually for a few projects. The first approximate \$1.5 million in seed funding was deposited from the Toyota Technical Center brownfield TIF capture in York Township. Additional funds will be added in the future as projects are fully paid off and expire. Attached is the LBRF policy adopted by the County Brownfield Authority. Two LBRF awards have been made so far: \$600,000 to the Ann Arbor Housing Commission to support eligible demolition and infrastructure brownfield activities as part of the redevelopment of 32 affordable housing units at the White/State/Henry site, and \$240,000 to the City of Ypsilanti to complete soil remediation activities along the Border to Border trail through the Water Street brownfield redevelopment site. Note that the LBRF policy includes review criteria regarding the extent to which a project supports stated affordable housing goals within the [2015 Housing Affordability and Economic Equity Analysis](#).

**Michigan Economic Development Corporation (MEDC) Brownfield TIF Support Policy:** The MEDC (more specifically, the Michigan Strategic Fund) approves that capture of school taxes to finance **non**-environmental eligible brownfield activities permitted by Act 381. These include demolition, innovative urban stormwater management improvements, such as rain gardens, green roofs, underground detention storage, public or private parking decks, public infrastructure, including water, sewer, streetscape and similar public improvements, and site preparation activities, such as grading/fill, etc. For more information on specific non-environmental activities that are eligible under MEDC Policy, go to Page 25 of this link: <https://www.miplace.org/globalassets/media-documents/brownfield-tif/act-381-work-plan-guidance.pdf>. The ability to utilize the Brownfield Plan process and Act 381 to achieve non-environmental infrastructure improvements to benefit the broader neighborhood, and potential to advance other community goals (such as affordable housing), were discussed at length in yesterday's meeting.

**Brownfield Committee Meeting Scheduling:** Previously, the Committee meetings were scheduled for Monday evenings at 5:30, prior to Council. This time was sometimes difficult and limited time for the committee to take care of business. We discussed with Councilmembers Griswold and Hayner in changing the meeting times to on a Mon, Tues. or Wed. morning at 9 a.m.,

instead. While we will schedule these meetings monthly, it is likely the Committee would only have to meet several times per year, depending on the number of Brownfield applications submitted. Please advise your availability to meet any or all Mon/Tues/or Wed. mornings at 9 a.m. We would like to schedule the first Committee meeting sometime in the next 3 to 4 weeks.

Thank you for serving on the Brownfield Review Committee. We look forward to working with all of you to ensure the continued success of the County/City Brownfield program!

**Subject:** Orton Family Foundation-A New Way To Plan!

Hello Councilpeople and Planning People and Everyone Else:

Julie Ritter here with a very heartfelt suggestion. Hope that you will take the time to check out this wonderful organization which could very possibly help our beloved City out of its current logjam.

<https://www.orton.org/build-your-community/model/>

The logjam of how to move forward. Without an active Planning Department (in fact, consider renaming it the "Reaction Department") the City is now being planned by developers and it is getting a tremendous amount of pushback from citizens because that is not what they want to see happening in the way it is happening. Neither do citizens want to have their City planned by college students who have no long term history or future with the City, no matter how well intentioned they are, or how much they adhere to "norms" of the standard development playbook. We are all suffering because of this playbook. So why not try something else?

The Orton Family Foundation is a non profit with offices in two states: Vermont and Colorado. They have a unique, fascinating and highly successful method of helping Cities plan their future. Their method is based on storytelling. The stories of the citizens of the City.

Stories about what is important, what things mean, what is valued. Histories of persons and

families and parks and businesses and schools. Everything can be included. These stories are collected from as many diverse parts of the community as possible. They are then evaluated on 31 qualities. This process results in a recommendation to the City as to the best way to move forward, in a manner that is consistent with the meaning of the City, the values of the City, the culture of the City.

With these recommendations, then developers can be invited in to the City to participate as members of the community in building the future that people would like to see.

I am familiar with the results of their work in Biddeford and Damariscotta, both in Maine, and they are very gratifying.

Ann Arbor might be larger than many clients of this organization, but it certainly is worth investigating! Just imagine a development process that is happy and positive and supported. Win-win-win for the City, the citizens and the developers. The City Attorney could take some long weekends off!

Please consider contacting the Orton Family Foundation at 802-495-0864, or at [programs@orton.org](mailto:programs@orton.org), before you approve one more single project!

Thank you very much.

Respectfully,

Julie Ritter

Dear Ryan, I believe you were in attendance at the council meeting -- at the council meeting, I explained why I voted to not purchase this Northfield Twp. property. The County determined this (I submitted a Q re: this) was not a priority purchase, and Northfield Twp. was contributing zero \$'s towards this purchase. All things considered, a lousy financial deal for our taxpayers.

Hope this is helpful, and all best, Jane

**Date:** Sunday, January 13, 2019 10:35:52 AM

---

Thank you very much for taking the time to kindly thank us, Anne. I completely agree that the cull is an important and key part of our mgmnt. efforts, and am also appalled that the activists have been able to disrupt and interfere with the cull. State law must be upheld to allow this work to proceed as contracted, and to protect the contractors, protesters and all impacted residents. I very much appreciate that CM's Bannister, Eaton, Ramlawi and Griswold share and voted to address these concerns.

And, I greatly appreciate your taking the time to kindly share your thanks and perspective.

Kind regards, Jane

**Date:** Sunday, January 13, 2019 8:27:56 AM

---

p.p.s., And these standards of conduct should apply to EVERYONE. e.g., you don't go after/attack/critique White Buffalo for work they have been hired to perform. You don't protest at people's homes -- some private property owners, yes, people who have offered to participate in the culling program, feel they have been targeted and harassed by FAAWN. It's very intimidating for them.

Again, you can protest to your heart's content, and I don't think it's too much to ask FAAWN et. al. to do so respectfully and legally (the state law regarding interference in this work is unequivocal).

Thank you for writing and listening,  
Jane Lumm

Dear Lisa,

In terms of the FOIA's (council, I believe I am and remain the only CM whose deer correspondence has been FOIA'd), I have made no issue of it, and simply complied. I have no issue whatsoever with compliance.

As you likely are aware, I received a FOIA last week for all 2018 through 1/10/19, I believe, deer correspondence. Previously as you know, three calendar years of my emails were FOIA'd, then sent to the State AG with a request that I be removed from council for ethics violations, and the local NBC and ABC affiliates were contacted by members of your organization and encouraged to attend the council meeting to cover the "email scandal" (how it was described on

WDIV). At the same council mtg. when the tv cameras were running and the hullabaloo was made about my emails, the attorney for your group made an animated presentation about the city's deer mgmnt. program. And now? Friends have advised me to not read social media -- seems I've been hung and quartered on social media. The "email scandal" has been kept alive. Some members of the community (people UNknown to you and your organization, so please don't attack WC4EB et. al.) have suggested I sue for slander. I will not do so. I will provide all FOIA'd correspondence and do my level best to stay on the high ground to serve my community ETHICALLY, and ignore the side show.

Thank you,  
Jane Lumm

## Yelling could land deer cull protesters behind bars, police warn

Updated 12:06 PM; Posted 12:36 PM

17 Gallery: Deer cull protesters near sharpshooter's position at Narrow Gauge Way Park on first day of cull

By [Darcie Moran | dmoran@mlive.com](#)

ANN ARBOR, MI - A run-in with University of Michigan police has left

protesters of Ann Arbor's deer cull worried about how a state statute is being applied locally.

It comes just days after the [City Council voted 6-5](#) against directing the city attorney to investigate and possibly cite or seek an injunction on the cull protesters, who've demonstrated at shoot sites since the fourth-annual cull kicked off last week.

Protesters demonstrated for several hours on the evening of Wednesday, Jan. 9, near where a city-hired sharpshooter had set up on Hubbard Road near Green Road, said 69-year-old Lorraine Shapiro, a member of the non-profit Ann Arbor Non-Lethal Deer Management.

They were standing on the sidewalk, showing signs to passing vehicles and calling out "stop the shoot" and "save the deer" periodically, she said.

"And occasionally we were making a little more noise and occasionally we weren't making any noise at all," she said.

Police arrived about 8 p.m. after receiving four complaints about the group from those involved in the cull, University of Michigan Deputy Chief of Police Melissa Overton said.

They'd been screaming in the woods, on purpose, when a light had been turned on to signify a cull operator at work, she said.

Shapiro and Phil Carroll, 85 and a leader of [anti-cull group FAAWN](#), Friends of Ann Arbor Wildlife in Nature, were the only two protesters left by the time police approached them.

One officer said that, under a Michigan statute, they could face 93 days in jail for their actions, Shapiro said "In fact, he said to me, 'If I see you again, you will be cited,'" said Shapiro.

Under Michigan law, it's a misdemeanor to impede "the lawful taking of animals" by disturbing the animals or blocking, impeding or harassing someone who is engaged in the taking.

Beyond the 93 days in jail, violators could be fined between \$500 and \$1,000 on the first offense. For the second offense, they could be jailed for up to a year

and fined between \$1,000 and \$2,500.

The statute came under sharp focus in the recent proposal by Ann Arbor City Council Member Jane Lumm, who believes protesters are violating the law by interfering with the cull.

But protesters don't believe they're violating this law. In fact, Shapiro and Carroll said it was their First Amendment rights that were violated that night.

Protesters also are concerned with what changed in enforcement, said Lisa Abrams of FAAWN.

They've protested the same way for four years, without such interactions with police, she said.

Overton said it's due to a new understanding of what can be enforced.

Though Overton agreed officers had let the protesters demonstrate similarly just a few nights prior, she said a renewed look at the law, consultation with prosecutors, and review of the complaints and stakeholders led them to act differently Wednesday.

The protesters can stay if they protest peacefully, she said.

"Running up and yelling louder, that's not peaceful, that's disruption," she said.

It's her understanding that the protesters have been complying when approached by police and chose to leave on their own that night. Voluntary compliance is the goal, she said, noting safety is their priority.

Abrams said the group hadn't seen the red light described by Overton before, and didn't know what it meant. She also said the group remained on the sidewalk, refuting claims by Ann Arbor resident and supporter of the cull Kurt Sonen of Washtenaw Citizens for Ecological Balance.

Sonen said some protesters stepped off the sidewalk into the woods to yell at the shooter.

"I'm not sure if it was just her voice or she had a noisemaker, but she made some outrageously loud noises," he said of one.

Abrams refuted the claim that the demonstrations were impeding the cull efforts.

"If what we did really impacted their legal taking of an animal, how have they managed to kill 274 deer?" she said "How did they manage to shoot while were protesting?"

The incident is just the latest in the city's deer cull saga.

A former city council member lodged a complaint with Ann Arbor police about FAAWN after a protest at his home during a cull operation there last week.

The city aims to kill up to 150 deer during the cull this month to curtail what city officials and some residents believe is an overpopulation of deer.

Dear Lisa,

I have observed your many protests at city hall, been the subject of many of FAAWN’s critiques at City Council meetings, on social media and elsewhere (your members seem to busy themselves with unhealthy, ad hominem personal attacks and diatribes), but no, I have not attended your cull site protests. Why would I choose not to interfere at the cull site? It’s unsafe – for all concerned – disruptive, and illegal.

Now knowing that you have interfered in the City’s contracted work in this manner consistently (as you indicate) for the past 4 years, I regret that this disruptive behavior has not been addressed previously. You can protest to your heart’s content, but not interfere, illegally, with this work with which you object.

Nothing coincidental at all – the state law which speaks to the type of activity in which you are engaging, is unequivocal.

On behalf of our parks and natural areas, and the taxpaying citizens who are footing the bill for the work that you are disrupting, I extend sincere regards, Jane Lumm

**Subject:** Suppression and Taunting of Protestors

Dear Dr. DeNicola and Vickie,

Residents of Ann Arbor would like to make you aware of a disturbing incident that occurred on Wednesday, January 9, 2019, as it pertains to the deer cull/kill and one of your volunteers.

Some residents were protesting peacefully the deer cull/kill when at approximately 5:20 p.m. Mr. Kurt Sonnen, Ann Arbor resident and WC4EB member, arrived. When we saw it was Kurt, we began talking to him, because we have known him for a few years and have worked alongside him, in City meetings pertaining to the deer “management” program. In the course of conversation, Mr. Sonnen said gleefully that he had recently shot 4 deer, as if to provoke us and taunt us. According to Mr. Derek Delacourt, City Services Administrator, Mr. Kurt Sonnen is the lead resident cull/kill volunteer for White Buffalo. We are concerned about the treatment we received by Mr. Kurt Sonnen, as he was apparently trying to provoke us in to a confrontation.

In the past we have worked with you and respected you for your efforts in sterilization.

Kurt Sonnen’s actions, along with the suppression of our 1st Amendment rights, have changed our members view of White Buffalo dramatically.

Is this what White Buffalo has brought to Ann Arbor?  
Neighbor pitted against neighbor?  
Neighbor taunting neighbor?  
Neighbor provoking neighbor?

We would also like to know whether anyone from White Buffalo asked the University of Michigan Police Department and the Ann Arbor Police Department to familiarize themselves with Michigan Act 451 of 1994, as it pertains to the peaceful protesting the residents of Ann Arbor have done **exactly the same for the past 4 years?**

Is White Buffalo engaged in the suppression of free speech, when they are meeting with the 2 police departments prior to nightly cull/kill operations and recommending they issue citations to peaceful protesters?

Is the mission of White Buffalo to come into communities that have a controversial problem to begin with, and teach residents how to provoke each other and make matters worse, and then leave?

Our entire membership and the membership of other groups are looking intently at the actions of White Buffalo in our community.

We appreciate your answers to these very serious questions and concerns.

Sincerely,

Lisa Abrams  
for FAAWN Steering Committee  
Friends of Ann Arbor Wildlife in Nature (FAAWN)

Thank you very much for your input.

I am quite certain this application will not come to City Council for review and so am copying Mr. Brett Lenart, City Planning Director, for his information. Mr. Lenart, please include Ms. Morehead's feedback in the Citizen Participation Meeting report which will be provided the Planning Commission. The Citizen Participation Meeting (CPM) for this "Medicine Man" marijuana dispensary proposal is scheduled for 11/12/19 at 7 p.m. which is, unfortunately, a very inconvenient meeting time for many residents. Any feedback provided CM Griswold/me will be forwarded to you for inclusion into the CPM report.

Thank you, Brett, and thanks again for your helpful feedback, Elizabeth.

All best, Jane

**Subject:** the Medicine Man on Plymouth

Dear Council Members,

Greetings.

I was recently made aware of three dispensaries that are planning to go into the Plymouth Road corridor, one of which, the Medicine Man is further requesting an additional 3,400 sq. ft.

As a community member I am concerned about this from a couple of practical ways: first, parking which is already at a premium in the Plaza. Second, it prevents other profitable business from going into that space. As a parent of three children, I am concerned about a dispensary of that size going in, quite literally just down the road from my home. I live just up the road off the corner of Nixon and Bluett and today was the first I heard of this establishment going in. While many will espouse the virtue of a dispensary and many are pleased they are welcome in the state, there are still many who do not want them in their backyard, let alone one of several thousand square feet.

In conclusion, I would like to request that you do not grant the additional space to the Medicine Man. I firmly believe that the current space is quite in line with what is needed to run a business of that nature.

Sincerely,

Elizabeth Morehead, Ward 2

**To:** Nelson, Elizabeth <ENelson@a2gov.org>  
**Subject:** Re: The over- extension of the curbs and narrowing of Seventh street at Scio Church

It is my understanding that this meeting On the 17th, actually was set up by staff to discuss assessment with those impacted. Mr Eaton said it would be an opportunity to bring up citizen issues but he will be there himself and he intends to make the staff aware of the complaints he has received. I've spoken to Mr Nering who constructed the design and he too agreed there is much disapproval from many people who use it.

The staff has agreed to meet with residents but Mr Eaton has not set a time or place yet for that. At that time it will be the time for the neighborhood to air their issues.

I agree that it is difficult To get the word out. Had the meetings prior to the construction been more specific in newspaper reports, as to how our entrance to the subdivision, and specifically the over extension of the curbing been in that information, I believe more residents would have attended. Also it took place downtown, a difficult place to park and be at night. I read the minutes and saw the signatures of those in attendance. I believe those directly involved on Scio Church most likely made up the few that were in attendance. I don't recall discussion of that curbing in those minutes. Also, once they closed the intersection, no one could see what they were doing, which would have been the time to stop it.

This is a serious issue to the residents here. There should be a major attempt to let everyone aware once Mr Eaton had set the next meeting and I hope it is in Lawton where everyone can get to and park.

Thank you  
Gail Light

Hi,

Thanks for reaching out—I'm aware of the odd changes that have been made to that intersection. I had a meeting with our transportation staff about it last month. CM Eaton was more proactive than I was and has, in fact, scheduled a meeting for the neighborhood to express concerns to staff.

Details are below:

THURSDAY, January 17<sup>th</sup>

7 p.m. – City Hall (basement conference room)

301 E. Huron Street

Please share details of this meeting with any neighbors. CM Eaton announced it at the last council meeting and I have it on my website ([a2ELNEL.com](http://a2ELNEL.com)), but it's a challenge to get the word out. We've received a number of complaints about this intersection and on our end it can sometimes be a task to search through our email to reconnect with the people who reached out to us before. I know that CM Eaton arranged this meeting specifically for the benefit of you and your neighbors, so please come! Your email has been a good reminder for ME that I should search my messages and specifically invite everyone who has complained to me about this intersection.

Several new members of council (including myself) are very concerned about how decisions like this are made without consultation and conversation with impacted neighbors. We are also concerned about how the city actually communicates to engage the public and let them know about meetings such as the one next week. The city has additional resources that we as council members do not have (e.g. email lists, mailing lists), and we need to make better use of them, clearly.

Thanks for taking the time to reach out. Thanks, especially, for the observations about the light cycles. Details like that need to be shared and our transportation staff needs to hear them directly from impacted residents. I hope to see you on January 17<sup>th</sup>.

Elizabeth

**Subject:** The over- extension of the curbs and narrowing of Seventh street at Scio Church

Ms Nelson,

I live in Lansdown on Morehead Ct. Once the redesigned intersection opened for traffic at Seventh and Scio and I sat thru 5 lights trying to make a right hand turn out of my subdivision, I immediately talked with on of the engineers on the project who was responsible for constructing it. He said he had no input into the design.

I expressed my frustration and opposition to what appears as a poorly thought out design for a major thorough fare. He admitted that there were many like myself that objected to how the project was designed. He suggested talking with Mr Eaton who was going to put together a meeting to discuss it with the residents. I have talked with Mr Eaton.

You should be aware, and possibly are, of the dissatisfaction that exists with this oddly designed intersection with its way over extended curbs and now with the placement of what appears to be Cheap PVC pipes and a Share the Road sign. This is a subdivision that homes sell for 1/2 million dollars. One recently listed for \$100,000 over that. The design of the street and the curbing devalues our subdivision, impedes traffic flow by not allowing more than one car at the light and is dangerous when driving east on Sci Church and discovering the right turn lane abruptly ends at a curb thus forcing drivers into and often in front of other drivers in the next lane. The Seventh street design forces drivers on 7th now to make right turns from the center lane on due to extra paths for bikers is also more dangerous. These are but a few of the issues.

I don't believe the city has a right to devalue our subdivision monetarily and aesthetically with what's been done to the entrance. I'm expecting firstly for the city to be prepared to change the design or at the very least landscape and maintain these hideous, dangerous new curbs. I would question the data that indicated what was done was necessary for "safety". We accepted reluctantly the bumped out curbs by Lawton school but what they have done at Scio Church and Seventh is a huge mistake in design. I am awaiting a meeting time and place from Mr. Eaton.

Thank you,  
Gail Light

Council  
Members:

This note is a reminder to please confirm your ability to attend one of the two briefings on the Y-Lot projects for Peter's graduate Business and Urban Design course. The first one is January 11, and the second one is January 18th. Both are at the Ross Business School, room 0320, in the area immediately under the Starbucks at Ross. They go from 11:00 – 12:30pm, and a light lunch will be provided.

The objectives for the briefings to City Council are to:

1) Provide  
Council

Members an opportunity to review Y-lot projects defined by the students last semester that address affordability, transportation, and climate challenges facing the City.

2) Obtain feedback on the structure of the projects based on the proposed building's mass, uses, timing, design elements, and cost and revenue projections.

3) Secure guidance and recommendations on the specific stakeholders Council would expect to be involved in any development on the Y-lot.

4) Define key junctures during the semester for follow-up participation by Council, including mid-term and final projects reviews, and a charrette / design workshop in early May.

Mayor Taylor

and Howard Lazarus have already agreed to join the meetings, with Mayor Taylor on January 11th and the Howard Lazarus on the 18th. City Hall staff including Derek Delacourt, Jennifer Hall, Missy Stults, and Susan Polly have also been invited.

As I previously stated, this graduate course in real estate could easily serve as a first, very inexpensive step towards a City-wide Task Force on Affordability and Climate to formalize a public engagement process similar to the 2005 Calthorpe Strategy Initiative. That initiative started with a Downtown Residential Task Force in 2003. Given the current dynamics regarding development of City owned land, the student teams could serve as a cogent sounding board for Ann

Arbor stakeholders, while considering options and direction for just such a new City-wide Task Force.

Please confirm if you can attend either the January 11th or the January 18th briefings. We'll need a head-count for the lunch order.

Thank you, again, for your consideration. We hope to see you there!

Hi,

Thanks for reaching out. The water rate restructuring was an issue I campaigned on this summer. I am concerned about how the rates have changed (particularly the severe tiers now in place for single family home owners). CM Eaton expressed similar concerns about the water rates before I showed up, so we are both looking for solutions.

Council recently directed staff to report back to us with alternative fee structures that comply with the law. I am hopeful that once we have this report, we will be able to adjust the fee structure to something more reasonable and appropriate.

Thanks again for your email!

Elizabeth

**Cc:** Stenger Lois [REDACTED] >  
**Subject:** Water Bill

Jack and Elizabeth

I just got my water bill for the last quarter and am very concerned at the rate of increase in the rate I pay per CCF of water I consume. In December of 2015, I paid \$7.90 per CCF and this last bill increased to \$10.56 per CCF.(these numbers include storm and sewer charges) That is a 34% increase in 3 years. Over the past two years, it has increased over 26%. This constant increase in the rate has been ongoing over several years predating December 2015.

Also, the pricing schedule is very family unfriendly The first increment of usage is currently priced at \$1.77 /CCF while the next is \$2.83/CCF. So if you have a family with children (more dishes to wash, more laundry etc.) you are penalized with a higher average rate just because you are a larger family. Most organizations give a discount for more usage (think Costco) the city penalizes citizens even though the incremental cost surely go down. (same infrastructure but only increased chemicals and pumping costs).

I would like your comments on what you can do to address these two issues.

Leonard Stenger

Please read my note. Yes, EYE WITNESSES on Pine Brae reported the yelling and lights that caused the shutdown of the cull at Concordia.

I am exhausted by the minimization of the significant deer browse damage to our natural areas. Our City and citizens place high value on our parks and natural areas and, unlike the critics of deer mgmnt. who blame any efforts to reduce the deer population on wealthy people who want to protect their gardens, as you again are reiterating, we know that to do nothing and ignore deer over population means, quite simply and unarguably, our parks and natural areas are not sustainable.

I urge you to read Dr. Courteau's reports and listen to Dr. Bernd Blossey's presentation on this issue. Please stop blaming deer management on your neighbor's hostas. That's missing the point. And yes, reducing the spread of Lyme Disease, meeting the goal reduction for DVC's matters, too.

On behalf of our natural areas and parks, I extend my thanks for your listening,  
Jane Lumm

Dear Ms. Spiegel,

I did not and do not intend, unlike the protesters, to interfere in this contracted work -- this type of interference is illegal (state statute, which I can provide if you are interested, is very clear and unequivocal) and unsafe for all concerned. I am also perplexed that the FAAWN protesters, many of whom have argued that sharpshooting could lead to untended injuries of bystanders and others (re: this, the City and White Buffalo have the highest safety requirements, standards and results), would place themselves in harms' way.

Sunday evening protesters confronted the sharpshooter near the Concordia site and shut down the cull. As described by first hand witnesses, they interfered by yelling and shining lights on the sharpshooter and the Concordia environs.

This activity obviously compromises the ability of the contract for services to be fulfilled. It is also my opinion that taxpayers should be rightfully aggrieved that the city contract they are paying for will not be fulfilled due to this illegal interference.

Thank you, Jane Lumm

or fish by another; violations; injunction; penalties; applicability

Effective: July 13, 2015

[Currentness](#)

Sec. 40112. (1) An individual shall not obstruct or interfere in the lawful taking of animals or fish by another individual.

(2) An individual violates this section when the individual intentionally or knowingly does any of the following:

(a) Drives or disturbs animals or fish for the purpose of disrupting a lawful taking.

(b) Blocks, impedes, or harasses another individual who is engaged in the process of lawfully taking an animal or fish.

(c) Uses a natural or artificial visual, aural, olfactory, gustatory, or physical stimulus or an unmanned vehicle or unmanned device that uses aerodynamic forces to achieve flight or that operates on the surface of the water or underwater, to affect animal or fish behavior in order to hinder or prevent the lawful taking of an animal or a fish.

(d) Erects barriers to deny ingress or egress to areas where the lawful taking of animals or fish may occur. This subdivision does not apply to an individual who erects barriers to prevent trespassing on his or her property.

(e) Interjects himself or herself into the line of fire of an individual lawfully taking wildlife.

(f) Affects the condition or placement of personal or public property intended for use in the lawful taking of an animal or a fish in order to impair the usefulness of the property or prevent the use of the property.

(g) Enters or remains upon private lands without the permission of the owner or the owner's agent, for the purpose of violating this section.

(h) Engages in any other act or behavior for the purpose of violating this section.

(3) Upon petition of an aggrieved person or an individual who reasonably may be aggrieved by a violation of this section, a court of competent jurisdiction, upon a showing that an individual was engaged in and threatens to continue to engage in illegal conduct under this section, may enjoin that conduct.

(4) An individual who violates this section is guilty of a misdemeanor punishable by imprisonment for not more than 93 days or a fine of not less than \$500.00 or more than \$1,000.00, or both, and the costs of prosecution. An individual who violates this section a second or subsequent time is guilty of a misdemeanor punishable by imprisonment for not more than 1 year or a fine of not less than \$1,000.00 or more than \$2,500.00, or both, and the costs of prosecution. In addition to the penalties provided for in this subsection, any permit or license issued by the department authorizing the individual to take animals or fish shall be revoked. A prosecution under this section does not preclude prosecution or other action under any other criminal or civil statute.

(5) This section does not apply to a peace officer while the peace officer performs his or her lawful duties.

Thank you for forwarding to council, Ms. Beaudry.

Council, I will also copy you on the state statute.

Thank you for adding this title to the agenda.

Jane

Whereas, The City has an agreement with White Buffalo, Inc. (“White Buffalo”) to provide wildlife management services, which includes deer culling services, to the City related to a research permit from the Michigan Department of Natural Resources;

Whereas, White Buffalo has attempted in recent days to provide such services, including killing and attempting to kill deer at certain approved sites, but the actions of individuals around the work sites have obstructed and interfered with such attempts;

Whereas, It is unlawful pursuant to MCL 324.40112 (“Lawful Taking Statute”) for an individual to obstruct or interfere with the lawful taking of an animal as further outlined in that statute;

Whereas, The individuals’ actions may be otherwise unlawful; and

Whereas, Section three of the Lawful Taking Statute provides that, “[u]pon petition of an aggrieved person or an individual who reasonably may be aggrieved by a violation of this section, a court of competent jurisdiction, upon a showing that an individual was engaged in and threatens to continue to engage in illegal conduct under this section, may enjoin that conduct.”

RESOLVED, That the City Council hereby directs the City Attorney to immediately review the Lawful Taking Statute and other applicable law;

RESOLVED, That the City Attorney promptly determine whether the actions of the individuals who engage or threaten to engage in interfering with White Buffalo’s services are unlawful; and

RESOLVED, That if the City Attorney determines that such actions are unlawful, that the

City Administrator and City Attorney take any and all appropriate responsive actions, including issuance of citations and the filing of lawsuits seeking an injunction or such other relief that the City Attorney determines appropriate.

Thanks very much, Joanna and Jennifer.

Appreciate that someone notified the City, and crews cleared the blockage in a timely way. Our notices usually state that the sewage ultimately flows to the Huron River. Since Malletts is a tributary of the Huron, wouldn't this sewage ultimately also flow to and contaminate the River? Or, b/c the sewage may be diluted in the Creek, is that, technically, the last point of the overflow?

Thank for any clarification and for this notice. Of course, very sorry to see another overflow caused by a blockage.

### Sanitary Sewer Overflow Notification

ANN ARBOR, Michigan, Jan. 7, 2019 — At approximately 4:40 p.m. on Saturday, Jan. 5, 2019, the City of Ann Arbor was notified of a manhole in Buhr Park with water leaking from it. Upon further investigation, city public works crews identified this as a sanitary sewer overflow. City public works crews immediately mobilized to unblock the sewer and clear debris from the sanitary sewer pipe. The blockage was due to tree roots.

An estimated 675 gallons of sewage discharged into a grassy area in Buhr Park, then draining into a stormwater system inlet, ultimately flowing to Malletts Creek. The affected area in Buhr Park has been cordoned off, with signs posted. In addition, lime has been applied to the affected area to neutralize any bacteria.

In accordance with regulatory protocols, City of Ann Arbor staff has notified the Michigan Department of Environmental Quality.

Ann Arbor City Council--

I wanted to make sure you had this email I sent last Friday to correct a data problem and clarify some misleading text in the [December 18, 2018 Gelman Site Update](#) that is on tonight's city council agenda. It goes on to advocate for more due diligence by all involved to match the scale of the Gelman issue.

The Gelman dioxane is going to be with us for many, many decades no matter who is overseeing the site. We all have to pay attention to continue to protect exposures and our water supplies ... and this area's reputation... for the duration. Misinformation not corrected leads to more uncertainty down the road. A little tweaking via a policy directive would be prudent.

Aggregating complete, accurate, up-to-date information about the Gelman site on a timely basis is an ongoing topic at CARD meetings. At tomorrow's [CARD meeting](#), we'll review what CARD resources are available to provide the most accurate information to everyone.

Hi Howard--

Just wanted to correct a datum on your December 18, 2018 Gelman Site Update attached to the 1/7/2019 agenda:

"The highest level of 1,4-Dioxane from these MW was detected at 1800 ppb,"  
Max actually was 8,200 ppb for May-Sept 2018:

Well	(ppb)	Date Sampled	Time Sampled
MW-5d 8200		09/24/18	14:55

A month later it was 18,000 ppb:

Well	(ppb)	Date Sampled	Time Sampled
MW-5d 18000		10/11/18	14:55

The phrase "while other locations had non-detect levels" implies that the other samples were non-detect. There were actually 419 dioxane samples taken May-Sept 2018 (not counting pre- and post-treatment system samples). 292 of them ranged from 1 ppb to 8200 ppb, with only 127 of the samples being non-detect (< 1 ppb).

The PFAS testing at the Gelman site referenced in the update was discussed at the 12/13/2018 CARD meeting. The only sample taken, which as from the tributary discharge point AFTER the treatment system, was non-detect. This does not prove that there is no PFAS on the Gelman site. Samples should have been taken from locations where any PFAS could have been discharged. Here's the [discussion about PFAS](#) from the CARD meeting video.

I'd also like to request a meeting with any staff who are taking over Matt Naud's duties w.r.t. the Gelman site. I want to make sure they are up-to-date on all Gelman issues to avoid under-informed decisions. I don't think any have been attending CARD meetings like Matt was. There are a number of new and ongoing issues that impact the City.

I'd like to think that Gov. Whitmer's directive for state employees to stay alert and responsive regarding environmental risks would be replicated by local government leaders. Like PFAS threats, successfully managing the Gelman dioxane site for its duration is going to take an "all hands on deck" approach by all stakeholders.

Dear Kurt,

Thank you for sharing your concerns regarding the illegal and costly (as in real costs and lost oppty's.to fulfill a city contract for services) disruption of the cull. It's my understanding, as well, that the protestors' interference -- interference that is disruptive as you describe -- has negated the ability of the contractor to conduct the cull at various sites, including Concordia University.

I have requested information on legal next steps and the City's plans to enforce the law to enable fulfillment of the White Buffalo contract, and appreciate your informing us of the state statute. This non-peaceful interference is illegal and costly and may also be a cause for a citizen initiated "writ of mandamus" -- something about which I've also made further inquiry.

Thank you for imploring the city to enforce both state law and a city contract for service.

Jane

**Subject:** RE: Deer cull disruption  
**Date:** Sunday, January 6, 2019 1:37:49 PM

---

Dear Nancy,

Thank you for writing to share your concerns about the protestors' disruption of the deer cull – I share your concerns, and am copying the City Administrator, Community Services Director, Police Chief and CFO Tom Crawford (whom you also cc'd.) on your note. I am also copying City staff on another email council rec'd. from FAAWN members Eva Forman and Marianne Lembfeld re: the FAAWN protest at former CM Kunselman's home where deer culling is/has taking/taken place. Since they copied Ryan Stanton on their communications, I consider it appropriate to share with City staff et. al.

So yes, as we now know, some individuals are interfering with and disrupting the deer cull. It is also my understanding that this is illegal, and, of course, has an associated taxpayer cost as the activity is intended to make the culling ineffective and would waste the taxpayer investment in this management effort. So, peaceful/not, this protest is disruptive, illegal and costly. I will also note that Ms. Lembfeld sent a letter of opposition to Concordia University re: deer culling on Concordia's property. Deer overpopulation in the Concordia University area and neighborhoods has been a long standing concern, and I am hopeful that FAAWN is not also interfering with the cull at Concordia. Ironically, Ms. Lembfeld cites safe drinking water as an issue that should take precedence over this environmental issue. I will just share that many of Concordia's neighbors have been severely impacted by deer overbrowse, and these are also residents who are some of the Huron River Watershed's strongest allies and supporters – hence, the incongruity/irony.

Mr. Lazarus, Chief Pfannes, Mr. Delacourt, Mr. Crawford, what are we doing to prohibit illegal trespass to maintain control over these designated culling areas so the cull can successfully proceed? Also, have we notified FAAWN and any/all protestors that they must cease and desist or face prosecution and any associated costs?

Thank you for your prompt attention, and thank you, again, Nancy, for bringing your concerns to the City's attention.

Best, Jane

**Subject:** Deer cull disruption

Hello Mr. Mayor and Council members,

I am concerned about a small number of individuals who I understand have been disrupting the recently begun deer cull.

It just takes a couple people to scare deer away and jeopardize the success of the program.

My understanding is that interfering with a hunter (or culler) is illegal, and in addition to police, the DNR has men who can arrest protesters for such behaviors.

If White Buffalo is unable to do their work their fee is wasted public funds.

As you know the cull is necessary to control numbers of deer for public health and safety, ecological balance, and for the health of the overall deer herd.

Please do something about these protesters who are behaving in an unlawful way that is destructive to the community.

We need action on this right away as White Buffalo is hired for a limited time, as you know.

Thank you,  
Nancy Stoll

P.S. Just a reminder to you of my personal gratitude for the City's support of culling deer in Ann Arbor. It has made a big difference on our property which backs up to Cedar Bend Park. We still see deer and untagged does, but many fewer, for which I am very grateful. Thank you.

Marianne,

Thank you for all the efforts and work you have given in a very reasonable and polite way.  
Unfortunately in all the years not much has changed to the better.  
Here is one of my big concern: how will this effect our children, young or old?  
I thank everyone for their constant work to halt the killing .

On Jan 5, 2019, at 10:09 AM, Marianne Lembfeld [REDACTED] wrote:

Good morning Mayor,  
Council Members,

Yesterday night, FAAWN members protested in front of former Councilman Kunselman's residence in Ann Arbor, Ward 3. A sharpshooter was already in the residence. His Ford Pickup truck with Kentucky license plate out front. We peacefully demonstrated against the cull, with several motorists stopping and asking what we were doing. Some never heard of the cull, others who live nearby stated never had received a letter informing about the cull at Kunselman's house. At some point around 8:30pm, we heard gunshots. Shortly after the shooter emerged from the house, backed up his vehicle into the driveway and loaded something onto the vehicle bed. Then he left with tires screeching. The police and a security person (Mitch) who had come as well, left all at the same time as well. By the way, the security person was not able to ID himself.

I want to express my deep concern about the killing in Ann Arbor parks and neighborhoods. It is disgusting, cowardly, deeply shocking and unnessesary. Taxpayers money is wasted. There are more pressing topics to handle than this in our city, e.g. clean, safe drinking water.

I also want to express my doubts that a sharpshooter is able to kill a deer with one shot. We heard of reports where shooters killed the deer by putting a plastic bag over their heads after failing to place a fatal shot. We also saw blood traces indicating that injured deer had tried to run. This is cruel and just outrageous. How can peaceful citizens tolerate something like this? How can the Council approve it? It is against all values we have as modern human beings.

PLEASE STOP THIS KILLING NOW!

Thank you.

Dear Victoria Pebbles, Jack, Jeff and Elizabeth,

Please see details below about a new 11-unit residential building on East Summit, near the base of the Broadway Bridge (downtown side) and Casey's Tavern and the Train Station.

Note that they've experienced some frustrating and expensive delays with the planning process.

I've attended at least two meetings on this project during 2018 and think it will be good for Ward One.

Please put this on your radar, and let Ms. Pebbles and I know if you'd like to meet in-person to hear more details.

Thank you,

Hi Anne and Happy New Year!

I'm reaching out about our project, the Garnet, at 325 E. Summit. As you know, we have officially begun moving the plans through review with city staff. We are responding to initial comments this week. The main reason for my email is to see if you would be willing to reach out to other City Council members, Elizabeth Nelson, Jeff Hayner, or Jack Eaton, to talk to them about the project and get their perspectives ...and hopefully support. I'd be happy to meet with you and any one of them, individually or as a group. Please let me know your thoughts.

Thanks very much Anne.

-Victoria

On Tue, Jun 19, 2018 at 4:32 PM Victoria Pebbles <[REDACTED]> wrote:

Hi Again Anne,

I thought you might benefit from a bit more background on our project and what I'm hoping meeting with you can help with.

Here is some background.

Members of our project team began reaching out to city officials (mostly planning) back in January. After months individual conversations and emails trying to navigate how to move forward with the city (including a meeting with Derek on March 16) to figure out how to pursue

using an adjacent alley to our property at 325 E. Summit, on April 13 we submitted a request for the city to vacate the alley; specifically the portion adjacent to our property. On June 14, *more than three months later*, we finally heard from planning staff that the city is unwilling to vacate only our half the alley. If we had known that up front, we would have asked for the city to vacate the entire alley (and saved ourselves \$3500). Instead, we are left with a "no" and not much else but guessing what our next options might be. The email further states that the city *might* be able to narrow the alley, but the email is vague and offers no clear process or certainty of conditions under which this can occur.

We are proposing an 11-unit residential building in a downtown that offers many benefits to the city. We must achieve a specific Floor to Area Ratio (FAR) required by the city that we need in order to build the 11-unit building we propose. Building fewer units is not financially viable. The three key issues tripping up our team and causing time, money and frustration are:

1. the alley
2. the conflicting land use buffer (CLUB)
3. the locust tree

Here is a bit more detail on each issue.

### 1. The Alley

We are proposing a relatively small redevelopment (11 units) in Kerrytown. We don't need the alley to build on; in fact we are willing to commit to maintain it as a pedestrian access (nicer than the city is currently doing) and still allow the city and all other adjacent land owners to access it for ingress/egress. We only need the alley area (and only half of it) 'virtually' it in order to use it to meet the City's FAR requirements for our proposed 11 unit building. There is a public water main under the alley but public works department has noted that they intend to eventually abandon that line. Until such time, nothing we do to the alley would prevent anyone from using it because all we intend to do is resurface it so it's not a trip hazard and make it nicer!

### 2. The CLUB

We are proposing a multi-residential land use next to existing commercial and multi-residential land uses. Our engineer has been informed by city planning staff that there is a "conflicting land use" between our proposed redevelopment and the adjacent "barn" which is also a multi-unit residential building which requires us to create a relatively large buffer area between the two, which also impedes our ability to meet our FAR.

### 3. Honey Locust Tree

There is a honey locust tree that is greater than 12 inches in diameter on the property. This species of tree grows fast and is considered relatively short-lived. Also, this species is not threatened or endangered. As a nature lover, I always want to protect trees. Removing the tree to obtain the area needed for our FAR would be another option. We would be willing to plant other trees elsewhere in the city to offset this loss if this option is pursued.

Our team knows that affordability is a great concern for the City of Ann Arbor and we are sensitive to that, but with only 11 units proposed we cannot afford to dedicate a certain percentage of units as affordable and still make the project viable for the investors.

We also know that affordability is not the only thing that is important to the city. Here are some other great things about our project.

It's very close to public transportation (and walkable to downtown, the train station and nearby places of employment (e.g., the hospital). From a practical standpoint, it is downtown, depending on your definition. Nearby transit and walkability also means fewer cars and fewer emissions thus supporting the city's climate action plan. Three A2 transit lines stop within two blocks of the property (lines 21, 22, and 65; stops 173, 1885 and 1950). Notably, all three buses stop at stop 173 (Beakes and Summit).

- We propose a higher density urban design on the property in an area where more compact urban development is desired as stated in the City's Sustainability Framework.
- The project is a brownfields redevelopment: remediation undertaken by the project will allow a downtown property to be more fully and safely used--supporting the city's brownfields goals.
- We will be using a local (and woman-owned) building company for the construction.
- We will have state of the art heating and cooling for the building and hope to have a partial green roof also to minimize the carbon footprint and stormwater runoff.
- Our commitment to maintaining the alley for all current and, importantly, future pedestrian use supports recommendations regarding pedestrian access as outlined in the 2013 North Main Street/Huron River Corridor Vision for the Future Report

We are requesting an meeting to consider the all the issues and options holistically in context so that we can hopefully get a timely, clear and mutually-agreeable path forward that includes pursuing this project.

Thanks again in advance for your thoughtful attention and time to this project.

Sincerely,

Victoria Pebbles

**Subject:** Re: Meeting Request

All,

I am available the afternoon of January 25 and will attend. Let me know when and where.

Anne and Kathy,

Good morning. I have the afternoon of January 25th open on my calendar and will look for you two to let me know your preference for time and location. Hopefully, Councilman Eaton will be able to join us as well.

Happy New Year,

Mike

**Subject:** Re: Meeting Request

Anne,

Thanks for your response and for your kind words of congratulations.

I could meet on the afternoon of Friday, January 25th, however the 18th will not work. I have reached out to all of the City Council representatives as well as Mayor Taylor to try and set up introductory meetings. I would welcome individual or group meetings, whatever is most convenient as I realize how busy everyone's schedule is.

Thanks for your response and I look forward to our meeting, perhaps on January 25th. Take care.

Mike

Dear Mr. Rein,

Congratulations on your new assignment! I'd love to stop by your office and get acquainted. I'm checking my January calendar, and usually Friday afternoons are good.

I work closely with my Council colleagues and we might want to double-up and save you some time. I'm copying CM Griswold and Eaton, for example.

Thanks again and all the best in 2019!

Anne,

Good afternoon. I hope this finds you well.

Recently, Cynthia Wilbanks appointed me to the Director of Community Relations position here at UM. I am excited about the new responsibilities and challenges this position is associated with.

Some time in January, at your convenience, I would very much like to meet with you to discuss working together going forward. Thanks for your consideration of this request. I look forward to your response.

Happy Holidays.

Mike

SUBJECT: May 6 Council Agenda Responses

DATE: May 2, 2019

---

**CA-1 - Resolution to Close N. Fourth Avenue and E. Ann Street for the 24th Annual African-American Downtown Festival, Friday, May 31, 2019 to Saturday, June 1, 2019**

**CA-2 - Resolution to Close North University for the Townie Street Party - Sunday, July 14, 2019 to Wednesday, July 17, 2019**

**CA-6 - Resolution to Approve Street Closings for the UA Block Party and Plumbers & Pipefitters 5K - Monday, August 12, 2019**

**Question:** It does not specify that the sponsors are reimbursing the city for event expenses incurred. Is that correct for these three and if so, who/what is covering the costs (Community Events fund)? (Councilmember Lumm)

**Response:** The applicants will be charged for incurred expenses. Council Resolution [R-18-235](#) – Resolution for Community Events Fund Disbursements from the FY19 Budget

allocated \$1,000 for the African –American Downtown Festival Event on June 1, 2019 (Item CA-1). The resolution for community events fund disbursements is based on the fiscal year. Items CA -2 (Townie Street Party) and CA – 6 (UA Block Party) are events in FY20. Community Events Fund [applications](#) for FY20 are due by Friday, June 7, 2019. Both the Townie Street Party and UA Block Party were allocated funding for FY19 via Resolution R-18-235 for reference.

**CA-7 – Resolution to Approve the 2019 Ann Arbor Jaycees Summer Carnival at Pioneer High School - June 17 to June 24, 2019**

**Question:** Area residents have expressed concerns to me about the noise during the later hours of this event (until 11 p.m. Wed. Thurs, until midnight Friday Saturday). I'm curious: is the 80 decibel standard for this event any higher than the usual trigger for noise violations on any other day during those later hours? (Councilmember Nelson)

**Response:** While no measurements have been taken between this and other activities, the cessation of these types of events are largely complaint driven and do not necessarily have a decibel trigger. To date, the Carnival has received no official complaints.

**CA- 8 - Resolution to Award Construction Contract for the Geddes Dam Gate Recoating and Repairs Project to Gerace Construction Company, Inc. (\$828,000), to Appropriate Funds, and to Amend the Project Budget (8 Votes Required)**

**Question:** Does the Geddes Dam still generate power and thus revenue, if so how much? And where does it go? (Councilmember Ramlawi)

**Response:** Geddes Dam does not generate any power. However, Geddes Dam provides the impoundment that creates Gallup Park, therefore its operation and maintenance is critical to the successful operation of Gallup Park and its livery.

**Question:** How often are these types of repairs performed on this damn? (Councilmember Ramlawi)

**Response:** Coating and structural steel repairs are typically required approximately every 15 years. Structural concrete repairs are typically performed every 20 to 25 years.

**Question:** Which revenue stream paid for these types of repairs and maintenance before the passage of the Parks, Maintenance and Capital Improvement Millage was approved? (Councilmember Ramlawi)

**Response:** Geddes Dam and Argo Dam were previously funded by the Water Fund prior to FY2012. In November 2010, City Council adopted a resolution directing the City Administrator to remove Argo and Geddes from the City's Water Supply Fund in FY 2012

budget because the dams provided only a recreational benefit and had no relevance to the Water Fund.

**Question:** What caused the 50% increase from the prior year's budgeted project cost? (Councilmember Ramlawi)

**Response:** There are a few reasons for the increase. First, contractors are very busy so they are not bidding as competitively as we typically have seen over the past 5 years. Second, dam projects are particularly difficult to estimate because of the specialty work involved. In this particular bid, there are several components that we will not know if we have to replace or repair until the contractor dewateres the forebay and we can safely inspect some of the mechanical equipment. We have included in the bid a conservative estimate for repairing these additional components. If this work is not required, and our Engineering Representative will make that determination, then we will have some savings and the project will be completed under the contract amount identified in the resolution.

**Question:** Will this particulate give us good reason to revisit other budgeted CIP projects? (Councilmember Ramlawi)

**Response:** We revisit estimated capital costs every year as part of the CIP process. At that time we take into account any changed conditions, which include bid experience over the past year.

#### **CA-10 - Resolution to Approve a Contract with Liberty Security Group Inc. for Guest Services at the Guy C. Larcom City Hall (\$102,500.00) RFP #19-01**

**Question:** What, who, where did the idea of unarmed door greeters come from? (Councilmember Ramlawi)

**Response:** Unarmed greeters are a common practice with buildings of all varieties. This is a common option in places where the public is welcomed and there is a desire not to intimidate members of the public and to create an atmosphere that is welcoming to all members of the community. If there is a need for armed personnel, as there sometimes is, the police will still be called to assist with public meetings, events, or other instances. Their location in the Justice Center provides for fast response times and ready access to their expertise should it be needed.

**Question:** Will the persons staffing the "welcome counter" be trained by our city staff? (Councilmember Ramlawi)

**Response:** The person staffing the counter will be trained both by the company and by our internal staff, who will bring them up to speed on building operations and common issues that they may face. Facilities, the police, the safety office, and IT are all involved in managing this project. The police have been involved in drafting SOP for the front desk so they comport with operating standards required by the department.

**Question:** What are the net financial cost savings by “relieving” trained officers from securing Larcom? (Councilmember Ramlawi)

**Response:** This person will not be relieving trained officers. Police officers will still be called to city hall to provide protection for public meetings and events just as they are now. The greeter is here to help provide access control to the upper floors of the building, to provide direction for visitors who may not know where they should be going, and to monitor activities in the main lobby of the building. The only function that this person will replace from the police is locking up the city hall at the end of the day, which will replace a de minimis amount of time.

**Question:** What will the effect on emergency response time to Larcom be? (Councilmember Ramlawi)

**Response:** There should be no effect on emergency response time other than that in some instances an emergency call may be placed to 911 faster than if a staff person wasn't monitoring the lobby area. The location of the Police and Fire right next to City Hall provides a situation where response times are excellent to the begin with.

**Question:** Was the idea of an interactive “smart” kiosks explored as an alternative design for guest interaction at Larcom? (Councilmember Ramlawi)

**Response:** This idea was considered early on, however it was considered more desirable to have visitors who come to City Hall interact with a person rather than with a computer. There is a particular benefit to having an individual here for members of the community who may not be tech-savvy or tech-capable.

**Question:** Is there a particular security concern that prompted the idea of hiring a security firm for this location? (Councilmember Eaton)

**Response:** City Hall security has been a staff concern for some time. In addition to national stories about violence directed against institutions and active shooter issues, we have experienced uninvited persons dominating staff time, persons displaying threatening behavior, and persons in inebriated or incapacitated conditions in City Hall, including an incident of drug abuse in a public restroom. Compliance with building code egress requirements has also eliminated the City Attorney's Office from being secured. The building security working group that has been working on this project for the last year included 22 employees, and asked for feedback from each city department on shaping access control policies. Staff response to this project has been overwhelmingly positive.

Part of the rationale for this change is to improve security, but that is not all of the rationale for this change. We also think that having a guest services professional in the lobby to welcome visitors will make people feel more welcome in city hall and will improve people's experience when they come here. Many people come to city hall and struggle to locate the right floor or office for their needs. This staff person will be able to greet them and help them find their way, regardless of where they are going.

**Question:** Why are these duties being contracted rather than assigned to a City employee? (Councilmember Eaton)

**Response:** There are companies who specialize in this type of work, and who are able to not only provide personnel for it but who are able to provide training, advising on standard operating procedures for this type of assignment, and can guaranty coverage of the desk if an employee needs to take time off. If we were to cover this operation with internal staff, we would need to hire and train multiple staff members (Likely 4-5) to cover all of the required shifts and provide backup coverage on sick days, vacation, personal time, etc.

**Question: Q1.** Perhaps I missed it or have forgotten, but I can't recall discussing/approving the new "guest services" desk in the Larcom atrium, hiring a security firm to staff the desk, or the new access procedures referenced in the resolution and in the Administrator's April 26<sup>th</sup> memo. Was there a previous resolution council approved or conversation with council about all of these security-related changes? (Councilmember Lumm)

**Response:** Council previously approved \$60,000 in funding for City Hall security in the FY19 budget. While the concept of the project was discussed as part of the FY19 budget, none of the work that has been done so far on this project has been presented to Council because it does not meet the dollar threshold for Council approval. Additionally, Howard Lazarus sent an email to Council on April 26, 2019 detailing the plan for security improvements in the building.

**Question: Q2.** Presenting the proposal (and contract) for council approval to staff a Larcom Atrium desk after the desk has been built seems to be backwards. Can you please comment on that and what happens if council does not approve CA-10? (Councilmember Lumm)

**Response:** The desk was built separate from the contract. The contract is for the Guest services staff who will greet visitors, help them find their way in the building, confirm appointments for anyone on floors 3-6, and provide elevator access to those individuals. If Council does not approve CA-10, the capital improvements will remain in place, however we will not have Guest Services staff who will be able to complete these functions.

**Question: Q3.** What is the total cost (one-time up-front costs plus ongoing costs) of all of the Larcom security improvements? Are there any other security improvements planned/contemplated beyond what was referenced in the Administrator's memo? (Councilmember Lumm)

**Response:** The Larcom security improvements have focused on two areas to date, the first being the project to provide ballistic protection to the Customer Service/Building Permits counter on the first floor, and the second being the Guest Services counter in the

atrium. The one time up-front costs for both these security improvements is approximately \$36,000. Ongoing costs for the Guest Services counter, including the staffing contract, are expected to be approximately \$120,000 per year. The only other security improvement in Larcom that is currently being discussed is the replacement of the Clerk's front counter on the floor 2. This improvement would not only address a security deficiency, but also address an ADA compliance issue with the counter. This improvement is currently in conceptual status and no cost estimate has been prepared.

**Question:** Q4. The Administrator's memo references several access procedural changes and new requirements – visitor sign-in and sign-out required for visitors to floors 3-6; proximity card access only to floors 3-6; staff preparing daily visitor lists for the security firm; staff escorting visitors in off hours from lobby; staff and visitors wearing identification badges. While I'm sure these changes/new requirements improve security, they also send a message/create a less welcoming environment for visitors. Can you please speak to that? Also, are the changes/new requirements driven by specific incidents or by safety/security concerns expressed by staff? Have staff been given the opportunity to weigh in/shape the new requirements? (Councilmember Lumm)

**Response:** The recommendations are intended to provide access control to floors 3-6, and also to have a greeter in the lobby of city hall who can address questions and direct visitors as they need. Frequently people visit city hall and don't know where they need to go for a meeting or a service. Visitors to city hall walk around the main floor looking for direction every day. The Guest Services contract will alleviate this issue and provide a more welcoming environment for visitors. As far as providing floor access to floors 3-6, this is a security measure to prevent someone from having access to the whole building at will. The main floor and the second floor of the building contain public access functions of the city—the Customer Service desk, the City Clerk's office, the Independent Community Police Oversight Commission office, the Parking Referees, etc. There is a need for members of the public to be able to visit these areas freely. The basement cannot be security restricted for safety reasons. If there was severe weather and employees needed to evacuate to the basement, we would need it to be unlocked. Floors 3-6, however, are less commonly accessed by the public.

City Hall security has been a staff concern for some time. In addition to national stories about violence directed against institutions and active shooter issues, we have experienced uninvited persons dominating staff time and persons in inebriated or incapacitated conditions in City Hall, including an incident of drug abuse in a public restroom. Compliance with building code egress requirements has also eliminated the City Attorney's Office from being secured. The building security working group that has been working on this project for the last year included 22 employees, and asked for feedback from each city department on shaping access control policies. Staff response to this project has been overwhelmingly positive.

Ultimately, we feel that having a Guest Services desk will help create a more welcoming environment in the city hall by having a person there to greet people and direct them even if they don't need access to floors 3-6. But it should also create a safer, and therefore

more welcoming, environment for all visitors by pre-clearing access to some of the floors in the building.

**Question: Q5.** Although we may call this a “guest services” desk, the desk itself and all of the procedural changes are clearly about security. Given that, and assuming the purpose of the sign-in/sign-out is security, why wouldn’t all visitors be required to sign-in/sign-out regardless of the floor/office they are visiting? (Councilmember Lumm)

**Response:** Part of the rationale for this change is to improve security, but that is not all of the rationale for this change. We also think that having a Guest Services professional in the lobby to welcome visitors will make people feel more welcome in city hall and will improve people’s experience when they come here. Many people come to City Hall and struggle to locate the right floor or office for their needs. This staff person will be able to greet them and help them find their way, regardless of where they are going.

We do not require all visitors to check in because the purpose of the Guest Services staff is not to track all people’s movements throughout the building. It is, in part, to control access to the floors where public access is not necessary for most business, and thereby create some security for staff members and visitors who are on those floors. The 1<sup>st</sup> floor is intended for public access with the customer service counter. The second floor contains the City Clerk’s office, the City Council Chambers, the Independent Community Police Oversight Commission and Human Rights office, and the parking referees, all of which are offices that are intended for the public to have free access. Because of safety issues related to extreme weather, we cannot restrict access to the basement in the event that people are required to evacuate to it. However, floors 3-6 do not have these similar demands and therefore can be restricted with little interruption to the public’s enjoyment of City services.

**CA-15 – Resolution to Authorize Professional Services Agreements with Tetra Tech of Michigan, PC for up to \$500,000.00 Hubbell, Roth, & Clark, Inc. for up to \$500,000.00 and OHM Advisors for up to \$300,000.00, all for General Civil Engineering Services (RFP #19-05)**

**Question:** Regarding CA-15, can you please provide information on the fee structures (per hour rates) of the three firms awarded the business as well as the other firms that submitted proposals? (Councilmember Lumm)

**Response:** The attachment includes the fee information for the top seven proposals; the three awarded firms and the next top four scoring firms. Of the twelve proposals received, the fee schedule for the remaining five proposals, not awarded the contract, were not opened.

**Question:** Also related to CA-15 (and CA-16), what other as-needed, on-call professional service agreements does the city currently have for engineering services and construction services and who are they with and for how much? (Councilmember Lumm)

**Response:**

R-17-397 – Engineering Services

Wade Trimm – \$2M

R-18-003- Construction Inspection & Surveying

Stantec - \$500K

**CA-16 - Resolution to Award Construction Contracts to E.T. MacKenzie Company and Inner City Contracting LLC. For On-Call Construction Services in the Amount of \$250,000.00 each per Year for a Period of Three Fiscal Years (RFP No. 19-04)**

**Question:** What does the phrase “below the threshold of Capital Improvement Plan projects” mean? Is that just a threshold re: cost or an acknowledgment of unexpected

emergency work? The section of the RFP under “Contract Implementation” seems to include both emergency and non-emergency services. Do we anticipate the potential for any non-emergency work under this contract? (Councilmember Nelson)

**Response:** It can be cost (generally at or below \$100,000) or unexpected work. Public Works has held these types of contracts for a number of years and have generally used them for emergency work. There are instances where they are used for non-emergency work as well, when that work involves more than a routine repair, is smaller than a CIP project in scale, and may be time sensitive.

**CA-17 - Resolution to Award a Construction Contract to Cadillac Asphalt LLC (ITB. 4570, \$8,995,000.00) for the 2019 Street Resurfacing/Restoration Project, and to Appropriate \$675,000.00 from the Major Street Fund and \$1,917,500.00 from the Local Street Fund (8 Votes Required)**

**Question:** Regarding CA-17 (contract for street re-surfacing/restoration), Riverview and Wynnestone were not on the list attached. I’m assuming the road re-surfacing work that’s planned in conjunction with the Riverview / Dover / Huntington utility project was bid separately, but don’t know why Wynnestone wasn’t on the list. Can you please clarify/confirm that Wynnestone (Folkstone Ct. to easterly end) is still planned? Also, for Sheridan Drive, thank you for conducting the information meeting, and do we have any sense of the timing for Sheridan? (Councilmember Lumm)

**Response:** The work on Riverview/Dover/Huntington was indeed bid as a separate project, and thus is not listed here. Wynnestone is leftover work from last year’s contract, which was with a different contractor. That work is still scheduled for this year. For the work under this contract, schedule details have not yet been finalized. However, there has been some discussion of Sheridan going early in the season. Once details are available on the schedule for Sheridan, they will be communicated.

**CA-18 - Resolution to approve a Professional Services Agreement with Materials Testing Consultants, Inc. for Material Testing Services for the 2019 Street Resurfacing/Restoration Project (\$139,530.00)**

**Question:** Is the evaluation calculation for this contract—15% Professional qualifications, 25% Proposed work plan, 40% Past Performance, 20% Fee proposal— a long-standing practice? If so, how long has this been the standard measure/ratio for evaluation? Alternatively, does staff use different percentages to evaluate other types of RFP bids? (Councilmember Nelson)

**Response:** The percentages for the evaluation criteria for proposals are not standard from RFP to RFP; rather they vary depending on the needs of the project. For example, the work covered in this contract is fairly standard work, relatively low cost, and the

qualifications and fees for firms that do this work are typically very similar. Therefore, the highest weighted factor in this case is performance, which is the most distinguishing factor for the firms doing this kind of work.

**CA-20 - Resolution to Award a Construction Contract to Douglas N. Higgins, Inc. for the 2019 Miscellaneous Utility Project (\$1,512,263.50)**

**Question:** Is the water main work on Maywood likely to address area complaints (a few blocks further east) about rusty water coming out taps? (Councilmember Nelson)

**Response:** The watermain replacement on Maywood is not expected to have an effect on water quality to the east of the project location, however there is a possibility that it could have some beneficial effect. In addition, there is a future watermain replacement project programmed in the CIP for watermain along Greenview, if this is the area that is being referred to.

**CA – 22 - Resolution to Award a Construction Contract to Fonson Company, Inc. (ITB No. 4569, \$853,846.00) and Appropriate the Remaining Fund Balance of \$1,285,227.00 from the Maintenance Facility Capital Projects Fund and Amend the Existing Maintenance Facility Construction Project for the W.R. Wheeler (Swift Run) Service Center PUD Non-motorized Improvements - Phase 2 Project**

**Question:** Will there be any remaining funds in the Maintenance Facility Capital Projects Fund after the \$1,285,227.00 is appropriated for this project? If so, how much? (Councilmember Eaton)

**Response:** The balance of the fund will be \$0 after the appropriation. Any remaining funds after project completion, will be returned to contributing funds proportionately.

**Question:** Regarding CA-22, the 3<sup>rd</sup> resolved clause indicates that any remaining funds would be refunded to the participating funds, and based on a project budget of \$1,135,000 and transferred funds of \$1,285,227, it looks like there will be funds remaining. Will the remaining funds be refunded proportionally and if so, what are the percentages by fund? (Councilmember Lumm)

**Response:** Yes, the remaining funds will be refunded proportionately as follows:

General Fund (0010):	20%
Fleet Services Fund (0012):	20%
Water Supply Fund (0042)	20%
Sewage Disposal Fund (0043)	20%
Solid Waste Fund (0072)	20%

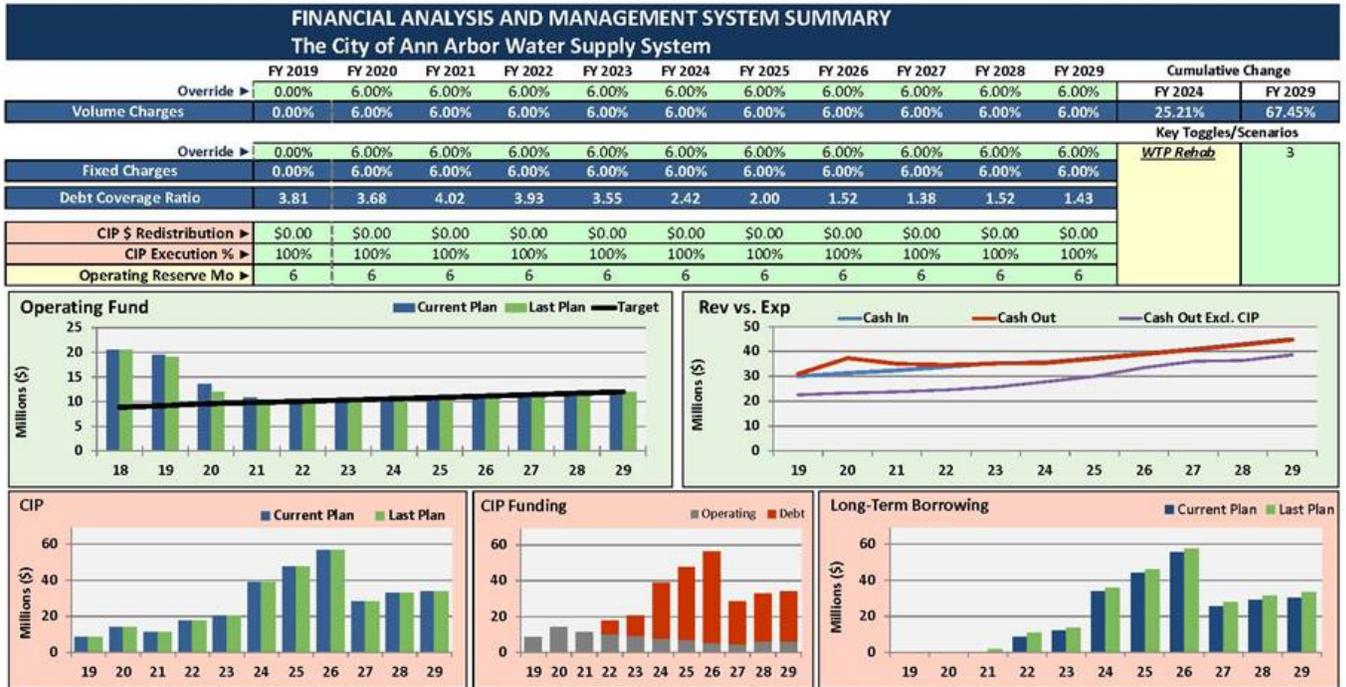

**Question:** Also on CA-22, the cover memo indicates the new shared-use asphalt path will extend south on Stone School road to Morgan Road. Does it connect to a path at Morgan Road, and do we have any sense of the demand for /potential usage of the new path? (Councilmember Lumm)

**Response:** There are currently no paths/sidewalks on Morgan Road that will connect with the path being constructed under this contract. City staff cannot speculate on the demand or potential usage for the new path. The path is being constructed in order to meet the requirements of Pittsfield Township as part of the Wheeler Center PUD.

**B-1 – An Ordinance to Amend Section 2:63 of Chapter 29 (Water Rates) of Title II of the Code of the City of Ann Arbor**

**Question: Q1.** Thank you for the response to my budget question regarding water rate increases over the next 10 years. The April 26<sup>th</sup> response indicated that the financial plan has rate increases of 6% a year for the next 10 years. Can you please share that financial plan, and if it does not provide detail on the increasing costs driving the need for so much more revenue, please provide that detail separately? (Councilmember Lumm)

**Response:** Below please find the panel for the Water Fund financial plan, as you can see, revenues are continually increased to ensure the Fund is in good financial health once debt is incurred for the Water Treatment Plant project. Operational expenses are shown in the revenue sufficiency model under the title “Water Fund Performance Summary” (attached), also included below the panel summary are the planned level of capital investment. The revenue sufficiency model balances the needs in both operations and capital investment needs identified.

Total capital cash flow needs identified in the Financial Plan:

FY 2020	FY 2021	FY 2022	FY 2023	FY 2024	FY 2025	FY 2026	FY 2027	FY 2028	FY 2029
14,021,140	10,910,000	16,690,000	18,744,000	34,537,400	41,134,100	47,337,100	23,000,000	26,000,000	26,000,000

**Question: Q2.** My budget question staff was responding to also asked what had changed that caused staff to change its view from rate increases leveling off to increases approximating inflation in 3-5 years' time to 6% for at least the next ten years. Obviously those are significantly different and I would still appreciate understanding what changed? (Councilmember Lumm)

**Response:** The position that rates would continue at a 6% increase for the foreseeable future is consistent with the Cost of Service report and presentation, from that perspective nothing has changed. The tapering off, specific to the water fund, may have been a miscommunication.

**Question: Q3.** My budget question also specifically asked what the annual revenue requirement is to support the debt service on the Plant 1 rehab (as that was mentioned in a previous response)? I'd also still appreciate a response on that. (Councilmember Lumm)

**Response:** Debt services on an \$85 Mil project, assuming a 3% interest rate, over a 20 year period would be an annual payment of \$5.7 Mil.

**Question: Q4.** For the cost of service study, there were benchmark comparisons of Ann Arbor’s residential water and sewer rates vs. other municipalities (slide 22 of the March 2018 Work Session presentation. Could you please update that chart to reflect current rates in the other municipalities with Ann Arbor’s rates shown before and after the proposed July 1 increases. (Councilmember Lumm)

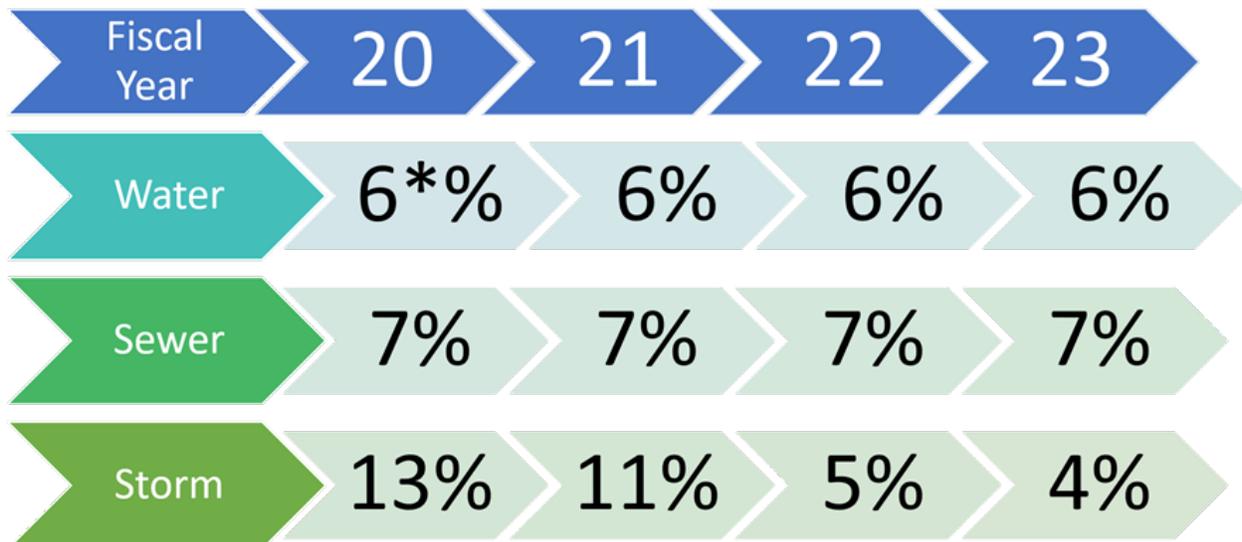

**Response:** This is not possible within the given question deadline. The amount of research requires considerable staff effort as there is no central repository for current water/sewer rates. Staff will follow-up with requested information.

**Question: Q5.** Also, can you please provide a similar chart for a residential customer who uses 45 CCF in a quarter? (Councilmember Lumm)

**Response:** Assuming you are referring to chart presented in the April 15<sup>th</sup> Agenda Response Memo, page 16, the information is presented in the bottom of the chart: <http://a2gov.legistar.com/LegislationDetail.aspx?ID=3918012&GUID=54730D05-817A-4206-89DB-AA5364B64CD9&Options=ID|Text|&Search=agenda+response+memo>

**Question: Q6.** Are any further rate actions planned for FY20? If not, is the next increase planned for July 1, 2020 and is it also likely to be roughly 6% water, 7% sewer, and 13% stormwater? (Councilmember Lumm)

**Response:** The planned increases are the same as presented in the Public Services Budget presentation. However, these are evaluated annually with the budget process.

**Question: Q7.** Recently, GCSI informed us of bills introduced April 9<sup>th</sup> in the Michigan House (HB 4429, 4430, 4431, and 4433) related to water rate disclosures, billing programs, dispute resolution processes, and requirements to monitor customer water leaks. There is also a Senate Bill (SB27) on water rates and processes. What impacts would these bills have on Ann Arbor processes/disclosures - or is the city already compliant? Specifically related to HB4433, the summary from GCSI indicated that legislation grants power to the Public Services Commission to oversee water rates. Can you please elaborate on what “overseeing” means. (Councilmember Lumm)

**Response:** We are currently evaluating the proposed impacts.

**C-2 - An Ordinance to amend Section 5.15 (Table 5-15) and Section 5.16.6 of Chapter 55 (Unified Development Code) of Title V of the Code of the City of Ann Arbor (Accessory Dwelling Units)**

**Question:** If we remove the 5000 sq. ft. lot requirements, what are the setback requirements (property line, primary residence, etc.)? (Councilmember Nelson)

**Response:** The setback requirements would be variable, as required by the zoning district where a property is located for principal structures and these standards are attached for reference. Detached units would be governed by the accessory structure requirements. Detached accessory structures require a setback of 3 feet from any property line. Accessory structure standards are also attached for further information. There are no separation requirements between primary structures and detached accessory structures, but building code mandates different construction techniques depending on the distance, largely based on fire ratings.

**Question:** Approximately how many properties will be eligible for adding an ADU under this zoning ordinance as proposed? (Councilmember Eaton)

**Response:** Approximately 19,200 properties, an increase of approximately 2,900 properties from the current ordinance.

**Question:** How many residents spoke at the Planning Commission public hearing on this ordinance change? (Councilmember Eaton)

**Response:** Four.

**Question:** What other meetings or public hearings did the City hold to inform residents of these proposed changes? How many residents attended those meetings? (Councilmember Eaton)

**Response:** Other than the public hearing held in conjunction with the proposed amendments, no other meetings or public hearings were held.

**Question: Q1.** In terms of eliminating the 5,000 sq ft lot size requirement, what was the rationale for including that requirement in the original ordinance and what are the risks/potential downside of eliminating the requirement? (Councilmember Lumm)

**Response:** The rationale from Planning Commission is that eliminating the requirement would enable more properties to consider adding an Accessory Dwelling Unit (ADU). Potential risks or downside is negligible, as the change doesn't impact the physical size, setbacks, or number of people that could be housed on a site compared to current standards.

**Question: Q2.** Similarly, can you please remind us of the rationale for including the "side or rear" requirement originally and what the risks/downside is of eliminating the requirement? (Councilmember Lumm)

**Response:** This was originally included to preserve a single-family appearance to structures and may be too restrictive particularly for detached accessory dwelling units. The impact of eliminating the requirement is that the appearance of a front façade could change from addition of an ADU, or a detached ADU could have an entry on the front.

**Question: Q3.** Can you please provide benchmark information on what other communities that permit ADUs do in terms of lot size requirements and the "side or rear" requirement? (Councilmember Lumm)

**Response:** This information is provided in an attached table.

**Question: Q4.** I appreciate that the "owner occupied" requirement has not been changed, but now that the zoning has been expanded beyond R1A, how would that requirement work for a multi-family site? (Councilmember Lumm)

**Response:** Only an owner-occupied, single-family home in a multiple-family zoning designation would be eligible for an ADU, as those standards are not proposed to change. A property used for multi-family would not be eligible.

### **DC-5 – Resolution Supporting the Environmental Protection Agency's Active Involvement with the Gelman Site and Encouraging its Listing of the same as a "Superfund" Site**

**Question:** Can staff please provide council its recommendations on seeking EPA involvement and superfund status including the pros and cons of that approach vs. the approach/path the city is currently taking? (Councilmember Lumm)

**Response:** Because articulation of the non-legal pros and cons of an EPA-focused approach, and a recommendation concerning the same, are inherently intertwined with the legal pros and cons, and because the latter will be the subject of a separate privileged communication, staff will update its answer to this question before or at the closed session to discuss the resolution on May 6, 2019.

**Question:** The cover memo indicates there currently is an EPA staff person working on this, but unless the EPA's involvement moves past the preliminary assessment it's already completed, that resource may be re-assigned. Do we know when that might occur and/or whether there is any time limits/deadlines the city may have now that the EPA has provided a preliminary assessment? (Councilmember Lumm)

**Response:** If Council decides to encourage federal involvement, the first step will be to direct the City Administrator to notify the Governor of the City's intent. The process beyond that point is not within the City's control. However, the City does have meetings scheduled with Representative Dingell and Attorney General Nessel on Monday, May 6<sup>th</sup> prior to the special called closed session. The City Administrator will follow-up on these questions during those meetings and will provide a report to Council on these discussions. Staff is unaware of the anticipated timing of any EPA staffing decisions.

**Question:** In terms of the potential impact on property values of being declared a superfund site, we were provided some research on the question at the work session which suggested the impacts typically were neutral to positive in other instances. Can staff please review the research on the question including potential examples that may be similar to Ann Arbor and provide an assessment on the conclusion presented at the work session? (Councilmember Lumm)

**Response:** The information provided by non-City speakers at the April 8<sup>th</sup> Council work session stated that property values tend to increase after the completion of remedial work. There was no discussion of the post NPL-listing prior to completion of the remedial work. It is important to note that each site is different, and the impacts of listing the Gelman site are unknowable. However, staff will continue to research and provide a separate analysis from the one presented at the work session.

**DB-1 – Resolution to Approve the 309 N. Ashley Brownfield Plan (BRC Recommendation: Approval - 4 Yeas and 0 Nays)**

**DB-2 - Resolution to Approve 309 North Ashley Street Site Plan and Development Agreement, (CPC Recommendation: Approval - 9 Yeas and 0 Nays)**

**Question: Q1.** In terms of city taxes, what are the total annual tax revenues to the city (and amount to the general fund) now and what are they projected to be after the abatement period concludes? Also, over the 9-year abatement period, what is the total amount of city taxes that are abated? (Councilmember Lumm)

**Response:** The base Taxable Value in the Brownfield Plan (which may end up being increased slightly due to new 2019 values) is \$509,475. Based on this 2018 value, City Tax Revenues are approximately \$8,000/year, about \$3,000 of which is from City Operating Millage. The estimated City Tax Revenues after the Brownfield Plan expenses are fully paid is approximately \$144,000 annually, of which about \$54,000 is City Operating Millage. The estimated total city taxes that are projected to be captured to reimburse for eligible activities is: \$1,013,624.

**Question:** Q2. The staff recommendation on the Brownfield was approval based on certain conditions being met including fully funding the LBRF taking priority over fully reimbursing the developer for Eligible Activities. Are those conditions built into the agreements? (Councilmember Lumm)

**Response:** This requirement will be included in the Brownfield Reimbursement Agreement between the County Brownfield Authority and Developer.

**Question:** Q3. The Brownfield report indicates that there is approximately 9.400 tons of contaminated soils to be removed – how is that determined, and what happens if it is discovered the contaminated amount is significantly more than that? Is the City (or County) then obligated in any way as participants in the agreement? (Councilmember Lumm)

**Response:** The amount of soil removal was estimated from the extent of impact indicated by the results of environmental assessments conducted on the site. We assumed an excavation depth of 18' over an area of 8,800 square feet, which encompasses the volume of soil indicated to be contaminated by the environmental assessment data. If more contaminated soil is encountered, the 11% contingency included in the Brownfield Plan will be applied to cover the cost. If the contingency is insufficient, we can reallocate funds from other under-budget tasks, if any are available. If no other tasks are under-budget or if the maximum-approved reimbursable costs have been incurred, it will be the developer's responsibility to pay the extra soil remediation costs.

Neither the City nor the WCBRA/County have any obligation to finance eligible activities included in the Brownfield Plan. This is stated in Section III.C. of the Plan. Neither the City nor the WCBRA/County have any obligation under law or the Brownfield Plan to conduct environmental response activities on the property.

**Question:** Q4. Since the property is in the DDA District, how does the abatement impact the DDA TIF cap calculation (if at all)? (Councilmember Lumm)

**Response:** The Brownfield capture will not affect the DDA TIF cap calculation. The TIF cap calculation is set in Code, and is essentially \$224 million for FY17, with an annual 3.5% increase. The DDA TIF cap for FY20 is therefore \$248.3 million. The total value in the DDA that would have been captured, except for the cap, is \$335.4 million. Hence, there exists approximately \$87.1 million in space above the cap that is

available for capture by this and other Brownfield projects. Additionally, this project is not included in the \$87.1 million. It's \$9.1 million in incremental taxable value will increase the space above the cap.

**Question: Q5.** In the staff report for the site plan, it states that parking requirements for premium floor area are based on square feet not units which means the developer can add more units and the off-street parking requirements don't change. Assuming that's a correct statement, can you please explain the rationale – it would seem to me the number of units is the primary driver of parking spaces that would be needed, not how large the units are? (The reason for the question is because the developer is considering more units (25 rather than the original 17). (Councilmember Lumm)

**Response:** This is based on ordinance requirements. The Unified Development Codes specifies a parking requirement of 1 space per 1,000 square feet of floor area for premium space, regardless of use. This standard recognizes the mixed-use nature of downtown districts and potential future evolution of uses.

**Question: Q6.** The staff report also indicates that the developer is making a parkland contribution of \$5K or about half the requested contribution at 17 units (or 1/3 if 25 units). The staff report is a few months old now, so I'm wondering if that position has changed? (Councilmember Lumm)

**Response:** No, the petitioner has not changed this position. In addition to the contribution, the applicant is installing two bike hoops in the public right of way.

**Question: Q7.** In terms of citizen feedback, the staff report indicates a citizen participation meeting was held last April. Have there been any neighborhood meetings held since then/has staff received comments and if so, what was the gist of the feedback? (Councilmember Lumm)

**Response:** No additional meetings or feedback has been received.

### **DB-3 - Resolution to Approve Bristol Ridge Site Plan and Development Agreement, 2750 Pontiac Trail (CPC Recommendation: Approval - 8 Yeas and 0 Nays)**

**Question:** Regarding DB-3, can you please elaborate on the parking variance granted by the ZBA that's referenced in the cover memo. If there have been changes to the plan and now there's 197 legal spaces, why is a variance needed at all and what was changed to create these 69 "driveway" parking spaces? (Councilmember Lumm)

**Response:** The Ordinance requires 138 vehicular parking spaces on site. While 197 total spaces are being provided, only 94 of the provided spaces are in compliance with the City's design standards (ability to move vehicle without moving another). A variance was granted to reduce the parking requirement by 44 spaces, the difference between the 138 required, and the 94 compliant spaces shown on the proposed plan. The Zoning

Board of Appeals considered potential impacts to woodlands and stormwater, while balancing the provision of parking on site.

**Question:** Also on DB-3, in terms of potential traffic impacts, has there been a formal traffic study done or staff analysis and if so, what were the conclusions? (Councilmember Lumm)

**Response:** No, the projected peak hour trip generation is 42, below the standard of 50 trips which would necessitate a traffic study for this development. Staff analysis included drive access review, safe access to vehicular and non-motorized networks, and site visibility.

**DS-2 - Resolution to Approve Fiscal Year 2020 Fee Adjustments for Public Services Area - Engineering, Public Works, Systems Planning, and Water Treatment Services Unit**

**Question:** Regarding DS-2, in one of my budget questions, I had asked what percent increase the \$229K in incremental revenue represented. The April 26<sup>th</sup> response was 7.85%. While I recognize that some of the fees have not been increased since July 1, 2017, others were increased last year and even if they are covering two years, 8% is much more than inflation the last two years. Can you please speak to why you believe these increases are appropriate, and if they are based on costs in Public Services increasing at rates higher than inflation, can you please speak to what is causing that? (Councilmember Lumm)

**Response:** In instances when fees are increasing at a rate more than inflation, we are seeking full-cost recovery for services rendered. In these areas, we have historically under-recovered and are increasing fees in an effort to move toward parity.

# GENERAL ENGINEERING SERVICES

RFP #19-05

## FEE PROPOSAL

Prepared by:

HUBBELL, ROTH & CLARK, INC.  
CONSULTING ENGINEERS SINCE 1915

555 Hulet Drive

Bloomfield Hills, MI 48302

ENGINEERING. ENVIRONMENT. EXCELLENCE.  
248.454.6300 | hrcengr.com

## D. Fee Proposal

HRC has interpreted the City's RFP to reflect that the City is only requiring our hourly rate schedule at this time and that hours and budgets will be required on a future project by project basis. Therefore, HRC has provided our billable rates on the attached rate schedule. This table reflects the ranges of staff billable rates sorted by classification. HRC can provide direct rates for individual key staff upon request. Should any classifications of staff be utilized that are not shown, HRC proposes to use our 2019 direct labor rates with an added 2.0 multiplier and hold those rates until June 30, 2021, per the RFP. An increase of 3% would be requested after this date for up to two additional years.

HRC's overhead rate is 2.0 which includes unemployment taxes, payroll taxes, contributions for Social Security, retirement benefits, medical/life insurance benefits, normal printing cost, telephones, tax, computer time, mileage, other overhead costs, and profit.

Attached are HRC's hourly billable rates, based on actual hourly rates of staff that could work on the City's as-needed contract with the overhead rate of 2.0 applied.

Hubbell, Roth & Clark, Inc.

Hourly Rate Schedule Valid Until June 30, 2021

Prepared for:

City of Ann Arbor

<u>Category</u>	<u>Billable Rates</u>
Principal	139.00 - 202.00
Sr. Associate/Managing Engineer	180.00 - 202.00
Associate/Managing Engineer	121.00 - 177.00
Department Manager	137.00 - 172.00
Manager	105.00 - 161.00
Supervisor	96.00 - 138.00
Sr. Project Engineer/Architect/Surveyor	126.00 - 180.00
Project Engineer/Architect/Surveyor	106.00 - 145.00
Staff Engineer/Architect/Surveyor	96.00 - 116.00
Senior Project Analyst	139.00 - 140.00
Project Analyst	78.00 - 142.00
Graduate Engineer/Architect I/II	70.00 - 118.00
Technical Specialist	155.00 - 155.00
Designer	99.00 - 140.00
Sr. Cadd Technician	81.00 - 117.00
Cadd Technician	57.00 - 80.00
Survey Technician	106.00 - 107.00
Survey Party Chief	81.00 - 123.00
Survey - Field Technician	52.00 - 81.00
Project Representatives	103.00 - 180.00
Sr. Construction Observer	82.00 - 98.00
Construction Observer I/II	47.00 - 79.00
Construction - Office Technician	52.00 - 71.00
Testing Coordinator	82.00 - 82.00
Testing Technician	48.00 - 71.00
Administrative Support**	45.00 - 143.00

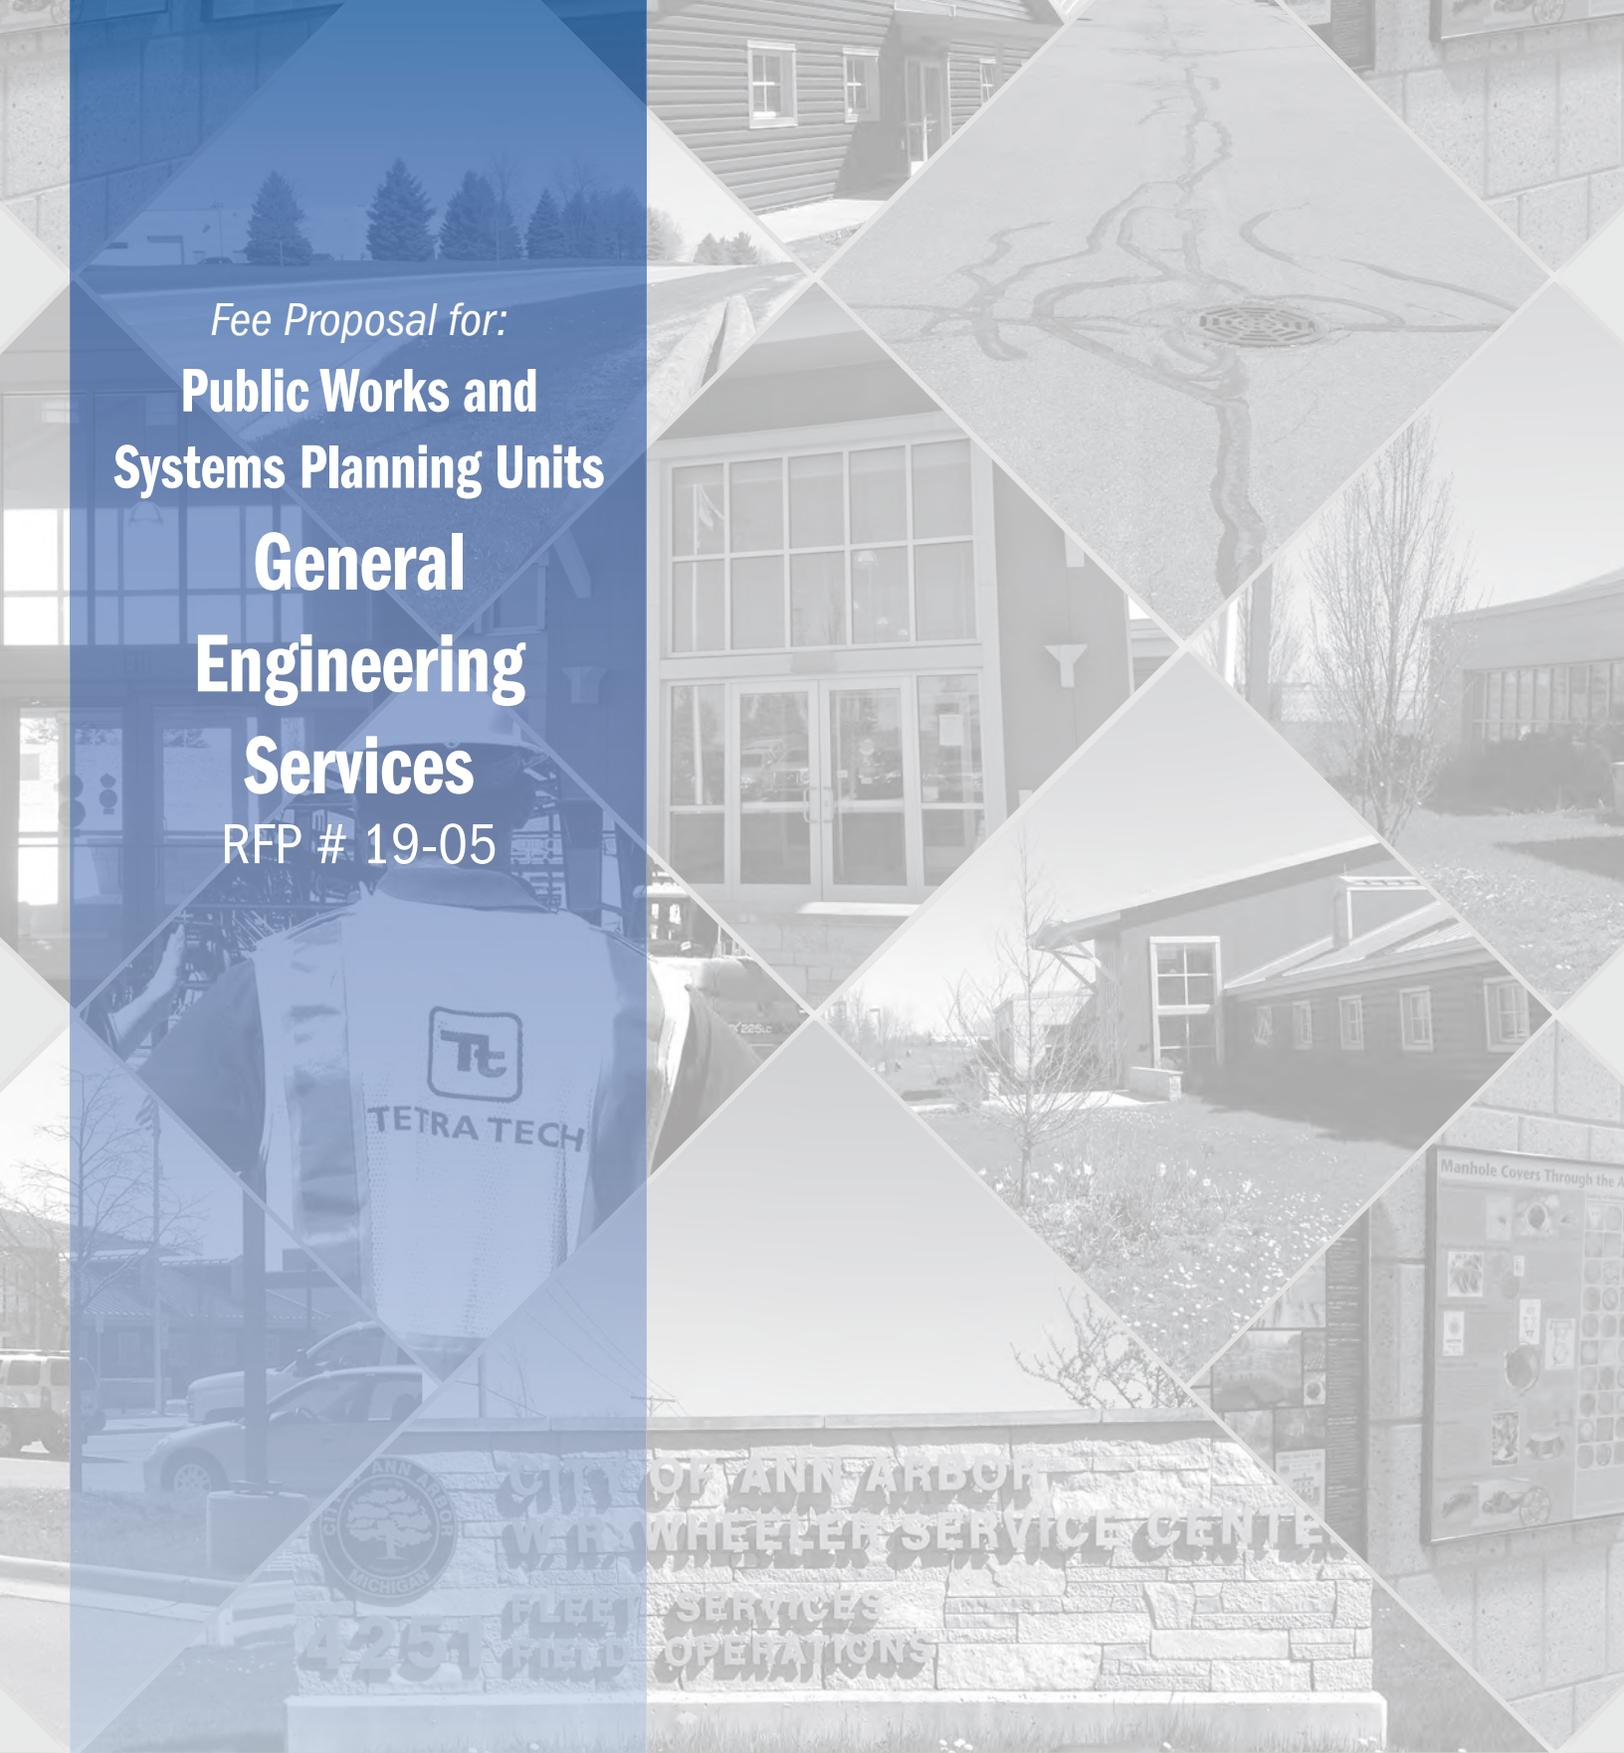

Billable rates shown above are reflective of the actual 2019 hourly rates of HRC staff for each classification plus a 2.0 multiplier. If the contract is extended beyond June 2021 a 3% increase will be applied for up to two years.

Allowable Reimbursable expenses will be invoiced at our cost which is defined as the direct costs plus 10%.

\*\* This Category includes Computer, Reproduction and Administrative Staff.

*Fee Proposal for:*  
**Public Works and  
Systems Planning Units  
General  
Engineering  
Services**  
RFP # 19-05

Tetra Tech's multiplier for these projects will be approximately 3.00 times the base rate. Our overhead rate is approximately 1.66.

We have listed the credentials of our task leaders within the fee proposal. On most assignments, our task leaders oversee the work of junior staff members. This provides a high quality of work at a reduced cost. Thus, we have also included typical rates for junior staff who are likely to work on these projects.

Name	Title	Base Rate*	Loaded Base Rate
Technician I			\$65.00

441	Apprentice Electrician		<b>\$111.00</b>

**Wade Trim - Proposed Billing Rate Schedule  
for City of Ann Arbor  
General Engineering Services (RFP #19-05)  
With Equipment Billed Separately  
February 2019 through June 30, 2021**

<b>Labor Cost Classification Code</b>	<b>Title</b>	<b>Key Staff at Current Classification</b>	<b>Proposed Hourly Rates</b>
---	--------------	--	--------------------------------------

**Additional Notes**

Outside expenses and subconsultants at cost times 1.15.

Wade Trim has over 400 employees. We have attempted to list all key staff in their current employee classification. As employees progress in their career, they often move up in employee classification. While employees may advance in classification, the wage rates proposed above for each classification will not change.

The billing rates provided above include overhead and profit and are charged on an hourly basis.

Special billing rates will apply in matters requiring expert witnesses or other consulting as it relates to legal matters.

**Per the RFP, these rates shall be held until June 30, 2021 and may receive a one time increase if the contract is extended by the City.**

Stantec Consulting Michigan, Inc.  
3754 Ranchero Drive, Ann Arbor, MI, 48108

February 20, 2019  
**Fee Schedule for RFP #19-05 General Engineering Services**

Attached please find our Fee Schedule for the Proposal submitted in response to RFP #19-05 General Engineering Services. The Fee Schedule includes Cost Saving measures as follows:

1. The submitted hourly rates are to be honored over the term of the contract (through June 30, 2021). Should the City choose to exercise the optional two (2) year contract extension then we will add a one-time cost escalator of 3% to the rates listed below
2. Stantec will not charge mileage for any work
3. Stantec will not charge travel time for any work
4. Overhead is included in the hourly rate

<b>Name</b>	<b>Title</b>	<b>Billing Rate</b>
Brian Simons, PE, LEED AP	Senior Principal	\$211
Spencer Cain, PE	Project Manager	\$147
Mark Pascoe, PE, LEED AP, ENV SP	Principal	\$184
Cassandra Winner, EIT	Engineer in Training	\$116
Maranda Frost, EIT	Engineer in Training	\$116
Sandra Huffine, EIT, LEED GA	Engineer in Training	\$116
Greg Schofer, LEED AP	Associate	\$160
Paul Eros, PS	Survey Manager	\$147
Gary Sacharski, PE	Senior Civil Engineer	\$147
Tony Tyler, PE	Project Engineer	\$151
Paul Malocha, PE	Senior Project Engineer	\$147
Neil Wager	Process Designer	\$147
Randy Goldhardt	Construction Technician	\$131
Matt Rose	Engineering Assistant	\$121
Marc Hubbel	Construction Technician	\$121
Rob Skinner	Construction Technician	\$116
Brad Ahrens	Cad Manager/Designer	\$137
Jim Yates, PE	Associate, Structural Engineer	\$166
Bill Chomic, PE	Electrical Team Lead	\$166

Dave Rose, AIA, LEED AP	Senior Planner	\$166
Donna Thompson, RA	Project Architect	\$147
Brittany Walker, NCIDQ, LEED GA	Interior Designer	\$131

# Rate Schedule

Rate schedule for the Ann Arbor Public Works and Systems Planning Units  
 General Engineering Services Proposal, RFP No. 19-05, February 20, 2019

### Key Staff Labor Rates (See Notes 1, 2 and 3)

Staff Name	Role	Billing Category	Hourly Rate
Kamran Qadeer	Principal-in-Charge	Principal	\$199
Doug Dunn	Client Contact/Project Manager	Senior Engineer	\$149
Kyle Patrick	QA/QC	Senior Engineer	\$180
Meghana Kamath	Onsite Engineer	Engineer	\$131
Mike Leppok	Onsite Engineer	Engineer	\$120
Maria Sedki	Sanitary Sewer/Water Main/Asset Mngmt.	Senior Engineer	\$180
Emily Schlenderer	Sanitary Sewer/Water Main	Engineer	\$131
Kevin Ostrowski	Sanitary Sewer/Water Main/Asset Mngmt.	Senior Engineer	\$120
Brian McKissen	Sustainable Storm Design/Drainage Studies	Senior Engineer	\$180
Claire Schwartz	Sustainable Storm Design/Drainage Studies	Senior Engineer	\$180
Sarah Rutkowski	Hydraulic Modeling	Engineer	\$120
Todd Jacobs	Support Engineer	Engineer	\$120
Amelia Leppok	Support Engineer	Engineer	\$120
Kevin Oh	Support Engineer	Staff Engineer	\$110
Christine Price	CADD Technician	Senior Technician	\$94
Dave Eno	Roads and Utilities Design	Senior Engineer	\$180
Paul Kammer	Roads and Utilities Design	Senior Engineer	\$149
Jeremy Kramer	Roads and Utilities Design	Senior Engineer	\$180
Steve Diebol	Traffic Engineering	Senior Engineer	\$140
Kristen Pawlowski	Traffic Engineering	Senior Engineer	\$131
Mukund Patel	Bridge Inspection and Design	Senior Engineer	\$199
Vince Guadagni	Bridge Inspection and Design	Senior Engineer	\$180
Mike Mitchell	Bridge Inspection and Design	Senior Engineer	\$131
David Murphy	Bridge Inspection and Design	Engineer	\$120
Mark Mitchell	Architectural	Senior Architect	\$160
Jasper Gondhi	Mechanical	Engineer	\$131
Jim Miloch	Electrical	Senior Engineer	\$192
Dan Vos	Structural	Senior Engineer	\$199
Tim Platz	Surveying Manager	Senior Surveyor	\$199
Casey Veitengruber	Surveyor	Surveyor	\$131
Mark Mitera	Surveyor	Staff Technician	\$90
Michelle Nitengale	Easements	Senior Engineer	\$131
Bryan Turczynski	Construction Manager	Senior Engineer	\$180
Tia Klein	Construction Manager	Senior Engineer	\$180
Octavia Carrington	Document Control	Technician	\$110
Mukesh Bhatt	Construction Observation	per	\$110
Ali AL Haddad	Construction Observation	Technician	\$90

### Support Staff Labor Rates (See Notes 1, 2, and 3)

Billing Category	Level	Hourly Rates	
		From	To
Principal		\$234	\$234
Senior Associate		\$192	\$225
Associate		\$140	\$199
Architect   Construction Engineer/Manager/Administrator   Engineer   Estimator   Geologist   Hydrogeologist   Industrial Hygienist   Interior Designer   Project Manager   Scientist   Surveyor	Senior Level	\$120	\$225
	Mid Level	\$113	\$120
	Staff Level	\$70	\$113
Architectural Specialist   Engineering Specialist   Environmental Specialist   Health & Safety Specialist   Operations Specialist   Technical Specialist   Project Superintendent   Survey Specialist	Senior Level	\$140	\$199
	Mid Level	\$94	\$140
	Staff Level	\$86	\$94
Technician	Senior Level	\$113	\$131
	Mid Level	\$94	\$113
	Staff Level	\$59	\$94
Production Support		\$76	\$76

### Expenses and Outside Services

	Cost (See Note 1)
Photocopies	\$0.10/copy
Large Size Sheets Copying	\$0.15/square foot
Large Size Sheet Scanning	\$0.35/square foot for B&W; \$0.65/square foot for Color
Company Vehicle Mileage	0.95/Mile
Global Positioning Systems	\$25/hour
Robotic Total Station	\$40/hour
Laser Scanning	\$1,000/day
Mobile Lidar (Laser Scanner)	\$600/hour
Other Expenses	At Cost
Outside Services	Cost Plus 10%
Specialty Equipment	Quoted at the time of need.

### Notes

1. Rates presented are valid for a three year period ending June 30, 2022.
2. Individual rates are staff specific, but will fall within the ranges indicated for the specific billing category.
3. FTCH billing rates are based overall on approximately 190% overhead plus 15% profit.

**SPALDING DeDECKER**  
**CITY OF ANN ARBOR – PUBLIC WORKS**  
**DISCOUNTED HOURLY FEE SCHEDULE**  
**Effective January 1, 2019**

**PROFESSIONAL SERVICES**

Where it is agreed that fees for our services will be based upon the time worked on the project, such fees will be computed at the following Hourly Rates, for each of the following classified services.

Classification	Hourly Rate
Senior Project Manager	\$150.00
Project Manager	\$140.00
Senior Project Engineer	\$130.00
Project Engineer	\$116.00
Engineer	\$108.00
Graduate Engineer	\$98.00
Senior Designer	\$115.00
Designer	\$98.00
Mapping Specialist	\$95.00
CAD Technician 3	\$90.00
CAD Technician 2	\$85.00
CAD Technician 1	\$75.00
Engineering Technician	\$80.00
Sr. Project Surveyor	\$125.00
Project Surveyor	\$115.00
Survey Technician 3	\$90.00
Survey Technician 2	\$85.00
Survey Technician 1	\$75.00
Survey Assistant	\$70.00
One (1) Person Survey Crew (W/ Robotic Equipment)	\$115.00
Two (2) Person Survey Crew	\$160.00
Contract Administrator / Resident Project Representative	\$115.00
Construction Technician 3	\$90.00
Construction Technician 2	\$85.00
Construction Technician 1	\$75.00
Confined Space Specialist	\$125.00
2 Person O & M Crew	\$270.00
Office Technician	\$80.00
Soil Erosion Inspector	\$75.00
Professional Traffic Engineer	\$140.00
Graduate Traffic Engineer	\$100.00
Administrative Support	\$55.00

 **SPALDING DeDECKER**  
**CITY OF ANN ARBOR – PUBLIC WORKS**  
**DISCOUNTED HOURLY FEE SCHEDULE**  
**Effective January 1, 2019**

**Public Project Inspection:** Billed at \$700.00 per crew day. Crew days shall be defined as one construction inspector working 8 hours, and shall be billed in 4 hour increments rounded to the next half day as defined below:

- a) 0 through 4 hours 1/2 crew day
- b) Over 4 hours through 8 hours 1 crew day
- c) Over 8 hours through 12 hours 1-1/2 crew day
- d) Over 12 hours through 16 hours 2 crew days

**GENERAL CONDITIONS – SPALDING DEDECKER ASSOCIATES, INC.**

1. Fees are due and payable monthly, within 30 days after the date of the invoice. All fees not paid within 30 days of the invoice date will be subject to an additional late-payment charge of 1% (of the invoiced amount) per month, beginning from said thirtieth day. SDA reserves the right to suspend or terminate its work upon failure of the Client to pay invoices as due.
2. All drawings and other documents produced under the terms of this Agreement are instruments of service belonging to SDA, and they cannot be used for any reason other than for this Project.
3. The Client agrees to limit SDA's liability to the Client, due to SDA's negligent acts, errors, or omissions, such that the total aggregate liability of SDA shall not exceed \$10,000 or SDA's total fee for the service rendered on this Project, whichever is greater.
4. In consideration of substantial costs incurred by SDA to stop and restart work on a project once it has begun, should SDA's work be halted by the Client at any time, a project restart fee of \$500 will be due and payable immediately.
5. The Client affirms that it has secured legal rights to work on the property upon which the Project will be built or that such rights will be secured within a reasonable time period. The Client further acknowledges that non-payment of fees owed under this agreement may result in a mechanics lien being placed on the property upon which the work is being done.
6. At the beginning of the next calendar year, all fees and hourly rates shown on this Hourly-basis Fee Schedule shall be increased by 5%.

**REIMBURSABLE EXPENSES**

The following items are reimbursable to the extent of 110% of actual expenses (including subcontracting expense) accrued for the project:

1. Special materials and equipment unique to the project.
2. Geotechnical Engineering and/or other Subcontracted Services..

 **SPALDING DeDECKER**  
**CITY OF ANN ARBOR – PUBLIC WORKS**  
**KEY PERSONNEL FEE SCHEDULE**  
**Effective January 1, 2019**

KEY PERSONNEL	CLASSIFICATION	RATE
Nancy Kolinski	Project Manager	\$ 140.00
David Richmod	Sen. Project Manager - Design	\$ 150.00
Cheryl Gregory	Sen. Project Manager - Roads	\$ 150.00
Ted Meadows	Sen. Project Manager - Const.	\$ 150.00
Mike DeDecker	Sen. Project Manager - Survey	\$ 150.00
Taylor Reynolds	Senior Project Engineer	\$ 130.00
Scott Isenberg	Project Engineer	\$ 116.00
Gus Dahoui	Construction Project Engineer	\$ 140.00
Clark French	Office Technician	\$ 80.00
Eric Kipp	Senior Project Engineer	\$ 130.00
Alyssa Wambold	Traffic Engineer	\$ 108.00

See attached sheet for complete list of bill rates and charges

**TABLE 5:17-1: SINGLE-FAMILY RESIDENTIAL ZONING DISTRICT DIMENSIONS**

NOTE: The requirements in this table may be superseded by the standards in Section 5.18 .

DISTRICT	MINIMUM LOT AREA PER DWELLING UNIT (SQ. FT.)	BUILDING SPACING	REQUIRED SETBACK (FT.)				MAXIMUM HEIGHT (FT.)	MINIMUM GROSS LOT DIMENSIONS	
			MINIMUM FRONT	MINIMUM ON ONE SIDE	MINIMUM TOTAL OF TWO SIDES	MINIMUM REAR		AREA (SQ. FT.)	WIDTH (FT.)
<b>AG</b>	100,000		40 [A][B]	10% of Lot Width	20% of Lot Width	50	30	100,000	200
<b>R1A</b>	20,000	[C]	40 [A]	7	18	50	30	20,000	90
<b>R1B</b>	10,000	[C]	30 [A]	5	14	40	30	10,000	70
<b>R1C</b>	7,200	[C]	25 [A]	5	10	30	30	7,200	60
<b>R1D</b>	5,000	[C]	25 [A]	3	6	20	30	5,000	40
<b>R1E</b>	4,000	[C]	15 [A]	3	6	20	30	4,000	34

NOTES:  
[A] Also see additional regulations in Section 5.18.5 (Averaging an Established Front Building Line).  
[B] For roadside stands only the minimum is 30 ft.  
[C] Where more than 1 residential Structure is to be constructed on a Lot in the R1 districts, or where dwellings are served by a private street under the provisions of Section 5.21 , the following placement regulations shall also be applied: (a) The minimum spacing between Buildings shall be twice the minimum required side setback dimension of the zoning district in which the Lots is located; (b) A minimum rear setback of 30 feet must be provided between the rear of a residential Structure and the adjacent (nearest) Lot Line; (c) A minimum front setback of ten feet must be provided between all Structures and the private street pavement.

NOTES:

[A] Also see additional regulations in Section 5.18.5 (Averaging an Established Front Building Line).

[B] Where more than one residential Structure is to be constructed on a Lot in the R2 districts, or where dwellings are served by a private street under the provisions of Section 5.21 , the following placement regulations shall also be applied: (a) The minimum spacing between Buildings shall be twice the minimum required side setback dimension of the zoning district in which the Lots is located; (b) A minimum rear setback of 30 feet must be provided between the rear of a residential Structure and the adjacent (nearest) Lot Line; (c) A minimum front setback of ten feet must be provided between all Structures and the private street pavement.

[C] Except for Fraternity Houses, Sorority Houses, Student Cooperative Housing, and Group Housings, for which minimum net Lot Area shall be 350 sq. ft. per occupant.

[D] Or the Established Front Building Line existing on the date this ordinance is adopted, whichever is larger.

		each Dwelling Unit								sory Structures		

**NOTES:**

[A] (1) The minimum Required Side Setback as set forth above, shall be increased 3 inches for each foot of Building Height above 35 feet and 1.5 inches for each foot of Building length over 50 feet. The minimum Required Rear Setback, as set forth above, shall be increased 1.5 inches for each foot of Building Height over 35 feet and 1.5 inches for each foot of Building width over 50 feet. The Building length shall be the dimension of that side, which is parallel to the Side Lot Line, of a rectangle within which the Building may be located. The Building width shall be the dimension of that side which is parallel to the Front Lot Line, of a rectangle within which the Building may be located.

(2) As an alternate to increasing the Required Side Setback dimension as required in note (1) above, an equal amount of area in square feet as the increased Side Setback Area may be provided between the minimum side setback line and the Building. Nothing in this section shall be deemed, however, to permit reduction of the required side setback line minimum dimension, as set forth in the table above.

[B] Plus one foot of additional Setback for each foot of Building Height above 30 feet when abutting residentially zoned land.

[C] For Buildings with parking below at least 35% of the Building.

[D] Also see additional regulations in Section 5.18.5 (Averaging an Established Front Building Line).

NOTES:

[A] Applies only to new detached Buildings constructed or for which a site plan was approved after January 16, 2011, otherwise none. For Lots with more than one Front Lot Line, Required Setbacks shall only apply to one Front Lot Line.

[B] 30 ft. where abutting residentially zoned land, otherwise none.

[C] Plus one foot of additional setback for each foot of Building Height above 30 feet when abutting residentially zoned land.

[D] No minimum. No maximum except in any area on a parcel extending 300 feet from an abutting residentially zoned land, the maximum height limits shall be 55 feet and 4 stories.

[E] Maximum Floor Area for each nonresidential use in a Principal or Accessory Building.

[F] Equal to the minimum side and minimum rear setback for the abutting district when abutting a residential district.

[G] 30 ft where abutting residentially zoned land.

[H] The minimum height is 24 ft. and 2 stories. This requirement shall apply only to new principal use buildings constructed after December 26, 2009; otherwise none. The Floor Area of the required second Story must be a minimum of 75 %of the Floor Area of the first Story.

[I] All Development in the D2 district shall provide a minimum of 10% of the Lot Area as Open Space, and no Development shall have Building Coverage greater than 80% of the Lot Area.

and/or operator of the Tower all the costs and/or expenses associated with the removal of the Tower in excess of the cash bond and/or certified check. If the Tower owner and/or operator fails to pay the costs and/or expenses associated with the Tower removal which are in excess of the cash bond and/or certified check within 45 days from the date of the bill, then, in addition to any other remedy in law or in equity, the City shall have the right to place a lien on the property for all costs and expenses associated with the removal of the Tower, less the amount of the cash bond or certified check which is on file with the City.

### **5.16.6 Accessory Uses and Structures**

#### **A. All Accessory Uses and Structures**

##### **1. General**

No Accessory Building shall be used prior to the Principal Building or Principal Use, except as a construction facility for a Principal Building. Such construction facility shall not be used for residential purposes. This exception is a temporary Accessory Building which shall lapse 30 days after completion of the Principal Building or Buildings.

##### **2. In R-1, R-2, R-3, R-4, R-5, R-6, and P Zoning Districts**

Accessory Buildings in these districts shall conform to the following regulations, except as may otherwise be provided in this chapter:

- a. Accessory Buildings shall not exceed 21 feet in height, except in the R-6 District Accessory Buildings shall not exceed 15 feet.
- b. Accessory Buildings shall not be erected in any Required Front Setback Area.
- c. Detached Accessory Buildings may occupy the Side Setback Area provided that such Buildings are set back farther from the street than any part of the Principal Building on the same Lot and any part of the Principal Building on any Lot abutting said required Side Setback Area. Accessory Buildings shall not be located closer than three feet to any Lot Line.
- d. Accessory Buildings may occupy Rear Setback Areas provided that such Buildings do not occupy more than 35% of the required Rear Setback Area and are not closer than three feet to any Lot Line.
- e. Attached Accessory Buildings shall not occupy any portion of the required Side Setback Area.

##### **3. In All Other Districts**

Accessory Structures and Accessory Buildings are subject to the Area, Height, and Placement regulations of the zoning district in which they are

located as provided in 5.17 Area, Height and Placement Regulations and 5.18 Special Dimensional and Site Layout Standards.

## **B. Dish Antenna**

### **1. General**

- a. No Person shall install a Dish Antenna greater than three feet in diameter without having obtained a building permit and an electrical permit.
- b. Dish Antennas in any zoning district shall be installed and maintained in compliance with applicable building and electrical codes.
- c. Not more than one Dish Antenna greater than three feet in diameter shall be allowed on any Lot unless shown on an approved site plan.
- d. Dish Antennas must be solid in color.
- e. Dish Antennas must be permanently mounted except under the following circumstances:
  - i) The Dish Antenna has been designed and sold as a portable antenna not intended for permanent installation, and the diameter of the Dish Antenna does not exceed six feet. Portable Dish Antennas shall meet the requirements of Section 5.16.6B.2.c through e of this Section.
  - ii) Portable Dish Antennas may be installed at locations other than required in Subsections 2, 3, and 4 for not more than seven days in any 30-day period.

### **2. R-1, R-2, R-3 or R-6 Districts**

- a. Dish Antennas shall be ground mounted.
- b. The diameter shall not exceed ten feet.
- c. The height shall not exceed 12 feet.
- d. Dish Antennas shall be located only in the area between the rear of the principal Structure and the Rear Lot Line.
- e. Dish Antennas shall not be placed closer to any Lot Line than its height.

### **3. R-4 District**

Dish Antennas may be erected in any R-4 zoning district in accordance with the standards of Subsection 2, but they may be mounted on a Roof if they do not exceed the height limit of the district.

### **4. All Districts Other Than R-1, R-2, R-3, R-4 and R-6 Districts**

- a. The diameter shall not exceed 12 feet.

## Accessory Dwelling Unit – Community Comparisons

Community	Restrictions on Front/Side Entry?	Minimum Lot Size?
Ann Arbor (Current)	No entry from front or side, for attached or detached ADUs	5,000 sq. ft.
Ann Arbor (Proposed)	No requirement.	None.
Asheville, NC	No requirement.	None. Size restricted as a % of lot size.
Austin, TX	No requirement.	None.
Berkley, CA	No requirement.	None.
Boulder, CO	No requirement.	5,000 sq. ft.
Denver, CO	The primary Single Unit Dwelling use shall not be altered in any way so as to appear from a public street to be a multiple-unit dwelling use.	Compliant with Zoning District minimum (3,000 sq. ft. +)
Grand Rapids, MI	Any alterations to existing buildings or structures or the construction of a new structure to accommodate the ADU shall be designed to maintain the architectural design, style, appearance and character of the main building as a detached single-family dwelling, including but not limited to entrances, roof pitch, siding and windows.	Compliant with Zoning District minimum (2,500 sq. ft. +)
Madison, WI	The appearance or character of the principal building shall not be significantly altered so that its appearance is no longer that of a single-family <i>dwelling</i> .	5,000 sq. ft.
Minneapolis, MN	The creation of the accessory dwelling unit shall not result in additional entrances facing the public street on the primary structure.	None.
Portland, OR	Only one main entrance may be located on the street-facing facade of the house, attached house or manufactured home unless the house, attached house or manufactured home contained additional entrances before the ADU was created. An exception to this regulation is an entrance that does not have access from the ground, such as an entrance from a balcony or deck. Detached ADUs are exempt from this standard.	None.
Santa Cruz, CA	The entrance to the accessory dwelling unit shall face the interior of the lot unless the accessory dwelling unit is directly accessible from an alley, a public street, or the Monterey Bay Sanctuary Scenic Trail.	None.
Seattle, WA	Only one entrance to the structure may be located on each street-facing facade of the dwelling unit.	Attached – None. Detached – 4,000 sq. ft.
Traverse City, MI	The accessory dwelling unit is clearly incidental to the principal dwelling unit and the structures' exterior appear to be single-family. Only 1 entrance may be located on the façade of the primary dwelling facing the street, unless the primary dwelling contained additional entrances before the accessory dwelling unit was created. An exception to this regulation is entrances that do not have access from the ground such as entrances from balconies or decks.	The existing site and use are substantially in compliance with this Zoning Code.

**5.0 STRUCTURAL EVALUATION – Pages 4-6**

**6.0 CONCLUSIONS AND RECOMMENDATIONS – Page 6**

**7.0 APPENDIX A – Page 7**

## **1.0 EXECUTIVE SUMMARY**

DiClemente Siegel Design Inc. authorized Desai/Nasr Consulting Engineers to perform an evaluation of the chimney connected to the building located at 415 W. Washington St, Ann Arbor, MI 48103.

A two-story building at the address indicated above has been vacant for several years and is planned to be fully demolished. A chimney is connected to the south face of the building (at the east side) with a concrete beam acting as a flue. As desired by the owner, the chimney is proposed to remain after the demolition of the adjacent building.

Original Construction Drawings were not available at the time of the condition assessment; therefore, the findings of this report are based on visual inspection of exposed structural elements and experience with buildings of similar construction and era. No destructive or non-destructive testing was performed. As such, although this condition assessment is useful for detecting gross issues, it may not detect every issue, especially subtle or hidden conditions.

Buried elements such as foundations were observed to the extents possible, but with limited results due to the visual nature of the inspection.

## **2.0 INTRODUCTION**

A walk-through style visual inspection of the above captioned property was conducted on Thursday, November 1<sup>st</sup>, 2018 by Alaa Chehab of Desai/Nasr Consulting Engineers, Inc., and Doug Forsyth of the City of Ann Arbor. The walk-through inspection was limited to observation of elements that were readily accessible and visible. The inspection was limited to the exterior of the chimney and to the inside of the adjacent building to check how the concrete flue is attached to the building frame from the inside. Based on the observations and pictures taken (see APPENDIX A) during the site visit, conclusions and recommendations are made and presented in section 6.0 of the present report.

## **3.0 GENERAL DESCRIPTION**

The chimney is approximately 48 ft tall with plan dimensions of approximately 5.5 ft x 5.5 ft, constructed from clay bricks and supported on a reinforced concrete base (Figure 1). The concrete base of the chimney is connected to the adjacent building through a concrete beam that is approximately 6 ft long, 2.75 ft x 2.75 ft in section, and 8 ft above ground level. There is also a 7 ft high masonry wall connecting the chimney (at the north-west corner) to the adjacent building wall (Photoset 3). Due to the lack of Existing Structural Drawings and the visual nature of the inspection, the chimney foundation layout is assumed to be isolated from the adjacent building foundation.

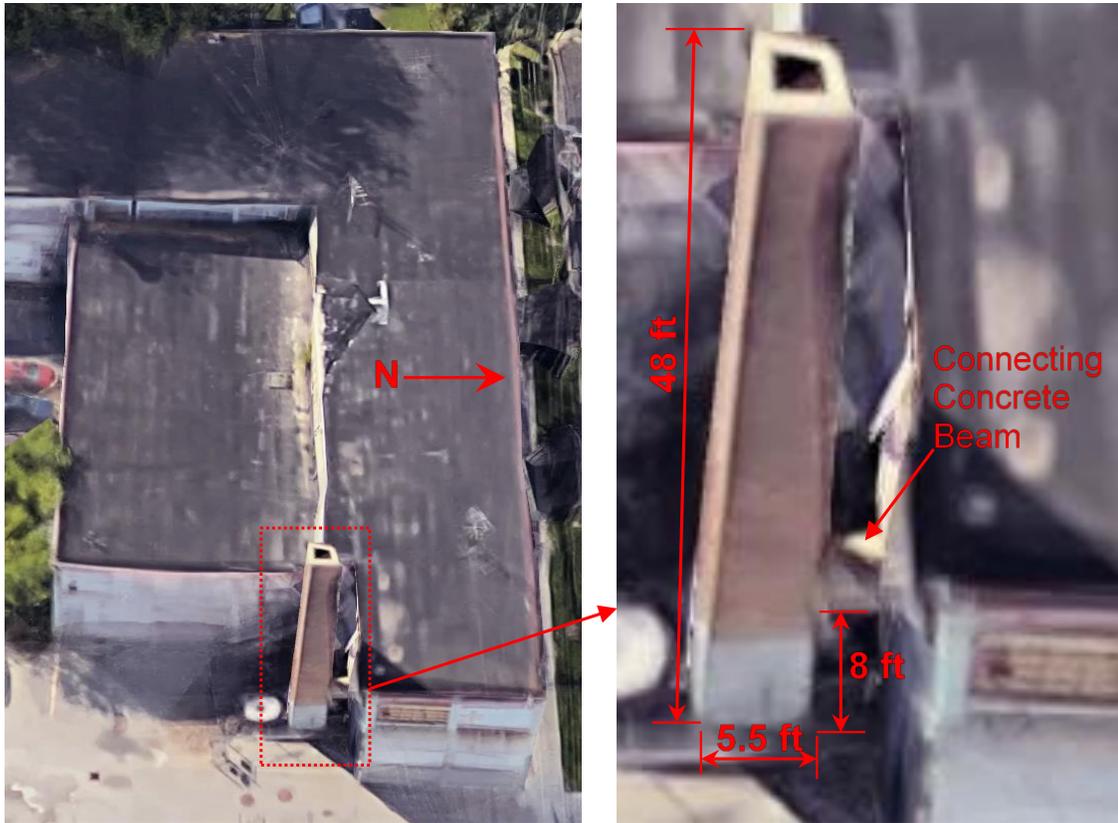

Figure 1. Chimney configuration and attachment to adjacent building.

#### 4.0 CONDITION ASSESSMENT – CHIMNEY EXTERIOR

Based on the visual inspection of the chimney exterior and the attached flue, deteriorations in brick and concrete were observed. Photos of areas where deteriorations were found are provided in APPENDIX A of this report, and summarized as follows:

- Loose bricks and lack of mortar between bricks at top of chimney (Photoset 1).
- The concrete base of the chimney has vertical cracks at the south side, east and west sides (Photoset 2).
- Major crack in bricks extending from the west to the south side of the chimney, above the concrete base (Photoset 3).
- Cracks in the concrete beam (Photoset 4).
- Sever horizontal crack in the existing building concrete frame near the beam attachment point (Photoset 4).

#### 5.0 STRUCTURAL EVALUATION

The lack of availability of original construction drawings requires a load evaluation to be performed. Based on the dimensions, and estimated material type/grade of the existing structural elements, load capacity can be assessed using the current ASCE-7 and BIA design guidelines and standards.

In order to examine the effect of removing the existing concrete beam (flue) connecting the chimney to the adjacent building, two models for the chimney structure have been analyzed (Figure 2). In both models, distributed lateral wind forces along the entire height of the chimney structure were applied in the north-south direction. The first model (a) is based on the existing conditions, while the second model (b) is based on the scenario where the beam is completely removed and the chimney is acting as a “stand-alone” structure. As shown in Figure 2, the resulted flexural moment at the base of the chimney after removing the beam (case b) became much larger, compared to the case where the beam is connected to the chimney, by approximately 4 times. However, this difference in the moment at the bottom is based on the assumption that the connecting beam is supporting the chimney in the horizontal direction, 8 ft above ground, and transferring lateral forces from the chimney to the existing building frame (presented by the reaction at point A).

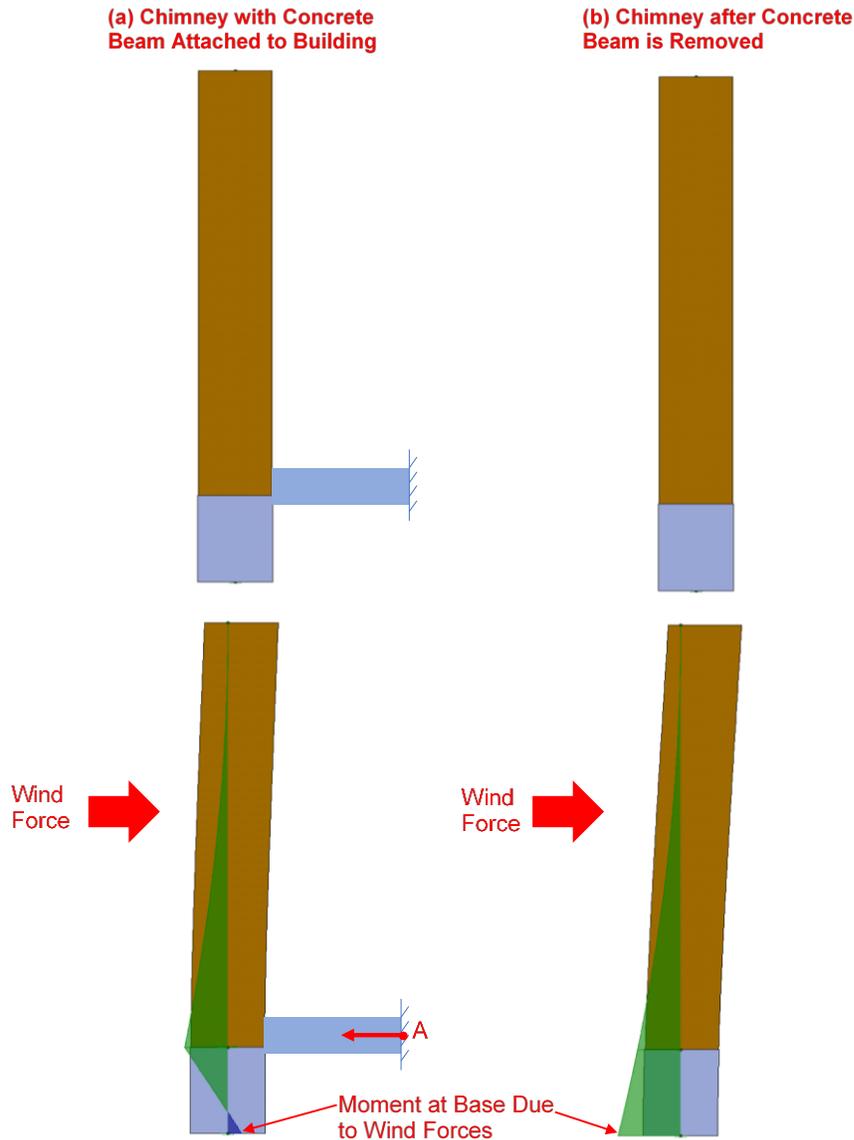

Figure 2. Concrete beam attachment to chimney and the adjacent building.

Furthermore, the analysis results showed significant lateral forces at point A, and thus for such large lateral force to be supported at that point, the beam must be connected to the building frame. This connection to the building frame was not visible from the inside of the building as shown in Photoset 5 where the beam is mainly passing through and supported by the existing wall, but not attached to the frame above.

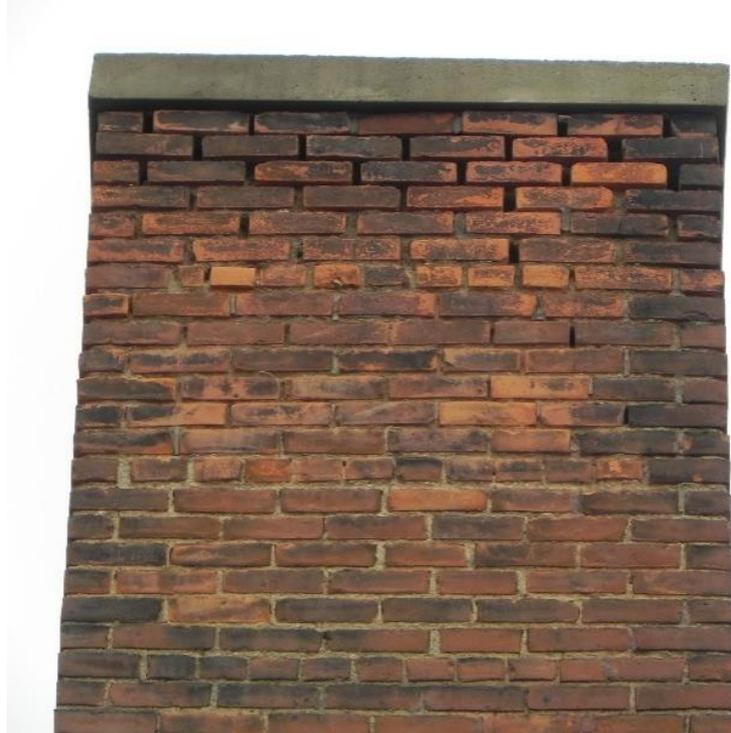

## **6.0 CONCLUSIONS AND RECOMMENDATIONS**

In general, the chimney structure is in a fair to good condition. There are no signs of settlement of the existing chimney base, but a few areas of cracking and loose brick as listed above (section 4.0). However, it should be noted that these areas require major repairs to be made acceptable by current building code requirements. It is recommended to repoint loose brick with new mortar, especially at the top of the chimney, as soon as possible to avoid further deterioration that could potentially become severe and risk falling.

Since no structural connection between the concrete beam and the existing building frame was visible, it is assumed that the beam was not designed as a main lateral support member to the chimney structure. Therefore, removing this beam should not affect the lateral stability of the chimney as a stand-alone structure, assuming that the chimney is supported on an isolated foundation. Thus, if the final decision is to keep the chimney, isolating the chimney foundation against vibration and soil movement during demolition and construction is highly recommended. Temporary shoring is advised during demolition of the adjacent building, and until the new construction is completed.

## Appendix A

### Chimney Top

**Photoset 1:** Loose bricks and lack of mortar joints at top of chimney.

**Chimney Base**

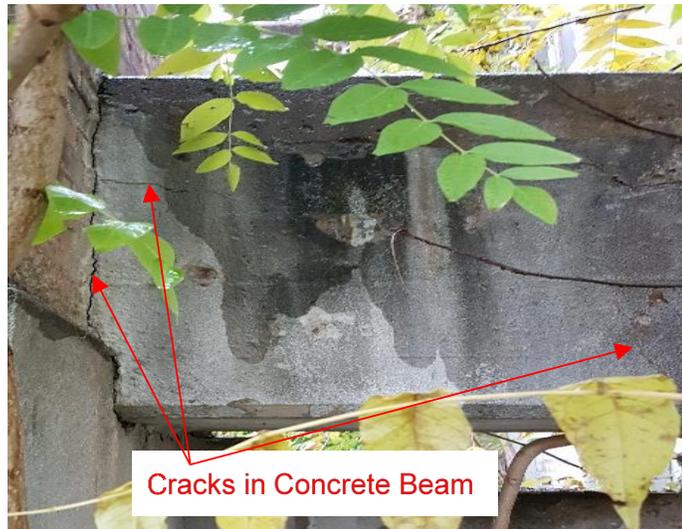

**Photoset 2:** Major vertical cracks along the south and east sides of the base.

**Photoset 3:** Major horizontal cracks in brick above the concrete base along south and west sides.

**Connecting Concrete Beam**

**Photoset 4:** Cracks in concrete beam and the adjacent building frame.

**Photoset 5:** Extension of the concrete beam end to the inside of the adjacent building.

**Subject:** Re: Energy Commission  
**Date:** Thursday, May 30, 2019 2:12:07 PM

---

Mayor Taylor,

Thank you for providing a heads-up on your intention to appoint Teresa Hatcher to the Energy Commission. I don't have a strong opinion on this appointment. I did, however, want to ask whether you considered that Ms. Hatcher would be the third appointment to the Energy Commission who works for a public utility. Shoshannah Lenski works for DTE. Charles Hookham works for Consumers Power, as does Ms. Hatcher. If it is your desire to have that many commission members from utility companies, I will not challenge that position. I just want to be sure that you are aware of this.

Best wishes,  
Jack

---

Mr. Clevey,

Last night, Council reappointed you, Mr. Zocher and Ms. Colvin-Garcia. Those appointments were not subject to individual votes because they were presented as part of a group of 40 appointments that were approved with a single vote. Council was informed of the Mayor's intent to make these appointments a month ago and there were no concerns raised. Had any Council member raised concerns, you would have been informed in advance to allow you to decide whether to withdraw.

The Mayor did not give advanced notice of his intention to reappoint Mr. Appleyard. Had he done so before the nomination appeared on an agenda, we could have warned the Mayor. I opposed Mr. Appleyard's reappointment because (1) he is not a City resident and (2) there are City residents who can serve.

With regard to the positions of Chair and Vice Chair, you should notify Mr. MacDonald that the election should be added to the next meeting agenda. As Vice Chair, you will chair that meeting and members of the Commission will select the Chair and Vice Chair at that meeting.

I am sorry if the appointment process cause you any discomfort. We will try to communicate these matters more clearly in the future. I appreciate your service on the Energy Commission and your commitment to the environment.

Best wishes,  
Jack

On May 21, 2019, at 10:41 AM, Mark Clevey <[REDACTED]> wrote:

Councilpersons Eaton and Hayner:

***Please advise.*** As the Vice Chairperson, the City Council's rejection of Wayne Appleyard's reappointment to the Energy Commission has raised a number of questions for me. First and foremost, the question of my reappointment will come before the City Council soon. As you know, I'm also serving on the Washtenaw County Environmental Council and a rejection of my Energy Commission reappointment would undermine my work there. *Should you desire*, to avoid the personal embarrassment of a rejection and its subsequent impact on my work at the County, *I'm willing to withdraw my Energy Commission reappointment request now and simply let my term in office expire.*

Should you support my reappointment, several issues also need to be addressed:

1. Will I be assuming the position of Chair or do we need to elect a new Chair and I will remain as Vice Chair?
2. **Over my objections, Chairperson Appleyard did NOT hold elections in January as was required.** Technically, both he and I held our offices illegitimately. Question: do we need to hold new elections NOW for both Chair and Vice Chair or should I just serve out the term and hold elections in January.

Thank you.

Ms. Potter,

Please accept my apology for not responding sooner. I have asked staff to let me know what the building official found when following up on this property. I will let you know when I hear from staff. If the answer does not resolve our concerns, I will ask to have staff meet with neighbors to discuss what can be done.

Best wishes,

Councilmember Eaton,

Thank you for your email. Staff reviewed your request. Below is a status report.

AAPD has had two calls for service for 1464 Marian. Case report number 16-44701 was from 09/30/2016 for a check the well-being call where the officer was not allowed to enter the residence. The officer did observe overgrown shrubbery as well as boarded up windows with plastic covering them. The second call, 17-44873, was a code violation issued by community standards for having solid waste on their property. The code citation specifically states "Items including but not limited to bags of trash, tin trays, plastic bags, plastic milk gallons, and misc. items in pile under boat". That citation was written on 10/03/2017. There have been no other police/community standards related calls to that residence.

Our Building Official confirmed that staff will check on the condition of the property and verify occupancy and then proceed with further action, if necessary.

Please feel free to contact us should you have any further questions.

Thank you,

Mr. Lazarus,

Could you have staff provide CM Nelson and me an update on this apparently abandoned property at 1464 Marian? I am interested in whether this property constitutes a nuisance and what the City can do to address the impact it has on the neighborhood.

The Potters were encouraged to contact us by the Mayor. I would appreciate it if you would also keep him aware of the City's response to this problem.

Best wishes,  
Jack

On Mar 19, 2019, at 7:48 AM, Samantha Potter <[REDACTED]> wrote:

Council Members Eaton & Nelson -

My name is Samantha Potter and my husband, Dan Potter, reached out to Councilman Eaton last spring about our concern for the state of our neighbor's house at 1464 Marian Avenue.

At the time, Councilman Eaton advised us that Community Standards had found no violations of the property and asked to meet with us to discuss how we can proceed. Our sincere apologies for not following up on this. Unfortunately, life got away from us and here we are a year later!

I spoke to Mayor Taylor at an event this past week and he suggested I reach back out to you to discuss this further.

Below and attached is the previous correspondence. As you can see, we have a number of concerns about our neighbor's property including the condition of the home, the abandoned boat in the driveway with a tree growing out of it, and a hazardous garage with broken windows and a door that appears to be jammed.

Over the winter, her sidewalk was maintained, both by herself and by helpful neighbors. There is no overgrowth of trees that hinder the public. The state of her home has continued to deteriorate, however. For example, a downspout from her house to the ground has disconnected from her house, causing a pooling of water around her foundation. We realize that nothing has changed to the condition of the home and property that would now warrant it to be considered to have violations. However, I hope that the council and Community Standards board can understand the concern that we have as her next door neighbor (at [REDACTED]) for the safety of our neighborhood and come to a resolution about this home.

The home has not been lived in since my husband took residency of our house in 2010.

It is also our understanding that the home owner, Ms. Theresa M. Roth, owns another home that appears to be in similar condition at 2728 Lookout Circle, which was deemed by the building commission as a "dangerous property." We are unclear of the resolution of that home.

We encourage you to take a walk by her home and are welcome to walk up our driveway to see the full extent of disrepair her property is in. Please let us know how we can move forward to begin to resolve this growing issue.

We look forward to hearing back from you regrading this matter.

Best Regards,  
Samantha Potter

**Subject:** Re: Concerned Citizen

Mr. Potter,

I am very sorry that I did not respond sooner. It was my mistake.

I sent an inquiry to staff. I received a short, conclusory response that indicated that Community Standards had visited the property and found no violations. I then followed up with an email to the City Administrator.

The Administrator's assistant provided his response:

Councilmember Eaton:  
Police staff provided the following information. I inquired whether Community Services, Public Services, and Fire had anything to report as well and did not receive any further information.

Most recently, Community Standards checked the property on January 16 and there were no CS violations. The sidewalk was currently shoveled.

Community Standards has received five complaints regarding this property since the 2005. The first complaint was regarding vegetation, and it was deemed unfounded. The second visit was April 17, 2006, for trash. A notice was issued for the trash, but on follow up the next day it was clear. On May 18, 2009 there was another complaint filed regarding the vegetation. This complaint was unfounded. On February 4, 2011 a notice was issued to the property for snow. A follow up took place on February 6, 2011, and the property was clear. October 2, 2017 a notice was issued to the property for trash. Upon follow up the property was still in violation so a ticket was issued.

The overgrown trees, and weeds are not CS violations unless they are encroaching on the right of way. The boat is not a violation; it is parked on the driveway.

I had intended to visit you and discuss what we might do next. That is where I failed to follow through. Please accept my apology.

Let me now offer to meet with you and discuss what we might do next. For example, we could ask the City Administrator, and any staff he wants present, to meet with concerned neighbors. If a few neighbor were willing to meet with staff, we might be able to persuade them of the significance of this nuisance. Please let me know how you and your neighbors would like to proceed.

Best wishes,  
Jack

Mr. Eaton -

I am a resident in your Ward on Marian Avenue and am writing to you in hopes that you can help take action against a home at 1464 Marian Avenue. I have written to the city and building commission twice, without any actions taken, to my knowledge.

The home at the above address is owned by, I believe, Theresa M. Roth. This home is in a state of abandonment. Major areas of concern on this house are:

- Overgrown with trees and weeds
- The home is barely visible from the road
- The paint has worn off all of the trim and wood surfaces and are rotting away
- The soffit vents to the attic are bent open, indicating a possible infestation
- The windows are broken out of the garage, and the door is jammed open - the entire garage appears to be a structural hazard, and also indicates a possible infestation
- The lot is littered with debris, including a boat in the driveway which is unprotected from the elements

No one has lived in this property for 7+ years. The owner stops by regularly and makes some efforts to maintain the property (keeping up with the front yard mowing and shoveling of the walk).

It is my understanding that this homeowner also owns a property outside of your ward that has previously been a part of a hearing with the building commission, which deemed that property a "dangerous property" and was in process of taking action against the owner. The address of that property is 2729 Lookout Circle. I believe that the home on Marian Avenue is in just as bad condition and would also be deemed this, should the city take action.

I am hoping that you would be able to help us move this issue ahead with the city. As mentioned, to my knowledge, no action has been taken on this property despite repeat communications from myself to the city.

I appreciate you taking the time to read this message from a very concerned neighbor. As a note, I do wish to remain anonymous should action be taken.

Best Regards,  
Dan Potter

Hello -

I am writing again to receive an update regarding the home at 1464 Marian Avenue. The last correspondence I received from you was on April 5, indicating that we should hear back from the building department officials within a few weeks. I have not heard back on the last two emails I have sent, so I wanted to reach out again to see if there is an update.

I appreciate your help with this matter and look forward to hearing back.

Thank you!  
Samantha Potter

Jack are you still on for a co-sponsor on this? I know it seems like a bookkeeping exercise but I feel it is important to fully account for all costs associated with adding new services and employees, and to recognize that this is general fund money and should be treated as such. At the very least we may have a thoughtful conversation (or realization) on where our money goes. I choose 10% based on typical actions with new revenue, but the amount could be changed to reflect the actual liabilities this new staff will accrue.

Thanks,

Jeff

**Subject:** RE: Budget amendments

Good afternoon! Here are the amendments with some suggested wording per our discussion on the phone. Please let me know if you would like anything changed.

**Amendment to increase recurring annual contributions to fund the pension liability for FY 2020 from all new sources of revenue**

Whereas, It is customary that new sources of unrestricted revenue and increases in unrestricted revenue from existing sources contribute towards reducing pension fund liability; and

Whereas, The County Mental Health Millage revenue is new, recurring revenue

designated for new programs and supported by personnel in the General Fund in the amount of (\$2,200,000) for FY 2020 and FY 2021; and

Whereas, It is fiscally responsible to give first call to new revenue to increase contributions to pension liabilities in years with positive economic conditions; thereby creating long-term financial stability and reducing structural deficit; therefore

**RESOLVED**, That 10% of the total County Mental Health Millage Fund Revenue (\$220,000) shall be used to establish an annual pension contribution expense budget in the County Mental Health Millage Fund for FY2020 toward reduction of the pension fund liability with direction to the City Administrator to continue this contribution on a recurring basis for future years; and

**RESOLVED**, That each service unit in the County Mental Health Millage Fund reduces their expense budgets proportionately to account for this 10% reduction in revenue for FY 2020, and future years over the life of the millage, resulting in \$88,000 reduction in Sustainability, \$88,000 in Affordable Housing and \$44,000 in Pedestrian Safety.

**Subject:** Budget amendments

Dear Mr. Crawford;

Please accept the following potential budget amendments based on Tuesday's conversation addressing New Revenue commitments to Pension liability and ending

creating long-term financial stability and reducing structural deficit; therefore

Resolved: That 10% of the total Mental Health Millage Revenue (\$n) shall be used to increase the yearly contributions (FY 2020, FY 2021) toward reduction of the pension fund liability; and

Resolved: That each service area adjust their budgets accordingly to account for this 10% reduction in revenue for FY 2020 and FY2021, and future years over the life of the millage.

Administration Committee,

As Chair of the Administration Committee, I am communicating to you regarding the below communication from CM Eaton regarding CM Ackerman. The communication was not a sworn complaint, and I am generally treating as a Request for Informal Counseling under Rule 12.

After sending this communication to CM Ackerman, CM Ackerman has communicated with the City Attorney regarding the asserted breach. Following that communication and counseling, CM Ackerman provided below his written assurance that he will treat requests for advice from the City Attorney on state law matters as privileged and confidential, even if the City is not the client.

CM Ackerman having received advice and informal counseling from the City Attorney's office on this matter, my further having counseled CM Ackerman on this matter, and CM Ackerman having supplied his written assurance that he will comply with that advice and counseling, I believe that counseling has been completed and that the matter is closed.

If you have any questions or concerns, please do not hesitate to contact me.

Christopher

\*\*\*\*\*

*Inbox* Monday, May 06, 2019 10:51 AM

Mayor Taylor,

Thank you for bringing this issue to my attention.

Prior to April 2, I was not aware that communications from council members to the City Attorney regarding State of Michigan law and concerning matters in which the City of Ann Arbor is not the client are subject to attorney-client privilege and/or confidentiality covered in Council Ethics Rule 6.

Now understanding that to be true, you and all members of City Council have my assurance that disclosure of privileged and/or confidential information will not happen again.

Sincerely,

Council Member Ackerman

Zachary Ackerman

Ann Arbor City Council

Ward 3

**From:** Eaton, Jack  
**Sent:** Friday, April 19, 2019 3:14 PM  
**To:** Taylor, Christopher (Mayor)  
**Cc:** Postema, Stephen; Griswold, Kathy; Nelson, Elizabeth  
**Subject:** ethics complaint

Mayor Taylor,

I have copied the City Attorney to make him aware of this complaint. I have copied Council Members Griswold and Nelson because they were involved in the original email from me to the City Attorney which is the subject of this complaint. I have not copied Council Member Ackerman because the procedure in Rule 12 gives the Chair the responsibility of informing the affected Council Member.

Council Ethics Rule 12 provides a method for seeking counseling of a Council member who has engaged in conduct “that are considered a violation of a law, Council Ethics Rules, or Council Administrative Rules, but considered by the Council to be not sufficiently serious to require reprimand.” By this email, I am asking you, in your capacity as Chair of the Administrative Committee, to review the conduct described below to determine whether Council Member Zachary Ackerman has violated Council Ethics Rules and/or state statute governing the conduct of elected officials.

On March 30, I sent an email to City Attorney Postema seeking his legal advice regarding the applicability of the Michigan statute governing removal of local elected officials, MCL 168.327. That statute requires the Governor to “remove all city officers chosen by the electors of a city or any ward or voting district of a city, when the governor is satisfied from sufficient evidence submitted to the governor that the officer has been guilty of ... habitual drunkenness, or has been convicted of being drunk ...”. As a courtesy, I copied Council Member Ackerman. The email to Mr. Postema was in my capacity as a City Council Member seeking his advice in his capacity as City Attorney. I believe that the content of that email is subject to the attorney-client privilege. That privilege belongs to the entire Council and cannot be waived unless done so by a majority vote of the whole Council.

Mr. Postema responded to my inquiry, but the content of that email is privileged and I will not disclose it here. Subsequent to Attorney Postema’s reply to me, he sent another email to the entire Council on the issues raised in my inquiry. I will not discuss that email, but you were a recipient and can review it yourself.

The Council Rules include a rule prohibiting disclosure of confidential information.

#### COUNCIL ETHICS RULE 6 -- IMPROPER USE OF OFFICIAL POSITION – DISCLOSURE OF CONFIDENTIAL INFORMATION

A Councilmember shall not divulge to an unauthorized person, confidential information acquired by virtue of his or her position as a Councilmember until a time that that information becomes public information. Furthermore, a Councilmember may not use confidential information, obtained by virtue of his or her position, for his or her own benefit or for the benefit of any other person or entity. Confidential information is information acquired by a Councilmember in the course of holding public office that is not available to members of the public and which the Councilmember is prohibited to disclose by statute or fiduciary duty or other common law duty.

#### Examples

A Councilmember shall not disclose, for example, the following:

- d) Information or records subject to the attorney-client privilege as set forth in MCL 15.243 (1)(g).

At the April 1 City Council meeting, Council Member Ackerman made a seven-minute statement regarding his arrest, plea deal, absences from Council business and the content of my email communication with the City Attorney. As a member of Council, Mr. Ackerman is not allowed to disclose privileged communication without seeking waiver by the full Council.

I believe Council Member Ackerman’s disclosure of attorney-client communication at the April 1 Council meeting violated Ethics Rule 6 and I ask that you initiate the Rule 12 procedure to make a determination on that subject. To my knowledge, this would be the first time Council Member Ackerman has violated this rule and I ask only that he be counseled according to the Rules.

Thank you,

Jack

Hi,

The attached document is the Michigan Planning Enabling Act. It provides the authority for establishing a municipal planning commission.

Section 15(1) says: "In a municipality, the chief elected official shall appoint members of the planning commission, subject to approval by a majority vote of the members of the legislative body elected and serving." Section 15(2) provides that "A member shall hold office until his or her successor is appointed."

Section 15(3) of the Act also generally describes the qualifications for serving on a planning commission:

"(3) The membership of a planning commission shall be representative of important segments of the community, such as the economic, governmental, educational, and social development of the local unit of government, in accordance with the major interests as they exist in the local unit of government, such as agriculture, natural resources, recreation, education, public health, government, transportation, industry, and commerce. The membership shall also be representative of the entire territory of the local unit of government to the extent practicable."

I thought this would be of interest to you while considering our appointment process.

Jack

**MICHIGAN PLANNING ENABLING ACT**  
**Act 33 of 2008**

AN ACT to codify the laws regarding and to provide for county, township, city, and village planning; to provide for the creation, organization, powers, and duties of local planning commissions; to provide for the powers and duties of certain state and local governmental officers and agencies; to provide for the regulation and subdivision of land; and to repeal acts and parts of acts.

**History:** 2008, Act 33, Eff. Sept. 1, 2008.

*The People of the State of Michigan enact:*

ARTICLE I.  
GENERAL PROVISIONS

**125.3801 Short title.**

Sec. 1. This act shall be known and may be cited as the "Michigan planning enabling act".

**History:** 2008, Act 33, Eff. Sept. 1, 2008.

**125.3803 Definitions.**

Sec. 3. As used in this act:

(a) "Chief administrative official" means the manager or other highest nonelected administrative official of a city or village.

(b) "Chief elected official" means the mayor of a city, the president of a village, the supervisor of a township, or, subject to section 5, the chairperson of the county board of commissioners of a county.

(c) "County board of commissioners", subject to section 5, means the elected county board of commissioners, except that, as used in sections 39 and 41, county board of commissioners means 1 of the following:

(i) A committee of the county board of commissioners, if the county board of commissioners delegates its powers and duties under this act to the committee.

(ii) The regional planning commission for the region in which the county is located, if the county board of commissioners delegates its powers and duties under this act to the regional planning commission.

(d) "Ex officio member", in reference to a planning commission, means a member, with full voting rights unless otherwise provided by charter, who serves on the planning commission by virtue of holding another office, for the term of that other office.

(e) "Legislative body" means the county board of commissioners of a county, the board of trustees of a township, or the council or other elected governing body of a city or village.

(f) "Local unit of government" or "local unit" means a county or municipality.

(g) "Master plan" means either of the following:

(i) As provided in section 81(1), any plan adopted or amended before September 1, 2008 under a planning act repealed under section 85.

(ii) Any plan adopted or amended under this act. This includes, but is not limited to, a plan prepared by a planning commission authorized by this act and used to satisfy the requirement of section 203(1) of the Michigan zoning enabling act, 2006 PA 110, MCL 125.3203, regardless of whether it is entitled a master plan, basic plan, county plan, development plan, guide plan, land use plan, municipal plan, township plan, plan, or any other term.

(h) "Municipality" or "municipal" means or refers to a city, village, or township.

(i) "Planning commission" means either of the following, as applicable:

(i) A planning commission created pursuant to section 11(1).

(ii) A planning commission retained pursuant to section 81(2) or (3), subject to the limitations on the application of this act provided in section 81(2) and (3).

(j) "Planning jurisdiction" for a county, city, or village refers to the areas encompassed by the legal boundaries of that county, city, or village, subject to section 31(1). Planning jurisdiction for a township refers to the areas encompassed by the legal boundaries of that township outside of the areas of incorporated villages and cities, subject to section 31(1).

(k) "Population" means the population according to the most recent federal decennial census or according to a special census conducted under section 7 of the Glenn Steil state revenue sharing act of 1971, 1971 PA 140, MCL 141.907, whichever is the more recent.

(l) "Public transportation agency" means a governmental entity that operates or is authorized to operate

intercity or local commuter passenger rail service in this state or a public transit authority created under 1 of the following acts:

- (i) The metropolitan transportation authorities act of 1967, 1967 PA 204, MCL 124.401 to 124.426.
- (ii) The public transportation authority act, 1986 PA 196, MCL 124.451 to 124.479.
- (iii) 1963 PA 55, MCL 124.351 to 124.359.
- (iv) The home rule city act, 1909 PA 279, MCL 117.1 to 117.38.
- (v) The revenue bond act of 1933, 1933 PA 94, MCL 141.101 to 141.140.
- (vi) The charter township act, 1947 PA 359, MCL 42.1 to 42.34.
- (vii) The urban cooperation act of 1967, 1967 (Ex Sess) PA 7, MCL 124.501 to 124.512.
- (m) "Public transportation facility" means that term as defined in section 2 of the metropolitan transportation authorities act of 1967, 1967 PA 204, MCL 124.402.
- (n) "Street" means a street, avenue, boulevard, highway, road, lane, alley, viaduct, or other public way intended for use by motor vehicles, bicycles, pedestrians, and other legal users.

**History:** 2008, Act 33, Eff. Sept. 1, 2008;—Am. 2010, Act 134, Imd. Eff. Aug. 2, 2010;—Am. 2010, Act 306, Imd. Eff. Dec. 17, 2010.

### **125.3805 Assignment of power or duty to county officer or body.**

Sec. 5. The assignment of a power or duty under this act to a county officer or body is subject to 1966 PA 293, MCL 45.501 to 45.521, or 1973 PA 139, MCL 45.551 to 45.573, in a county organized under 1 of those acts.

**History:** 2008, Act 33, Eff. Sept. 1, 2008.

### **125.3807 Master plan; adoption, amendment, and implementation by local government; purpose.**

Sec. 7. (1) A local unit of government may adopt, amend, and implement a master plan as provided in this act.

(2) The general purpose of a master plan is to guide and accomplish, in the planning jurisdiction and its environs, development that satisfies all of the following criteria:

- (a) Is coordinated, adjusted, harmonious, efficient, and economical.
- (b) Considers the character of the planning jurisdiction and its suitability for particular uses, judged in terms of such factors as trends in land and population development.
- (c) Will, in accordance with present and future needs, best promote public health, safety, morals, order, convenience, prosperity, and general welfare.
- (d) Includes, among other things, promotion of or adequate provision for 1 or more of the following:
  - (i) A system of transportation to lessen congestion on streets and provide for safe and efficient movement of people and goods by motor vehicles, bicycles, pedestrians, and other legal users.
  - (ii) Safety from fire and other dangers.
  - (iii) Light and air.
  - (iv) Healthful and convenient distribution of population.
  - (v) Good civic design and arrangement and wise and efficient expenditure of public funds.
  - (vi) Public utilities such as sewage disposal and water supply and other public improvements.
  - (vii) Recreation.
  - (viii) The use of resources in accordance with their character and adaptability.

**History:** 2008, Act 33, Eff. Sept. 1, 2008;—Am. 2010, Act 134, Imd. Eff. Aug. 2, 2010.

## ARTICLE II.

### PLANNING COMMISSION CREATION AND ADMINISTRATION

### **125.3811 Planning commission; creation; adoption of ordinance by local unit of government; notice required; exception; adoption of charter provision by city or home rule village; effect of repeal of planning act; continued exercise or transfer of powers and duties of zoning board or zoning commission.**

Sec. 11. (1) A local unit of government may adopt an ordinance creating a planning commission with powers and duties provided in this act. The planning commission of a local unit of government shall be officially called "the planning commission", even if a charter, ordinance, or resolution uses a different name such as "plan board" or "planning board".

(2) Within 14 days after a local unit of government adopts an ordinance under subsection (1) creating a planning commission, the clerk of the local unit shall transmit notice of the adoption to the planning

commission of the county where the local unit is located. However, if there is not a county planning commission or if the local unit adopting the ordinance is a county, notice shall be transmitted to the regional planning commission engaged in planning for the region within which the local unit is located. Notice under this subsection is not required when a planning commission created before the effective date of this act continues in existence under this act, but is required when an ordinance governing or creating a planning commission is amended or superseded under section 81(2)(b) or (3)(b).

(3) If, after the effective date of this act, a city or home rule village adopts a charter provision providing for a planning commission, the charter provision shall be implemented by an ordinance that conforms to this act. Section 81(2) provides for the continuation of a planning commission created by a charter provision adopted before the effective date of this act.

(4) Section 81(3) provides for the continuation of a planning commission created under a planning act repealed under section 85.

(5) Section 83 provides for the continued exercise by a planning commission, or the transfer to a planning commission, of the powers and duties of a zoning board or zoning commission.

**History:** 2008, Act 33, Eff. Sept. 1, 2008.

### **125.3813 Planning commission; effect of township ordinance; number of days; petition requesting submission of ordinance to electors; filing; petition subject to Michigan election law; violation.**

Sec. 13. (1) Subject to subsection (2), a township ordinance creating a planning commission under this act shall take effect 63 days after the ordinance is published by the township board in a newspaper having general circulation in the township.

(2) Subject to subsection (3), before a township ordinance creating a planning commission takes effect, a petition may be filed with the township clerk requesting the submission of the ordinance to the electors residing in the unincorporated portion of the township for their approval or rejection. The petition shall be signed by a number of qualified and registered electors residing in the unincorporated portion of the township equal to not less than 8% of the total vote cast for all candidates for governor, at the last preceding general election at which a governor was elected. If such a petition is filed, the ordinance shall not take effect until approved by a majority of the electors residing in the unincorporated portion of the township voting thereon at the next regular or special election that allows reasonable time for proper notices and printing of ballots or at any special election called for that purpose, as determined by the township board. The township board shall specify the language of the ballot question.

(3) Subsection (2) does not apply if the planning commission created by the ordinance is the successor to an existing zoning commission or zoning board as provided for under section 301 of the Michigan zoning enabling act, 2006 PA 110, MCL 125.3301.

(4) If a township board does not on its own initiative adopt an ordinance under this act creating a planning commission, a petition may be filed with the township clerk requesting the township board to adopt such an ordinance. The petition shall be signed by a number of qualified and registered electors as provided in subsection (2). If such a petition is filed, the township board, at its first meeting following the filing shall submit the question to the electors of the township in the same manner as provided under subsection (2).

(5) A petition under this section, including the circulation and signing of the petition, is subject to section 488 of the Michigan election law, 1954 PA 116, MCL 168.488. A person who violates a provision of the Michigan election law, 1954 PA 116, MCL 168.1 to 168.992, applicable to a petition described in this section is subject to the penalties prescribed for that violation in the Michigan election law, 1954 PA 116, MCL 168.1 to 168.992.

**History:** 2008, Act 33, Eff. Sept. 1, 2008.

### **125.3815 Planning commission; membership; appointment; terms; vacancy; representation; qualifications; ex-officio members; board serving as planning commission; removal of member; conditions; conflict of interest; additional requirements.**

Sec. 15. (1) In a municipality, the chief elected official shall appoint members of the planning commission, subject to approval by a majority vote of the members of the legislative body elected and serving. In a county, the county board of commissioners shall determine the method of appointment of members of the planning commission by resolution of a majority of the full membership of the county board.

(2) A city, village, or township planning commission shall consist of 5, 7, or 9 members. A county planning commission shall consist of 5, 7, 9, or 11 members. Members of a planning commission other than ex officio members under subsection (5) shall be appointed for 3-year terms. However, of the members of the planning commission, other than ex officio members, first appointed, a number shall be appointed to 1-year or

2-year terms such that, as nearly as possible, the terms of 1/3 of all the planning commission members will expire each year. If a vacancy occurs on a planning commission, the vacancy shall be filled for the unexpired term in the same manner as provided for an original appointment. A member shall hold office until his or her successor is appointed.

(3) The membership of a planning commission shall be representative of important segments of the community, such as the economic, governmental, educational, and social development of the local unit of government, in accordance with the major interests as they exist in the local unit of government, such as agriculture, natural resources, recreation, education, public health, government, transportation, industry, and commerce. The membership shall also be representative of the entire territory of the local unit of government to the extent practicable.

(4) Members of a planning commission shall be qualified electors of the local unit of government, except that the following number of planning commission members may be individuals who are not qualified electors of the local unit of government but are qualified electors of another local unit of government:

(a) 3, in a city that on September 1, 2008 had a population of more than 2,700 but less than 2,800.

(b) 2, in a city or village that has, or on September 1, 2008 had, a population of less than 5,000, except as provided in subdivision (a).

(c) 1, in local units of government other than those described in subdivision (a) or (b).

(5) In a township that on September 1, 2008 had a planning commission created under former 1931 PA 285, 1 member of the legislative body or the chief elected official, or both, may be appointed to the planning commission, as ex officio members. In any other township, 1 member of the legislative body shall be appointed to the planning commission, as an ex officio member. In a city, village, or county, the chief administrative official or a person designated by the chief administrative official, if any, the chief elected official, 1 or more members of the legislative body, or any combination thereof, may be appointed to the planning commission, as ex officio members, unless prohibited by charter. However, in a city, village, or county, not more than 1/3 of the members of the planning commission may be ex officio members. Except as provided in this subsection, an elected officer or employee of the local unit of government is not eligible to be a member of the planning commission. The term of an ex officio member of a planning commission shall be as follows:

(a) The term of a chief elected official shall correspond to his or her term as chief elected official.

(b) The term of a chief administrative official shall expire with the term of the chief elected official that appointed him or her as chief administrative official.

(c) The term of a member of the legislative body shall expire with his or her term on the legislative body.

(6) For a county planning commission, the county shall make every reasonable effort to ensure that the membership of the county planning commission includes a member of a public school board or an administrative employee of a school district included, in whole or in part, within the county's boundaries. The requirements of this subsection apply whenever an appointment is to be made to the planning commission, unless an incumbent is being reappointed or an ex officio member is being appointed under subsection (5).

(7) Subject to subsection (8), a city or village that has a population of less than 5,000, and that has not created a planning commission by charter, may by an ordinance adopted under section 11(1) provide that 1 of the following boards serve as its planning commission:

(a) The board of directors of the economic development corporation of the city or village created under the economic development corporations act, 1974 PA 338, MCL 125.1601 to 125.1636.

(b) The board of a downtown development authority created under 1975 PA 197, MCL 125.1651 to 125.1681, if the boundaries of the downtown district are the same as the boundaries of the city or village.

(c) A board created under the tax increment finance authority act, 1980 PA 450, MCL 125.1801 to 125.1830, if the boundaries of the authority district are the same as the boundaries of the city or village.

(8) Subsections (1) to (5) do not apply to a planning commission established under subsection (7). All other provisions of this act apply to a planning commission established under subsection (7).

(9) The legislative body may remove a member of the planning commission for misfeasance, malfeasance, or nonfeasance in office upon written charges and after a public hearing. Before casting a vote on a matter on which a member may reasonably be considered to have a conflict of interest, the member shall disclose the potential conflict of interest to the planning commission. The member is disqualified from voting on the matter if so provided by the bylaws or by a majority vote of the remaining members of the planning commission. Failure of a member to disclose a potential conflict of interest as required by this subsection constitutes malfeasance in office. Unless the legislative body, by ordinance, defines conflict of interest for the purposes of this subsection, the planning commission shall do so in its bylaws.

(10) An ordinance creating a planning commission may impose additional requirements relevant to the subject matter of, but not inconsistent with, this section.

**History:** 2008, Act 33, Eff. Sept. 1, 2008;—Am. 2010, Act 105, Imd. Eff. June 29, 2010.

**125.3817 Chairperson, secretary, and other offices; election; terms; appointment of advisory committees.**

Sec. 17. (1) A planning commission shall elect a chairperson and secretary from its members and create and fill other offices as it considers advisable. An ex officio member of the planning commission is not eligible to serve as chairperson. The term of each officer shall be 1 year, with opportunity for reelection as specified in bylaws adopted under section 19.

(2) A planning commission may appoint advisory committees whose members are not members of the planning commission.

**History:** 2008, Act 33, Eff. Sept. 1, 2008.

**125.3819 Bylaws; adoption; public record requirements; annual report by planning commission.**

Sec. 19. (1) A planning commission shall adopt bylaws for the transaction of business, and shall keep a public record of its resolutions, transactions, findings, and determinations.

(2) A planning commission shall make an annual written report to the legislative body concerning its operations and the status of planning activities, including recommendations regarding actions by the legislative body related to planning and development.

**History:** 2008, Act 33, Eff. Sept. 1, 2008.

**125.3821 Meetings; frequency; time; place; special meeting; notice; compliance with open meetings act; availability of writings to public.**

Sec. 21. (1) A planning commission shall hold not less than 4 regular meetings each year, and by resolution shall determine the time and place of the meetings. Unless the bylaws provide otherwise, a special meeting of the planning commission may be called by the chairperson or by 2 other members, upon written request to the secretary. Unless the bylaws provide otherwise, the secretary shall send written notice of a special meeting to planning commission members not less than 48 hours before the meeting.

(2) The business that a planning commission may perform shall be conducted at a public meeting of the planning commission held in compliance with the open meetings act, 1976 PA 267, MCL 15.261 to 15.275. Public notice of the time, date, and place of a regular or special meeting shall be given in the manner required by that act.

(3) A writing prepared, owned, used, in the possession of, or retained by a planning commission in the performance of an official function shall be made available to the public in compliance with the freedom of information act, 1976 PA 442, MCL 15.231 to 15.246.

**History:** 2008, Act 33, Eff. Sept. 1, 2008.

**125.3823 Compensation; expenses; preparation of budget; acceptance of gifts.**

Sec. 23. (1) Members of a planning commission may be compensated for their services as provided by the legislative body. A planning commission may adopt bylaws relative to compensation and expenses of its members and employees for travel when engaged in the performance of activities authorized by the legislative body, including, but not limited to, attendance at conferences, workshops, educational and training programs, and meetings.

(2) After preparing the annual report required under section 19, a planning commission may prepare a detailed budget and submit the budget to the legislative body for approval or disapproval. The legislative body annually may appropriate funds for carrying out the purposes and functions permitted under this act, and may match local government funds with federal, state, county, or other local government or private grants, contributions, or endowments.

(3) A planning commission may accept gifts for the exercise of its functions. However, in a township, other than a township that on the effective date of this act had a planning commission created under former 1931 PA 285, only the township board may accept such gifts, on behalf of the planning commission. A gift of money so accepted in either case shall be deposited with the treasurer of the local unit of government in a special nonreverting planning commission fund for expenditure by the planning commission for the purpose designated by the donor. The treasurer shall draw a warrant against the special nonreverting fund only upon receipt of a voucher signed by the chairperson and secretary of the planning commission and an order drawn by the clerk of the local unit of government. The expenditures of a planning commission, exclusive of gifts and grants, shall be within the amounts appropriated by the legislative body.

**History:** 2008, Act 33, Eff. Sept. 1, 2008.

**125.3825 Employment of planning director and other personnel; contract for services; use of information and advice provided by public officials, departments, and agencies.**

Sec. 25. (1) A local unit of government may employ a planning director and other personnel as it considers necessary, contract for the services of planning and other technicians, and incur other expenses, within a budget authorized by the legislative body. This authority shall be exercised by the legislative body, unless a charter provision or ordinance delegates this authority to the planning commission or another body or official. The appointment of employees is subject to the same provisions of law as govern other corresponding civil employees of the local unit of government.

(2) For the purposes of this act, a planning commission may make use of maps, data, and other information and expert advice provided by appropriate federal, state, regional, county, and municipal officials, departments, and agencies. All public officials, departments, and agencies shall make available public information for the use of planning commissions and furnish such other technical assistance and advice as they may have for planning purposes.

**History:** 2008, Act 33, Eff. Sept. 1, 2008.

ARTICLE III.

PREPARATION AND ADOPTION OF MASTER PLAN

**125.3831 Master plan; preparation by planning commission; meetings with other governmental planning commissions or agency staff; powers.**

Sec. 31. (1) A planning commission shall make and approve a master plan as a guide for development within the planning jurisdiction subject to section 81 and the following:

(a) For a county, the master plan may include planning in cooperation with the constituted authorities for incorporated areas in whole or to the extent to which, in the planning commission's judgment, they are related to the planning of the unincorporated area or of the county as a whole.

(b) For a township that on September 1, 2008 had a planning commission created under former 1931 PA 285, or for a city or village, the planning jurisdiction may include any areas outside of the municipal boundaries that, in the planning commission's judgment, are related to the planning of the municipality.

(2) In the preparation of a master plan, a planning commission shall do all of the following, as applicable:

(a) Make careful and comprehensive surveys and studies of present conditions and future growth within the planning jurisdiction with due regard to its relation to neighboring jurisdictions.

(b) Consult with representatives of adjacent local units of government in respect to their planning so that conflicts in master plans and zoning may be avoided.

(c) Cooperate with all departments of the state and federal governments, public transportation agencies, and other public agencies concerned with programs for economic, social, and physical development within the planning jurisdiction and seek the maximum coordination of the local unit of government's programs with these agencies.

(3) In the preparation of the master plan, the planning commission may meet with other governmental planning commissions or agency staff to deliberate.

(4) In general, a planning commission has such lawful powers as may be necessary to enable it to promote local planning and otherwise carry out the purposes of this act.

**History:** 2008, Act 33, Eff. Sept. 1, 2008;—Am. 2010, Act 306, Imd. Eff. Dec. 17, 2010.

**125.3833 Master plan; land use and infrastructure issues; inclusion of maps, plats, charts, and other related matter; recommendations for physical development; additional subjects; implementation of master street plan or certain elements; specifications; section subject to MCL 125.3881(1); public transportation facilities.**

Sec. 33. (1) A master plan shall address land use and infrastructure issues and may project 20 years or more into the future. A master plan shall include maps, plats, charts, and descriptive, explanatory, and other related matter and shall show the planning commission's recommendations for the physical development of the planning jurisdiction.

(2) A master plan shall also include those of the following subjects that reasonably can be considered as pertinent to the future development of the planning jurisdiction:

(a) A land use plan that consists in part of a classification and allocation of land for agriculture, residences, commerce, industry, recreation, ways and grounds, subject to subsection (5), public transportation facilities, public buildings, schools, soil conservation, forests, woodlots, open space, wildlife refuges, and other uses and purposes. If a county has not adopted a zoning ordinance under former 1943 PA 183 or the Michigan

zoning enabling act, 2006 PA 110, MCL 125.3101 to 125.3702, a land use plan and program for the county may be a general plan with a generalized future land use map.

(b) The general location, character, and extent of all of the following:

(i) All components of a transportation system and their interconnectivity including streets and bridges, public transit including public transportation facilities and routes, bicycle facilities, pedestrian ways, freight facilities and routes, port facilities, railroad facilities, and airports, to provide for the safe and efficient movement of people and goods in a manner that is appropriate to the context of the community and, as applicable, considers all legal users of the public right-of-way.

(ii) Waterways and waterfront developments.

(iii) Sanitary sewers and water supply systems.

(iv) Facilities for flood prevention, drainage, pollution prevention, and maintenance of water levels.

(v) Public utilities and structures.

(c) Recommendations as to the general character, extent, and layout of redevelopment or rehabilitation of blighted areas; and the removal, relocation, widening, narrowing, vacating, abandonment, change of use, or extension of streets, grounds, open spaces, buildings, utilities, or other facilities.

(d) For a local unit of government that has adopted a zoning ordinance, a zoning plan for various zoning districts controlling the height, area, bulk, location, and use of buildings and premises. The zoning plan shall include an explanation of how the land use categories on the future land use map relate to the districts on the zoning map.

(e) Recommendations for implementing any of the master plan's proposals.

(3) If a master plan is or includes a master street plan or 1 or more elements described in subsection (2)(b)(i), the means for implementing the master street plan or elements in cooperation with the county road commission and the state transportation department shall be specified in the master street plan in a manner consistent with the respective powers and duties of and any written agreements between these entities and the municipality.

(4) This section is subject to section 81(1).

(5) The reference to public transportation facilities in subsection (2)(a) only applies to a master plan that is adopted or substantively amended more than 90 days after the effective date of the amendatory act that added this subsection.

**History:** 2008, Act 33, Eff. Sept. 1, 2008;—Am. 2010, Act 134, Imd. Eff. Aug. 2, 2010;—Am. 2010, Act 306, Imd. Eff. Dec. 17, 2010.

### **125.3835 Subplan; adoption.**

Sec. 35. A planning commission may, by a majority vote of the members, adopt a subplan for a geographic area less than the entire planning jurisdiction, if, because of the unique physical characteristics of that area, more intensive planning is necessary for the purposes set forth in section 7.

**History:** 2008, Act 33, Eff. Sept. 1, 2008.

### **125.3837 Metropolitan county planning commission; designation; powers.**

Sec. 37. (1) A county board of commissioners may designate the county planning commission as the metropolitan county planning commission. A county planning commission so designated shall perform metropolitan and regional planning whenever necessary or desirable. The metropolitan county planning commission may engage in comprehensive planning, including, but not limited to, the following:

(a) Preparation, as a guide for long-range development, of general physical plans with respect to the pattern and intensity of land use and the provision of public facilities, together with long-range fiscal plans for such development.

(b) Programming of capital improvements based on relative urgency, together with definitive financing plans for the improvements to be constructed in the earlier years of the program.

(c) Coordination of all related plans of local governmental agencies within the metropolitan area or region.

(d) Intergovernmental coordination of all related planning activities among the state and local governmental agencies within the metropolitan area or region.

(2) In addition to the powers conferred by other provisions of this act, a metropolitan county planning commission may apply for, receive, and accept grants from any local, regional, state, or federal governmental agency and agree to and comply with the terms and conditions of such grants. A metropolitan county planning commission may do any and all things necessary or desirable to secure the financial aid or cooperation of a regional, state, or federal governmental agency in carrying out its functions, when approved by a 2/3 vote of the county board of commissioners.

**History:** 2008, Act 33, Eff. Sept. 1, 2008.

### **125.3839 Master plan; adoption; procedures; notice; submittals; use of electronic mail.**

Sec. 39. (1) A master plan shall be adopted under the procedures set forth in this section and sections 41 and 43. A master plan may be adopted as a whole or by successive parts corresponding with major geographical areas of the planning jurisdiction or with functional subject matter areas of the master plan.

(2) Before preparing a master plan, a planning commission shall send to all of the following, by first-class mail or personal delivery, a notice explaining that the planning commission intends to prepare a master plan and requesting the recipient's cooperation and comment:

(a) For any local unit of government undertaking a master plan, the planning commission, or if there is no planning commission, the legislative body, of each municipality located within or contiguous to the local unit of government.

(b) For a county undertaking a master plan, the regional planning commission for the region in which the county is located, if any.

(c) For a county undertaking a master plan, the county planning commission, or if there is no county planning commission, the county board of commissioners, for each county located contiguous to the county.

(d) For a municipality undertaking a master plan, the regional planning commission for the region in which the municipality is located, if there is no county planning commission for the county in which that municipality is located. If there is a county planning commission, the municipal planning commission may consult with the regional planning commission but is not required to do so.

(e) For a municipality undertaking a master plan, the county planning commission, or if there is no county planning commission, the county board of commissioners, for the county in which that municipality is located.

(f) For any local unit of government undertaking a master plan, each public utility company, railroad company, and public transportation agency owning or operating a public utility, railroad, or public transportation system within the local unit of government, and any government entity that registers its name and mailing address for this purpose with the planning commission.

(g) If the master plan will include a master street plan, the county road commission and the state transportation department.

(3) A submittal under section 41 or 43 by or to an entity described in subsection (2) may be made by personal or first-class mail delivery of a hard copy or by electronic mail. However, the planning commission preparing the plan shall not make such submittals by electronic mail unless, in the notice described in subsection (2), the planning commission states that it intends to make such submittals by electronic mail and the entity receiving that notice does not respond by objecting to the use of electronic mail. Electronic mail may contain a link to a website on which the submittal is posted if the website is accessible to the public free of charge.

**History:** 2008, Act 33, Eff. Sept. 1, 2008;—Am. 2010, Act 306, Imd. Eff. Dec. 17, 2010.

### **125.3841 Preparation of proposed master plan; submission to legislative body for review and comment; approval required; notice; submission of comments; statements as advisory.**

Sec. 41. (1) After preparing a proposed master plan, a planning commission shall submit the proposed master plan to the legislative body for review and comment. The process of adopting a master plan shall not proceed further unless the legislative body approves the distribution of the proposed master plan.

(2) If the legislative body approves the distribution of the proposed master plan, it shall notify the secretary of the planning commission, and the secretary of the planning commission shall submit, in the manner provided in section 39(3), a copy of the proposed master plan, for review and comment, to all of the following:

(a) For any local unit of government proposing a master plan, the planning commission, or if there is no planning commission, the legislative body, of each municipality located within or contiguous to the local unit of government.

(b) For a county proposing a master plan, the regional planning commission for the region in which the county is located, if any.

(c) For a county proposing a master plan, the county planning commission, or if there is no county planning commission, the county board of commissioners, for each county located contiguous to the county.

(d) For a municipality proposing a master plan, the regional planning commission for the region in which the municipality is located, if there is no county planning commission for the county in which that local unit of government is located. If there is a county planning commission, the secretary of the municipal planning commission may submit a copy of the proposed master plan to the regional planning commission but is not required to do so.

(e) For a municipality proposing a master plan, the county planning commission, or if there is no county planning commission, the county board of commissioners, for the county in which that municipality is located. The secretary of the municipal planning commission shall concurrently submit to the county planning commission, in the manner provided in section 39(3), a statement that the requirements of subdivision (a) have been met or, if there is no county planning commission, shall submit to the county board of commissioners, in the manner provided in section 39(3), a statement that the requirements of subdivisions (a) and (d) have been met. The statement shall be signed by the secretary and shall include the name and address of each planning commission or legislative body to which a copy of the proposed master plan was submitted under subdivision (a) or (d), as applicable, and the date of submittal.

(f) For any local unit of government proposing a master plan, each public utility company, railroad company, and public transportation agency owning or operating a public utility, railroad, or public transportation system within the local unit of government, and any government entity that registers its name and address for this purpose with the secretary of the planning commission. An entity described in this subdivision that receives a copy of a proposed master plan, or of a final master plan as provided in section 43(5), shall reimburse the local unit of government for any copying and postage costs thereby incurred.

(g) If the proposed master plan is or includes a proposed master street plan, the county road commission and the state transportation department.

(3) An entity described in subsection (2) may submit comments on the proposed master plan to the planning commission in the manner provided in section 39(3) within 63 days after the proposed master plan was submitted to that entity under subsection (2). If the county planning commission or the county board of commissioners that receives a copy of a proposed master plan under subsection (2)(e) submits comments, the comments shall include, but need not be limited to, both of the following, as applicable:

(a) A statement whether the county planning commission or county board of commissioners considers the proposed master plan to be inconsistent with the master plan of any municipality or region described in subsection (2)(a) or (d).

(b) If the county has a county master plan, a statement whether the county planning commission considers the proposed master plan to be inconsistent with the county master plan.

(4) The statements provided for in subsection (3)(a) and (b) are advisory only.

**History:** 2008, Act 33, Eff. Sept. 1, 2008;—Am. 2010, Act 306, Imd. Eff. Dec. 17, 2010.

**125.3843 Proposed master plan; public hearing; notice; approval by resolution of planning commission; statement; submission of copy of master plan to legislative body; approval or rejection by legislative body; procedures; submission of adopted master plan to certain entities.**

Sec. 43. (1) Before approving a proposed master plan, a planning commission shall hold not less than 1 public hearing on the proposed master plan. The hearing shall be held after the expiration of the deadline for comment under section 41(3). The planning commission shall give notice of the time and place of the public hearing not less than 15 days before the hearing by publication in a newspaper of general circulation within the local unit of government. The planning commission shall also submit notice of the public hearing in the manner provided in section 39(3) to each entity described in section 39(2). This notice may accompany the proposed master plan submitted under section 41.

(2) The approval of the proposed master plan shall be by resolution of the planning commission carried by the affirmative votes of not less than 2/3 of the members of a city or village planning commission or not less than a majority of the members of a township or county planning commission. The resolution shall refer expressly to the maps and descriptive and other matter intended by the planning commission to form the master plan. A statement recording the planning commission's approval of the master plan, signed by the chairperson or secretary of the planning commission, shall be included on the inside of the front or back cover of the master plan and, if the future land use map is a separate document from the text of the master plan, on the future land use map. Following approval of the proposed master plan by the planning commission, the secretary of the planning commission shall submit a copy of the master plan to the legislative body.

(3) Approval of the proposed master plan by the planning commission under subsection (2) is the final step for adoption of the master plan, unless the legislative body by resolution has asserted the right to approve or reject the master plan. In that case, after approval of the proposed master plan by the planning commission, the legislative body shall approve or reject the proposed master plan. A statement recording the legislative body's approval of the master plan, signed by the clerk of the legislative body, shall be included on the inside of the front or back cover of the master plan and, if the future land use map is a separate document from the text of the master plan, on the future land use map.

(4) If the legislative body rejects the proposed master plan, the legislative body shall submit to the planning commission a statement of its objections to the proposed master plan. The planning commission shall consider the legislative body's objections and revise the proposed master plan so as to address those objections. The procedures provided in subsections (1) to (3) and this subsection shall be repeated until the legislative body approves the proposed master plan.

(5) Upon final adoption of the master plan, the secretary of the planning commission shall submit, in the manner provided in section 39(3), copies of the adopted master plan to the same entities to which copies of the proposed master plan were required to be submitted under section 41(2).

**History:** 2008, Act 33, Eff. Sept. 1, 2008.

**125.3845 Extension, addition, revision, or other amendment to master plan; adoption; procedures; review and findings.**

Sec. 45. (1) An extension, addition, revision, or other amendment to a master plan shall be adopted by following the procedure under sections 39, 41, and 43, subject to all of the following:

(a) Any of the following amendments to a master plan may be made without following the procedure under sections 39, 41, and 43:

(i) A grammatical, typographical, or similar editorial change.

(ii) A title change.

(iii) A change to conform to an adopted plat.

(b) Subject to subdivision (a), the review period provided for in section 41(3) shall be 42 days instead of 63 days.

(c) When a planning commission sends notice to an entity under section 39(2) that it intends to prepare a subplan, the notice may indicate that the local unit of government intends not to provide that entity with further notices of or copies of proposed or final subplans otherwise required to be submitted to that entity under section 39, 41, or 43. Unless the entity responds that it chooses to receive notice of subplans, the local unit of government is not required to provide further notice of subplans to that entity.

(2) At least every 5 years after adoption of a master plan, a planning commission shall review the master plan and determine whether to commence the procedure to amend the master plan or adopt a new master plan. The review and its findings shall be recorded in the minutes of the relevant meeting or meetings of the planning commission.

**History:** 2008, Act 33, Eff. Sept. 1, 2008.

**125.3847 Part of county master plan covering incorporated area; adoption by appropriate city or village required; exception.**

Sec. 47. (1) Subject to subsection (2), a part of a county master plan covering an incorporated area within the county shall not be recognized as the official master plan or part of the official master plan for that area unless adopted by the appropriate city or village in the manner prescribed by this act.

(2) Subsection (1) does not apply if the incorporated area is subject to county zoning pursuant to the Michigan zoning enabling act, 2006 PA 110, MCL 125.3101 to 125.3702, and a contract under the urban cooperation act, 1967 (Ex Sess) PA 7, MCL 124.501 to 124.512, or 1967 (Ex Sess) PA 8, MCL 124.531 to 124.536.

**History:** 2008, Act 33, Eff. Sept. 1, 2008.

**125.3849 City or village planning department; authority to submit proposed master plan, or proposed extension, addition, revision, or other amendment.**

Sec. 49. (1) This act does not alter the authority of a planning department of a city or village created by charter to submit a proposed master plan, or a proposed extension, addition, revision, or other amendment to a master plan, to the planning commission, whether directly or indirectly as provided by charter.

(2) Subsection (1) notwithstanding, a planning commission described in subsection (1) shall comply with the requirements of this act.

**History:** 2008, Act 33, Eff. Sept. 1, 2008.

**125.3851 Public interest and understanding; promotion.**

Sec. 51. (1) To promote public interest in and understanding of the master plan, a planning commission may publish and distribute copies of the master plan or of any report, and employ other means of publicity and education.

(2) A planning commission shall consult with and advise public officials and agencies, public utility companies, civic, educational, professional, and other organizations, and citizens concerning the promotion or

implementation of the master plan.

**History:** 2008, Act 33, Eff. Sept. 1, 2008.

#### ARTICLE IV.

#### SPECIAL PROVISIONS, INCLUDING CAPITAL IMPROVEMENTS AND SUBDIVISION REVIEW

##### **125.3861 Construction of certain projects in area covered by municipal master plan; approval; initiation of work on project; requirements; report and advice.**

Sec. 61. (1) A street; square, park, playground, public way, ground, or other open space; or public building or other structure shall not be constructed or authorized for construction in an area covered by a municipal master plan unless the location, character, and extent of the street, public way, open space, structure, or utility have been submitted to the planning commission by the legislative body or other body having jurisdiction over the authorization or financing of the project and has been approved by the planning commission. The planning commission shall submit its reasons for approval or disapproval to the body having jurisdiction. If the planning commission disapproves, the body having jurisdiction may overrule the planning commission by a vote of not less than 2/3 of its entire membership for a township that on the enactment date of this act had a planning commission created under former 1931 PA 285, or for a city or village, or by a vote of not less than a majority of its membership for any other township. If the planning commission fails to act within 35 days after submission of the proposal to the planning commission, the project shall be considered to be approved by the planning commission.

(2) Following adoption of the county plan or any part of a county plan and the certification by the county planning commission to the county board of commissioners of a copy of the plan, work shall not be initiated on any project involving the expenditure of money by a county board, department, or agency for the acquisition of land, the erection of structures, or the extension, construction, or improvement of any physical facility by any county board, department, or agency unless a full description of the project, including, but not limited to, its proposed location and extent, has been submitted to the county planning commission and the report and advice of the planning commission on the proposal have been received by the county board of commissioners and by the county board, department, or agency submitting the proposal. However, work on the project may proceed if the planning commission fails to provide in writing its report and advice upon the proposal within 35 days after the proposal is filed with the planning commission. The planning commission shall provide copies of the report and advice to the county board, department, or agency sponsoring the proposal.

**History:** 2008, Act 33, Eff. Sept. 1, 2008.

##### **125.3863 Approval of construction project before effective date of act; rescission of authorization; failure of planning commission to act within certain period of time.**

Sec. 63. If the opening, widening, or extension of a street, or the acquisition or enlargement of any square, park, playground, or other open space has been approved by a township planning commission that was created before the effective date of this act under former 1931 PA 285 or by a city or village planning commission and authorized by the legislative body as provided under section 61, the legislative body shall not rescind its authorization unless the matter has been resubmitted to the planning commission and the rescission has been approved by the planning commission. The planning commission shall hold a public hearing on the matter. The planning commission shall submit its reasons for approval or disapproval of the rescission to the legislative body. If the planning commission disapproves the rescission, the legislative body may overrule the planning commission by a vote of not less than 2/3 of its entire membership. If the planning commission fails to act within 63 days after submission of the proposed rescission to the planning commission, the proposed rescission shall be considered to be approved by the planning commission.

**History:** 2008, Act 33, Eff. Sept. 1, 2008.

##### **125.3865 Capital improvements program of public structures and improvements; preparation; basis.**

Sec. 65. (1) To further the desirable future development of the local unit of government under the master plan, a planning commission, after adoption of a master plan, shall annually prepare a capital improvements program of public structures and improvements, unless the planning commission is exempted from this requirement by charter or otherwise. If the planning commission is exempted, the legislative body either shall prepare and adopt a capital improvements program, separate from or as a part of the annual budget, or shall delegate the preparation of the capital improvements program to the chief elected official or a nonelected administrative official, subject to final approval by the legislative body. The capital improvements program

shall show those public structures and improvements, in the general order of their priority, that in the commission's judgment will be needed or desirable and can be undertaken within the ensuing 6-year period. The capital improvements program shall be based upon the requirements of the local unit of government for all types of public structures and improvements. Consequently, each agency or department of the local unit of government with authority for public structures or improvements shall upon request furnish the planning commission with lists, plans, and estimates of time and cost of those public structures and improvements.

(2) Any township may prepare and adopt a capital improvement program. However, subsection (1) is only mandatory for a township if the township, alone or jointly with 1 or more other local units of government, owns or operates a water supply or sewage disposal system.

**History:** 2008, Act 33, Eff. Sept. 1, 2008.

#### **125.3867 Programs for public structures and improvements; recommendations.**

Sec. 67. A planning commission may recommend to the appropriate public officials programs for public structures and improvements and for the financing thereof, regardless of whether the planning commission is exempted from the requirement to prepare a capital improvements program under section 65.

**History:** 2008, Act 33, Eff. Sept. 1, 2008.

#### **125.3869 Copy of zoning ordinance and amendments; request by county planning commission for submission by municipal planning commission.**

Sec. 69. If a municipal planning commission has zoning duties pursuant to section 83 and the municipality has adopted a zoning ordinance, the county planning commission, if any, may, by first-class mail or personal delivery, request the municipal planning commission to submit to the county planning commission a copy of the zoning ordinance and any amendments. The municipal planning commission shall submit the requested documents to the county planning commission within 63 days after the request is received and shall submit any future amendments to the zoning ordinance within 63 days after the amendments are adopted. The municipal planning commission may submit a zoning ordinance or amendment under this subsection electronically.

**History:** 2008, Act 33, Eff. Sept. 1, 2008.

#### **125.3871 Recommendations for ordinances or rules governing subdivision of land; public hearing; notice; action on proposed plat; approval, approval with conditions, or disapproval by planning commission; approval of plat as amendment to master plan.**

Sec. 71. (1) A planning commission may recommend to the legislative body provisions of an ordinance or rules governing the subdivision of land authorized under section 105 of the land division act, 1967 PA 288, MCL 560.105. If a township is subject to county zoning consistent with section 209 of the Michigan zoning enabling act, 2006 PA 110, MCL 125.3209, or a city or village is subject to county zoning pursuant to the Michigan zoning enabling act, 2006 PA 110, MCL 125.3101 to 125.3702, and a contract under the urban cooperation act of 1967, 1967 (Ex Sess) PA 7, MCL 124.501 to 124.512, or 1967 (Ex Sess) PA 8, MCL 124.531 to 124.536, the county planning commission may recommend to the legislative body of the municipality provisions of an ordinance or rules governing the subdivision of land authorized under section 105 of the land division act, 1967 PA 288, MCL 560.105. A planning commission may proceed under this subsection on its own initiative or upon request of the appropriate legislative body.

(2) Recommendations for a subdivision ordinance or rule may address plat design, including the proper arrangement of streets in relation to other existing or planned streets and to the master plan; adequate and convenient open spaces for traffic, utilities, access of firefighting apparatus, recreation, light, and air; and the avoidance of congestion of population, including minimum width and area of lots. The recommendations may also address the extent to which streets shall be graded and improved and to which water and sewer and other utility mains, piping, or other facilities shall be installed as a condition precedent to the approval of a plat.

(3) Before recommending an ordinance or rule described in subsection (1), the planning commission shall hold a public hearing on the proposed ordinance or rule. The planning commission shall give notice of the time and place of the public hearing not less than 15 days before the hearing by publication in a newspaper of general circulation within the local unit of government.

(4) If a municipality has adopted a master plan or master street plan, the planning commission of that municipality shall review and make recommendations on plats before action thereon by the legislative body under section 112 of the land division act, 1967 PA 288, MCL 560.112. If a township is subject to county zoning consistent with section 209 of the Michigan zoning enabling act, 2006 PA 110, MCL 125.3209, or a city or village is subject to county zoning pursuant to the Michigan zoning enabling act, 2006 PA 110, MCL 125.3101 to 125.3702, and a contract under the urban cooperation act of 1967, 1967 (Ex Sess) PA 7, MCL

124.501 to 124.512, or 1967 (Ex Sess) PA 8, MCL 124.531 to 124.536, and the municipality has adopted a master plan or master street plan, the county planning commission shall also review and make recommendations on plats before action thereon by the legislative body of the municipality under section 112 of the land division act, 1967 PA 288, MCL 560.112.

(5) A planning commission shall not take action on a proposed plat without affording an opportunity for a public hearing thereon. A plat submitted to the planning commission shall contain the name and address of the proprietor or other person to whom notice of a hearing shall be sent. Not less than 15 days before the date of the hearing, notice of the date, time, and place of the hearing shall be sent to that person at that address by mail and shall be published in a newspaper of general circulation in the municipality. Similar notice shall be mailed to the owners of land immediately adjoining the proposed platted land.

(6) A planning commission shall recommend approval, approval with conditions, or disapproval of a plat within 63 days after the plat is submitted to the planning commission. If applicable standards under the land division act, 1967 PA 288, MCL 560.101 to 560.293, and an ordinance or published rules governing the subdivision of land authorized under section 105 of that act, MCL 560.105, are met, the planning commission shall recommend approval of the plat. If the planning commission fails to act within the required period, the plat shall be considered to have been recommended for approval, and a certificate to that effect shall be issued by the planning commission upon request of the proprietor. However, the proprietor may waive this requirement and consent to an extension of the 63-day period. The grounds for any recommendation of disapproval of a plat shall be stated upon the records of the planning commission.

(7) A plat approved by a municipality and recorded under section 172 of the land division act, 1967 PA 288, MCL 560.172, shall be considered to be an amendment to the master plan and a part thereof. Approval of a plat by a municipality does not constitute or effect an acceptance by the public of any street or other open space shown upon the plat.

**History:** 2008, Act 33, Eff. Sept. 1, 2008.

#### ARTICLE V.

#### TRANSITIONAL PROVISIONS AND REPEALER

**125.3881 Plan adopted or amended under planning act repealed under MCL 125.3885; effect; city or home rule village charter provision creating planning commission or ordinance implementing provision before effective date of act; ordinance creating planning commission under former law; ordinance or rules governing subdivision of land.**

Sec. 81. (1) Unless rescinded by the local unit of government, any plan adopted or amended under a planning act repealed under section 85 need not be readopted under this act but continues in effect as a master plan under this act, regardless of whether it is entitled a master plan, basic plan, county plan, development plan, guide plan, land use plan, municipal plan, township plan, plan, or any other term. This includes, but is not limited to, a plan prepared by a planning commission and adopted before the effective date of this act to satisfy the requirements of section 1 of the former city and village zoning act, 1921 PA 207, section 3 of the former township zoning act, 1943 PA 184, section 3 of the former county zoning act, 1943 PA 183, or section 203(1) of the Michigan zoning enabling act, 2006 PA 110, MCL 125.3203. The master plan is subject to the requirements of this act, including, but not limited to, the requirement for periodic review under section 45(2) and the amendment procedures set forth in this act. However, the master plan is not subject to the requirements of section 33 until it is first amended under this act.

(2) Unless repealed, a city or home rule village charter provision creating a planning commission before the effective date of this act and any ordinance adopted before the effective date of this act implementing that charter provision continues in effect under this act, and the planning commission need not be newly created by an ordinance adopted under this act. However, both of the following apply:

(a) The legislative body may by ordinance increase the powers and duties of the planning commission to correspond with the powers and duties of a planning commission created under this act. Provisions of this act regarding planning commission powers and duties do not otherwise apply to a planning commission created by charter before the effective date of this act and provisions of this act regarding planning commission membership, appointment, and organization do not apply to such a planning commission. All other provisions of this act, including, but not limited to, provisions regarding planning commission selection of officers, meetings, rules, records, appointment of employees, contracts for services, and expenditures, do apply to such a planning commission.

(b) The legislative body shall amend any ordinance adopted before the effective date of this act to implement the charter provision, or repeal the ordinance and adopt a new ordinance, to fully conform to the requirements of this act made applicable by subdivision (a), by the earlier of the following dates:

(i) The date when an amendatory or new ordinance is first adopted under this act for any purpose.

(ii) July 1, 2011.

(3) Unless repealed, an ordinance creating a planning commission under former 1931 PA 285 or former 1945 PA 282 or a resolution creating a planning commission under former 1959 PA 168 continues in effect under this act, and the planning commission need not be newly created by an ordinance adopted under this act. However, all of the following apply:

(a) Beginning on the effective date of this act, the duties of the planning commission are subject to the requirements of this act.

(b) The legislative body shall amend the ordinance, or repeal the ordinance or resolution and adopt a new ordinance, to fully conform to the requirements of this act by the earlier of the following dates:

(i) The date when an amendatory or new ordinance is first adopted under this act for any purpose.

(ii) July 1, 2011.

(c) An ordinance adopted under subdivision (b) is not subject to referendum.

(4) Unless repealed or rescinded by the legislative body, an ordinance or published rules governing the subdivision of land authorized under section 105 of the land division act, 1967 PA 288, MCL 560.105, need not be readopted under this act or amended to comply with this act but continue in effect under this act. However, if amended, the ordinance or published rules shall be amended under the procedures of this act.

**History:** 2008, Act 33, Eff. Sept. 1, 2008.

### **125.3883 Transfer of powers, duties, and records.**

Sec. 83. (1) If, on the effective date of this act, a planning commission had the powers and duties of a zoning board or zoning commission under the former city and village zoning act, 1921 PA 207, the former county zoning act, 1943 PA 183, or the former township zoning act, 1943 PA 184, and under the Michigan zoning enabling act, 2006 PA 110, MCL 125.3101 to 125.3702, the planning commission may continue to exercise those powers and duties without amendment of the ordinance, resolution, or charter provision that created the planning commission.

(2) If, on the effective date of this act, a local unit of government had a planning commission without zoning authority created under former 1931 PA 285, former 1945 PA 282, or former 1959 PA 168, the legislative body may by amendment to the ordinance creating the planning commission, or, if the planning commission was created by resolution, may by resolution, transfer to the planning commission all the powers and duties provided to a zoning board or zoning commission created under the Michigan zoning enabling act, 2006 PA 110, MCL 125.3101 to 125.3702. If an existing zoning board or zoning commission in the local unit of government is nearing the completion of its draft zoning ordinance, the legislative body shall postpone the transfer of the zoning board's or zoning commission's powers, duties, and records until the completion of the draft zoning ordinance, but is not required to postpone the transfer more than 1 year.

(3) If, on or after the effective date of this act, a planning commission is created in a local unit of government that has had a zoning board or zoning commission since before the effective date of this act, the legislative body shall transfer all the powers, duties, and records of the zoning board or zoning commission to the planning commission before July 1, 2011. If the existing zoning board or zoning commission is nearing the completion of its draft zoning ordinance, the legislative body may, by resolution, postpone the transfer of the zoning board's or zoning commission's powers, duties, and records until the completion of the draft zoning ordinance, but not later than until 1 year after creation of the planning commission or July 1, 2011, whichever comes first.

**History:** 2008, Act 33, Eff. Sept. 1, 2008.

### **125.3885 Repeal of certain acts.**

Sec. 85. (1) The following acts are repealed:

(a) 1931 PA 285, MCL 125.31 to 125.45.

(b) 1945 PA 282, MCL 125.101 to 125.115.

(c) 1959 PA 168, MCL 125.321 to 125.333.

(2) Any plan adopted or amended under an act repealed under subsection (1) is subject to section 81(1).

**History:** 2008, Act 33, Eff. Sept. 1, 2008.

**Date:** May 3, 2019 at 12:04:23 PM EDT  
**To:** Undisclosed recipients;;  
**Subject:** **5/6 meeting with Sen. Irwin and AG Nessel**

Good afternoon,

Attached is the agenda for the meeting this **Monday, May 6<sup>th</sup>** with Attorney General Nessel.

\*\*\*We have decided to move the meeting next door to the lower level of [200 North Main](#), the red brick office building between county administration and the courthouse. The **room number is 0103**, and the room name is Lower Large Conference Room. The main entrance to the building is at the northeast corner of Ann and Main in Downtown Ann Arbor. When entering here, there is a stairwell in the lobby connecting with the lower level. The conference room door is on your right at the bottom of the stairs. There's no security measures between the street and the conference room, so folks should be able to get in without issue.

Please let me know if you have any additional questions.

Regards,

**Annie Somerville**  
Legislative Aide  
State Senator Jeff Irwin  
O: [\(517\) 373-2406](tel:(517)373-2406)  
C: [REDACTED]

**Date:** 5/6/19

**Time:** 11:00 AM- 12:00 PM

**Location:** 200 North Main Ann Arbor, MI 48104

**Agenda:**

11:00 AM Welcome & Introductions

11:10 AM Lay of the land: local units explain their goals for the cleanup

11:20 AM Attorney General perspective

- history of site
- working with co-plaintiffs
- goals for the cleanup

11:30 AM Discussion:

- Are the AG, EGLE, and the local units aligned in their goals?
- What is the best result that the community could expect based on state law and what is the worst result we could expect from working with the court case and efforts to amend the Consent Decree?
- AG perspective on local community considering a petition for Superfund listing.

11:55 AM Closing remarks & next steps

Mayor and Councilmembers:

Over the past few weeks, I have informed you of the resignation of Robyn Wilkerson, our Human Resources and Labor Relations Director. The information I have shared has been sparse by necessity, as there are legal and other matters that must be addressed. This message is intended to fill in some of the gaps and provide my thoughts and intentions on the path forward.

On April 5<sup>th</sup>, I became aware of inappropriate communications Ms. Wilkerson shared with a co-worker that violated City policy and did not reflect our expected standards of professionalism or our organizational values. Immediately upon receipt, Ms. Wilkerson was placed on administrative leave pending a review of the circumstances and her electronic communications and badge access to City facilities were disabled. After we began this process, Ms. Wilkerson tendered her resignation.

During this period, we received a request for the communications under the Freedom of Information Act (FOIA). The response is due back to the requestor today. I am sharing this information with City staff as you receive this message for the because I want Council and staff to have an understanding of the facts and circumstances surrounding the departure of a key staff member before you and staff hear about it through a third party source.

There are a few additional points I would also like to share:

- We are all governed by the same workplace rules, and that regardless of our position, seniority, or service record we are all subject to the same standards of accountability. Our commitment to public service excellence is built upon mutual respect and shared value, and we will always consider breaches of this trust seriously, compassionately, and expeditiously.
- Information from employees or 3<sup>rd</sup> parties that you receive about City staff should immediately and be provided to the City Administrator to ensure timeliness of action and appropriate handling. If you become aware of alleged employee misconduct, I also ask that you do not share that knowledge with uninvolved parties.

As we look to the future, I have initiated and will follow-up on the actions discussed below:

- Assistant City Administrator John Fournier will continue to serve as the acting Human Resources and Labor Relations Director. To the extent necessary, I will assume responsibility for some of his other duties. Kindly note that we are fortunate to have highly skilled professionals in our administrative areas who operate independently at high levels.
- I have directed Mr. Fournier to commence a cultural assessment of our personnel operations using a third party with appropriate experience and expertise as quickly as possible. This assessment will address internal human resources staff perspectives and those of customers of the service unit. The conclusions and recommendations obtained in the final report will form both an action plan and provide the basis for the recruitment of a new HR Director.
- The recruitment of a new HR Director will be an external effort, and most likely involve engaging an outside recruiter. Assuming a start date of mid-June for the recruitment, we can expect that we will have a new Director in place by mid-to-late October.

As always, please do not hesitate to contact me if you have any thoughts or questions.

# FOIA Requests - 1961 - Lesko

ID	1961
First Name	Patricia
Last Name	Lesko
Item Requested	<p>This is a public records request under the Michigan Freedom of Information Act. I request copies of the following public records be provided to me:</p> <p>Names, titles of any City of Ann Arbor employee currently on administrative leave.</p> <p>All records containing information regarding the placement of any City of Ann Arbor employee currently on administrative leave.</p> <p>In order to determine my status to assess fees, you should know that I am a representative of news media affiliated with the Ann Arbor Independent newspaper, and this request is made as part of news gathering and not for commercial use.</p> <p>I request a waiver of all fees for this request. Disclosure of the requested information to me is in the public interest because it is likely to contribute significantly to the public understanding of the operations or activities of the government and is not primarily in my commercial interest. I would expect this request to take less than the initial hour granted free of charge by the City to such public records requests.</p> <p>These records are sought in electronic format.</p> <p>I look forward to receiving these public records within five business days. If some of the public records are ready in five business days and other records require an extension, please send the records in batches as they become available. As always, my sincere thanks for your assistance.</p> <p>Thank you,</p> <p>Patricia Lesko</p>

April 8, 2019

Robyn Wilkerson  
[REDACTED]

***Via Certified Mail***

Dear Ms. Wilkerson:

As I stated in my phone call of Saturday, April 6, 2019, I have received allegations about your conduct as the Director of Human Resources and Labor Relations. This letter confirms that I have placed you on administrative leave, with pay, pending investigation of this matter. During this time period, I will need to remain in contact with you by telephone on pending matters. I will also need you to cooperate with this investigation and will provide further details of this process to you.

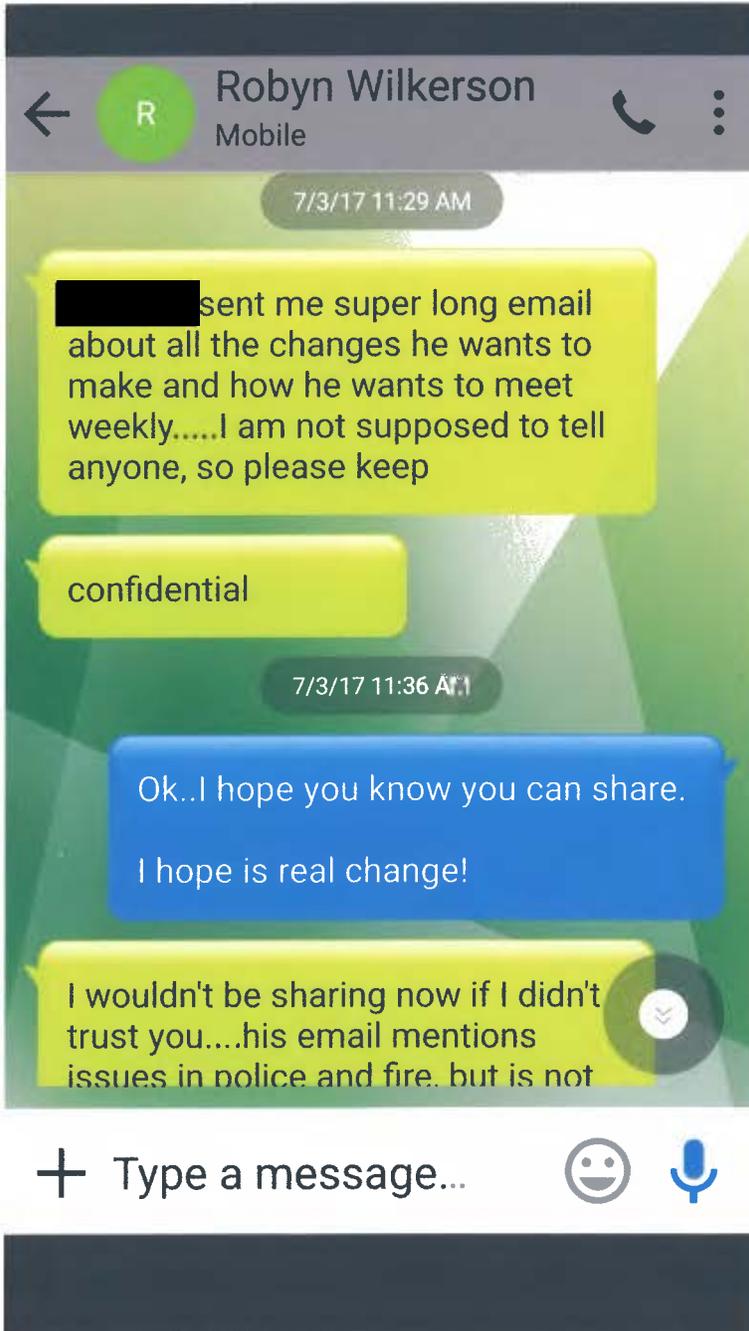

Please direct any questions or inquiries about HR operations back to the Assistant City Administrator, John Fournier. You are not to contact members of your Department regarding this matter or other City work. You also need to be available to Mr. Fournier for consultation on any pending HR matter that he needs further information about. You also are authorized to discuss pending legal matters with the City Attorney's Office, should they request your assistance.

Once the investigation is completed, I will review the results with you and inform you of your future employment status.

I have shut off your access ID badge and your access to City email, so please provide an alternative email to me so I may communicate with you via email as this process moves forward.

Sincerely,

Howard S. Lazarus  
City Administrator

3/6/18 4:57 PM

Chatted briefly with [redacted]... got a strange "do not trust her 100%

vibe"....I will be cautious with her

3/6/18 5:02 PM

Like she is from the ghetto or trying to be ghetto?

Yeah... almost like she didn't have time for me... I was just being

friendly.... not trying to be her BFF

I had a little go round with [REDACTED]  
before I left

Oh no! Over?

7/11/18 5:04 PM

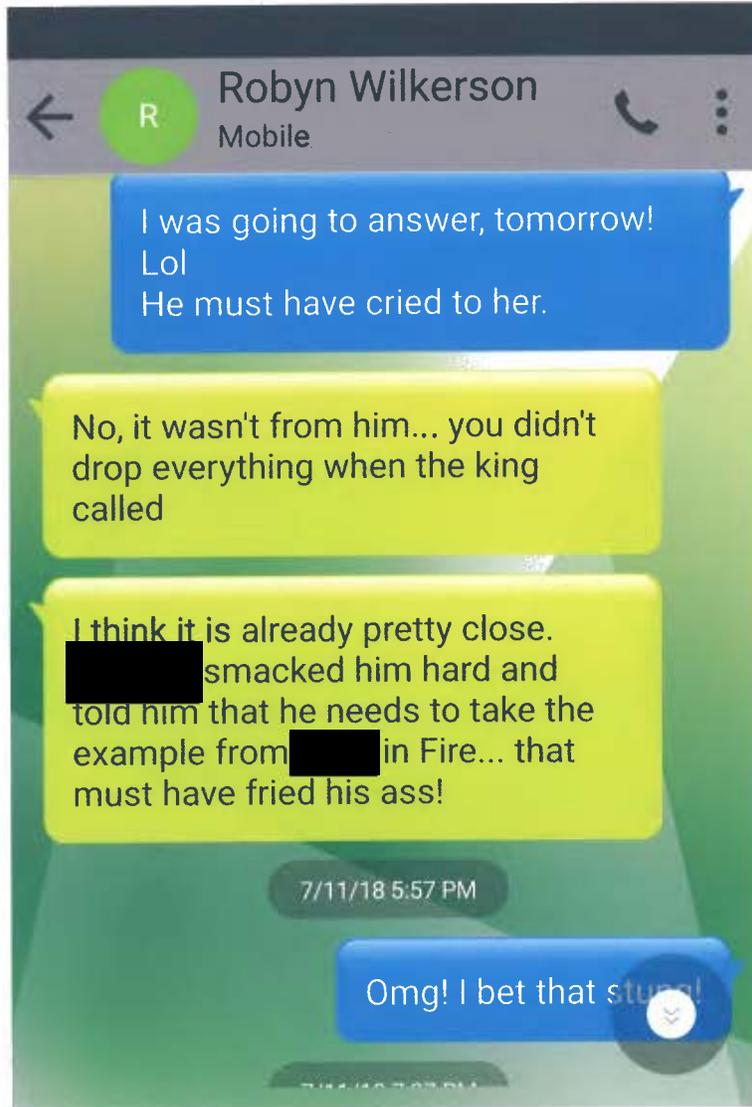

PD... she started down the path that  
if you weren't going to respond to  
[REDACTED] That would somehow obligate  
[REDACTED]???

I shut that shit down quick and told  
her that you are not [REDACTED] personal  
assistant and that he can schedule  
a meeting like everyone else...

+ Type a message...

That I need to quit listening to the union

So...it went well... hahaha

7/12/18 10:08 AM

 just came down to talk to me.... we think  sent my email to  and bitched to him

He told me today that he is NOT going to stop going to legal. Claims  told him before that legal would involve HR if legal deemed necessary.

←  Robyn Wilkerson  
Mobile  

Stirring the pot.....suggesting ULP  
to [REDACTED]...he said they will  
probably do both

9/18/17 3:11 PM

Lol...

9/19/17 8:19 AM

Ok?

On my way! Little queasy

Yuk.

9/19/17 4:30 PM

4/26/17 6:20 PM

Seriously, let's lay off all the inspectors.....we can do that anytime we want

That be very interesting!

4/26/17 6:29 PM

I fucking hate them!

Lol..  texted.."They are killing me"

If we don't hit them hard, they will continue this bullshit 

+ Type a message...

Is [REDACTED] menstruating this week? H needs to stop being such a little bitch...LOL

LMFAO

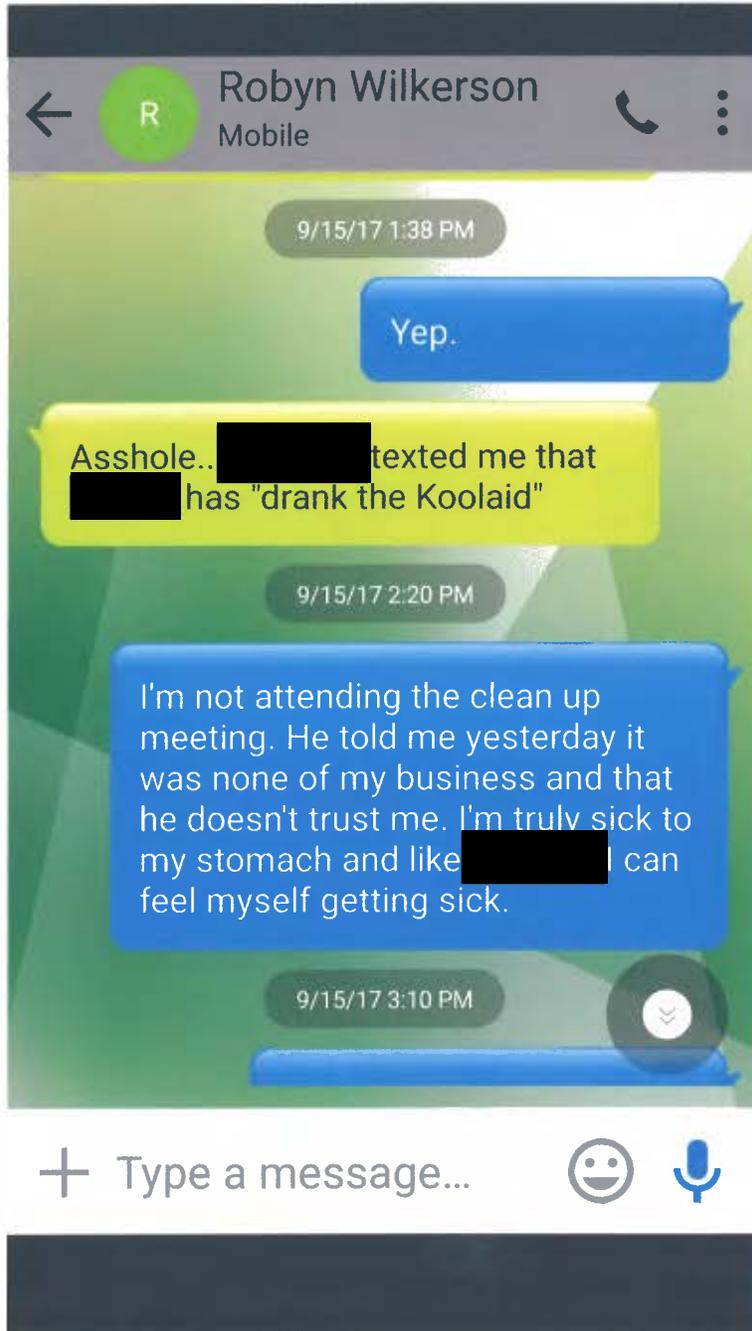

8/28/17 8:10 AM

I am sure [REDACTED] will be fuming this am....he needs to grow up

Passive aggressive bullshit...and when I told [REDACTED] we are moving forward with scheduling AC panel because [REDACTED] hasn't gotten back to us, he said he was fine

with that...

Good, it's her growth spurt..lol

She knows she needs to cozy up to him at some point and she is somewhat repulsed by that idea... LOL

Haha

9/6/18 3:11 PM

In fire negotiations, [REDACTED] has a full beard.... makes him look less asshole-ish

9/6/18 3:45 PM

Lol...I hope going well!

+ Type a message...

Robyn Wilkerson, in her own words. (A sampling of text messages from 2017, 2018)

Text messages: Lack of Leadership:

6/8/17:

-“I think the entire HR fleet has sailed....LOL

Totally...can you imagine how miserable we would all be if any asshole employee could walk into our offices? I would have been fired a long time ago”

7/14/17:

- [REDACTED] was still fired up last night. Said he is sick of some people working and some not working....welcome to our world!

I think it is just the whole public sector....performance doesn't matter when you are using other people's money. If [REDACTED] is our new standard of performance, you and I are still working too hard!!!”

7/18/17:

- [REDACTED] just texted me and has officially joined the Walker's club....he is officially done! I told him we were wondering how long it would take for him to join the club

If [REDACTED] leaves, the shit will get real fast....do you remember how hard it was to find him?”

8/9/17:

-“Talking to recruiter...just found out [REDACTED] is Columbian and doesn't get along well with Puerto Ricans”

8/10/17:

-“You probably ran over it somewhere.... I way those bitches have the guts or brains to do that!”

8/11/17:

- [REDACTED] calls your office phone on purpose....he knows enough to text you when he wants to go to lunch...he is up to something”

9/15/17:

-“But he talks a good game...just like another diminutive man we know!

Can I buy you a beer? No work talk...just drinking

Don't stress all weekend about this....you don't trust them either. Just turn the Evil dial up to 11!!!!”

9/16/17:

-“I don't want you to quit, but I would understand. It is hard for me to watch you guys struggle in such a shitty place and not be able to fix it. [REDACTED] is a complete disappointment.

Are you going to turn the evil up to 11? It's on like Donkey Kong?”

10/20/17:

-“I am sure there will be a bunch of BLM bullshit protests....if they keep acting so dumb, Trump will get 4 more years without even trying...lol  
I wish I could bring my 9mm, but I would get fired for violating city policy.... wait...hmmmmm?  
Just sent you a job on your personal Email”

10/27/17:

-“You know who will get screwed....non-union... got to have that fairy tale train station  
I am way ahead of you... going to make some calls (about the “need to unionize”)

11/16/17:

-“Shitting your brains out yet? Did you see [REDACTED] shitty email? I wanted a [REDACTED] to see what an asshole He really is

I just can't make myself care....my networking is going really well and I have a really good feeling about this”

11/17/17:

-“Very quiet. [REDACTED] [REDACTED] and I are in basement all day with AFSCME. I spoke with [REDACTED] about her attendance and schedule... she seemed surprised and apologized and then asked me if it was one person who was concerned  
So far today, she appears to be staying busy doing auditing for [REDACTED]

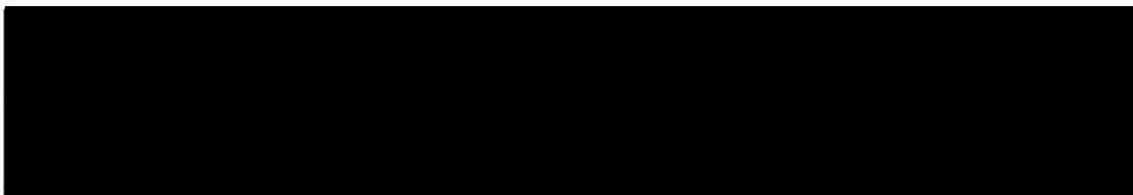

5/18/18, 10:54 a.m. (note date, a Friday):

-“Just watched Netflix new Ali Wong special.... Bitch is hysterical! Check it out WFH..... lol”

5/29/18:

-“One day back at work should take care of that!  
I am such a bitch... sorry. I have actually found a new place of complete non caring... must have been all the beer I drank this weekend!  
I drank Thursday Friday Saturday Sunday and Monday.... I never do that!”

9/23/18:

9/25/18:

-“For [REDACTED] 40<sup>th</sup> birthday! (photo of pile of black balloons)  
You are only missing this kind of stuff....not the daily bullshit associated with our shitty managers”

9/29/18:

-“We got a TA on Friday. But it was rough.... [REDACTED] can be such a dick!  
I had to bite my tongue all afternoon.... [REDACTED] kept looking at me like “sorry I know he is a dick!”  
He squawked at [REDACTED] and then apologized... LOL”

10/8/18:

-“ [REDACTED]

11/19/18:

[REDACTED]

That was way overblown according to [REDACTED]. LOL”

11/21/18:

-“Happy Thanksgiving! I need a break from this craziness!”

(no date)

-“Did [REDACTED] arrive around 7 am this morning?

Yep. That is what she told me she was going to work.

Good. I am not in the mood for any bullshit. I think she got jolted when she saw [REDACTED] and [REDACTED]  
meeting with her employees.”

Texting about Council / at council meeting:

6/19/17, 7:05 p.m.

-“How old is [REDACTED] We are at council meeting and he is checking out [REDACTED] (referring to new  
AAPD officer)

Why not? He is hot! (staff mbr. had responded: “30’s I don’t approve”) That is giving [REDACTED]  
some pause...”

3/6/18:

- [REDACTED] just called me... crazy bitch [REDACTED]’s trying to reach him for dirt on [REDACTED] Just when  
this place can’t get any crazier.... Where is your ceremonial Goat? (N.B., I did try to reach [REDACTED]  
[REDACTED] to obtain “exit interview” info. He provided a DR eval. of [REDACTED] and referred to an  
exit interview. I contacted HR to read the exit interview, and Robyn Wilkerson responded to tell me  
no exit interview existed.)

3/7/18:

-“I think it was probably an assignment that took longer on purpose. I will Admit that [REDACTED] made Some Good Points and I agree this is Probably the best course”

9/13/18:

-“Yes tonight is the work session on the police commission shit.... now that is a fucking sitcom!  
They want to run PD”

9/24/18:

- [REDACTED] called it absurd. I told them both that they needed to get out here and lay the smack down on these crazy liberals... LOL!  
I stirred so much today that I switched to my personal email  
I hope they try to fire me.... I will sue their asses off and retire early.... LOL”

Texting about [REDACTED]

No date:

-“I will send you text I received from [REDACTED] after transition meeting with [REDACTED] and [REDACTED]  
What a fucking douche bag asshole piece of shit that guy is. Yeah... and poor [REDACTED] felt the same way”

-“There was nothing encouraging in the entire conversation. I felt like I caught him in a lie. He then had the audacity to try to list all the great things that are happening that he is working on....I am done talking to him....I have spent the last 7 years managing up and I don't make enough money for that. Me either. He said that telling someone that they are not performing is the hardest thing in the world....I started looking under the table for his balls!”

“,,,and climb over the new wall...LOL

Remember that you all look the same...LOL

Good one... does every phone have that emoji...I need it for [REDACTED] (talking about a “F\_\_ You” emoji)

He sent me an infuriating email this am about [REDACTED] and I needing to get along.... My response was super snarky....I hate it so much that I wanted to pull the car”

-“Being done with him [REDACTED] makes my life easier.... I officially don't care about anything but our team  
Then what?”

5/25/17:

-“High entertainment potential....I somehow feel relieved that I am done with him....I no longer feel an obligation to him as my boss  
Were you really awake at 2 pm and thinking about work? 2 am Why?”

6/2/17:

-“I just sent [REDACTED] an email requesting that I no longer serve as executive sponsor for the fire inspection project and it should be [REDACTED] Status quo baby! We need to create a special emoji for the shitty leaders we have.. [REDACTED] is good at that stuff”

[REDACTED]’s response: We can discuss next week. I certainly want to know what the current status of labor issues is. I still consider this largely a labor and staffing issue.”

6/14/17:

[REDACTED] told me this am that [REDACTED] told him that he wants to change a bunch of titles...his would be some inflated BS title...we laughed....talk about putting lipstick on a pig!  
I am sure that fancy titles, chocolate bars and special coins will turn everything around....excellent management theory Back in the private sector”

6/29/17:

-“I will go to [REDACTED] and make him look dumb if I have to...what is the big rush on these? What recruiting do they have scheduled that these had to get ordered now?  
Not sure what I can do other than blow up city hall...an idea that has some chance of success given our lack of an emergency plan...LOL! What a circus!”

7/3/17:

[REDACTED] sent me super long email about all the changes he wants to make and how he wants to meet weekly....I am not supposed to tell anyone, so please keep confidential  
I wouldn’t be sharing now if I didn’t trust you....his email mentions issues in police and fire, but is not specific...  
I push him hard every chance I get...even though I don’t really care...it’s all for my entertainment and for some element of revenge.....and there are good employees who deserve better than they are getting”

8/1/17:

-“Don’t move too fast....that is letting a shitty organization dictate your fate. That is the exact advice I was given last week when I wanted to quit. I come in, keep my head down (as much as I can) and do as little as I see some of my peers [REDACTED] doing. I makes the day longer, but they won’t get one additional ounce of effort out of me. Sorry....text meant for [REDACTED]

-“I hate my job Yes....I am running out of coping strategies  
He is now officially worse than [REDACTED]

8/2/17:

-“I hate my job... [REDACTED] had to take something good and shit all over it...I am also Pissed at ourselves for missing that contract language”

9/15/17:

-“After my meeting with [REDACTED] yesterday, I can tell you that he is never going to handle this shit. He point blank told me that [REDACTED] was just not his priority.... and then he backtracked on [REDACTED]

3/25/18:

-“Monday morning funny....early delivery.... Detroit candidate doesn't think we're strategic enough.... would rather stay in Detroit.... too fucking funny....

totally confidential

She is so fucking smart

She picked up on all the bullshit”

4/23/18:

- [REDACTED] asking open ended questions on strategic planning... still low....

I am in Dreamweaver mode... I hear music in my head

Pain level is increasing

Pain level maxing out”

6/23/18:

- [REDACTED] wants to talk to me on Monday about Lt promotions

Bragging about promoting a black guy... LOL

Now would be the time to negotiate changes in the promotional process... he did score well above everyone else?”

9/27/18:

-“Oh he does... despite evidence to the contrary [REDACTED] is doing great

Confidential update... must be secret.... [REDACTED] made a play with [REDACTED] to promote [REDACTED]

[REDACTED] said no, we will wait until permanent chief”

Texting about [REDACTED] and AAPD:

3/25/18:

-“He has no idea....I just talked to her a few hours ago”

3/27/18:

-“How did it go with [REDACTED] Was he at least respectful?”

4/24/18:

-“Did you make [REDACTED] cry? (re: firing an ee) Really?” (reaction to learning he never before fired anyone)

6/11/18:

-“Am I evil that I am just messing with [REDACTED] now?”

6/12/18:

- [REDACTED] just sent me an email on recruiting... It's on like Donkey Kong! He thinks I am bound by some PD policy... LOL!”

6/20/18:

-“He doesn't care about her

From her lips to God's ears!” (response to comment: “can't wait until [REDACTED] is on there...”)

“It will... which mean his insecurities will grow...He will be asking you how he is doing, whether he looks tired and how his hair looks!” (response to: “I hope posting brings him some discomfort!”)

6/22/18:

-“He wasn't specific, he just asked me if I knew about it... I told him that I had talked to [REDACTED] and that he has agreed to walk through selection with you  
The walls are closing in on [REDACTED]

“Apparently that was obvious... [REDACTED] mentioned something to me... I laughed  
Is he scheduling a meeting with you about promotions?”

7/10/18:

[REDACTED]

7/25/18:

-“Guess who just invited me to lunch tomorrow?

I just can't muster the energy to meet with him tomorrow so I will politely decline”

8/17/18:

-“How are you feeling today? Some PD entertainment: [REDACTED]

[REDACTED]

9/13/18:

-“If you just wanted to lose weight, there were several easier options... LOL

PD gossip: [REDACTED] filed a PC on [REDACTED] for undermining [REDACTED]

[REDACTED] has to go as soon as he is retirement eligible... [REDACTED] is the departmental joke to the point where I almost feel bad for him”

9/15/18:

-“Sounds like a long day.... [redacted] to revolt against [redacted] and [redacted].. [redacted] and [redacted] are pissed about [redacted] special treatment I am fanning the flames as much as possible... LOL! Trust me.... I am fanning enough for both of us!”

9/26/18:

-“Apparently [redacted] just woke up and realized that a police commission is coming... what a dumb ass! Had lunch with [redacted] today... we were laughing about [redacted]”

9/29/18:

-“Big men have big falls... it’s coming.... about 2 weeks (referring to [redacted])  
You will be the first one I text  
I do what I can... LOL (in response to: “Thanks... made my day!”)  
[redacted] told [redacted] he shouldn’t apply for the chief job because he has no chance.... that’s going to be ironic  
He is flailing right now, but he brought it all on himself”

10/22/18:

-“BTW, is there a sign up sheet somewhere for that fuck fest?”

10/23/18:

[redacted] is so pissed at me... I am almost giddy!  
His solution to [redacted] and [redacted] is “

No date:

-“She is trying to throw [redacted] a bone in her [redacted] investigation report and I am pushing back I am being a complete bitch about this.... he gets no bones from me until he earns them!  
He thinks “

Texting about the Finance Dept./Staff:

10/12/17:

-“Are you in the basement? I need to escape [redacted] (R. Wilkerson’s name for [redacted])”

10/13/17:

-“A new job would help my stomach feel better”

11/21/17:

-“The finance team Received some Bullshit state award for our budget and [REDACTED] presented [REDACTED] with challenge coins.... Too Damn funny  
I love it!  
She will probably leave as soon as we do... along with almost everyone else We will agree to disagree on that”

4/23/18:

[REDACTED] is a moron”

5/4/18:

-“Have a dr apt.... will be in later.... in Mustang of sadness  
Very very sad  
I am in a bad place today... [REDACTED] called me last night and aggravated me  
Nope ... IT salary increases.... I have to admit that he may have a point, but [REDACTED] annoys the shit out of me” [REDACTED] = R. Wilkerson’s name for [REDACTED]

8/1/18:

-“Will do. [REDACTED] is coming to my office tomorrow to apologize for his behavior in SAA meeting... should be entertaining!”  
“Gross! Speaking of fire, your boys were in an accident last night.... tower 1 was blocking the road and some cars and a semi hit it.... no one was hurt”

8/2/18:

[REDACTED] and [REDACTED] are at labor arbitration training.... sitting next to [REDACTED]

10/30/18:

[REDACTED]  
[REDACTED] is in full attack mode.... but, she is slipping.... her attacks are not well thought out”

“She said she is next year... September I think... she will reek as much havoc as she can until then [REDACTED] has been very supportive and told me not to sweat the small stuff about finance  
I still want to punch her in the face!”

No date:

-“Good luck.... I was dumb and [REDACTED] R. Wilkerson’s name for [REDACTED] burnt me today  
I spoke up about some health care savings, which they were trying to hide.... now she is in attack mode.... I sent her email to Howard and told him that I would never again make the mistake of”

Texting about the Legal Dept./Staff:

3/6/18:

-“Chatted briefly with [REDACTED]... got a strange “do not trust her 100% vibe” ....I will be cautious with her  
Like she is from the ghetto or trying to be ghetto? Yeah... almost like she didn't have time for me...  
I was just being friendly.... not trying to be her BFF”

7/11/18:

-“I had a little go round with [REDACTED] before I left  
PD... she started down the path that if you weren't going to respond to [REDACTED] That would somehow  
obligate [REDACTED] ?  
I shut that shit down quick and told her that you are not [REDACTED] personal assistant and that he can  
schedule a meeting like everyone else...  
No, it wasn't from him... you didn't drop everything when the king called  
I think it is already pretty close. [REDACTED] smacked him hard and told him that he needs to take the  
example from [REDACTED] in Fire... that must have fried his ass!”

7/12/18:

-“ So....it went well.... hahaha”  
[REDACTED] just came down to talk to me.... we think [REDACTED] sent my email to [REDACTED] and bitched to him”

9/18/17:

-“Stirring the pot....suggesting ULP to [REDACTED]...he said they will probably do both”

9/19/17:

-“On my way! Little queasy”

## WORK EXPERIENCE

### American Communications Network

Farmington Hills, MI

#### Director, Human Resources North America

June 2007-present

*(Reason for leaving: Company consolidation and relocation to NC)*

- Responsible for all Human Resource, Training and Facilities activities in North America. Lead team of eight (8) direct and fifteen (15) indirect employees that provide Human Resource, Training and Facilities leadership for over 500 employees at four (4) sites in the US and Canada
- **Human Resources:** restructured and upgraded Generalist team which improved client relations and overall Human Resource department effectiveness
  - **HRIS:** Selection and implementation of a new HRIS system with on-line employee and management self-service interface, benefit carrier connections and integration with payroll system; system also allows for benefit invoicing and on-line recruitment
  - **Staffing:** Redesign of job requisition, selection and offer processes which resulted in significant reduction in open position backlog; designed staffing metric tracking and reporting processes; lead overhaul of New Hire Orientation process; research and selection of new sourcing strategies and selection tools (i.e., customer service assessments and personality inventories)
  - **Compensation:** Selection and implementation of compensation tool which provides external compensation data and internal salary structure comparisons
- **Training:** restructured and upgraded team which provides both technical and soft skills training to call center and professional employees
  - Implementation of on-line survey/quizzing tool to measure knowledge retention and training effectiveness
  - Integration of Training Team into organizational Project Management methodology to improve content development and timely delivery of training
- **Consolidation:** responsible for all HR activities related to consolidation and relocation of all North American operations, including: development and communication of relocation and retention packages, development and distribution of WARN act materials, development and launch of www.acnjobs.com, launch of HRIS recruiting system, development and execution of recruiting strategy

### Pentastar Aviation

Waterford, MI

#### Director, Human Resources

Jan 2005-Nov 2006

*(Reason for leaving: Director level position eliminated)*

- Lead team of two (2) direct employees that provide Human Resource leadership for over 265 employees at three (3) sites
- Developed HR team strategy that included development and utilization of technology to streamline administrative processes and increase departmental effectiveness; this included:
  - Review, selection and implementation of a new payroll vendor
  - Implementation of a new integrated Time and Attendance system
  - Development and implementation of a new HRIS system with on-line employee self-service interface
  - Purchase of on-line survey tool for New Hire Surveys, Training Effectiveness surveys, as well as marketing and customer surveys
  - Implementation of on-line Personality Inventory (Thomas Profile) to improve selection decisions and internal leadership capability
- Participated in acquisition due diligence process and franchise integration process
- Lead cross-functional team assigned to develop and implement Customer Service standards across all organizational departments
- Highlights:
  - Staffing:** Redesigned the New Hire Orientation process to ensure successful on-boarding and FAA compliance; introduced utilization of electronic Personality Inventory tool to improve selection decisions
  - Organizational Development:** developed and implemented an objective-based Performance Management Process that tied to compensation (both merit increase and management bonus program), succession planning and training needs assessment
  - Employee Development:** led the effort to develop Training Coordinator role, which centralized all training offerings while ensuring adherence to FAA training regulations for all Pilots, Mechanics and Technicians
  - Health & Safety:** Responsible for worker's compensation program, safety compliance and FAA random drug program compliance; lead organizational Safety Committee

### Johnson Electric, Inc.

Plymouth, MI

#### Regional Manager of Human Resources-North America

Jan 2002-Jan 2005

*(Reason for leaving: Movement of operations to China)*

- Lead team of four (4) direct employees and fifteen (15) indirect employees that provide HR leadership for over 750 employees at 5 sites in the United States, Canada and Mexico and serve as member of Global HR Leadership team, which met at Corporate headquarters in Hong Kong
- Responsible for development of HR infrastructure during period of rapid growth; main location added over one hundred (100) employees in less than 24 months; HR department grew from one admin role to 5 HR professionals
- Developed HR team strategy that included development and utilization of technology to streamline administrative processes and increase departmental effectiveness; this included the development and marketing of an HR intranet site, Performance Management Lotus Notes

database and Paid-TimeOff Lotus Notes database, purchase of an on-line Benefits portal, vendor change for payroll processing, purchase of on-line survey tool for New Hire Surveys and Training Effectiveness surveys

- Lead HR efforts in the closure of all Mexican manufacturing operations, including union and legal impact, severance and retention programs and immigration issues
- Highlights:
  - Staffing:** greatly reduced staffing cycle time and cost per hire, improved quality of new hires through introduction of team-based behavioral interviewing and use of Personality Inventory (Thomas Profile); improved the orientation and on-boarding process
  - Organizational Development:** lead global Performance Management Team and coordinated the implementation of a new PMP process in North America, Europe and Asia; introduced employee review and succession planning process to North American operations
  - Employee Development:** developed centralized Access-based training database; introduced training needs assessment process tied to annual Performance Management process; led the effort to develop complete training offering utilizing both internal and external resources, while reducing overall training costs

## eePulse, Inc. (a web-based Human Resource application)

### Manager of Client Development

(Reason for leaving: Company financial situation)

- Client Relations:** Serve as Account Executive for multiple clients (Fortune 500 through tech start-ups); managed client conversion to web-based system; responsible for all client activity from day-to-day operations to development of strategic plans; manage and improve overall client relations processes; provide on-going interface with clients to identify technical and service issues; market, upsell and roll out new functionality to existing clients; provide on-going technical assistance and training; assist Sales group in presenting product to potential clients
- Product Development:** serve as Client Relations liaison to Product Manager; participate in product development efforts, including decisions on product upgrades, roll out of new functionality and pricing; develop and maintain client implementation process and materials; develop systems training materials for client contacts and end users; participated in development of Client Life Cycle Process

## Announcement for Robyn S. Wilkerson

We are pleased to announce that Robyn S. Wilkerson has joined our team as Human Resources Services and Labor Relations Manager.

Robyn brings a wealth of senior level Human Resources experience and knowledge in a wide variety of disciplines including; Organizational Planning and Development, Employee and Labor Relations, Training and Development and Staffing. She comes to us from American Communications Network where she was Director of Human Resources North America. She has also worked for Johnson Electric, Pepsi Cola and Allied Signal. She has her Bachelor's degree in Psychology and a Master's degree in Industrial and Labor Relations.

Please join us in welcoming Robyn to the City of Ann Arbor!

CITY OF ANN ARBOR  
EMPLOYEE COMPUTING SYSTEMS' USER STATEMENT

# 9163  
11-5-08  
CS

Service Area administrators shall ensure that all current computing systems users under their authority receive a copy of the City of Ann Arbor Computing Systems' User Policy (AP #414) and return this completed statement to the Human Resources Department.

Failure to complete this statement within thirty (30) days may result in termination of computing systems' use privileges. Failure to complete this statement does not absolve a user's responsibility to comply with the policy.

Contracts for services that require access to the City's computer systems, in whole or in part, in connection with the provisions of services may include a provision requiring the Contractor, and/or its designated personnel, to execute a City Computing Systems' User Statement and comply, to the extent applicable, to the requirements of AP#414. Failure to complete this statement may, at the City's option, constitute a breach of contract and termination of services.

I hereby acknowledge that I have received a copy of the City of Ann Arbor Computing Systems' User Policy. I have read and understand all the provisions specified in this policy and will adhere to them in my use of the City's computing systems.

# Human Resources Department ACCIDENT / INJURY / ILLNESS PROCEDURE

The purpose of the following information is to explain the proper steps for an employee to follow if s/he is involved in a job-related accident.

Failure to follow the steps as outlined may result in the delay or denial of the employee's request for worker's disability compensation and/or may also result in the employee having to pay his/her own medical bills.

### AVOID THESE MISTAKES:

Below are some of the most common mistakes made by employees which cause delays or denials in their worker's disability compensation benefits.

**DON'T** wait until the next week or even the next day before you file an accident report. When you have a job-related accident, injury or illness, **REPORT ALL ACCIDENTS TO YOUR SUPERVISOR IMMEDIATELY AFTER THEY HAPPEN.**

**DON'T** go to the doctor, clinic, or hospital for your job-related injury/illness without an Order for Medical Treatment Form and/or authorization from your supervisor. If the treatment is not authorized by your department beforehand, you may have to pay the bill yourself.

**DON'T** go back to the doctor, clinic, or hospital after the initial treatment without another Order for Medical Treatment Form and/or authorization from your supervisor. Once again, if the visit is not authorized by the department, you may have to pay the bill yourself.

**DON'T** complete an accident report and/or request an Order for Medical Treatment Form for an injury/illness which did not occur on the job. If the injury/illness is not job-related, you will be required to pay the medical bill. **ALSO, KNOWINGLY MAKING A FALSE STATEMENT ABOUT AN ACCIDENT, INJURY, OR ILLNESS WILL LEAD TO DISCIPLINARY ACTION UP TO AND INCLUDING DISCHARGE FROM EMPLOYMENT.**

### CORRECT STEPS TO FOLLOW:

The following are the correct steps which must be followed if you have a job-related accident, injury, or illness:

- DO** report all job-related accidents, injuries and illnesses to your supervisor immediately, no matter how minor they are.
- DO** assist your supervisor in completing the Order for Medical Treatment Form, if medical treatment is required.
- DO** take the yellow copy with you and return the bottom half to your supervisor after the doctor completes and signs it.
- DO** request a new Order for Medical Treatment Form from your supervisor for each follow-up visit to the doctor.

If, after work or during a holiday or weekend, your injury/illness requires medical attention (due to severe pain, unusual swelling, infection, etc.), you may go to the nearest medical clinic or hospital emergency room for treatment without an Order for Medical Treatment Form. You must report your visit and the reason for it to your supervisor at the beginning of your next shift and complete the authorization for Medical Treatment Form at that time.

If you are on light duty because of a job-related injury/illness and you can't report to work because of the injury/illness, you must contact your supervisor before the beginning of your shift. If you need medical treatment, you must get another Order for Medical Treatment Form and take it with you to the doctor. If you are too disabled to pick up the form, tell the supervisor when you call in and the form will be delivered to the doctor for you.

### REMEMBER:

**FAILURE TO REPORT A JOB-RELATED ACCIDENT/INJURY OR ILLNESS MAY RESULT IN A DELAY OR DENIAL OF YOUR WORKER'S DISABILITY COMPENSATION BENEFITS. ALSO, FAILURE TO REQUEST AN AUTHORIZATION FORM FOR MEDICAL TREATMENT MAY RESULT IN YOUR HAVING TO PAY FOR YOUR OWN MEDICAL BILL(S).**

I have read the above information and understand that if I don't follow the above instructions, I will jeopardize my worker's disability compensation benefits. I also understand that my current union contract/Personnel Rules and Regulations cover my rights and duties under worker's disability in more detail.

100 North Fifth Avenue, P.O. Box 8647, Ann Arbor, Michigan 48107

Phone: (734) 994-2650

Office of The City Administrator

October 28, 2008

Robyn S. Wilkerson  
[REDACTED]

Dear Robyn:

I am pleased to extend our at-will employment offer to join the City of Ann Arbor as Human Resources Services and Labor Relations Manager. This offer is contingent upon the successful completion of a criminal and credit background investigation, pre-employment physical and drug screen and references. The contents of this letter supersede any other offers, verbal or implied.

This offer includes:

- Annual Salary – \$124,000 earned and paid biweekly. Future salary increases will be performance-based.
- Employment Date – November 10, 2008
- Vacation – A bank of 40 hours of accrued time will be available upon the start of employment to address planned, near-term travel needs. Employees with up to 5 years of service accrue vacation at the rate of 15 days (120 hours) annually. Vacation leave accruals are earned and credited per pay period.
- Sick Leave - Full-time salaried employees accrue up to ten (10) days (80 hours) of sick leave per calendar year. Sick leave accruals are earned and credited per pay period.
- Personal Leave- all regular full-time employees shall be entitled to four (4) personal leave days annually.
- Medical Benefits – Your coverage becomes effective on your date of hire. A benefit's summary sheet is enclosed. A more in depth explanation of your benefits will be given to you when you start. In the meantime, if you have any benefit questions, you may contact Liz Edwards, Employee Benefits Manager at (734) 994-2762.

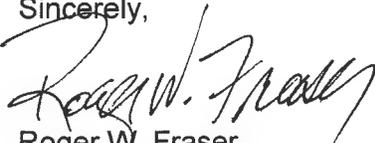

Robyn S. Wilkerson  
Page 2

Please acknowledge your acceptance of this employment offer below and return original document to my office.

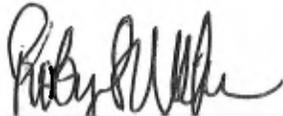

For your convenience, new hire paperwork is included. Please review and sign the appropriate forms and return to Richard Martonchik, Human Resource Operations Manager.

We are excited that you are joining the City of Ann Arbor. If you have any other questions, please do not hesitate to contact me at 734-794-6110. I look forward to working with you.

Sincerely,

Roger W. Fraser  
City Administrator

Dear Ms. Wilkerson:

As I stated in my phone call of Saturday, April 6, 2019, I have received allegations about your conduct as the Director of Human Resources and Labor Relations. This letter confirms that I have placed you on administrative leave, with pay, pending investigation of this matter. During this time period, I will need to remain in contact with you by telephone on pending matters. I will also need you to cooperate with this investigation and will provide further details of this process to you.

Please direct any questions or inquiries about HR operations back to the Assistant City Administrator, John Fournier. You are not to contact members of your Department regarding this matter or other City work. You also need to be available to Mr. Fournier for consultation on any pending HR matter that he needs further information about. You also are authorized to discuss pending legal matters with the City Attorney's Office, should they request your assistance.

Once the investigation is completed, I will review the results with you and inform you of your future employment status.

I have shut off your access ID badge and your access to City email, so please provide an alternative email to me so I may communicate with you via email as this process moves forward.

Sincerely,

Howard S. Lazarus  
City Administrator

Robyn, Howard asked me to follow up on some questions you had regarding the attorney we hired to conduct the investigation. The firm is Salvatore Prescott & Porter, PLLC. Jennifer Salvatore is the attorney who we have retained. She is merely conducting interviews, reviewing documents and providing a report that is a finding of fact. She has not been engaged for any other purpose. Let me know if you have other questions.

Mr. Fournier,

Thank you for your response to Council Member Lumm's inquiry. Please note that the Council Rules, as amended February 19, 2019, allow Council member to add items to the agenda at any time, but express a preference for submitting items by 5:00 pm on the Tuesday prior to a Council meeting. Rule 5B includes the following:

Once the City Administrator has submitted the draft agenda to Council, no matter from staff shall be placed on the agenda. Council members may add items to the agenda at any time, but will use best efforts to do so prior to 5:00 p.m. on the Tuesday before the next Council meeting.

The request from Council Member Lumm was timely made and could be added anytime between now and Monday. I hope you will grant her request to add the resolution to the May 6 meeting. It is my understanding that the bill has been reported out of committee and hope that the City can express its opposition through an action of the full Council.

Thank you,  
Jack

MPT Lumm,

Thank you for your note. We will be communicating with the committee chair today to express the city's opposition to this legislation. I appreciate that you have requested a separate council resolution for the May 6<sup>th</sup> Council meeting. I would note that adding a resolution now would violate Council's rules imposing deadlines for the addition of legislation to the agenda. Of course, Council could make an exception to the rule. However, I do not believe there is harm in waiting for the next council meeting as this legislation still has a long way to go in Lansing.

Thanks,  
John

Soooo, all quiet on the Western front. No response from you, Messrs. Lazarus and Fournier in response to my request yesterday for drafting a resln., so will just draft one w/out the requested assistance. Heard from Jack who is supportive of a council resln. – thank you, Jack.

Will draft a stmt. for the Policy Agenda Cte. and know this would be a late add, we didn't receive notice about this legislation until yesterday. Again, reached out for staff support/assistance, but that was met w/silence, except for Jack. If there's not cte. support, as I assumed there would be, I'll do it with Jack's support.

Jane

Good afternoon, Jennifer,

Thank you for forwarding this MML action alert. I just left you a voice mail message re: this house bill and to ask if you could provide any addtl. background information. This proposed legislation would undermine local control of an issue that Ann Arbor is now studying and likely will address. In my view, our ability to develop regulations for rental properties is critical.

We have a city council meeting on Monday, May 6<sup>th</sup>, and any information you can expeditiously provide would be greatly appreciated.

Thank you, Jane Lumm  
Ann Arbor City Councilmember

## Important Alert

### Action Needed on Short-term Rental Bill

#### House Bill 4046 would preempt local government control

House Bill 4046 is on the agenda of the [House Local Government and Municipal Finance Committee](#) at 12 noon on Wednesday, **May 1**. This legislation, backed by the Michigan Realtors, is an amendment to the Michigan Zoning Enabling Act preempting local government from regulating rentals of less than 28 days.

The League is opposed to this attack on local democracy! We urge you to share your concerns at the hearing:

- **Wednesday, May 1, 12 Noon**, in Room 521 of the Anderson House Office Building, [124 N. Capitol Ave., Lansing, MI 48933](#).

If you're unable to attend in person, please contact committee members and legislators:

1. **Email committee members** (email addresses below)
2. **Copy your email to the committee clerk** (email address below) asking for your comments to be entered into the official committee record
3. **Copy your email to your local Representative and State Senator.**

Your assistance is very important in defeating HB 4046. For more information, please read this [Inside 208 blog](#).

If you have any questions, please contact the League's Jennifer Rigerink at [jrigerink@mml.org](mailto:jrigerink@mml.org) or 517-908-0305.

**Date:** Wednesday, May 1, 2019 9:01:04 AM

---

Mayor Taylor,

Council Members Lumm, Griswold and I request a special session of the Council Administration Committee to discuss matters related to the investigation of the Human Resources Manager.

The information that Council Member Lumm and I brought to the attention of the City Administrator and the City Attorney has been verified by an outside investigator and the Human Resources Manager has resigned. [REDACTED]

[REDACTED]

[REDACTED]

Monday May 6 is busy for most of us. I suggest that the special session be held on Wednesday May 8.

Best wishes,  
Jack

**Date:** April 30, 2019 at 10:56:21 AM EDT  
**To:** <[JEaton@a2gov.org](mailto:JEaton@a2gov.org)>

Dear Councilwoman Nelson,  
I am a resident of Ward 4. I am writing to urge you to vote for the reappointments of Linda Diane Feldt and Robert Gordon to the Transportation Commission, and Julie Weatherbee and Scott Trudeau to Planning. All four are committed volunteers for the city, and have demonstrated excellent leadership, careful consideration, and dedication to serving all Ann Arborites. I have worked with all four of them in various capacities, both volunteer and professional, and have had nothing but positive experiences. I know some members of council are calling for their removal, but I hope you will maintain the independence you promised as a candidate and recognize that these dedicated volunteers have done nothing wrong, and should be allowed to continue serving our city.

Thank you for your consideration.

Sincerely,  
Molly Kleinman

Mayor and Councilmembers:

Over the past few weeks, I have informed you of the resignation of Robyn Wilkerson, our Human Resources and Labor Relations Director. The information I have shared has been sparse by necessity, as there are legal and other matters that must be addressed. This message is intended to fill in some of the gaps and provide my thoughts and intentions on the path forward.

On April 5<sup>th</sup>, I became aware of inappropriate communications Ms. Wilkerson shared with a co-worker that violated City policy and did not reflect our expected standards of professionalism or our organizational values. Immediately upon receipt, Ms. Wilkerson was placed on administrative leave pending a review of the circumstances and her electronic communications and badge access to City facilities were disabled. After we began this process, Ms. Wilkerson tendered her resignation.

During this period, we received a request for the communications under the Freedom of Information Act (FOIA). The response is due back to the requestor today. I am sharing this information with City staff as you receive this message for the because I want Council and staff to have an understanding of the facts and circumstances surrounding the departure of a key staff member before you and staff hear about it through a third party source.

There are a few additional points I would also like to share:

• We are all governed by the same workplace rules, and that regardless of our position, seniority, or service record we are all subject to the same standards of accountability. Our commitment to public service excellence is built upon mutual respect and shared value, and we will always consider breaches of this trust seriously, compassionately, and expeditiously.

• Information from employees or 3<sup>rd</sup> parties that you receive about City staff should immediately and be provided to the City Administrator to ensure

timeliness of action and appropriate handling. If you become aware of alleged employee misconduct, I also ask that you do not share that knowledge with uninvolved parties.

As we look to the future, I have initiated and will follow-up on the actions discussed below:

• Assistant City Administrator John Fournier will continue to serve as the acting Human Resources and Labor Relations Director. To the extent necessary, I will assume responsibility for some of his other duties. Kindly note that we are fortunate to have highly skilled professionals in our administrative areas who operate independently at high levels.

• I have directed Mr. Fournier to commence a cultural assessment of our personnel operations using a third party with appropriate experience and expertise as quickly as possible. This assessment will address internal human resources staff perspectives and those of customers of the service unit. The conclusions and recommendations obtained in the final report will form both an action plan and provide the basis for the recruitment of a new HR Director.

• The recruitment of a new HR Director will be an external effort, and most likely involve engaging an outside recruiter. Assuming a start date of mid-June for the recruitment, we can expect that we will have a new Director in place by mid-to-late October.

As always, please do not hesitate to contact me if you have any thoughts or questions.

Mr. Lazarus,

The neighbors of the problem house at 1209 Hutchins asked me to request a follow up meeting. As you likely recall, we met with the neighbors last year. The neighbors were very impressed with your commitment to help them deal with the significant problems they have endured at 1209 Hutchins. After that meeting, the main trouble maker was incarcerated. The concerns diminished significantly following that incarceration.

More recently, that individual has been released and has returned to the house at 1209 Hutchins. The neighbors would like to meet with you and staff, including a representative of the police department and City Attorney's office and Council Member Nelson to receive an update on the status of the house and what the City plans to do. We believe that recent activity at the house indicates the problems will resume and persist unless addressed.

Thank you for your attention to this matter.

Best wishes,  
Jack

Dear Councilmember Bannister:

Ms. Wilkerson's access to the City's IT system was suspended immediately upon the commencement of her leave of absence. Her badge access was also suspended. These restrictions were put in place over the weekend, so your concerns about escorting someone out of the building were not applicable. The City property she has in her possession will be returned as appropriate. Kindly remember that in contrast to a private enterprise, City Hall is a public building so that access to public areas cannot and should not be unreasonably restricted.

I have had the responsibility in both public and private sectors to terminate the employment of individuals. In the vast majority of cases, there is no compelling need to make individuals suffer through the embarrassment and emotional trauma of a supervised escort out of a building. Ms. Wilkerson has provided many years of valuable service to the City, and continues to provide assistance as we transition her responsibilities. Regardless of the reasons for her resignation, she has earned the dignity of a respectful departure.

Dear Mr. Lazarus,

Would it be prudent to restrict Ms. Wilkerson's access to the City's email and server? Throughout my career, when a person resigns under duress, they have been escorted out of the building, with a quickness, and all computers, phones, ID badges, etc. are retained by the employer. Perhaps IT could set up a special interim transitional email address for her?

Thanks,  
Anne

Mr. Lazarus,

I wanted to follow up on your email regarding my concerns about staff conduct at the recent Sustainability forum. The email below from Ms. Gillotti and the attached message from Ms. Hall demonstrate the appropriate recognition of the position Council members were put in during the Sustainability forum. Two experienced public employees recognized the problems created by the discussion during the forum. The complete silence from Dr. Stults represents a failure to recognize the proper role of staff with respect to Council policy decisions, both those already made and those under consideration. That Dr. Stults failed to recognize the problems created during the forum she sponsored reflects poorly on your leadership. I continue to be disappointed by your failure to communicate to your staff clear guidance on such communication.

Thank you for your attention to these concerns.

Best wishes,  
Jack

Hi Anne and Jack,

I wanted to connect with you both today. I worry I put you both in an awkward position last night by referencing Lockwood in the presentation.

I didn't intend to have folks question council's decision. I was trying to make a point about how trying to address a regional problem like affordable housing is made all the more difficult by trying to deal with it one at a time and site by site. Next time I'll know not to use such a recent and charged example.

I'm sorry to not have thought that through more. And apologies if it made things awkward for you.

Have a good weekend,

Teresa

**From:** [Eaton, Jack](#)  
**To:** [Taylor, Christopher \(Mayor\)](#)  
**Cc:** [Postema, Stephen](#); [Griswold, Kathy](#); [Nelson, Elizabeth](#)  
**Subject:** ethics complaint  
**Date:** Friday, April 19, 2019 3:14:22 PM

---

Mayor Taylor,

I have copied the City Attorney to make him aware of this complaint. I have copied Council Members Griswold and Nelson because they were involved in the original email from me to the City Attorney which is the subject of this complaint. I have not copied Council Member Ackerman because the procedure in Rule 12 gives the Chair the responsibility of informing the affected Council Member.

Council Ethics Rule 12 provides a method for seeking counseling of a Council member who has engaged in conduct “that are considered a violation of a law, Council Ethics Rules, or Council Administrative Rules, but considered by the Council to be not sufficiently serious to require reprimand.” By this email, I am asking you, in your capacity as Chair of the Administrative Committee, to review the conduct described below to determine whether Council Member Zachary Ackerman has violated Council Ethics Rules and/or state statute governing the conduct of elected officials.

On March 30, I sent an email to City Attorney Postema seeking his legal advice regarding the applicability of the Michigan statute governing removal of local elected officials, MCL 168.327. That statute requires the Governor to “remove all city officers chosen by the electors of a city or any ward or voting district of a city, when the governor is satisfied from sufficient evidence submitted to the governor that the officer has been guilty of ... habitual drunkenness, or has been convicted of being drunk ...”. As a courtesy, I copied Council Member Ackerman. The email to Mr. Postema was in my capacity as a City Council Member seeking his advice in his capacity as City Attorney. I believe that the content of that email is subject to the attorney-client privilege. That privilege belongs to the entire Council and cannot be waived unless done so by a majority vote of the whole Council.

Mr. Postema responded to my inquiry, but the content of that email is privileged and I will not disclose it here. Subsequent to Attorney Postema’s reply to me, he sent another email to the entire Council on the issues raised in my inquiry. I will not discuss that email, but you were a recipient and can review it yourself.

The Council Rules include a rule prohibiting disclosure of confidential information.

#### **COUNCIL ETHICS RULE 6 -- IMPROPER USE OF OFFICIAL POSITION – DISCLOSURE OF CONFIDENTIAL INFORMATION**

A Councilmember shall not divulge to an unauthorized person, confidential information acquired by virtue of his or her position as a Councilmember until a time that that information becomes public information. Furthermore, a Councilmember may not use confidential information, obtained by virtue of his or her position, for his or her own benefit or for the benefit of any other person or

entity. Confidential information is information acquired by a Councilmember in the course of holding public office that is not available to members of the public and which the Councilmember is prohibited to disclose by statute or fiduciary duty or other common law duty.

#### Examples

A Councilmember shall not disclose, for example, the following:

d) Information or records subject to the attorney-client privilege as set forth in MCL 15.243 (1)(g).

At the April 1 City Council meeting, Council Member Ackerman made a seven-minute statement regarding his arrest, plea deal, absences from Council business and the content of my email communication with the City Attorney. As a member of Council, Mr. Ackerman is not allowed to disclose privileged communication without seeking waiver by the full Council.

I believe Council Member Ackerman's disclosure of attorney-client communication at the April 1 Council meeting violated Ethics Rule 6 and I ask that you initiate the Rule 12 procedure to make a determination on that subject. To my knowledge, this would be the first time Council Member Ackerman has violated this rule and I ask only that he be counseled according to the Rules.

Thank you,  
Jack

Mr. Lazarus,

I was disappointed to learn that Robyn Wilkerson's resignation will not become effective until May 1. It is my hope that Ms. Wilkerson will not be allowed into City Hall in any official capacity. Given the serious nature of her conduct and the widespread knowledge within the building of that conduct, I think it sends a poor message to other employees that she is permitted to have any active role in the organization.

In the private sector, it is considered best practice to escort an employee who has engaged in this kind of conduct out of the building immediately and bar that employee's return. This week, I spoke with a long-time employee who told me it would be impossible for someone who works in the building to not know about her conduct. To welcome her back in any capacity sends the wrong message to the many who are aware of the work culture that surrounded her behavior.

I hope you will reconsider this decision.

Thank you,  
Jack

Mr. Lazarus,

I write again to note an instance where City staff has criticized decisions of Council and advocate that members of the public lobby a particular point of view. As you have admitted in the past, it is inappropriate for staff to question Council policy decisions. It is equally inappropriate for staff to urge residents to contact Council members in support or opposition of any policy.

Council member Bannister and I attended the Sustainable Ann Arbor Forum organized by Missy Stults at the downtown library on April 18. Dr. Stults introduced a panel consisting of Teresa Gillotti (Director, Washtenaw County Office of Community and Economic Development), Jennifer Hall (Executive Director, Ann Arbor Housing Commission), Dr. Tony Reames (Assistant Professor, School for Environment and Sustainability, University of Michigan), and Alma Wheeler Smith (former State Senator).

The panel took turns presenting information, accompanied by slides projected on a screen. One slide included an image of the proposed Lockwood development. The speakers criticized the rejection of the affordable housing included in that project. If Dr. Stults was aware of the content of the presentation in advance of the City-sponsored event, she should not have allowed it.

During the panel discussion, the panel members encouraged those in attendance to lobby City Council to change single-family zoning to allow multi-unit residences. The premise of this advocacy is the debatable idea that density leads to affordability. Without regard to the premise asserted, the use of City-sponsored events to urge residents to lobby Council members on policy decisions is improper.

This issue previously arose when Dr. Stults urged residents to contact Council Members to support the climate action budget amendment last year. It also came up when Kayla Coleman urged residents to contact Council members to support traffic calming policy changes. It is really important that you communicate to your staff that policy decisions belong to Council and that they should not criticize decisions after they are made and should not lobby in favor of policy in advance of Council votes when staff is acting in their official capacity.

Thank you for your attention to this matter.

Best wishes,  
Jack

---

Mr. Hess,

Residents in the area north of Stadium, east of Industrial have expressed concerns about pedestrian issues in that area. Specifically, there are sidewalk gaps that cause difficulty getting out of and into the neighborhood and there are serious problems with pedestrian safety involving crossing Stadium from that neighborhood to the commercial areas to the south, including Luckys Market. I have attached a pdf file of a thread from FaceBook where some residents express some of those concerns.

I would like to request a meeting with you, me and possibly Council Member Nelson walking the area with a couple of the neighborhood residents to see and hear their concerns. One of the residents has Tuesdays and Thursdays available and that likely would work for me, as well. Would you be willing to meet and walk this area with us?

Best wishes,  
Jack

What can we do to connect the North and South sides of Stadium for pedestrians? Case study:

According to Google Maps, I live on the same street as Lucky's Market (Golden Ave) and it should take me 6 minutes to walk there. It actually takes quite a while longer, and this picture shows why.

1. There are no sidewalks at the end of Golden Ave or Westminster or the South side of Henry along my route (the red lines in the picture)....

1

**Ezra Keshet** One nearby place that actually has curb cuts on both sides, but no markings, is Ferndale/Iroquois at Stadium. (See google sat image below.) I reported the lack of markings on A2Fixit.

Like · Reply · 21h · Edited

**Bruce Fields** So my understanding is that that's an unmarked crosswalk, and for most purposes that's the same as a marked crosswalk--in particular, it's fine to cross there if you want. And there's a debate I don't follow over whether marking the crosswalk would improve safety or not. I get the impression it's a bit of a toss-up, and that more extensive changes to the road (like road diets) are what really helps.

Like · Reply · 21h

1

**Scott Trudeau** 🗣️ I don't believe we have a strict jaywalking law so you can cross anywhere as long as you're not impeding traffic ... I can't remember if cars are required to yield at an unmarked crosswalk or not ... but in any case on a high speed, busy street like this expecting people to cross at an unmarked location is pretty unreasonable IMO

Like · Reply · 20h

2

**Jarod Malestein** I like how we keep curb radii above 10 feet. Can't have the cars slowing down too much when turning into a neighborhood. It's an exclamation point on the FU to people outside of cars.

**Scott Trudeau** 🇺🇸 I wish I could dig up the old map we saw at Planning Commission of this area before Stadium plowed through it; it created all kinds of complicated land ownership boundary issues... the original platting was so pleasant!

Like · Reply · 20h

**Bruce Fields** What's the policy driving the 10ft radii? (And how do you even recognize them as 10ft?)

Like · Reply · 20h

**Scott Trudeau** 🇺🇸 **Bruce Fields** I am not in Jarod's head but if you want a one-pager on corner radii here's one from NACTO <https://nacto.org/.../intersection-design.../corner-radii/>

**Ezra Keshet** It does feel like our neighborhood is cut off by a river or something...

Like · Reply · 21h

**Jessica Webster Sendra** I live on Golden. This, pathetically, is why I almost always drive to Lucky's.

Like · Reply · 20h

[View 1 more reply](#)

**Julie Weatherbee** As an aside: This is a fascinating illustration of the long-term effects of bypasses on neighborhoods. Stadium Boulevard cut through this neighborhood and permanently cut off the north and south parts from each other which changed their usage and future and housing values and driveways and sidewalks and lot sizes and the interaction between the sides in ways that are pretty astonishing.

Like · Reply · 20h · Edited

**Ezra Keshet** I didn't know that!

Like · Reply · 19h

**Julie Weatherbee** **Ezra**, I didn't realize it either because the sides seem so different until the Planning Commission looked at the historic zoning of the area and you can see how Stadium just split the area. You can see it on the map, too, when you look at it.

Like · Reply · 19h

**Brad Cook** Lucky's is on S. Industrial and that chunk of Golden that Google shows on the S. side of Stadium and curving around Lucky's isn't Golden at all, it's a driveway in Lucky's parking lot. Not sure why Google has that wrong but I noticed it recently.

**Scott Trudeau** 🇺🇸 Glancing at Google Maps the east side of Golden seems like a reasonable place to put an RRFB signaled crosswalk and an island refuge. The geometry is a little awkward but should be doable. Putting an island on the west side would block left turns off of stadium but east side should be far enough back that it wouldn't block loading of the turn lane for lefts onto S Industrial

Like · Reply · 20h · Edited

**Ezra Keshet** Yes! Love it. Or, even just put a sidewalk on Golden so you can cross Henry at the stop sign instead of waiting for the signal at Henry/Stadium. My A2Fixit comment about Golden sidewalks was closed with no explanation.

Like · Reply · 19h

**Scott Trudeau** 🇺🇸 **Ezra Keshet** yeah you'd want sidewalks on Golden for that and ideally also closing the curb cut onto Stadium from that parking lot. Redevelopment of that site would be a good opportunity to get a developer to pay for the upgrades...though it is zoned for office which makes it a little limited in redevelopment potential beyond the existing surface parking lot (especially given it abuts residentially zoned land)

Like · Reply · 19h

**Jarod Malestein** Maybe we can invoke the spirit of Hans Monderman and create a shared space between the S. Industrial/Stadium intersection to about Woodbury Drive.

"He would often test his own schemes by walking backwards into dense traffic, confident that he had created the right circumstances for drivers to adapt to unusual events."... [See More](#)

**Victoria Green** Ezra and CM Eaton, I would love to participate. I live a block away and biking across Stadium is similarly difficult. We should consider bike and pedestrian access together.

Aside: Fredda, born in 1920, told me once that before the stadium was built they called the road "The Cutaway."

Like · Reply · 19h

**Ezra Keshet** Agreed!

Like · Reply · 19h

**Cm Jack Eaton** Ms. Green, Any meeting we have will be preliminary to staff bringing ideas to the whole neighborhood to discuss. This kind of project takes some time, but staff is really good about working with neighbors to address concerns. For example, I have been discussing bike lanes for South Maple with staff for a while and it now looks like they will be bringing ideas to that neighborhood for residents to consider. Staff is very supportive of improvements for pedestrian and bicycle safety. The process isn't quick but we can expect results.

Like · Reply · 19h

**Leo James Robertson** I've often thought this intersection (Stadium, Industrial, Henry) would be greatly improved with a large roundabout, with a planted pedestrian island in the middle. It could also help calm traffic on Stadium enough to make the needed crosswalks safer.

Like · Reply · 13h

**Scott Trudeau** 🇺🇸 It'd be interesting to see how that could be done in the existing geometry w/o needing to take a large amount of private land for ROW.

Mr. Lazarus,

The neighbors of the problem house at 1209 Hutchins asked me to request a follow up meeting. As you likely recall, we met with the neighbors last year. The neighbors were very impressed with your commitment to help them deal with the significant problems they have endured at 1209 Hutchins. After that meeting, the main trouble maker was incarcerated. The concerns diminished significantly following that incarceration.

More recently, that individual has been released and has returned to the house at 1209 Hutchins. The neighbors would like to meet with you and staff, including a representative of the police department and City Attorney's office and Council Member Nelson to receive an update on the status of the house and what the City plans to do. We believe that recent activity at the house indicates the problems will resume and persist unless addressed.

Thank you for your attention to this matter.

Best wishes,  
Jack

---

Mr. Lazarus,

Thank you for re-sending this message. I did receive your voicemail, which referenced an email that did not come.

Thank you, also, for describing the things the City and DDA will do to support Mr. Haber's use of the City Commons for Earth Day. I will withdraw my request for a resolution in hopes that the City will continue to work closely with Mr. Haber.

Rather than submit a resolution of support on the April 15 agenda, could you have staff prepare a resolution to direct the DDA to surrender the parking use of the surface lot on the City Commons for a May Council meeting?

Thank you for your attention to this matter.

Best wishes,  
Jack

On Apr 10, 2019, at 7:54 AM, Lazarus, Howard <[HLazarus@a2gov.org](mailto:HLazarus@a2gov.org)> wrote:

Councilmember Eaton:

I sent an e-mail last night from my mobile device, but I am not sure it went through. I also left a voice mail earlier yesterday. In response to your request, kindly consider the following:

<!--[if !supportLists]-->• <!--[endif]-->As Ms. Higgins has provided to you, we have met with Ms. Pollay and the fees for the use of the Library Lot will be waived. That support does not require a resolution from Council.

<!--[if !supportLists]-->• <!--[endif]-->We can also advertise using the City's social media outlets and our web site to support the event, again this does not require a Council resolution but it can if you deem it appropriate to provide a formal statement of support. Please note that the City is promoting an event at Leslie Science Center on Sunday, April 28<sup>th</sup> from noon – 4 PM.

<!--[if !supportLists]-->• <!--[endif]-->The organizers have to address the insurance requirements for use of the site, which is a matter to be coordinated through DDA (it would not be appropriate for the City to indemnify a third part for

an event which is not under its direct control, however I have copied Mr. Postema for his information and consideration). Mr. Haber was at the last DDA Board meeting asking for sponsorship, but did not have a resolution for the DDA Board to consider and the Board does not meet again prior to this event.

<!--[if !supportLists]-->• <!--[endif]--> I am not sure what other support you have in mind, so please reach out as soon as possible so that this matter can be potentially added to the April 15<sup>th</sup> agenda as a late item (under the new Council rules).

We all would like to support events that transform the public perception of the Library Lot from a parking lot to the City Commons. Initiatives such as the Earth Day celebration would be easier to support if the intentions were provided earlier in the planning process and the Library Green Conservancy would be able to address DDA's insurance requirements for use of the site. As we start down the exciting path of forming a task force to develop concepts for the area, it is also important to consider that DDA maintains the space as a parking asset with an annual O&M cost of ~\$60,000. The transfer of these costs to a conservancy should be part of a business plan that is developed in conjunction with the conceptual site development plans.

Hello Mayor and City Council,

Spring is Coming...Earth Day is coming up. Indeed a whole Week.. The "regular" Earth Day is Sunday April 28, and the City is a regular co-sponsor. The Actual Earth Day is Monday April 22, and an Earth Day Week is being planned to open on Sunday afternoon, Easter Sunday, and to continue on Monday, as part of the world wide international observances, and to help inaugurate public events on the newly designed Center of the City "Commons."

This is a perfect occasion for the City Council to join in co-sponsoring this Downtown event and to encourage participation, including your own.

This is the 6th annual Downtown Ann Arbor Earth Day, initiated in

2014 and continued since, by the "Megiddo Peace Project".  
affirming a culture of peace and non-violence, for the children of the  
world and all of us here.

This year, with the Library Lot now designated to be developed as a  
Central Park and Civic Center Commons,  
Earth Day provides a good occasion to explore and develop the  
public use of this bit of earth, and air. and have a celebratory spring  
gathering while we are at it.

I hope you will all vote to make the whole City of Ann Arbor a co-  
sponsor and encourager of this Celebratory Spring Earth Day Week  
Opening...leading to the week closing at the Leslie Science Center.

And please, if you wish, designate someone from the City Staff to  
serve as liaison in the planning.

We plan on inviting participation from environmental and earth  
friendly organizations and it would be a good opportunity for the city  
to show its energy, sustainability and climate change work.

Do not hesitate to call with any questions. [REDACTED]

With best wishes,  
Alan Haber

**Date:** Tuesday, April 9, 2019 11:28:32 AM

---

Mr. Lazarus,

Please have staff prepare a resolution for the April 15 Council meeting to express Council's support for the Earth Day celebration on the Library Lot, City Commons. The resolution should include a resolved clause making the City of Ann Arbor a co-sponsor of the event and describe the financial support the City will offer, including waiver of fees for use of the City Commons.

Thank you,  
Jack

Hello Mayor and City Council,

Spring is Coming...Earth Day is coming up. Indeed a whole Week.. The "regular" Earth Day is Sunday April 28, and the City is a regular co-sponsor. The Actual Earth Day is Monday April 22, and an Earth Day Week is being planned to open on Sunday afternoon, Easter Sunday, and to continue on Monday, as part of the world wide international observances, and to help inaugurate public events on the newly designed Center of the City "Commons."

This is a perfect occasion for the City Council to join in co-sponsoring this Downtown event and to encourage participation, including your own.

This is the 6th annual Downtown Ann Arbor Earth Day, initiated in 2014 and continued since, by the "Megiddo Peace Project". affirming a culture of peace and non-violence, for the children of the world and all of us here.

This year, with the Library Lot now designated to be developed as a Central Park and Civic Center Commons, Earth Day provides a good occasion to explore and develop the public use of this bit of earth, and air. and have a celebratory spring gathering while we are at it.

I hope you will all vote to make the whole City of Ann Arbor a co-sponsor and encourager of this Celebratory Spring Earth Day Week Opening...leading to the week closing at the Leslie Science Center.

And please, if you wish, designate someone from the City Staff to serve as liaison in the planning.

We plan on inviting participation from environmental and earth friendly organizations and it would be a good opportunity for the city to show its energy, sustainability and climate change work.

Do not hesitate to call with any questions. [REDACTED]

With best wishes,  
Alan Haber

Ms. Potter,

I forwarded your March 19 email to City staff and asked for an update on the 1464 Marian house. I received the email below, today. In addition to the report of two police responses to the address, there is a staff promise to have building department officials check on the property. When I hear back from staff regarding that check, I will follow up with you.

If you do not hear from me in the next week or two, please feel free to contact me. I will remind staff of the promised visit to the property, if we have not heard back from them.

Best wishes,  
Jack

Councilmember Eaton,  
Thank you for your email. Staff reviewed your request. Below is a status report.

AAPD has had two calls for service for 1464 Marian. Case report number 16-44701 was from 09/30/2016 for a check the well-being call where the officer was not allowed to enter the residence. The officer did observe overgrown shrubbery as well as boarded up windows with plastic covering them. The second call, 17-44873, was a code violation issued by community standards for having solid waste on their property. The code citation specifically states "items including but not limited to bags of trash, tin trays, plastic bags, plastic milk gallons, and misc. items in pile under boat". That citation was written on 10/03/2017. There have been no other police/community standards related calls to that residence.

Our Building Official confirmed that staff will check on the condition of the property and verify occupancy and then proceed with further action, if necessary.

Please feel free to contact us should you have any further questions.

Thank you,

Mr. Lazarus,

Could you have staff provide CM Nelson and me an update on this apparently abandoned property at 1464 Marian? I am interested in whether this property constitutes a nuisance and what the City can do to address the impact it has on the neighborhood.

The Potters were encouraged to contact us by the Mayor. I would appreciate it if you would also keep him aware of the City's response to this problem.

Best wishes,  
Jack

On Mar 19, 2019, at 7:48 AM, Samantha Potter <[REDACTED]> wrote:

Council Members Eaton & Nelson -

My name is Samantha Potter and my husband, Dan Potter, reached out to Councilman Eaton last spring about our concern for the state of our neighbor's house at 1464 Marian Avenue.

At the time, Councilman Eaton advised us that Community Standards had found no violations of the property and asked to meet with us to discuss how we can proceed. Our sincere apologies for not following up on this. Unfortunately, life got away from us and here we are a year later!

I spoke to Mayor Taylor at an event this past week and he suggested I reach back out to you to discuss this further.

Below and attached is the previous correspondence. As you can see, we have a number of concerns about our neighbor's property including the condition of the home, the abandoned boat in the driveway with a tree growing out of it, and a hazardous garage with broken windows and a door that appears to be jammed.

Over the winter, her sidewalk was maintained, both by herself and by helpful neighbors. There is no overgrowth of trees that hinder the public. The state of her home has continued to deteriorate, however. For example, a downspout from her house to the ground has disconnected from her house, causing a pooling of water around her foundation. We realize that nothing has changed to the condition of the home and property that would now warrant it to be considered to have violations. However, I hope that the council and Community Standards board can understand the concern that we have as her next door neighbor (at [REDACTED]) for the safety of our neighborhood and come to a resolution about this home.

The home has not been lived in since my husband took residency of our house in 2010.

It is also our understanding that the home owner, Ms. Theresa M. Roth, owns another home that appears to be in similar condition at 2728 Lookout Circle, which was deemed by the building commission as a "dangerous property." We are unclear of the resolution of that home.

We encourage you to take a walk by her home and are welcome to walk up our driveway to see the full extent of disrepair her property is in. Please let us know how we can move forward to begin to resolve this growing issue.

We look forward to hearing back from you regarding this matter.

Best Regards,  
Samantha Potter

**To:** Dan Potter <[REDACTED]>  
**Subject:** Re: Concerned Citizen

Mr. Potter,

I am very sorry that I did not respond sooner. It was my mistake.

I sent an inquiry to staff. I received a short, conclusory response that indicated that Community Standards had visited the property and found no violations. I then followed up with an email to the City Administrator.

The Administrator's assistant provided his response:

Councilmember Eaton:

Police staff provided the following information. I inquired whether Community Services, Public Services, and Fire had anything to report as well and did not receive any further information.

Most recently, Community Standards checked the property on January 16 and there were no CS violations. The sidewalk was currently shoveled.

Community Standards has received five complaints regarding this property since the 2005. The first complaint was regarding vegetation, and it was deemed unfounded. The second visit was April 17, 2006, for trash. A notice was issued for the trash, but on follow up the next day it was clear. On May 18, 2009 there was another complaint filed regarding the vegetation. This complaint was unfounded. On February 4, 2011 a notice was issued to the property for snow. A follow up took place on February 6, 2011, and the property was clear. October 2, 2017 a notice was issued to the property for trash. Upon follow up the property was still in violation so a ticket was issued.

The overgrown trees, and weeds are not CS violations unless they are encroaching on the right of way. The boat is not a violation; it is parked on the driveway.

I had intended to visit you and discuss what we might do next. That is where I failed to follow through. Please accept my apology.

Let me now offer to meet with you and discuss what we might do next. For example, we could ask the City Administrator, and any staff he wants present, to meet with concerned neighbors. If a few neighbors were willing to meet with staff, we might be able to persuade them of the significance of this nuisance. Please let me know how you and your neighbors would like to proceed.

Best wishes,  
Jack

On Apr 9, 2018, at 1:39 PM, Dan Potter <[REDACTED]> wrote:

Hi Mr. Eaton-

I emailed you some months ago about the house next door, and never received a response from you. Is this something you can help us with? I appreciate your input. Please see the original email included below.

Sent from my iPhone

On Jan 14, 2018, at 8:59 PM, Dan Potter <[REDACTED]> wrote:

Mr. Eaton -

I am a resident in your Ward on Marian Avenue and am writing to you in hopes that you can help take action against a home at 1464 Marian Avenue. I have written to the city and building commission twice, without any actions taken, to my knowledge.

The home at the above address is owned by, I believe, Theresa M. Roth. This home is in a state of abandonment. Major areas of concern on this house are:

- Overgrown with trees and weeds
- The home is barely visible from the road
- The paint has worn off all of the trim and wood surfaces and are rotting away
- The soffit vents to the attic are bent open, indicating a possible infestation
- The windows are broken out of the garage, and the door is jammed open - the entire garage appears to be a structural hazard, and also indicates a possible infestation
- The lot is littered with debris, including a boat in the driveway which is unprotected from the elements

No one has lived in this property for 7+ years. The owner stops by regularly and makes some efforts to maintain the property (keeping up with the front yard mowing and shoveling of the walk).

It is my understanding that this homeowner also owns a property outside of your ward that has previously been a part of a hearing with the building commission, which deemed that property a "dangerous property" and was in process of taking action against the owner. The address of that property is 2729 Lookout Circle. I believe that the home on Marian Avenue is in just as bad condition and would also be deemed this, should the city take action.

I am hoping that you would be able to help us move this issue ahead with the city. As mentioned, to my knowledge, no action has been taken on this property despite repeat communications from myself to the city.

I appreciate you taking the time to read this message from a very concerned neighbor. As a note, I do wish to remain anonymous should action be taken.

Best Regards,  
Dan Potter

**Subject:** Re: climate action spending

Hi Mark,

My vote against the Taylor/Griswold resolution (DC-3) was not a vote against climate action. My vote was based on process and substance.

I believe it is poor budget process to address the three issues - climate action, affordable housing, and pedestrian safety - outside of the normal budget process. The Taylor/Griswold resolution made the important step of removing the Public Safety and Mental Health millage from the debate and instead identified how much will be spent. Nonetheless, it did so outside of the deliberations on all of the other spending needs the City has.

As for the substance of the Taylor/Griswold resolution, it results in little new climate action spending. The resolution sets a baseline level of spending on climate action from the fiscal year (FY) 2018 budget. The City spent \$177,000 on climate action in FY 2018. The resolution requires the FY 2020 budget to add at least \$880,000 to that baseline amount for a total of about \$1,057,000. For comparison, the City budgeted about \$560,000 in recurring climate action funding (of a total \$805,000 in sustainability funding) and \$250,000 in non-recurring climate action funding representing a total \$810,000 for FY 2019. The Taylor/Griswold resolution that I voted against creates an impression of greatly increased climate action spending but actually only increases climate action spending by \$247,000.

When these matters are discussed without consideration of the details and nuances, it is really just political posturing, not substantive debate. The efforts to

portray that resolution as meaningful climate action was really just greenwashing, making something seem more environmentally sound than it really is. I believe that climate action is too important for these polarizing tactics.

I will repeat, the urgency of the issue requires that we measure our actions on what we actually accomplish rather than how much we spend. I encourage you to read what the office of sustainability has accomplished so far this year with its \$805,000 in recurring funding. I have attached a document staff provided to me in response to my question about the accomplishments in this fiscal year. I'm not sure what impact the spending has had, so far.

Best wishes,  
Jack

Dear Commissioners Hayner, Lumm, Eaton and Ramlawi:

I was deeply saddened by your vote last night against climate funding in Ann Arbor. I was especially pleased, however, to see that *both* of my Ward 3 representatives joined in to support this worthy effort.

I have worked in energy efficiency and renewable energy since 1975 at the local, county, state and federal levels. I did my first government-related Community Energy Management program with the City of Kalamazoo in the early 80's. My long career in energy has given me a perspective and insight into how to effectively craft and implement energy-related public policy.

Within this context, I believe that Ann Arbor has a *unique opportunity at present* to make a real difference in climate change and quality of life and economic security. As this vote illustrates, for the most part, we have public policy makers on City Council who support climate action, a supportive, qualified, experienced and *honorable* City Administrator who understands climate change risk mitigation and a new and highly regarded Manager of Sustainability and Innovation (Missy Stults). We also have a *deep-bench* of qualified volunteers on our Environmental and Energy Commissions. We also have qualified volunteers and NGO's ready to roll-up their (our) sleeves and dirty their (our) hands getting the job

done (e.g., installing solar panels on our fire stations and city buildings).

Finally, we have what I've been waiting for the most... *enlightened and awakened youth* who are shocked to learn that public policy makers have cavalierly failed to address climate change risks! I turn 71 this year and am relieved to know that finally, someone is at my back, ready and qualified to take over pushing this gigantic and heavy climate-change rock up this cultural shift mountain.

*Full sustainability is within our reach.* Now, more than ever, it *only* requires each of us to either *lead, follow or get out of the way.* I respectfully encourage you to rethink your stand on climate change funding and sustainability-related public policy for our community.

Respectfully yours,

Mark Clevey (Ward 3)

Hi Mark,

My vote against the Taylor/Griswold resolution (DC-3) was not a vote against climate action. My vote was based on process and substance.

I believe it is poor budget process to address the three issues - climate action, affordable housing, and pedestrian safety - outside of the normal budget process. The Taylor/Griswold resolution made the important step of removing the Public Safety and Mental Health millage from the debate and instead identified how much will be spent. Nonetheless, it did so outside of the deliberations on all of the other spending needs the City has.

As for the substance of the Taylor/Griswold resolution, it results in little new climate action spending. The resolution sets a baseline level of spending on climate action from the fiscal year (FY) 2018 budget. The City spent \$177,000 on climate action in FY 2018. The resolution requires the FY 2020 budget to add at least \$880,000 to that baseline amount for a total of about \$1,057,000. For comparison, the City budgeted about \$560,000 in recurring climate action funding (of a total \$805,000 in sustainability funding) and \$250,000 in non-recurring climate action funding representing a total \$810,000 for FY 2019. The Taylor/Griswold resolution that I voted against creates an impression of greatly increased climate action spending but actually only increases climate action spending by \$247,000.

When these matters are discussed without consideration of the details and nuances, it is really just political posturing, not substantive debate. The efforts to portray that resolution as meaningful climate action was really just greenwashing, making something seem more environmentally sound than it really is. I believe that climate action is too important for these polarizing tactics.

# OFFICE OF SUSTAINABILITY AND INNOVATIONS HIGHLIGHTS

November 2018 - February 2019

ACCOMPLISHED	CATEGORY
<b>100% CLEAN AND RENEWABLE ENERGY POWERING MUNICIPAL OPERATIONS</b> <b>(Goal: 100% of City Operations are Powered by Clean and Renewable Energy by 2035)</b>	
Worked with Ann Arbor Housing Commission to identify energy efficiency and solar energy potential at Broadway development, design the RFP for professional services.	Planning
Initiated volunteer solar program with the goal of leveraging volunteer labor to lower the cost of solar installations. Goal is to have first volunteer installed solar installation by the end of the summer at Fire Station 6.	Resident Resources & Engagement
Participated in Bloomberg Philanthropies Renewable Energy Accelerator Boot Camp and began holistic renewable energy strategy for City operations and full community.	Training and Development & Planning
Initiated a 100% clean and renewable sub-committee of the Energy Commission.	Sustainable City Operations & Planning
Secured University of Michigan School of Environment and Sustainability 18-month Master project on carbon pricing.	Sustainable City Operations & Planning
Drafted request for proposals (RFP) for natural gas hedging for the water and wastewater departments.	Sustainable City Operations
Hosted a Sustainability visioning session with interested City staff.	Sustainable City Operations & Planning
Hosted four Sustainability Lunch and Learns (25 average attendees).	Sustainable City Operations & Training and Development
Developed analysis for how to get to net zero energy at the Broadway site of the AAHC (part of our net zero energy affordable housing program).	Sustainable City Operations & Planning
Currently updating our greenhouse gas emissions inventory for 2016, 2017, and 2018.	Sustainable City Operations
<b>GREEN FLEETS POLICY</b> <b>(Goal: 25% Greenhouse Gas Emissions Reduction Target by 2025, related to 2017 Baseline Levels)</b>	
Co-leading City's Green Fleets Team, including: developed process for removing low use vehicles from fleet, reviewing all city fleet purchases, getting staff to test drive an electric vehicles (EV), and preparing for the City's first EVs.	Sustainable City Operations
Helped City buy 3 new Chevy Bolt electric vehicles (EVs) and EV chargers.	Sustainable City Operations
<b>ENVIRONMENTALLY PREFERABLE PURCHASING</b> <b>(Goal: Encourage the Purchase and Use of Materials, Products, and Services that Best Align with the City's Fiscal, Environmental, Climate Change, Community, and Performance Goals)</b>	
Conducted staff-wide training on the City's Environmentally Preferable Purchasing Policy.	Sustainable City Operations & Training and Development
Revising the City's Environmentally Preferable Purchasing Policy to add in more aggressive environmental and local requirements.	Sustainable City Operations
Assisting Fire Department with assessing their historic purchasing practices and finding more environmentally friendly options.	Sustainable City Operations

<b>25% REDUCTION IN COMMUNITY-WIDE EMISSIONS BY 2025 (Goal: 25% Reduction in Community-Wide Greenhouse Gas Emissions by 2025)</b>	
Participating in 2030 District formation.	Engagement
Completed Urban Sustainability Directors Network / Rocky Mountain Institute cohort on setting energy efficiency standards as part of the rental licensing process. This is groundwork for our Ann Arbor Green Rental Housing pilot.	Planning
Completed Solar Faithful project (31kw of new solar capacity installed within the region and 342kw of additional installations in the short-term pipeline). We also submitted a grant application to the Department of Energy for \$100,000 to expand the program to nonprofits within the community.	Engagement and Grants
Organizing Power Hours in collaboration with Michigan Saves and DTE (3 will be held between mid-March and April).	Engagement
Participating in the Solid Waste Resource Management Planning process.	Engagement
Submitted \$300,000 grant application to the Ann Arbor Area Community Foundation and Partners for Places to design and initiative an Aging in Place Efficiently Program.	Grants
Initiated an electric vehicle (EV) readiness sub-committee of the Energy Commission to help prepare an EV readiness ordinance while also working internally to identify locations for solar powered EV car charging.	Planning
Appointed to serve as a liaison to the University of Michigan Carbon Neutrality Commission.	Engagement
Created a new sub-committee of the Energy Commission to work on a time of marketing (home energy disclosure) ordinance.	Planning
Appointed to serve on the Michigan Municipal League's Energy and Environment Sub-Committee.	Engagement & Collaborations
Secured University of Michigan ENV391 undergraduate students for the semester to support our planning of the green rental housing pilot program.	Planning
Initiated conversations with DTE around renewable energy opportunities.	Resident Resources
Participated in Bloomberg Philanthropies Renewable Energy Accelerator Boot Camp and began holistic renewable energy strategy for City operations and full community.	Training and Development & Planning
Initiated a long-term collaborative relationship with UM's BlueLab team to receive assistance on a variety of projects including community outreach and green rental housing program.	Collaborations & Planning

<b>ONE COMMUNITY: ADVANCING RACIAL EQUITY IN WASHTENAW COUNTY (Goal: Creating a Just and Equitable Community for all Washtenaw County Residents)</b>	
Secured a small equity grant to hire Dr. Tony Reames to review the Office of Sustainability and Innovation's work plan and the City's Climate Action Plan to identify areas where equity could be more holistically integrated.	Grants & Collaborations
Collaborating with IT to develop a visualization tool on climate change and socio-economic variables that can be integrated into all city decision making.	Training and Development
Started planning for second round of race and equity training via the Urban Sustainability Directors Network / Government Alliance on Race and Equity program for staff and community members.	Training and Development
Participated in selection of City's potentially new Diversity, Equity, and Inclusion consultant.	Sustainable City Operations

<b>AN ENGAGED COMMUNITY (Goal: Ensure Our Community is Strongly Connected Through Outreach, Opportunities for Engagement, and Stewardship of Community Resources)</b>	
Hosted a Sustainability Forum on climate change and health on January 17 <sup>th</sup> (46 attendees).	Engagement
Hosted a Sustainability Forum on climate change adaptation on February 19 <sup>th</sup> (96 attendees).	Engagement
Awarded two Sustaining Ann Arbor Together (SA2T) grants: A2 Steam for a K-8 Solar Curriculum and Leslie Science and Nature Center for a nature-based playground (award ceremony for this is coming soon). Have also worked with nearly a dozen individuals about potential applications to the program.	Grants and Engagement
Hosted a Community Climate Conversation in December around the 4th U.S. National Climate Assessment.	Engagement
Initiating re-design of City's Sustainability website.	Resident Resources
Continued to provide full support for the City's Energy and Environmental Commissions.	Engagement & Collaborations

<b>ENHANCED COMMUNITY RESILIENCE / SOCIAL COHESION</b> <b>(Working Goal: All Residents are Prepared for Shocks and Stressors and Bounce “Forward” After Disruption)</b>	
Appointed President-Elect of the Board of Directors for the American Society of Adaptation Professionals.	Engagement & Collaborations
Secured 3-week Center for Social Engaged Design (CSED) student support to conduct work related to resilience hubs.	Grant & Collaborations
Secured a small grant to work with peers to develop a resilience hub community engagement strategy.	Collaborations
Initiated discussion with University of Michigan about acquiring pertinent climate information for integration into City’s Capital Improvement Planning process	Collaborations
Collaborating with IT to develop a visualization tool on climate change and socio-economic variables that can be integrated into all city decision making.	Training and Development

**Subject:** Re: request for resolution on City-owned property

Mr. Lazarus,

Thank you for having staff prepare a resolution to address the City-owned

properties that might be used for publicly-owned affordable housing.

I had hoped that the resolution would call upon staff to make recommendations on how the properties should be prioritized for consideration of development as affordable housing. I would prefer that Council be advised on which properties would be easiest and best used. Rather than have Council direct staff on which property to develop first, I would like to have staff advise Council on which property or properties present the best opportunity and what order of priority should be used to consider each property.

I also note that the resolution omitted First Ave (1st and William), 216 W William St. Has that property been eliminated from consideration?

Thank you and your staff for your attention to this matter.

Best wishes,  
Jack

**Subject:** request for resolution on City-owned property

Mr. Lazarus,

The March 18 Council meeting included discussion of three properties as potential sites for affordable housing (DC-5, DC-6, and DC-11). Staff responses to Council Member's agenda questions included a feasibility analysis for 10 City-owned properties (attached). I believe that having individual Council Members select properties for action rather than having staff rank the entire list of potential sites does not follow best practices. Had I known in advance that 10 sites were available, I would have asked for staff input on which properties should be selected for action.

I would appreciate it if you would prepare a resolution for me to introduce at the next Council meeting to direct Housing staff to rank the 10 properties to identify which properties should be given priority in our efforts to build affordable housing on City-owned land. Ideally, that resolution will reference the March 18 resolutions and direct staff to take a broader view in an initial review of potential affordable housing sites when following up on the evaluation of those three sites (721 N. Main, 2000 Industrial, and 1510 E. Huron).

I have copied Council Member Nelson because she indicated a desire to look at our properties in a more comprehensive review than the three resolutions achieved. I have copied Jennifer Hall to keep her informed of my request for input from her office. It is not my intent to add to the Housing office's work load unless it serves their purposes.

Thank you,  
Jack

**Subject:** FW: Two suggestions

Councilmember Eaton,  
Staff's response is below.

Public Services is also concerned with the condition and quality of pavement patches on our streets. Engineering is currently assessing various options for improving the quality of pavement patches by contractors that could include changes to City Code. Changes to City Code must be approved by City Council. Currently contractors are responsible for street patches for a period of three years. Engineering will review the street patches on Westfield and follow up with contractors who are still responsible for the maintenance of these patches.

Regarding Main St., Engineering is working with the Contractor responsible for the work on S. Main Street to adjust the manholes covers in the southbound lanes adjacent to Pioneer High School between Stadium Boulevard and Scio Church Road. We expect this work to occur later this spring as weather conditions allow. On future pavement preservation work, including that planned for the coming construction season as part of the FY2019 Street Surface Treatment Project, the Contractor will be adjusting manhole covers, as required, in advance of placing any surface treatment to ensure that they are flush with the new pavement surface.

Thanks,

**Sara Higgins, Strategic Planning Coordinator**

**Subject:** Fwd: Two suggestions

Mr. Lazarus,

The email below, from Tom Messner, identifies two problems with road work that I have identified in the past. The first being the manhole covers on S. Main that are not level with the pavement. The second being the problem of contractors who need to tear up pavement but fail to properly re-pave the street when done.

Could you have staff provide me with information that would allow me to explain to Mr. Messner why these problems are so prevalent? Additionally, can you have staff explain what the City needs to do to avoid these problems in the future.

Thank you,  
Jack

**From:** Thomas Messner [REDACTED]  
**Subject:** Two suggestions  
**To:** "Eaton, Jack" <[JEaton@a2gov.org](mailto:JEaton@a2gov.org)>

Hi Jack,

Tom here - [REDACTED]. Last time we talked was over a sandwich at York on

Packard last year!!!.

First thing; council needs to know that when you go to the City Council web page and try to click on your email address.....it goes nowhere that's why I went to my own gmail. Your webmaster needs to work on that.

1st suggestion: our residential streets are in rough shape primarily due to the poor patch jobs being done by the contractors who do the remediation of orangeburg. I stood over Mershon, the end of our driveway, to make sure that Roto-Rooter did a good job when they did our orangeburg and they did a superb job. Please drive down, slowly, on a street like Westfield, on a dry street day when you can see the road well, and you will feel and see how patchy the streets are due to one poor, asphalt job, one after another. There was someone from the City to oversee our patch work but this can't be the case on so many of these other orangeburg jobs. **The contractor needs to be held responsible.** And by the way, Westfield is such a busy street leading into the subs, it should have parking only on one side. On snow days, that street is terrible to navigate. And why isn't the City getting after property owners who park vehicles on the street permanently and never move them?

2nd suggestion, also on roads: when we get new asphalt roads such as S. Main Street by Pioneer High, the man hole covers are recessed so deep that the I try to avoid those manholes because it is like driving over a pothole. Is there a reason why those covers need to be 2-3 inches below the pavement? **If not, then the contractor who got the job needs to come back and raise those.**

Thanks Jack.

Tom Messner

Ms. Higgins,

When Council Member Griswold and I spoke with Mr. Lazarus, we expressed the preference for replacing the transportation topic with a water quality presentation. What we are proposing is to have representatives of the group CARD present an update on their work monitoring the Gelman Plume. If there is time after that presentation, we have no objections to having staff address the same topic.

With that in mind, yes, please add the April 8 Work Session topics as an agenda item for the April 1 Administrative Committee meeting.

As always, thank you for your assistance on this matter.

Best wishes,  
Jack

**Messages to and from me regarding City matters are subject to disclosure under the Michigan Freedom of Information Act**

## **Resolution Establishing Center of the City Task Force**

1) WHEREAS, On November 6, 2018, electors approved Proposal A to amend the City Charter, which, in relevant part, states that City-owned land bounded by Fifth Avenue, and William, Division and Liberty Streets, including Liberty Plaza, the surface of the Library Lane parking structure and Library Lane itself, “shall be retained in public ownership, in perpetuity, and developed as an urban central park and civic center commons known as the ‘Center of the City;’”

2) WHEREAS, a “commons” is a traditional form of shared space based on mutual benefit, mutual responsibility and mutual respect, conveying a culture of sustainability now and for the generations to come;

3) WHEREAS, The Center of the City will draw on earlier community visioning for the downtown including the call from Ann Arbor’s 2006 Calthorpe Report to “Encourage the creation of new public spaces within the Downtown and rehabilitation of existing spaces: Pursue and design a Town Square or central civic area that incorporates an outdoor meeting Place;”

4) WHEREAS, On April 7, 2014, City Council approved by a vote of 7-4, a resolution R-14-091, related to the creation of a public park on the Library Lot, which resolution, in relevant part, provides guidance for a planning process that actively engages multiple stakeholders and the public at large and includes recommendations for specific actions that will encourage and support the redevelopment of adjacent properties;

5) WHEREAS, The Library Block is home to a variety of stakeholders: residential property owners/tenants, small businesses, large businesses and organizations; city-owned properties and two downtown historic districts protecting a total of 13 structures;

6) WHEREAS, City Council is taking action to implement the Center of the City Charter Amendment as approved by the voters on November 6, 2018;

- 1) RESOLVED, City Council will establish a Citizen Task Force to engage citizens in visioning, long term planning, and immediate and intermittent uses, building toward the final vision for the Center of the City on the Library Block;
- 2) RESOLVED, The Task Force will consist of 9 members, each of whom represents one or more of these categories, (1) immediate residential and business neighbors; (2) other downtown business and residential neighbors and commuters; (3) supporters of the concept of a Center of the City; (4) planners with experience designing public open spaces; (5) those citizens throughout the wider community who will participate in the events and use the public space(s) of the site; and (6) members of historically underrepresented groups in planning processes, such as youth, minorities, and people with disabilities;
- 3) RESOLVED, Members of the Task Force will be appointed by City Council after reviewing a recommended pool of candidates identified by the two Council Members serving on the Parks Advisory Commission. The City Council will also designate a Task Force chairperson and appoint two members of City Council to serve as advisory members of the Task Force;
- 4) RESOLVED, This Task Force will convene with the goal of facilitating a shared vision of the Center of the City. The process will encourage public participation and result in written recommendations to City Council;
- 5) RESOLVED, City Council will use the Task Force recommendations to help determine the next steps to advance the development of central park and civic center commons known as the Center of the City;
- 6) RESOLVED, the City will provide assistance to the Citizen Task Force in the following ways:
  - A Community Engagement Specialist will support the work of the Task Force. This staff person will help with facilitation tasks and will be empowered to reach across organizational lines and

- bring the necessary staff expertise to the table. The City will provide other logistical support and assist with internal and external communications to create and maintain transparency and ensure compliance with the open meetings act.
- A multi-discipline resource team that is comprised of staff members with expertise in planning/urban design, engineering, community engagement, historic preservation, sustainability, and water resources will prepare a document that provides baseline data. This resource team may also be utilized throughout the process to provide guidance on technical questions.
  - The City will provide data and resources to address the following:
    1. The evolution of the site's development including prior public input and proposals for public use.
    2. The design of successful central commons in other communities, their management models and funding sources.
    3. The limits of the site including zoning, positive and negative attributes; weight bearing capacity of the existing parking structure roof, central down-up ramps, and peripheral foundations along Library Lane.
    4. A list of potential civic center structures and functions to be part of the plan.
    5. An inventory of the public and private structures and vacant lots on the block including factors that might serve as incentives for their renovation, restoration or future redevelopment with an orientation to the public spaces, and an assessment of their potential for easements to facilitate pedestrian access.
  - City staff will help the task force to generate multiple use and design ideas for the site derived from prior public input and proposals as well as those gathered during new constituent interviews and larger community meetings.

- The City will provide support to the task force in analyzing all use and design ideas to find agreement; conduct cost-benefit analysis, triple bottom-line (social, financial and environmental) analysis; and prioritize elements of the vision.
- Coordinate with a working group of volunteers who will help to complete the work of the Task Force. The working group will be open to people who attend the Task Force meetings and may work on projects and assignments as defined by the Task Force chairperson.

7) RESOLVED, The task force will submit its report and recommendations to Council by February 28, 2020, or earlier;

8) RESOLVED, City Council requests that the City Administrator include in his budget proposal the funding adequate to pay for the costs of the Center of the City Task Force public engagement process and that the City Administrator acquire additional support from the Downtown Development Authority as appropriate to the specific elements of the project.

**Subject:** Re: request for resolution on City-owned property  
**Date:** Tuesday, March 26, 2019 11:02:17 AM

---

Mr. Lazarus,

Thank you for having staff prepare a resolution to address the City-owned properties that might be used for publicly-owned affordable housing.

I had hoped that the resolution would call upon staff to make recommendations on how the properties should be prioritized for consideration of development as affordable housing. I would prefer that Council be advised on which properties would be easiest and best used. Rather than have Council direct staff on which property to develop first, I would like to have staff advise Council on which property or properties present the best opportunity and what order of priority should be used to consider each property.

I also note that the resolution omitted First Ave (1st and William), 216 W William St. Has that property been eliminated from consideration?

Thank you and your staff for your attention to this matter.

Best wishes,  
Jack

**Subject:** request for resolution on City-owned property

Mr. Lazarus,

The March 18 Council meeting included discussion of three properties as potential sites for affordable housing (DC-5, DC-6, and DC-11). Staff responses to Council Member's agenda questions included a feasibility analysis for 10 City-owned properties (attached). I believe that having individual Council Members select properties for action rather than having staff rank the entire list of potential sites does not follow best practices. Had I known in advance that 10 sites were available, I would have asked for staff input on which properties should be selected for action.

I would appreciate it if you would prepare a resolution for me to introduce at the next Council meeting to direct Housing staff to rank the 10 properties to identify which properties should be given priority in our efforts to build affordable housing on City-owned land. Ideally, that resolution will reference the March 18 resolutions and direct staff to take a broader view in an initial review of potential affordable housing sites when following up on the evaluation of those three sites (721 N. Main, 2000 Industrial, and 1510 E. Huron).

I have copied Council Member Nelson because she indicated a desire to look at our properties in a more comprehensive review than the three resolutions achieved. I have copied Jennifer Hall to keep her informed of my request for input from her office. It is not my intent to add to the Housing office's work load unless it serves their purposes.

Thank you,  
Jack

Mr. Delacourt,

Thank you for agreeing to participate in the Old Fourth Ward planning issues discussion. I appreciate both you and Mr. Lenhart taking the time to talk with and listen to these neighbors. The Old Fourth Ward conducts great forums and I think you will find their input constructive.

Best wishes,  
Jack

Council Member Lumm,

I agree that it's time to have a public conversation regarding short term rentals. Brett and I have agreed to participate in an Old Fourth Ward discussion on planning issues in April and expect this to be high on the list. I will take a look at the Boston info to see how it may be helpful to us.

As with everything capacity is always an issue but, I will look into the possibility of a stakeholders group to work with staff on what the issues are and how to best regulate/prohibit without unintended consequences. Also, what enforcement looks like.

This is a difficult issue without clear-cut regulatory criteria, enforcement is an even bigger issue but, it appears time to have some additional discussion.

Thank you again for the info and we look forward to the conversation.

Derek

Messrs. Delacourt, Lenart,

Looping you in on an exchange with folks from the Old Fourth Ward and Council re: short-term rentals. I'm hoping that the City can come up with regulations – and Boston's ordinance (see links below to article re: Boston's ordinance and Boston's ordinance) does seem like a well-thought out and sound framework for tracking and regulating short-term rentals – to address.

I share the concerns expressed by the Old Fourth Ward neighbors who are on the Airbnb front-lines (described at the recent CPC mtg. as “Airbnb central”), and am hopeful we can come up with something similar to Boston’s ordinance to address. Perhaps, as a start and to get this ball rolling, we could form a stakeholders’ group to hear concerns and suggestions for addressing, and then craft an ordinance?

Welcome you guidance at your convenience, and thanks very much, Jane

**Subject:** RE: Air BNBs

Thank you for bringing these Airbnb concerns to our attention Chris, Julie, Bethany.

I agree and share your concerns and do think unregulated short term rentals in the ever burgeoning short term rental mkt. pose a real threat to neighborhood stability in terms of the downside that comes with absentee property owners and the upward impact and pressure on housing costs and available housing stock for our full-time residents. We do need to get a handle on this, and I appreciate that CM’s Eaton and Nelson placed a resln. on Monday’s council agenda to have staff investigate further and provide recommendations.

Easy to google other communities to see how they’re dealing with this, and here’s some info. re: what Boston is doing to track and regulate short-term rentals:

<https://www.boston.gov/news/new-ordinance-creates-guidelines-regulations-short-term-rentals-boston>

And Boston’s ordinance:

<https://drive.google.com/file/d/0BzVkyqf6znmsNVpXbTFBNGJUXzBmZUN>

[mb0kxdnFsaC1SNWMw/view](#)

Seems reasonable for AA to take an approach similar to Boston's, and to get this ball rolling sooner rather than later.

Will share your email and this info. from Boston with Planning et. al. staff, and thanks very much! All Best, Jane

\$\$\$ trumps all, especially here: Student neighborhoods with absentee landlords & rapacious management companies, now short-term rentals. None of these are for the benefit of neighborhoods.

Chris thank you for going to the planning meeting! I agree completely with your observation.

On Wed, Mar 20, 2019 at 10:43 AM Christine Crockett <[REDACTED]> wrote:

Just an observation. At last night's Planning Commission meeting ( 3-19-19), during the discussion on ADUs, Julie Weatherbee referenced her neighborhood as "Air BNB central." That seems to support what I and others have gathered from real estate listings and other ways of gathering general information from around the city. Formerly nice, affordable neighborhoods, especially those close to the stadium, have been handed over to short term rentals and tourism, to the detriment of the residents of Ann Arbor. This must be a factor in rising rents and the paucity of affordable units. We need to ask where our priorities lie as a community, and if we are going to accommodate

residents or tourists in our municipal policies and ordinances. I hope our city can gather the information about what is happening to our residential neighborhoods, get a handle on this, and bring it under control.

Chris

**Attachments:** [Housing sites.pdf](#)  
[ATT00001.htm](#)

---

Mr. Lazarus,

The March 18 Council meeting included discussion of three properties as potential sites for affordable housing (DC-5, DC-6, and DC-11). Staff responses to Council Member's agenda questions included a feasibility analysis for 10 City-owned properties (attached). I believe that having individual Council Members select properties for action rather than having staff rank the entire list of potential sites does not follow best practices. Had I known in advance that 10 sites were available, I would have asked for staff input on which properties should be selected for action.

I would appreciate it if you would prepare a resolution for me to introduce at the next Council meeting to direct Housing staff to rank the 10 properties to identify which properties should be given priority in our efforts to build affordable housing on City-owned land. Ideally, that resolution will reference the March 18 resolutions and direct staff to take a broader view in an initial review of potential affordable housing sites when following up on the evaluation of those three sites (721 N. Main, 2000 Industrial, and 1510 E. Huron).

I have copied Council Member Nelson because she indicated a desire to look at our properties in a more comprehensive review than the three resolutions achieved. I have copied Jennifer Hall to keep her informed of my request for input from her office. It is not my intent to add to the Housing office's work load unless it serves their purposes.

Thank you,  
Jack

Mr. Lazarus,

Could you have staff provide CM Nelson and me an update on this apparently abandoned property at 1464 Marian? I am interested in whether this property constitutes a nuisance and what the City can do to address the impact it has on the neighborhood.

The Potters were encouraged to contact us by the Mayor, I would appreciate it if you would also keep him aware of the City's response to this problem.

Best wishes,  
Jack

On Mar 19, 2019, at 7:48 AM, Samantha Potter <[REDACTED]> wrote:

Council Members Eaton & Nelson -

My name is Samantha Potter and my husband, Dan Potter, reached out to Councilman Eaton last spring about our concern for the state of our neighbor's house at 1464 Marian Avenue.

At the time, Councilman Eaton advised us that Community Standards had found no violations of the property and asked to meet with us to discuss how we can proceed. Our sincere apologies for not following up on this. Unfortunately, life got away from us and here we are a year later!

I spoke to Mayor Taylor at an event this past week and he suggested I reach back out to you to discuss this further.

Below and attached is the previous correspondence. As you can see, we have a number of concerns about our neighbor's property including the condition of the home, the abandoned boat in the driveway with a tree growing out of it, and a hazardous garage with broken windows and a door that appears to be jammed.

Over the winter, her sidewalk was maintained, both by herself and by helpful neighbors. There is no overgrowth of trees that hinder the public. The state of her home has continued to deteriorate, however. For example, a downspout from her house to the ground has disconnected from her house, causing a pooling of water around her foundation. We realize that nothing has changed to the condition of the home and property that would now warrant it to be considered to have violations. However, I hope that the council and Community Standards board can understand the concern that we have as her next door neighbor (at [REDACTED]) for the safety of our neighborhood and come to a resolution about this home.

The home has not been lived in since my husband took residency of our house in 2010.

It is also our understanding that the home owner, Ms. Theresa M. Roth, owns another home that appears to be in similar condition at 2728 Lookout Circle, which was deemed by the building commission as a "dangerous property." We are unclear of the resolution of that home.

We encourage you to take a walk by her home and are welcome to walk up our driveway to see the full extent of disrepair her property is in. Please let us know how we can move forward to begin to resolve this growing issue.

We look forward to hearing back from you regarding this matter.

Best Regards,  
Samantha Potter

Subject: Re: Concerned Citizen

Mr. Potter,

I am very sorry that I did not respond sooner. It was my mistake.

I sent an inquiry to staff. I received a short, conclusory response that indicated that Community Standards had visited the property and found no violations. I then followed up with an email to the City Administrator.

The Administrator's assistant provided his response:

Councilmember Eaton:  
Police staff provided the following information. I inquired whether Community Services, Public Services, and Fire had anything to report as well and did not receive any further information.

Most recently, Community Standards checked the property on January 16 and there were no CS violations. The sidewalk was currently shoveled.

Community Standards has received five complaints regarding this property since the 2005. The first complaint was regarding vegetation, and it was deemed unfounded. The second visit was April 17, 2006, for trash. A notice was issued for the trash, but on follow up the next day it was clear. On May 18, 2009 there was another complaint filed regarding the vegetation. This complaint was unfounded. On February 4, 2011 a notice was issued to the property for snow. A follow up took place on February 6, 2011, and the property was clear. October 2, 2017 a notice was issued to the property for trash. Upon follow up the property was still in violation so a ticket was issued.

The overgrown trees, and weeds are not CS violations unless they are encroaching on the right of way. The boat is not a violation; it is parked on the driveway.

I had intended to visit you and discuss what we might do next. That is where I failed to follow through. Please accept my apology.

Let me now offer to meet with you and discuss what we might do next. For example, we could ask the City Administrator, and any staff he wants present, to meet with concerned neighbors. If a few neighbors were willing to meet with staff, we might be able to persuade them of the significance of this nuisance. Please let me know how you and your neighbors would like to proceed.

Best wishes,  
Jack

**Subject:** RE: RFP to Evaluate Pension Funding Options

Jack:

I've been working with Howard and Tom on this on a pro bono basis. It's great that Howard finally lit a fuse under Tom to get it done! Separately, I helped Tom craft and send out the RFP that he has already issued for the insurance companies to respond with proposals to his RFP requesting bids for the annuity required and assisted him gratis with ways to market the RFP to all the insurance firms writing business in Michigan to ensure the quotes received were the best possible. Also, I was invited to help evaluate the bids. Attached is that RFP. This is the single best project the city could be working on right now, other than fixing the safety of our toxic drinking water ☺, as it would result in a huge decrease in enterprise risk and could provide cost savings for the general fund annually to the tune of as much as \$6mm a year.

Best wishes,  
Stephen

**Subject:** RFP to Evaluate Pension Funding Options

Mayor and Councilmembers:

I am writing to inform you that the City's Chief Financial Officer has issued a Request for Proposals for a consultant evaluate and determine the feasibility and cost for the City to purchase an annuity to pay its pension benefits. The purchase of an annuity will in essence sell the City's pension liability to a third party (anticipated to be an insurance company); thereby eliminating the volatility of future City contributions related to fluctuations in financial markets. Additionally, the City desires to know if there are other alternatives, it should explore to eliminate the City's financial exposure for both existing and future plan members. The consultant should address existing accrued benefits, duty death benefits, as well as other plan provisions. The final report should include at a minimum an actuarial assessment of the cost, preliminary pricing from sellers of annuities, options to fund the purchase of an annuity, and alternative strategies to reduce the City's exposure to increasing plan contributions.

We are seeking the above assistance to help inform a Council discussion and review of our long term financial commitments, as well as how to best normalize fluctuations that may influence our future budgets. If pursued, this will be a major policy decision for Council and our intent is provide the best supporting information we can to support that determination. No decisions have been reached, and there is no "bias" toward any potential approach. However, it is best to consider the options while the City is in a healthy financial state.

Please do not hesitate to contact Mr. Crawford or me if you have any questions or if you would like to discuss the matter further.

SECTION III: MINIMUM INFORMATION REQUIRED .....	13
SECTION IV: ATTACHMENTS .....	17
APPENDIX A: SAMPLE PROFESSIONAL SERVICES AGREEMENT .....	25

## **SECTION I - GENERAL INFORMATION**

### **A. OBJECTIVE**

The City of Ann Arbor is seeking the expertise and services of a consultant to evaluate the feasibility and cost for the City to purchase an annuity to pay its pension benefits. The purchase of an annuity will in essence sell the City's pension liability to a third party (anticipated to be an insurance company); thereby eliminating the volatility of future City contributions related to fluctuations in financial markets. Additionally, the City desires to know if there are other alternatives, it should explore to eliminate the City's financial exposure for both existing and future plan members. The consultant should address existing accrued benefits, duty death benefits, as well as other plan provisions. The final report should include at a minimum an actuarial assessment of the cost, preliminary pricing from sellers of annuities, options to fund the purchase of an annuity, and alternative strategies to reduce the City's exposure to increasing plan contributions. The Financial and Administrative Services Area Administrator will oversee the direction and quality of work of this consultant.

### **B. QUESTIONS AND CLARIFICATIONS / DESIGNATED CITY CONTACTS**

All questions regarding this Request for Proposal (RFP) shall be submitted via e-mail. Questions will be accepted and answered in accordance with the terms and conditions of this RFP.

**All questions shall be submitted on or before March 18, 2019 at 11:00 a.m.**, and should be addressed as follows:

Scope of Work/Proposal Content questions shall be e-mailed to Tom Crawford, Chief Financial Officer – [tcrawford@a2gov.org](mailto:tcrawford@a2gov.org)

RFP Process and Compliance questions shall be e-mailed to Colin Spencer, Buyer - [CSpencer@a2gov.org](mailto:CSpencer@a2gov.org)

Should any prospective offeror be in doubt as to the true meaning of any portion of this RFP, or should the prospective offeror find any ambiguity, inconsistency, or omission therein, the prospective offeror shall make a written request for an official interpretation or correction by the due date for questions above.

All interpretations, corrections, or additions to this RFP will be made only as an official addendum that will be posted to [a2gov.org](http://a2gov.org) and [MITN.info](http://MITN.info) and it shall be the prospective offeror's responsibility to ensure they have received all addenda before submitting a proposal. Any addendum issued by the City shall become part of the RFP, and must be incorporated in the proposal where applicable.

### C. PRE-PROPOSAL MEETING

No pre-proposal meeting will be held for this RFP. Please contact staff indicated above with general questions regarding the RFP.

### D. PROPOSAL FORMAT

To be considered, each firm must submit a response to this RFP using the format provided in Section III. No other distribution of proposals is to be made by the prospective offeror. An official authorized to bind the offeror to its provisions must sign the proposal in ink. Each proposal must remain valid for at least ninety days from the due date of this RFP.

Proposals should be prepared simply and economically providing a straightforward, concise description of the offeror's ability to meet the requirements of the RFP. No erasures are permitted. Mistakes may be crossed out and corrected and must be initialed in ink by the person signing the proposal.

### E. SELECTION CRITERIA

Responses to this RFP will be evaluated using a point system as shown in Section III. A selection committee comprised of staff from the City will complete the evaluation.

The fee proposals will not be reviewed at the initial evaluation. After initial evaluation, the City will determine top proposals, and open only those fee proposals. The City will then determine which, if any, firms will be interviewed. During the interviews, the selected firms will be given the opportunity to discuss their proposal, qualifications, past experience, and their fee proposal in more detail. The City further reserves the right to interview the key personnel assigned by the selected offeror to this project. If the City chooses to interview any respondents, the interviews will be tentatively held the **week of April 15, 2019**. Offeror must be available on these dates.

All proposals submitted may be subject to clarifications and further negotiation. All agreements resulting from negotiations that differ from what is represented within the RFP or in the proposal response shall be documented and included as part of the final contract.

### F. SEALED PROPOSAL SUBMISSION

**All proposals are due and must be delivered to the City on or before, March 28, 2019 at 2:00 p.m. (local time).** Proposals submitted late or via oral, telephonic, telegraphic, electronic mail or facsimile **will not** be considered or accepted.

**Each respondent must submit in a sealed envelope**

- **one (1) original proposal**
- **three (3) additional proposal copies**

- **one (1) digital copy of the proposal preferably on a USB/flash drive as one file in PDF format**

**Each respondent must submit in a single separate sealed envelope marked Fee Proposal**

- **two (2) copies of the fee proposal**

**The fee proposal and all costs must be separate from the rest of the proposal.**

Proposals submitted must be clearly marked: **“RFP No. 19-09 – Pension Annuity”** and list the offeror’s name and address.

Proposals must be addressed and delivered to:  
City of Ann Arbor  
c/o Customer Service  
301 East Huron Street  
Ann Arbor, MI 48107

All proposals received on or before the due date will be publicly opened and recorded on the due date. No immediate decisions will be rendered.

Hand delivered proposals must be date/time stamped by the Customer Service Department at the address above in order to be considered. Delivery hours are 8:00 a.m. to 5:00 p.m. Monday through Friday, excluding Holidays.

The City will not be liable to any prospective offeror for any unforeseen circumstances, delivery, or postal delays. Postmarking on the due date will not substitute for receipt of the proposal. Offerors are responsible for submission of their proposal. Additional time will not be granted to a single prospective offeror. However, additional time may be granted to all prospective offerors at the discretion of the City.

**A proposal will be disqualified if the following required forms are not included with the proposal:**

- **Attachment C - City of Ann Arbor Non-Discrimination Declaration of Compliance**
- **Attachment D - City of Ann Arbor Living Wage Declaration of Compliance**
- **Attachment E - Vendor Conflict of Interest Disclosure Form of the RFP Document**

***Proposals that fail to provide these completed forms listed above upon proposal opening will be deemed non-responsive and will not be considered for award.***

***Please do not provide these forms outlined directly above only within the separately sealed Fee Proposal envelope.***

***All proposed fees, cost or compensation for the services requested herein should be provided in the separately sealed Fee Proposal envelope only.***

## **G. DISCLOSURES**

Under the Freedom of Information Act (Public Act 442), the City is obligated to permit review of its files, if requested by others. All information in a proposal is subject to disclosure under this provision. This act also provides for a complete disclosure of contracts and attachments thereto.

## **H. TYPE OF CONTRACT**

A sample of the Professional Services Agreement is included as Appendix A. Those who wish to submit a proposal to the City are required to review this sample agreement carefully. **The City will not entertain changes to its Professional Services Agreement.**

The City reserves the right to award the total proposal, to reject any or all proposals in whole or in part, and to waive any informality or technical defects if, in the City's sole judgment, the best interests of the City will be so served.

This RFP and the selected offeror's response thereto, shall constitute the basis of the scope of services in the contract by reference.

## **I. NONDISCRIMINATION**

All offerors proposing to do business with the City shall satisfy the contract compliance administrative policy adopted by the City Administrator in accordance with the Section 9:158 of the Ann Arbor City Code. Breach of the obligation not to discriminate as outlined in Attachment C shall be a material breach of the contract. Contractors are required to post a copy of Ann Arbor's Non-Discrimination Ordinance attached at all work locations where its employees provide services under a contract with the City.

## **J. WAGE REQUIREMENTS**

The Attachments provided herein outline the requirements for payment of prevailing wages or of a "living wage" to employees providing service to the City under this contract. The successful offeror must comply with all applicable requirements and provide documentary proof of compliance when requested.

## **K. CONFLICT OF INTEREST DISCLOSURE**

The City of Ann Arbor Purchasing Policy requires that the consultant complete a Conflict of Interest Disclosure form. A contract may not be awarded to the selected offeror unless and until the Procurement Unit and the City Administrator have reviewed the Disclosure form and determined that no conflict exists under applicable federal, state, or local law or administrative regulation. Not every relationship or situation disclosed on the Disclosure Form may be a disqualifying conflict. Depending on applicable law and regulations, some contracts may awarded on the recommendation of the City Administrator after full disclosure, where such action is allowed by law, if demonstrated competitive pricing exists and/or it is determined the award is in the best interest of the City. A copy of the Conflict of Interest Disclosure Form is attached.

## **L. COST LIABILITY**

The City of Ann Arbor assumes no responsibility or liability for costs incurred by the offeror prior to the execution of a Professional Services Agreement. The liability of the City is limited to the terms and conditions outlined in the Agreement. By submitting a proposal, offeror agrees to bear all costs incurred or related to the preparation, submission, and selection process for the proposal.

## **M. DEBARMENT**

Submission of a proposal in response to this RFP is certification that the Respondent is not currently debarred, suspended, proposed for debarment, and declared ineligible or voluntarily excluded from participation in this transaction by any State or Federal departments or agency. Submission is also agreement that the City will be notified of any changes in this status.

## **N. PROPOSAL PROTEST**

All proposal protests must be in writing and filed with the Purchasing Manager within five (5) business days of the award action. The offeror must clearly state the reasons for the protest. If an offeror contacts a City Service Area/Unit and indicates a desire to protest an award, the Service Area/Unit shall refer the offeror to the Purchasing Manager. The Purchasing Manager will provide the offeror with the appropriate instructions for filing the protest. The protest shall be reviewed by the City Administrator or designee, whose decision shall be final.

Any inquiries or requests regarding this procurement should be only submitted in writing to the Designated City Contacts provided herein. Attempts by the offeror to initiate contact with anyone other than the Designated City Contacts provided herein that the offeror believes can influence the procurement decision, e.g., Elected Officials, City Administrator, Selection Committee Members, Appointed Committee Members, etc., may lead to immediate elimination from further consideration.

## O. SCHEDULE

The proposals submitted should define an appropriate schedule in accordance with the requirements of the Proposed Work Plan in Section III.

The following is the schedule for this RFP process.

<b>Activity/Event</b>	<b>Anticipated Date</b>
Written Question Deadline	March 18, 2019 11:00 a.m.
Addenda Published (if needed)	Week of March 18, 2019
Proposal Due Date	March 28, 2019, 2:00 p.m. (Local Time)
Tentative Interviews (if needed)	Week of April 15, 2019
Selection/Negotiations	April/May 2019
Expected City Council Authorizations	June 2019

The above schedule is for information purposes only and is subject to change at the City's discretion.

## P. IRS FORM W-9

The selected offeror will be required to provide the City of Ann Arbor an IRS form W-9.

## Q. RESERVATION OF RIGHTS

1. The City reserves the right in its sole and absolute discretion to accept or reject any or all proposals, or alternative proposals, in whole or in part, with or without cause.
2. The City reserves the right to waive, or not waive, informalities or irregularities in any proposal if determined by the City to be in its best interest.
3. The City reserves the right to request additional information from any or all offerors.
4. The City reserves the right to reject any proposal that it determines to be unresponsive and deficient in any of the information requested within RFP.
5. The City reserves the right to determine whether the scope of the project will be entirely as described in the RFP, a portion of the scope, or a revised scope be implemented.
6. The City reserves the right to select one or more consultants to perform services.
7. The City reserves the right to retain all proposals submitted and to use any ideas in a proposal regardless of whether that proposal is selected. Submission of a proposal indicates acceptance by the firm of the conditions contained in this RFP, unless clearly and specifically noted in the proposal submitted.
8. The City reserves the right to disqualify proposals that fail to respond to any requirements outlined in the RFP, or failure to enclose copies of the required documents outlined within RFP.

## **R. ENVIRONMENTAL COMMITMENT**

The City of Ann Arbor recognizes its responsibility to minimize negative impacts on human health and the environment while supporting a vibrant community and economy. The City further recognizes that the products and services the City buys have inherent environmental and economic impacts and that the City should make procurement decisions that embody, promote, and encourage the City's commitment to the environment.

The City encourages potential vendors to bring forward emerging and progressive products and services that are best suited to the City's environmental principles.

## **S. USE OF CITY SEAL AND FLAG**

Please be aware in responding to this formal solicitation that use of the City's seal or flag in a manner inconsistent with Title I, Chapter 9 of the City's Code of Ordinances is prohibited.

## **SECTION II - SCOPE OF SERVICES**

### 1. Background

The City Charter of the City of Ann Arbor provides for the adoption of an ordinance to establish the City of Ann Arbor Employees' Retirement System. The ordinance provides for the Retirement System's operation through a Board of Trustees and for the financing of the System through contributions by the membership and a special tax levied annually on all personal and real property in the City of Ann Arbor. The purpose of the Retirement System is to secure and provide retirement, disability, and survivor benefits for long-term employees of the City of Ann Arbor.

The System is presently open to all active City employees who meet the definition of "member" in the Ann Arbor City Ordinance. As of June 30, 2018, the retirement system had 695 active members, 150 inactive members, and 1,067 retirees and beneficiaries currently covered.

The Retirement System's funding objective is to meet the City's long-term benefit commitment to retirees through contributions that remain approximately level as a percentage of member payrolls. The Retirement System was funded at 86.5% as of June 30, 2018, a slight increase from the prior year's 85.8% funded level. The System uses a "smoothed asset value" over the past five years when calculating the funded status of the Plan.

To fund the retirement allowances promised by the City of Ann Arbor, group contribution rates are determined based on the annual actuarial valuation. In addition, the actuarial valuation indicates the required plan sponsor contributions, members' contributions, and the assumed investment income. Each of these three sources provides funding as described below:

**Contributions by Members:** Members contributed \$3,185,448, including purchased service payments, to the Retirement System for the fiscal year ended June 30, 2018.

**Contributions by the City:** For the fiscal year ended June 30, 2018, the City's contribution was \$13,445,765, which covers the annual cost of providing benefits to the Members as well as a payment toward the underfunding in the Plan. The 2018 contributions exceeded the actuarially required amount. The City expects to contribute \$13,464,778 for fiscal year 2018/2019, and \$14,092,966 for fiscal year 2019/2020. The City will contribute the greater of the actuarial requirement or the past year's contribution plus an inflation factor based on tax revenues.

**Investment Income:** Investment income is the third source of Retirement System revenues. For fiscal year ended June 30, 2018, the Retirement System's financial experience met its target return, as Plan Net Assets Available for Benefits increased to \$503.7 million as of June 30, 2018 from \$491.3 million the prior year. Investment

performance on a fair value basis was a positive 7.0%. The System had net investment income of \$33,235,000. The System's assumed rate of return is 7% annually.

**Benefits:** The System pays benefits monthly to retirees. For the fiscal year ending June 30, 2018, benefit payments totaled \$36,882,878. The plan does not provide for cost of living increases in retirement but does have a poverty provision to increase retiree benefits if the member is below the federal poverty level.

The System's actuarial liabilities as of June 30, 2018 are summarized in the table below:

**Actuarial Liabilities**

A. Present Value of Future Benefits	General Members	Police Members	Fire Members	Total
Active Members				
Retirement Benefits	116,097,497	71,779,730	45,229,130	233,106,357
Withdrawal Benefits	10,204,017	529,477	480,446	11,213,940
Disability Benefits	5,181,903	2,240,807	452,078	7,874,788
Death Benefits	1,357,521	362,789	307,174	2,027,484
<b>Total</b>	<b>132,840,938</b>	<b>74,912,803</b>	<b>46,468,828</b>	<b>254,222,569</b>
B. Inactive Members with Deferred Benefits	12,776,856	1,008,746	503,570	14,289,172
C. Inactive Members Receiving Benefits	207,841,801	114,351,702	76,636,525	398,830,028
D. Total Present Value of Future Benefits (A + B + C)	353,459,595	190,273,251	123,608,923	667,341,769
E. Present Value of Future Normal Costs	46,954,939	22,599,743	14,186,353	83,741,035
F. Total Actuarial Accrued Liability (D - E)	<b>306,504,656</b>	<b>167,673,508</b>	<b>109,422,570</b>	<b>583,600,734</b>

2. Objective

The City of Ann Arbor is seeking the expertise and services of a consultant to evaluate the feasibility and cost for the City to purchase an annuity to pay its pension benefits. The purchase of an annuity will in essence sell the City's pension liability to a third party; thereby eliminating the volatility of future City contributions related to fluctuations in financial markets. A third party seller of annuities should be an insurance company rated A or higher by AM Best. Additionally, the City desires to know if there are other alternatives, it should explore to eliminate the City's financial exposure for both existing and future plan members. The consultant should address existing accrued benefits, duty death benefits, as well as other plan provisions. The final report should include at a minimum legal restrictions (if any), an actuarial assessment of the cost, preliminary pricing from sellers of annuities, options to fund the purchase of an annuity, and alternative strategies to reduce the City's exposure to increasing plan contributions.

3. Requirements

- A. Acting as a professional advisor to the City, the consultant shall perform their own assessment of the City's pension liability and provide actuarial projections appropriate for a third party (unaffiliated to the respondent) to provide cost estimates on the cost of an annuity to fund the pension liability.
- B. If possible, feasibility and cost estimates would be determined on the general, police, and fire employee groups separately as well as combined.

- C. The City is the sponsoring entity for the System, so members have a high degree of confidence that benefit payments will be made in future years. The consultant shall address how the surety of benefit payments will be guaranteed.
- D. The consultant shall provide the steps necessary and an estimated timeline, assuming City approval is obtained, for implementing a transaction.
- E. The consultant shall provide a report with all of the above items addressed along with other alternatives to achieve the City's objective of reducing/eliminating the volatility of City contributions into the pension system.

### Consultant's Proposal

In keeping with the objective, the description, the requirements, and the consultant's tasks as previously indicated in this Request for Proposal, the consultants submitting proposals shall outline in detail the manner in which the consultant shall work with the City to fulfill the City's needs.

The outline at a minimum shall address:

- A. Staffing and personnel.
- B. Communication and coordination.
- C. Compatibility with city's standards, goals, and objectives.
- D. Working relationship between consultant and City staff.
- E. Information that will assist the City to determine the consultant's capability of performing the work.

## **SECTION III - MINIMUM INFORMATION REQUIRED**

Offerors should organize Proposals into the following Sections:

- A. Professional Qualifications
- B. Past Involvement with Similar Projects
- C. Proposed Work Plan
- D. Fee Proposal (include in a separate sealed envelope clearly marked "Fee Proposal")
- E. Authorized Negotiator
- F. Attachments

The following describes the elements that should be included in each of the proposal sections and the weighted point system that will be used for evaluation of the proposals.

### A. Professional Qualifications – 30 points

1. State the full name and address of your organization and, if applicable, the branch office or other subsidiary element that will perform, or assist in performing, the work hereunder. Indicate whether it operates as an individual, partnership, or corporation. If as a corporation, include whether it is licensed to operate in the State of Michigan.
2. Include the name of executive and professional personnel by skill and qualification that will be employed in the work. Show where these personnel will be physically located during the time they are engaged in the work. Indicate which of these individuals you consider key to the successful completion of the project. Identify only individuals who will do the work on this project by name and title. Resumes and qualifications are required for all proposed project personnel, including all subcontractors. Qualifications and capabilities of any subcontractors must also be included.
3. State history of the firm, in terms of length of existence, types of services provided, etc. Identify the technical details that make the firm uniquely qualified for this work.

### B. Past involvement with Similar Projects – 30 points

The written proposal must include a list of specific experience in the project area and indicate proven ability in implementing similar projects for the firm **and** the individuals to be involved in the project. A complete list of client references must be provided for similar projects recently completed. The list shall include the firm/agency name, address, telephone number, project title, and contact person.

C. Proposed Work Plan – 20 points

Provide a detailed and comprehensive description of how the offeror intends to provide the services requested in this RFP. This description shall include, but not be limited to: how the project(s) will be managed and scheduled, how and when data and materials will be delivered to the City, communication and coordination, the working relationship between the offeror and City staff, and the company's general philosophy in regards to providing the requested services.

Offerors shall be evaluated on the clarity, thoroughness, and content of their responses to the above items.

D. Fee Proposal - 20 points

Fee schedules shall be submitted in a separate, sealed, envelope as part of the proposal. Fees are to include the names, title, hourly rates, overhead factors, and any other relevant details. The proposal should highlight key staff and positions that would likely be involved with projects. Offerors shall be capable of justifying the details of the fee proposal relative to personnel costs, overhead, how the overhead rate is derived, material and time.

E. Authorized Negotiator

Include the name, phone number, and e-mail address of persons(s) in your organization authorized to negotiate the agreement with the City.

F. Attachments

Legal Status of Offeror, Conflict of Interest Form, Living Wage Compliance Form, and the Non-Discrimination Form must be completed and returned with the proposal. These elements should be included as attachments to the proposal submission.

## **PROPOSAL EVALUATION**

1. The selection committee will evaluate each proposal by the above-described criteria and point system (A through C) to select a short-list of firms for further consideration. The City reserves the right to reject any proposal that it determines to be unresponsive and deficient in any of the information requested for evaluation. A proposal with all the requested information does not guarantee the proposing firm to be a candidate for an interview. The committee may contact references to verify material submitted by the offerors.

2. The committee then will schedule interviews with the selected firms if necessary. The selected firms will be given the opportunity to discuss in more detail their qualifications, past experience, proposed work plan and fee proposal.
3. The interview must include the project team members expected to complete a majority of work on the project, but no more than six members total. The interview shall consist of a presentation of up to thirty minutes (or the length provided by the committee) by the offeror, including the person who will be the project manager on this contract, followed by approximately thirty minutes of questions and answers. Audiovisual aids may be used during the oral interviews. The committee may record the oral interviews.
4. The firms interviewed will then be re-evaluated by the above criteria (A through D), and adjustments to scoring will be made as appropriate. After evaluation of the proposals, further negotiation with the selected firm may be pursued leading to the award of a contract by City Council, if suitable proposals are received.

The City reserves the right to waive the interview process and evaluate the offerors based on their proposals and fee schedules alone and open fee schedules before or prior to interviews.

The City will determine whether the final scope of the project to be negotiated will be entirely as described in this RFP, a portion of the scope, or a revised scope.

Work to be done under this contract is generally described through the detailed specifications and must be completed fully in accordance with the contract documents.

Any proposal that does not conform fully to these instructions may be rejected.

## **PREPARATION OF PROPOSALS**

Proposals should have no plastic bindings but will not be rejected as non-responsive for being bound. Staples or binder clips are acceptable. Proposals should be printed double sided on recycled paper. Proposals should not be more than 15 sheets (30 sides), not including required attachments and resumes.

Each person signing the proposal certifies that they are a person in the offeror's firm/organization responsible for the decisions regarding the fees being offered in the Proposal and has not and will not participate in any action contrary to the terms of this provision.

## **ADDENDA**

If it becomes necessary to revise any part of the RFP, notice of the addendum will be posted to Michigan Inter-governmental Trade Network (MITN) [www.mitn.info](http://www.mitn.info) and/or the City of Ann Arbor web site [www.A2gov.org](http://www.A2gov.org) for all parties to download.

Each offeror must acknowledge in its proposal all addenda it has received. The failure of an offeror to receive or acknowledge receipt of any addenda shall not relieve the offeror of the responsibility for complying with the terms thereof. The City will not be bound by oral responses to inquiries or written responses other than official written addenda.

## **SECTION IV - ATTACHMENTS**

Attachment A – City of Ann Arbor Employees Retirement System Actuarial Valuation and Report as of June 30, 2018

**ATTACHMENT D  
CITY OF ANN ARBOR  
LIVING WAGE ORDINANCE DECLARATION OF COMPLIANCE**

The Ann Arbor Living Wage Ordinance (Section 1:811-1:821 of Chapter 23 of Title I of the Code) requires that an employer who is (a) a contractor providing services to or for the City for a value greater than \$10,000 for any twelve-month contract term, or (b) a recipient of federal, state, or local grant funding administered by the City for a value greater than \$10,000, or (c) a recipient of financial assistance awarded by the City for a value greater than \$10,000, shall pay its employees a prescribed minimum level of compensation (i.e., Living Wage) for the time those employees perform work on the contract or in connection with the grant or financial assistance. The Living Wage must be paid to these employees for the length of the contract/program.

*Companies employing fewer than 5 persons and non-profits employing fewer than 10 persons are exempt from compliance with the Living Wage Ordinance. If this exemption applies to your company/non-profit agency please check here  No. of employees \_\_\_\_\_*

The Contractor or Grantee agrees:

- (a) To pay each of its employees whose wage level is not required to comply with federal, state or local prevailing wage law, for work covered or funded by a contract with or grant from the City, no less than the Living Wage. The current Living Wage is defined as \$13.61/hour for those employers that provide employee health care (as defined in the Ordinance at Section 1:815 Sec. 1 (a)), or no less than \$15.18/hour for those employers that do not provide health care. The Contractor or Grantor understands that the Living Wage is adjusted and established annually on April 30 in accordance with the Ordinance and covered employers shall be required to pay the adjusted amount thereafter to be in compliance with Section 1:815(3).

**Check the applicable box below which applies to your workforce**

Employees who are assigned to any covered City contract/grant will be paid at or above the applicable living wage without health benefits

Employees who are assigned to any covered City contract/grant will be paid at or above the applicable living wage with health benefits

- (b) To post a notice approved by the City regarding the applicability of the Living Wage Ordinance in every work place or other location in which employees or other persons contracting for employment are working.
- (c) To provide to the City payroll records or other documentation within ten (10) business days from the receipt of a request by the City.
- (d) To permit access to work sites to City representatives for the purposes of monitoring compliance, and investigating complaints or non-compliance.
- (e) To take no action that would reduce the compensation, wages, fringe benefits, or leave available to any employee covered by the Living Wage Ordinance or any person contracted for employment and covered by the Living Wage Ordinance in order to pay the living wage required by the Living Wage Ordinance.

The undersigned states that he/she has the requisite authority to act on behalf of his/her employer in these matters and has offered to provide the services or agrees to accept financial assistance in accordance with the terms of the Living Wage Ordinance. The undersigned certifies that he/she has read and is familiar with the terms of the Living Wage Ordinance, obligates the Employer/Grantee to those terms and acknowledges that if his/her employer is found to be in violation of Ordinance it may be subject to civil penalties and termination of the awarded contract or grant of financial assistance.

<b>VENDOR CONFLICT OF INTEREST DISCLOSURE FORM</b>
--

All vendors interested in conducting business with the City of Ann Arbor must complete and return the Vendor Conflict of Interest Disclosure Form in order to be eligible to be awarded a contract. Please note that all vendors are subject to comply with the City of Ann Arbor's conflict of interest policies as stated within the certification section below.

If a vendor has a relationship with a City of Ann Arbor official or employee, an immediate family member of a City of Ann Arbor official or employee, the vendor shall disclose the information required below.

1. No City official or employee or City employee's immediate family member has an ownership interest in vendor's company or is deriving personal financial gain from this contract.
2. No retired or separated City official or employee who has been retired or separated from the City for less than one (1) year has an ownership interest in vendor's Company.
3. No City employee is contemporaneously employed or prospectively to be employed with the vendor.
4. Vendor hereby declares it has not and will not provide gifts or hospitality of any dollar value or any other gratuities to any City employee or elected official to obtain or maintain a contract.
5. Please note any exceptions below:

<b>Conflict of Interest Disclosure*</b>	
Name of City of Ann Arbor employees, elected officials or immediate family members with whom there may be a potential conflict of interest.	<input type="checkbox"/> Relationship to employee <hr/> <input type="checkbox"/> Interest in vendor's company <input type="checkbox"/> Other (please describe in box below)

\*Disclosing a potential conflict of interest does not disqualify vendors. In the event vendors do not disclose potential conflicts of interest and they are detected by the City, vendor will be exempt from doing business with the City.

<b>I certify that this Conflict of Interest Disclosure has been examined by me and that its contents are true and correct to my knowledge and belief and I have the authority to so certify on behalf of the Vendor by my signature below:</b>

<b>Signature of Vendor Authorized Representative</b>	<b>Date</b>	<b>Printed Name of Vendor Authorized Representative</b>

**ATTACHMENT F  
CITY OF ANN ARBOR NON-DISCRIMINATION ORDINANCE**

Relevant provisions of Chapter 112, Nondiscrimination, of the Ann Arbor City Code are included below.  
You can review the entire ordinance at [www.a2gov.org/humanrights](http://www.a2gov.org/humanrights).

**Intent:** It is the intent of the city that no individual be denied equal protection of the laws; nor shall any individual be denied the enjoyment of his or her civil or political rights or be discriminated against because of actual or perceived age, arrest record, color, disability, educational association, familial status, family responsibilities, gender expression, gender identity, genetic information, height, HIV status, marital status, national origin, political beliefs, race, religion, sex, sexual orientation, source of income, veteran status, victim of domestic violence or stalking, or weight.

**Discriminatory Employment Practices:** No person shall discriminate in the hire, employment, compensation, work classifications, conditions or terms, promotion or demotion, or termination of employment of any individual. No person shall discriminate in limiting membership, conditions of membership or termination of membership in any labor union or apprenticeship program.

**Discriminatory Effects:** No person shall adopt, enforce or employ any policy or requirement which has the effect of creating unequal opportunities according to actual or perceived age, arrest record, color, disability, educational association, familial status, family responsibilities, gender expression, gender identity, genetic information, height, HIV status, marital status, national origin, political beliefs, race, religion, sex, sexual orientation, source of income, veteran status, victim of domestic violence or stalking, or weight for an individual to obtain housing, employment or public accommodation, except for a bona fide business necessity. Such a necessity does not arise due to a mere inconvenience or because of suspected objection to such a person by neighbors, customers or other persons.

**Nondiscrimination by City Contractors:** All contractors proposing to do business with the City of Ann Arbor shall satisfy the contract compliance administrative policy adopted by the City Administrator in accordance with the guidelines of this section. All city contractors shall ensure that applicants are employed and that employees are treated during employment in a manner which provides equal employment opportunity and tends to eliminate inequality based upon any classification protected by this chapter. All contractors shall agree not to discriminate against an employee or applicant for employment with respect to hire, tenure, terms, conditions, or privileges of employment, or a matter directly or indirectly related to employment, because of any applicable protected classification. All contractors shall be required to post a copy of Ann Arbor's Non-Discrimination Ordinance at all work locations where its employees provide services under a contract with the city.

**Complaint Procedure:** If any individual believes there has been a violation of this chapter, he/she may file a complaint with the City's Human Rights Commission. The complaint must be filed within 180 calendar days from the date of the individual's knowledge of the allegedly discriminatory action or 180 calendar days from the date when the individual should have known of the allegedly discriminatory action. A complaint that is not filed within this timeframe cannot be considered by the Human Rights Commission. To file a complaint, first complete the complaint form, which is available at [www.a2gov.org/humanrights](http://www.a2gov.org/humanrights). Then submit it to the Human Rights Commission by e-mail ([hrc@a2gov.org](mailto:hrc@a2gov.org)), by mail (Ann Arbor Human Rights Commission, PO Box 8647, Ann Arbor, MI 48107), or in person (City Clerk's Office). For further information, please call the commission at 734-794-6141 or e-mail the commission at [hrc@a2gov.org](mailto:hrc@a2gov.org).

**Private Actions For Damages or Injunctive Relief:** To the extent allowed by law, an individual who is the victim of discriminatory action in violation of this chapter may bring a civil action for appropriate injunctive relief or damages or both against the person(s) who acted in violation of this chapter.

**THIS IS AN OFFICIAL GOVERNMENT NOTICE AND  
MUST BE DISPLAYED WHERE EMPLOYEES CAN READILY SEE IT.**

**ATTACHMENT G**

**CITY OF ANN ARBOR LIVING WAGE ORDINANCE**

**RATE EFFECTIVE APRIL 30, 2019 - ENDING APRIL 29, 2020**

**\$13.61** per hour

If the employer provides health care benefits\*

**\$15.18** per hour

If the employer does **NOT** provide health care benefits\*

Employers providing services to or for the City of Ann Arbor or recipients of grants or financial assistance from the City of Ann Arbor for a value of more than \$10,000 in a twelve-month period of time must pay those employees performing work on a City of Ann Arbor contract or grant, the above living wage.

**ENFORCEMENT**

The City of Ann Arbor may recover back wages either administratively or through court action for the employees that have been underpaid in violation of the law. Persons denied payment of the living wage have the right to bring a civil action for damages in addition to any action taken by the City.

Violation of this Ordinance is punishable by fines of not more than \$500/violation plus costs, with each day being considered a separate violation. Additionally, the City of Ann Arbor has the right to modify, terminate, cancel or suspend a contract in the event of a violation of the Ordinance.

\* Health Care benefits include those paid for by the employer or making an employer contribution toward the purchase of health care. The employee contribution must not exceed \$.50 an hour for an average work week; and the employer cost or contribution must equal no less than \$1/hr for the average work week.

**The Law Requires Employers to Display This Poster Where Employees Can Readily See It.**

**For Additional Information or to File a Complaint Contact  
Colin Spencer at 734/794-6500 or [cspencer@a2gov.org](mailto:cspencer@a2gov.org)**

**APPENDIX A: SAMPLE PROFESSIONAL SERVICES AGREEMENT**

*If a contract is awarded, the selected Firm(s) will be required to adhere to a set of general contract provisions which will become a part of any formal agreement. These provisions are general principles which apply to all contractors/service providers to the City of Ann Arbor. The required provisions are:*

(2018 PSA over \$25,000 Auto AI)

**PROFESSIONAL SERVICES AGREEMENT BETWEEN**

**AND THE CITY OF ANN ARBOR**  
**FOR** \_\_\_\_\_

The City of Ann Arbor, a Michigan municipal corporation, having its offices at 301 E. Huron St. Ann Arbor, Michigan 48104 ("City"), and

\_\_\_\_\_  
("Contractor"), a(n) \_\_\_\_\_  
(State where organized) (Partnership, Sole Proprietorship, or Corporation)

with its address at \_\_\_\_\_, agree as follows:

The Contractor agrees to provide services to the City under the following terms and conditions:

**I. DEFINITIONS**

Administering Service Area/Unit means \_\_\_\_\_.

Contract Administrator means \_\_\_\_\_, acting personally or through any assistants authorized by the Administrator/Manager of the Administering Service Area/Unit.

Deliverables means all Plans, Specifications, Reports, Recommendations, and other materials developed for and delivered to City by Contractor under this Agreement.

Project means \_\_\_\_\_  
Project name

**II. DURATION**

Contractor shall commence performance on \_\_\_\_\_, 20\_\_\_\_ ("Commencement Date"). This Agreement shall remain in effect until satisfactory completion of the Services specified below unless terminated as provided for in Article XI. The terms and conditions of this Agreement shall apply to the earlier of the Effective Date or Commencement Date.

### III. SERVICES

- A. The Contractor agrees to provide \_\_\_\_\_  
type of service

("Services") in connection with the Project as described in Exhibit A. The City retains the right to make changes to the quantities of service within the general scope of the Agreement at any time by a written order. If the changes add to or deduct from the extent of the services, the contract sum shall be adjusted accordingly. All such changes shall be executed under the conditions of the original Agreement.

- B. Quality of Services under this Agreement shall be of the level of quality performed by persons regularly rendering this type of service. Determination of acceptable quality shall be made solely by the Contract Administrator.
- C. The Contractor shall perform its Services for the Project in compliance with all statutory, regulatory, and contractual requirements now or hereafter in effect as may be applicable to the rights and obligations set forth in the Agreement.
- D. The Contractor may rely upon the accuracy of reports and surveys provided to it by the City (if any) except when defects should have been apparent to a reasonably competent professional or when it has actual notice of any defects in the reports and surveys.

### IV. INDEPENDENT CONTRACTOR

The Parties agree that at all times and for all purposes under the terms of this Agreement each Party's relationship to any other Party shall be that of an independent contractor. Each Party will be solely responsible for the acts of its own employees, agents, and servants. No liability, right, or benefit arising out of any employer/employee relationship, either express or implied, shall arise or accrue to any Party as a result of this Agreement.

### V. COMPENSATION OF CONTRACTOR

- A. The Contractor shall be paid in the manner set forth in Exhibit B. Payment shall be made monthly, unless another payment term is specified in Exhibit B, following receipt of invoices submitted by the Contractor, and approved by the Contract Administrator.
- B. The Contractor will be compensated for Services performed in addition to the Services described in Article III, only when the scope of and compensation for those additional Services have received prior written approval of the Contract Administrator.
- C. The Contractor shall keep complete records of work performed (e.g. tasks performed, hours allocated, etc.) so that the City may verify invoices submitted by the Contractor. Such records shall be made available to the City upon request and submitted in summary form with each invoice.

## VI. INSURANCE/INDEMNIFICATION

- A. The Contractor shall procure and maintain during the life of this contract such insurance policies, including those set forth in Exhibit C, as will protect itself and the City from all claims for bodily injuries, death or property damage that may arise under this contract; whether the act(s) or omission(s) giving rise to the claim were made by the Contractor, any subcontractor or anyone employed by them directly or indirectly. Prior to commencement of work under this Agreement, Contractor shall provide to the City documentation satisfactory to the City, through City-approved means (currently myCOI), demonstrating it has obtained the policies and endorsements required by Exhibit C. Contractor shall add registration@mycoitracking.com to its safe sender's list so that it will receive necessary communication from myCOI. When requested, Contractor shall provide the same documentation for its subcontractor(s) (if any).
  
- B. Any insurance provider of Contractor shall be authorized to do business in the State of Michigan and shall carry and maintain a minimum rating assigned by A.M. Best & Company's Key Rating Guide of "A-" Overall and a minimum Financial Size Category of "V". Insurance policies and certificates issued by non-authorized insurance companies are not acceptable unless approved in writing by the City.
  
- C. To the fullest extent permitted by law, Contractor shall indemnify, defend, and hold the City, its officers, employees and agents harmless from all suits, claims, judgments and expenses, including attorney's fees, resulting or alleged to result, from any acts or omissions by Contractor or its employees and agents occurring in the performance of or breach in this Agreement, except to the extent that any suit, claim, judgment or expense are finally judicially determined to have resulted from the City's negligence or willful misconduct or its failure to comply with any of its material obligations set forth in this Agreement.

## VII. COMPLIANCE REQUIREMENTS

- A. Nondiscrimination. The Contractor agrees to comply, and to require its subcontractor(s) to comply, with the nondiscrimination provisions of MCL 37.2209. The Contractor further agrees to comply with the provisions of Section 9:158 of Chapter 112 of the Ann Arbor City Code and to assure that applicants are employed and that employees are treated during employment in a manner which provides equal employment opportunity.

- B. Living Wage. If the Contractor is a “covered employer” as defined in Chapter 23 of the Ann Arbor City Code, the Contractor agrees to comply with the living wage provisions of Chapter 23 of the Ann Arbor City Code. The Contractor agrees to pay those employees providing Services to the City under this Agreement a “living wage,” as defined in Section 1:815 of the Ann Arbor City Code, as adjusted in accordance with Section 1:815(3); to post a notice approved by the City of the applicability of Chapter 23 in every location in which regular or contract employees providing services under this Agreement are working; to maintain records of compliance; if requested by the City, to provide documentation to verify compliance; to take no action that would reduce the compensation, wages, fringe benefits, or leave available to any employee or person contracted for employment in order to pay the living wage required by Section 1:815; and otherwise to comply with the requirements of Chapter 23.

**VIII. WARRANTIES BY THE CONTRACTOR**

- A. The Contractor warrants that the quality of its Services under this Agreement shall conform to the level of quality performed by persons regularly rendering this type of service.
- B. The Contractor warrants that it has all the skills, experience, and professional licenses necessary to perform the Services specified in this Agreement.
- C. The Contractor warrants that it has available, or will engage, at its own expense, sufficient trained employees to provide the Services specified in this Agreement.
- D. The Contractor warrants that it is not, and shall not become overdue or in default to the City for any contract, debt, or any other obligation to the City including real and personal property taxes.
- E. The Contractor warrants that its proposal for services was made in good faith, it arrived at the costs of its proposal independently, without consultation, communication or agreement, for the purpose of restricting completion as to any matter relating to such fees with any competitor for these Services; and no attempt has been made or shall be made by the Contractor to induce any other person or firm to submit or not to submit a proposal for the purpose of restricting competition.

**IX. OBLIGATIONS OF THE CITY**

- A. The City agrees to give the Contractor access to the Project area and other City-owned properties as required to perform the necessary Services under this Agreement.
- B. The City shall notify the Contractor of any defects in the Services of which the Contract Administrator has actual notice.

## **X. ASSIGNMENT**

- A. The Contractor shall not subcontract or assign any portion of any right or obligation under this Agreement without prior written consent from the City. Notwithstanding any consent by the City to any assignment, Contractor shall at all times remain bound to all warranties, certifications, indemnifications, promises and performances, however described, as are required of it under the Agreement unless specifically released from the requirement, in writing, by the City.
- B. The Contractor shall retain the right to pledge payment(s) due and payable under this Agreement to third parties.

## **XI. TERMINATION OF AGREEMENT**

- A. If either party is in breach of this Agreement for a period of fifteen (15) days following receipt of notice from the non-breaching party with respect to a breach, the non-breaching party may pursue any remedies available to it against the breaching party under applicable law, including but not limited to, the right to terminate this Agreement without further notice. The waiver of any breach by any party to this Agreement shall not waive any subsequent breach by any party.
- B. The City may terminate this Agreement, on at least thirty (30) days advance notice, for any reason, including convenience, without incurring any penalty, expense or liability to Contractor, except the obligation to pay for Services actually performed under the Agreement before the termination date.
- C. Contractor acknowledges that, if this Agreement extends for several fiscal years, continuation of this Agreement is subject to appropriation of funds for this Project. If funds to enable the City to effect continued payment under this Agreement are not appropriated or otherwise made available, the City shall have the right to terminate this Agreement without penalty at the end of the last period for which funds have been appropriated or otherwise made available by giving written notice of termination to Contractor. The Contract Administrator shall give Contractor written notice of such non-appropriation within thirty (30) days after it receives notice of such non-appropriation.
- D. The provisions of Articles VI and VIII shall survive the expiration or earlier termination of this Agreement for any reason. The expiration or termination of this Agreement, for any reason, shall not release either party from any obligation or liability to the other party, including any payment obligation that has already accrued and Contractor's obligation to deliver all Deliverables due as of the date of termination of the Agreement.

## **XII. REMEDIES**

- A. This Agreement does not, and is not intended to, impair, divest, delegate or contravene any constitutional, statutory and/or other legal right, privilege, power, obligation, duty or immunity of the Parties.

#### **XIV. CHOICE OF LAW AND FORUM**

This Agreement will be governed and controlled in all respects by the laws of the State of Michigan, including interpretation, enforceability, validity and construction, excepting the principles of conflicts of law. The parties submit to the jurisdiction and venue of the Circuit Court for Washtenaw County, State of Michigan, or, if original jurisdiction can be established, the United States District Court for the Eastern District of Michigan, Southern Division, with respect to any action arising, directly or indirectly, out of this Agreement or the performance or breach of this Agreement. The parties stipulate that the venues referenced in this Agreement are convenient and waive any claim of non-convenience.

#### **XV. OWNERSHIP OF DOCUMENTS**

Upon completion or termination of this Agreement, all documents (i.e., Deliverables) prepared by or obtained by the Contractor as provided under the terms of this Agreement shall be delivered to and become the property of the City. Original basic survey notes, sketches, charts, drawings, partially completed drawings, computations, quantities and other data shall remain in the possession of the Contractor as instruments of service unless specifically incorporated in a deliverable, but shall be made available, upon request, to the City without restriction or limitation on their use. The City acknowledges that the documents are prepared only for the Project. Prior to completion of the contracted Services the City shall have a recognized proprietary interest in the work product of the Contractor.

Unless otherwise stated in this Agreement, any intellectual property owned by Contractor prior to the effective date of this Agreement (i.e., Preexisting Information) shall remain the exclusive property of Contractor even if such Preexisting Information is embedded or otherwise incorporated in materials or products first produced as a result of this Agreement or used to develop Deliverables. The City's right under this provision shall not apply to any Preexisting Information or any component thereof regardless of form or media.

#### **XVI. CONFLICTS OF INTEREST OR REPRESENTATION**

Contractor certifies it has no financial interest in the Services to be provided under this Agreement other than the compensation specified herein. Contractor further certifies that it presently has no personal or financial interest, and shall not acquire any such interest, direct or indirect, which would conflict in any manner with its performance of the Services under this Agreement.

Contractor agrees to advise the City if Contractor has been or is retained to handle any matter in which its representation is adverse to the City. The City's prospective consent to the Contractor's representation of a client in matters adverse to the City, as identified above, will not apply in any instance where, as the result of Contractor's representation, the Contractor has obtained sensitive, proprietary or otherwise confidential information of a non-public nature that, if known to another client of the Contractor, could be used in any such other matter by the other client to the material disadvantage of the City. Each matter will be reviewed on a case by case basis.

**XVII. SEVERABILITY OF PROVISIONS**

Whenever possible, each provision of this Agreement will be interpreted in a manner as to be effective and valid under applicable law. However, if any provision of this Agreement or the application of any provision to any party or circumstance will be prohibited by or invalid under applicable law, that provision will be ineffective to the extent of the prohibition or invalidity without invalidating the remainder of the provisions of this Agreement or the application of the provision to other parties and circumstances.

**XVIII. EXTENT OF AGREEMENT**

This Agreement, together with any affixed exhibits, schedules or other documentation, constitutes the entire understanding between the City and the Contractor with respect to the subject matter of the Agreement and it supersedes, unless otherwise incorporated by reference herein, all prior representations, negotiations, agreements or understandings whether written or oral. Neither party has relied on any prior representations, of any kind or nature, in entering into this Agreement. No terms or conditions of either party's invoice, purchase order or other administrative document shall modify the terms and conditions of this Agreement, regardless of the other party's failure to object to such form. This Agreement shall be binding on and shall inure to the benefit of the parties to this Agreement and their permitted successors and permitted assigns and nothing in this Agreement, express or implied, is intended to or shall confer on any other person or entity any legal or equitable right, benefit, or remedy of any nature whatsoever under or by reason of this Agreement. This Agreement may only be altered, amended or modified by written amendment signed by the Contractor and the City. This Agreement may be executed in counterparts, each of which shall be deemed an original, but all of which together shall be deemed to be one and the same agreement.

**XIX. ELECTRONIC TRANSACTION**

The parties agree that signatures on this Agreement may be delivered electronically in lieu of an original signature and agree to treat electronic signatures as original signatures that bind them to this Agreement.

**XX. EFFECTIVE DATE**

This Agreement will become effective when all parties have signed it. The Effective Date of this Agreement will be the date this Agreement is signed by the last party to sign it.

## **EXHIBIT B COMPENSATION**

### General

Contractor shall be paid for those Services performed pursuant to this Agreement inclusive of all reimbursable expenses (if applicable), in accordance with the terms and conditions herein. The Compensation Schedule below/attached states nature and amount of compensation the Contractor may charge the City:

(insert/Attach Negotiated Fee Arrangement)

**EXHIBIT C  
INSURANCE REQUIREMENTS**

From the earlier of the Effective Date or the Commencement Date of this Agreement, and continuing without interruption during the term of this Agreement, Contractor shall have, at a minimum, the following insurance, including all endorsements necessary for Contractor to have or provide the required coverage.

A. The Contractor shall have insurance that meets the following minimum requirements:

1. Professional Liability Insurance or Errors and Omissions Insurance protecting the Contractor and its employees in an amount not less than \$1,000,000.
2. Worker's Compensation Insurance in accordance with all applicable state and federal statutes. Further, Employers Liability Coverage shall be obtained in the following minimum amounts:  
  
Bodily Injury by Accident - \$500,000 each accident  
Bodily Injury by Disease - \$500,000 each employee  
Bodily Injury by Disease - \$500,000 each policy limit
3. Commercial General Liability Insurance equivalent to, as a minimum, Insurance Services Office form CG 00 01 04 13 or current equivalent. The City of Ann Arbor shall be an additional insured. There shall be no added exclusions or limiting endorsements that diminish the City's protections as an additional insured under the policy. Further, the following minimum limits of liability are required:  
  
\$1,000,000 Each occurrence as respect Bodily Injury Liability or Property Damage Liability, or both combined  
\$2,000,000 Per Project General Aggregate  
\$1,000,000 Personal and Advertising Injury
4. Motor Vehicle Liability Insurance equivalent to, as a minimum, Insurance Services Office form CA 00 01 10 13 or current equivalent. Coverage shall include all owned vehicles, all non-owned vehicles and all hired vehicles. The City of Ann Arbor shall be an additional insured. There shall be no added exclusions or limiting endorsements that diminish the City's protections as an additional insured under the policy. Further, the limits of liability shall be \$1,000,000 for each occurrence as respects Bodily Injury Liability or Property Damage Liability, or both combined.
5. Umbrella/Excess Liability Insurance shall be provided to apply in excess of the Commercial General Liability, Employers Liability and the Motor Vehicle coverage enumerated above, for each occurrence and for aggregate in the amount of \$1,000,000.

- B. Insurance required under A.3 and A.4 above shall be considered primary as respects any other valid or collectible insurance that the City may possess, including any self-insured retentions the City may have; and any other insurance the City does possess shall be considered excess insurance only and shall not be required to contribute with this insurance. Further, the Contractor agrees to waive any right of recovery by its insurer against the City for any insurance listed herein.
- C. Insurance companies and policy forms are subject to approval of the City Attorney, which approval shall not be unreasonably withheld. Documentation must provide and demonstrate an unconditional and unqualified 30-day written notice of cancellation in favor of the City of Ann Arbor. Further, the documentation must explicitly state the following: (a) the policy number(s); name of insurance company; name(s), email address(es), and address(es) of the agent or authorized representative; name and address of insured; project name; policy expiration date; and specific coverage amounts; (b) any deductibles or self-insured retentions, which may be approved by the City in its sole discretion; (c) that the policy conforms to the requirements specified. Contractor shall furnish the City with satisfactory certificates of insurance and endorsements prior to commencement of any work. Upon request, the Contractor shall provide within 30 days, a copy of the policy(ies) and all required endorsements to the City. If any of the above coverages expire by their terms during the term of this contract, the Contractor shall deliver proof of renewal and/or new policies and endorsements to the Administering Service Area/Unit at least ten days prior to the expiration date.

**Subject:** Jack, sports fuel short-term rentals.  
**Reply-To:** <[paul.hetherington@hostcompliance.com](mailto:paul.hetherington@hostcompliance.com)>

Hi Jack,

There's an interesting relationship between college, sports and short-term rentals (STRs).

College towns present a unique situation for all stakeholders as sporting events often result in a large influx of visitors. For the 2018 Alabama football season, [Tuscaloosa County property owners hosted 3,200 visitors](#) while earning a combined \$618,000 in supplemental rent income.

This seemingly lucrative opportunity for STR operators has become a source of debate for local communities. Across the country, local governments are seeking ways to embrace STRs while also balancing property rights and [preserving the character of their communities](#).

As you know, [Host Compliance](#) works with more than 230 cities and counties—including notable college towns like Austin, Texas; Norman, Oklahoma; and Boulder, Colorado—to implement regulatory solutions and enforcement strategies for managing STRs.

We would love to discuss your specific situation further. [Let's book a time to catch up](#). You'll come away with an updated map of active listings in your jurisdiction and best practice for addressing STRs.

Looking forward to speaking with you,

**Paul Hetherington**

Mr. Lazarus,

The attached files are email chains from neighbors in the South Main and Davis area expressing concerns about the Ann Arbor Marathon that was the subject of item DS-1 (Resolution to Approve Street Closings for the Ann Arbor Marathon Running Event - Sunday, March 24, 2019) for the March 4 Council meeting.

Neighbors were able to work out some of their concerns with the Marathon organizer. They continue to believe that the City could have done a better job of reaching out to the affected residents. In the past, I have expressed concerns about the impact of street closings and the apparent lack of standards for granting such closings. This event raises broader questions regarding the City's communication with residents about the impact of both the street closing but also the impact of noise and activities, such as the placement of a beer tent.

Could you have staff address the concerns expressed by these residents. I would also welcome suggestions about what Council might do to establish criteria for granting street closings and standards for public outreach to communicate proposed activities to the affected residents before the matter comes to Council.

Thank you,  
Jack

I think that if the u of m can say that they don't want the race on the streets in front of their properties then we should/can say that we don't want them on the streets in front of our properties. I'm planning on going to the city Council meeting on Monday to complain about this. They only allow 10 slots of time for people to speak so i will try to obtain one of those spaces for our neighborhood to be heard. I think we should get a signed petition from all us showing our unity

Thanks, Stan

On Mar 12, 2019, at 6:03 PM, Amy Samida [REDACTED] wrote:

Hi everyone,

I had no clue this was coming up. According to their website, at least earlier today when I looked, our neighborhood is NOT part of the whole marathon thing, so it would have been impossible to be proactive about it. In addition, neither my neighbors (Kim and George Kachadorian) nor I received the notifications you did. This is shifty, underhanded, and unprofessional. As far as "I understand what a nuisance this all is, and we really will do whatever we can to lessen the nuisance" I call foul. Clearly when they can't be upfront about it, they aren't concerned with mitigating the nuisance effect. Additionally, they're planning on putting their beer tent directly in front of my house, which means both my and the boarding dogs will be agitated all day. This is utterly ridiculous.

Also, with the location they're looking at for the porta-potties, don't even try to tell me we won't have people peeing all over.

What can we do in the short time we have to change things to get things moved to a more appropriate location? I remember one of the organizers of this event remarking a few years ago that this was "an area of residential insignificance" in an M-Live article. I can see their opinions of us haven't changed.

Hi, neighbors,

I am reading all of your messages and pondering next steps. It is concerning to me that this issue came before council and we did not take the opportunity to question these details. To be honest, I was not aware of this event as anything particularly different from the usual near-downtown activities that happen in close proximity to the Stadium. I appreciate your concerns and I'm now trying to figure out how it could have been handled differently.

For anyone interested in catching an issue like this-- and voicing your concerns to me BEFORE a council discussion—I've been writing council agenda summaries and posting them on my website every Sunday before our meetings. You can find information about my newsletter on my website at [A2ELNEL.com](http://A2ELNEL.com). I email out my newsletter a few hours before my coffeeshours, (also every Sunday before council meetings) at RoosRoast on Rosewood from 3:00-4:30 p.m.

In the meantime, please reach out to me if you have any interest in chatting about any other issues. Last summer, I reached out to all the neighborhood associations in Ward 4 and since the election I've met with more. I would welcome a conversation!

**Subject:** Re: Ann Arbor Marathon Conerns

What nearby lot? UM tickets cars without parking tags. The recent mega apartment complexes don't provide adequate parking for their tenants so on street parking is next to nonexistent. Looking at the map, Adams St will be blocked. How am I supposed to get out to church that Sunday. I don't approve of this. I don't care which charities will benefit. I'm tired of being inconvenienced by all these Sunday races through our neighborhood. I'm angry with the city for approving these requests.

On Tue, Mar 12, 2019, 3:26 PM Julie Weatherbee <[REDACTED]> wrote:

Hi neighbors,

I asked for more information from the Marathon organizers.

Note especially that setup will start at 4:00am(!!!!) and will be a "loud" sound system and a beer tent at the corner of E. Davis and Greene.

Around 2000 runners.

**From:** Eva Solomon <[eva@epicraces.com](mailto:eva@epicraces.com)>  
**Date:** Tue, Mar 12, 2019 at 2:55 PM  
**Subject:** Re: Ann Arbor Marathon Conerns  
**To:** Julie Weatherbee <[REDACTED]>

I've answered all of your questions below. I also want to address some of your questions about the inconsistencies about the featured charities. It sounds like some of the information on the resolution was from past years of the race. Also, we will not have a band and have never had a band, but there will be a sound system, and it will be loud. We tried to have the start/finish on Keech, away from the residential area, but UM would not allow it.

- A map of where the beer tent, the band, the medical tent, the start/finish line, etc. will be.

<image002.png>

- A list of what residents should expect to happen by time of day.

4 a.m. Crew arrives to set up

6 a.m. Registration opens

7:30 a.m. All races start

1:30 p.m. Course Closes, all roads open

3:00 p.m. Clean up should be complete

- A list of what driveways/streets will be blocked at what times.

Brown and E. Davis will be closed to traffic, but if somebody needs to get out, we can assist. If at all possible, I recommend parking in a nearby lot. Cars won't be able to be parked on the street.

Hoover will have the southbound lane open at all times.

Hill will be closed between Greene and State St, but we will open one lane as soon as the crowd is thin enough.

- Will there be porta-potties? If so, where will they be located and when will they be set up and removed?

We are still working on that location, but hoping to put them in parking lot SC-41

- When will barricades be moved into place and removed (that always involves loud noises, dragging, and shouting)?

4 a.m.

- Will the sidewalks be blocked?

No, but there will be barriers in the road to keep participants in the road.

- From the website, it looks like all runners will have access to the beer tent, correct? Not just the marathon runners. How many people do you expect with all the races?

All participants over 21. They will need to show ID to be served. We expect about 2000 participants.

I understand what a nuisance this all is, and we really will do whatever we can to lessen the nuisance.

Be fit, be well, and keep smiling,

Hi neighbors,

Just wanted to let you know that I have spoken with the Ann Arbor Marathon race organizer and they will not have the start and finish lines in the neighborhood, nor will they be having a beer tent. The race may still run through a part of the neighborhood, but there will not be sound amplification, nor the intrusion of the start/finish lines or a beer tent. This is a new organizer from previous years and she is working with the city to find something more suitable and will let us know what the final route will be.

Thanks all for your input!

**Subject:** Fwd: DTE damage

Mr. Lazarus,

Residents in the Lower Burns Park neighborhood, including Ms. Noe Pagan below, are asking what can be done about the damage to their properties and homes from the work being done for DTE. Could you have staff provide me with information that will allow me to respond to these complaints?

Thank you,  
Jack

**Cc:** JP Pagán

Dear Jack and Elizabeth,

My name is Camille Noe Pagán, and I live at [REDACTED]  
I'm writing regarding the DTE project currently taking place on Granger at White Street.

As you may know, the water main on Sycamore Pl. was replaced over the summer. Our house sustained some damage (cracked tile,

separation of the porch from our house) as a result of the digging and repaving.

In just a week's time, the DTE project is promising to be far more damaging to our home than the water main work. In a single week's time, our walls have cracked, and some of the panels of our wood floors have separated. I've attached a few photos to illustrate what I'm referring to. Our neighbors' homes have been impacted, too; one neighbor's window just cracked.

I work from home, and I am not exaggerating when I say that the vibration throughout the day is like a constant stream of earthquakes. The framed photos on our wall and items on shelves are moving. It is making work difficult to impossible at times.

Is there anything that can be done about this? I approached the contractors who are working for DTE last week, who said they would follow up. They have not. They informed me that they will be in this area for months, and I am concerned for our safety and the safety of our homes.

Thanks for any help you can offer.  
Camille

**Subject:** Re: Rezoning West Davis and West Hoover Neighborhood  
**Date:** Monday, March 11, 2019 1:13:49 PM

---

Mr. Hubert,

Thank you for contacting me with your concerns regarding the request to rezone the area of West Hoover and West Davis. I have been watching this matter move through the process and I am aware of the current status.

I was encouraged by the support your neighborhood received from the staff recommendations. I share your disappointment that the Planning Commission's 5-3 vote (with one absence) is a technical denial. The Planning Commission's vote is a recommendation to Council, but is not binding on us.

In my role as a City Council member, I try to respect our planning documents, such as the Master Plan, and the preferences of residents affected by our decisions. I believe the request to rezone this area is appropriate both because it complies with the Master Plan and because it will take non-conforming zoning and apply zoning districts that are compatible with lot size. Unless a compelling reason to change my mind emerges during the Council discussion of this zoning request, I intend to support the rezoning from R4C to R1D and R1E.

The best strategy for convincing Council members to support the rezoning request is to make contact, such as you did with this email. You may want to reach out and meet with Council members, some of whom hold regular coffee hours. Rezoning property takes an amendment of our City ordinance. An ordinance amendment requires two readings. On March 18, Council will have the first reading of the ordinance amendment. If it receives majority support, which ordinances typically do on first reading, it will be scheduled for a public hearing and second reading at a subsequent Council meeting. I encourage you and your neighbors to attend and speak at the public hearing.

Best wishes,  
Jack

Ann Arbor City Council Members –  
My wife and I are residents of Ann Arbor. We have lived at [REDACTED] since January 2005. We would like to thank you for passing City Council resolution R-18-361 approved September 4, 2018. This resolution was to direct City Planning and Development staff to study the area of West Hoover Avenue, West Davis Avenue, Wilder Place, Edgewood Place and South Main Street for rezoning from R4C to R1D or R1E. Ann Arbor Planning and Development completed the study of our neighborhood and also provided three citizen participation meetings for our neighborhood. Staff's report and recommendations were presented at the February 5<sup>th</sup>, 2019 City of Ann Arbor Planning

Commission Meeting.

We did attend the City of Ann Arbor Planning Commission meeting held on February 5<sup>th</sup> of this year. We were very disheartened when the appointed Planning Commission that represents the City of Ann Arbor and makes recommendations to the City about planning and development issues did not vote in favor of the resolution to rezone our neighborhood. The vote was 5 yes votes and 4 no votes. Since it did not receive 6 yes votes it will not go to the Ann Arbor City Council with the endorsement of the Planning Commission.

Our biggest struggle is with the rational of the members of the Planning Commission who voted against Planning and Development's recommendations. Each member who voted not to support the Planning and Development staff's recommendation acknowledge multifamily zoning of R4C is a problem. They went as far as saying it is a long term problem the City has been aware of for years. These same members also acknowledged our neighborhood (West Hoover and West Davis) is negatively affected by the R4C zoning (these member referred to the City of Ann Arbor's Master Plan specifically stating the neighborhood of West Hoover and West Davis should be rezoned). These same members also acknowledged the solution presented by Planning and Development staff is a viable solution. They still voted against it.

We are tax payers in the City. We, the City Council and the City Master Plan know our current zoning is an issue. Ann Arbor Planning and Development has provided a viable solution but because the solution is not big enough, opens up the possibility other neighborhoods would ask for something similar or because Planning Commission members want to make a political point our neighborhood's problem may not be fixed.

It is our desire to support the City Council to solve our neighborhood's zoning issues. We love our neighborhood and believe rezoning it to something that makes sense (in accordance with Planning and Developments recommendations) will only improve our neighborhood. Please let us know what we can do to assist Ann Arbor City Council to pass the resolution to rezone our neighborhood and fix what the Ann Arbor Master Plan and tax paying residents of the neighborhood view as a problem.

How can we be of assistance?

**Date:** Monday, March 11, 2019 12:56:45 PM

---

Lisa,

I saw this article on [mLive.com](#) and it raised some questions for me.

<https://www.mlive.com/news/kalamazoo/2019/02/former-police-dispatcher-runs-private-cannabis-club-at-lake-michigan-bar.html>

The article indicates that a bar near South Haven is running a private marijuana club where marijuana is consumed on premises. It briefly mentions that a brew pub in Kalamazoo also operates a private club.

Is it necessary for us to seek a ballot initiative if these operations are already permitted under state law?

Thanks,  
Jack

---

Mr. Lazarus,

Thank you for attending the meeting between the Mayor and me regarding my Center of the City resolution. I look forward to hearing your suggestions.

During the meeting, I made a mistake in identifying the staff member that we prefer for task force support. I mentioned Alexis DiLeo, when I should have said Jill Thacher, Historic Preservation Coordinator. I apologize for any confusion I may have caused.

Best wishes,  
Jack

Friends,

Congratulations!

I apologize for not attending the Planning Commission meeting with you last night. I was at a CARD meeting regarding the Gelman Plume. Anne and Beth let me know how it went. I will watch the video when it becomes available. A big thank you to Brian for describing the Planning Commission's deliberations.

Your neighborhood did a great job of representing the issues. I think Peter has identified the likely next steps. I won't try to predict what the developer will decide to do. On the one hand, they have a fair amount of time and money invested in this proposal. On the other hand, they didn't get a single favorable vote on a very pro-development Planning Commission. I would note that it would not cost much more to bring the proposal to Council, as is, just to see if

they can get it approved.

This project is notable because the Planning staff made a recommendation based on the Land Use Element of the Master Plan (Beth is jealous). The struggle various members of the Planning Commission had with that recommendation should not be surprising. Staff answers to the City Administrator, who answers to the City Council. The changed composition of Council from the November 2018 election implies a changed approach to the Master Plan. Staff may be trying to reflect the priorities of the policy making Council. The Planning Commission does not answer to the Council and brings a variety of interests to the discussion of zoning and site planning. I am happy that their discussion touched on the staff deference to the Master Plan and gave it some weight.

Regarding the possibility that Council Member Ackerman might recuse himself, I know a couple of my colleagues are interested in exploring his reason for seeking recusal in some detail. Remember, a Council Member can ask to be recused but the full Council needs to approve that request. The City Attorney has advised us on how narrow the concept of conflict of interest is. I would need to know what relationship CM Ackerman has with the developer, regarding this project, to excuse him from voting on it. On the other hand, should he be recused, that has the same effect as a no vote. It takes 8 votes to approve the rezoning. If he doesn't vote he is not one of the 8 yes votes.

One member of your neighborhood should contact the Planning staff member who has been working on this site plan and ask that she or he notify you of any plan to bring this to Council. We have great staff and he or she is likely to be very helpful going forward.

Best wishes,  
Jack

Thanks Beth! And thank you to Anne for coming out and supporting us last night!

Upon further reflection, while it was a unanimous vote of PC to deny rezoning, it is not an all out victory. It was clear to me that several members of of the Planning Commission voted to deny the rezoning, not because the rezoning was in conflict with the City Master Plan, but because the Developer's affordable housing commitment was not great enough. They (Commissioner Randall) specifically brought up your development (Lockwood) and the reason they approved the rezoning there and not here was the Lockwood development provided more commitment on affordable housing. A couple of Commissioners

(specifically Woods and Briggs) said the neighbor's issues were significant to them. There may have been a couple of Commissioners who recognized that they should follow the Master Plan (although they said the Master Plan was more of "recommendations" and not a play book for the City). Finally Commissioner Tredeau commented that if the issue here was the Master Plan, then the Master Plan should be changed. A couple of Commissioners recognized that Staff was recommending denying zoning, which they said was "unusual" and that carried weight with them.

So it is clear to me that PC views the City Master Plan maybe differently than City Council does. I thought, and maybe others would disagree, that Brett Lenart was speaking out of both sides of his mouth. Disappointing to say the least.

The beat goes on. It looks like we could be going before City Council in mid-April. We are grateful to all of you for all of your support and guidance thus far! It has been invaluable!

All the best. B

Please do NOT reply all.

After the Monday Council vote on the solid waste authority, the solid waste consultant sent the email below to the participants in the public outreach portion of that study. A public meeting had been scheduled for March 12, but has been postponed until April.

SWRMP stands for Solid Waste Resources Management Plan.

I won't offer an opinion as to why the tabling of the articles of incorporation would require a delay in the March 12 meeting, but thought you might be interested to see this.

Greetings,

We are postponing next week's SWRMP Advisory Committee meeting to **Tuesday, April 23 - 1:00 pm to 3:00 pm at the Ann Arbor DDA**. The Project Team made this decision for the following reasons:

1. On Monday, City Council considered a resolution to join the newly forming Washtenaw Regional Resource Management Authority (WRRMA) and tabled that item, meaning that it has been postponed for now. The impact of this decision on the SWRMP is yet to be determined, but the Project Team will be keeping abreast of the matter.
2. We want to provide a thorough response to the requests you made at the last meeting for more detailed cost information and for go-forward cost projections. The Project Team and staff are working diligently to pull together the data.

3. In addition to the above information, we believe it would be most helpful for the Advisory Committee to receive the team's preliminary SWRMP recommendations in advance of the fourth and final meeting ( rescheduled to May 21st to avoid conflict with the Michigan Recycling Coalition state conference). We now plan to have those preliminary recommendations for you to review at the April meeting.

I hope to see you at our April 23rd meeting. Thanks much for your participation in this project, and please contact me if you have any questions or concerns.

Tom,

The Council voted 10 to 1 to table the resolution adopting the solid waste authority articles of incorporation. There were so many problems with the idea of joining this authority and the content of the articles of incorporation. Some on Council suggested postponing the resolution to a date certain, but the idea of tabling it instead prevailed. Last year in a 7-4 vote, Council approved hiring consultant for \$250,000 to draft a solid waste master plan and advise Council on what we should do in providing those services. Joining the authority would have short-circuited that process. The governance structure established in the articles of incorporation would have given each community the same vote, without regard to population. Importantly to me, the articles of incorporation did not address the impact of cooperative provision of services on current employees of the existing service providers. I oppose the use of contracting when it displaces union jobs.

An authority under that state law would not allow the University of Michigan, Eastern Michigan University or the County to be members. I believe we can find a way to partner without using this form of multi-community authority.

Also, thank you for bringing to my attention the Wheeler vs City of Livonia case.

Best wishes,  
Jack

Hi,

City Council directed staff to study the area of West Hoover Avenue, West Davis Avenue, Wilder Place, Edgewood Place and South Main Street for rezoning from R4C (Multiple-Family Dwelling) to R1D (Single Family Dwelling) or R1E (Single Family Dwelling) by approval of Resolution R-18-361 on September 4, 2018. The resolution is here: <http://etrakit.a2gov.org/etrakit3/viewAttachment.aspx?Group=PROJECT&ActivityNo=Z18-013&key=AD%3a1809261102298305>

The Council resolution directed staff and Planning to consider rezoning of two areas. The rezoning of the West Hoover and West Davis area moved forward separately from the issue of zoning on Ashley.

The Planning Commission received the staff report and deliberated on the rezoning on February 1, 2019:  
<http://a2gov.legistar.com/LegislationDetail.aspx?ID=3851745&GUID=A3CE42EC-87D7-4519-9673-BAB4174EBB99&Options=&Search=>

That page includes the staff report on the rezoning issue.

Hope this helps guide you in how to direct staff and a particular commission to take up an issue of interest to you. Feel free to include me in any effort to move the affordable housing issue forward.

**Subject:** NO Left turn from Pioneer onto Stadium

It is acknowledged that there is a continuing danger from drivers coming out of Pioneer High School and turning left [or continuing straight!] onto Stadium Blvd.

We have first hand knowledge as our 6 month old minivan was totaled by a driver trying to such a manuever! Email pleas from Pioneer administrators do nothing to improve the safety of the intersection.

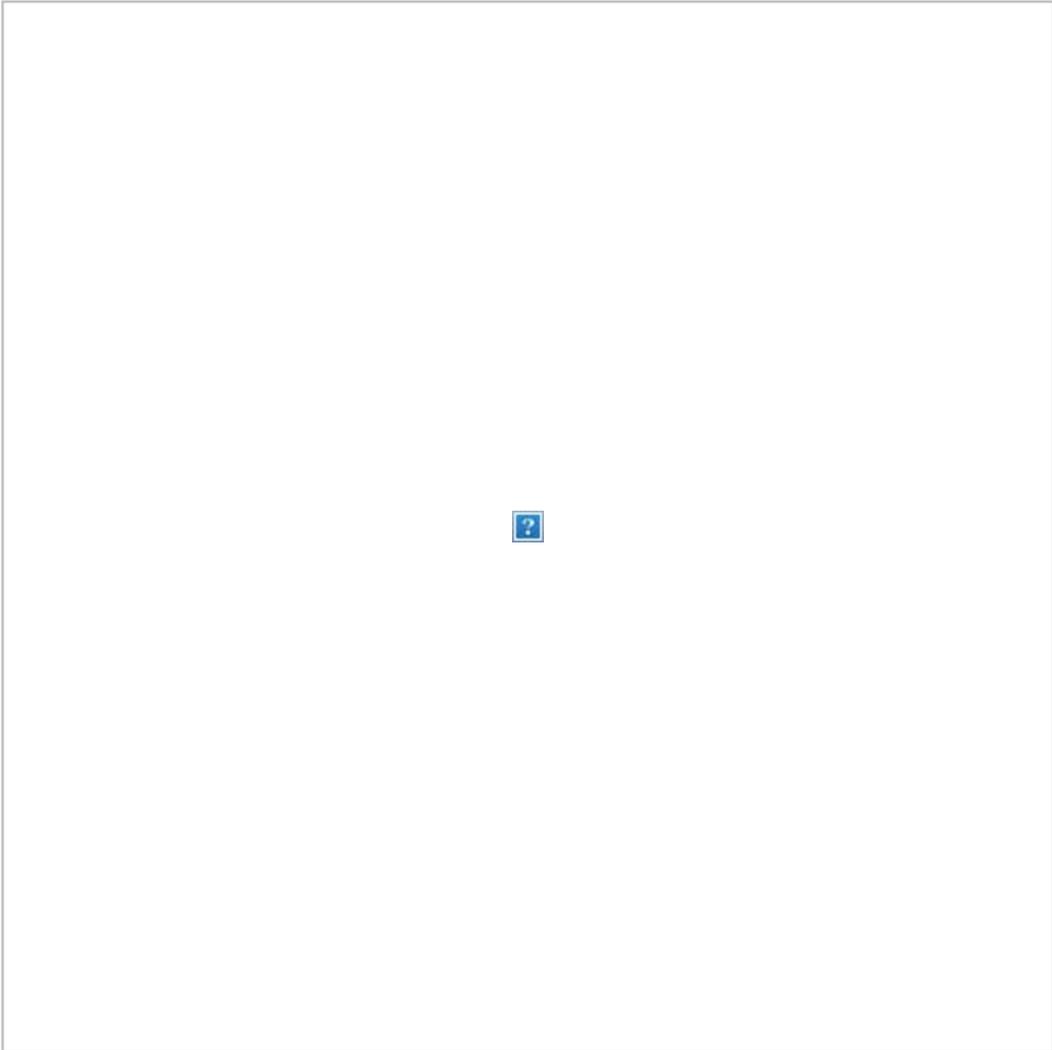

See the picture below, I took this week from the driver's seat: You can't see the 'NO LEFT TURN' sign as it is completely obscured by the stop sign! It is no wonder that so many drivers approaching the intersection fail to perceive the sign in the first place. What a shoddy [pardon my language] half-assed job someone did in posting the sign! Can we overstate the danger to students walking to school and the cars driving on stadium? check with the police department for the relevant statistics.

2 Obvious suggestions:

- \* MOVE the sign so it is visible and readable; Put another sign where a driver in the left lane will get the message.
- \* Have school custodians or other staff put an orange barrel / barricade in the left lane during the critical times called out on the sign.

This has been active topic of conversation since, at least, September. Why has not constructive action been taken as yet ?

## EMPLOYMENT MODIFICATION AGREEMENT

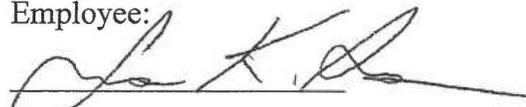

### Amendment to Employment Agreement Between the City of Ann Arbor And Stephen K. Postema ("Agreement") Dated April 3, 2003

Pursuant to Council Resolution R-16-384 dated September 12, 2016 the Agreement between Stephen K. Postema and the City of Ann Arbor is amended as follows:

- 1) Section 2.1 of the Agreement is changed to reflect an increase to an annual salary of \$180,000.00 effective July 1, 2016.
- 2) Section 2.1 is amended to provide a one-time lump sum payment of \$10,000.00.
- 3) Section 4.1 is amended so that the City Attorney will provide at least one year written notice of termination. Furthermore, the City Attorney agrees that he will not voluntarily leave City employment for other employment before July 1, 2020 so that he can follow through with succession planning and hiring for the City Attorney Office over the next several years. If either of these provisions are breached, the City Attorney will return the lump sum payment in paragraph 2 above. Neither of these provisions alters his employment at will status.
- 4) Section 4.2 is amended to increase the severance period from 180 days to one year.
- 5) Section 5.1 is amended to set his future performance evaluations no later than February of the year based on the activities of the prior calendar year, with this schedule to begin in February 2018. Paragraph 3 above presumes that the City will complete the performance evaluation and compensation review under the time frame provided in Paragraph 4 above.

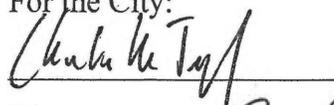

All other provisions of the Agreement shall remain the same.

Resolution Approving Amendment to the Employment Agreement between the City of Ann Arbor and Stephen Postema

WHEREAS, Stephen Postema serves as City Attorney and his employment relationship is governed by an employment agreement between Mr. Postema and the City of Ann Arbor;

WHEREAS, The City Council Administration Committee has completed Mr. Postema's annual performance review and recommends an amendment to his Employment Agreement;

THEREFORE, BE IT RESOLVED, that the Employment Agreement between Stephen Postema and the City of Ann Arbor is amended as follows:

- Mr. Postema shall be paid a one-time lump sum payment equal to 2.75% of his annual salary, on or before December 1, 2008;
- Mr. Postema may, on or before June 30, 2009, and at his exclusive discretion, cash in up to 150 hours of unused vacation, sick, or personal time; and
- Mr. Postema's employment agreement shall include the following language: "Notwithstanding anything in this Agreement, Postema is also entitled to use his time outside of work to engage in outside legal work activities, including teaching, consulting, and mediating, so long as such activities do not conflict in any manner with his full time work as the City Attorney."

BE IT FURTHER RESOLVED, that the Mayor and City Clerk are authorized and directed to execute the amendment to the Employment Agreement with Stephen Postema, and Human Resources Services is directed to make the necessary financial adjustments to implement this amendment.

## Council Action

Resolution: R-14-345

File Number: 14-1537

Enactment Number: R-14-345

Resolution to Amend the Employment Agreement for City Attorney Stephen K. Postema

Whereas, The Employment Agreement between the City of Ann Arbor and the City Attorney Stephen K. Postema dated April 3, 2003 calls for the City to conduct an annual salary review for the City Attorney and an annual performance review using mutually agreed upon criteria no later than the anniversary date of employment;

Whereas, The Council Administration Committee last conducted a performance and salary review for the City Attorney in 2012, but has not provided a finalized written performance summary for the City Attorney since 2009;

Whereas, The City Attorney currently earns a base salary of \$144,934.88 and since January of 2013 has not received a monthly car allowance of \$330;

Whereas, The agreement between the City of Ann Arbor and Stephen K. Postema has not been amended since 2012;

Whereas, The Council Administration Committee's current performance evaluation of Stephen K. Postema includes evaluations from City Council Members and his direct reports;

Whereas, The Council Administration Committee has reviewed the performance evaluations and finds the City Attorney's performance to be above average on a majority of constructs; and

Whereas, City Council believes providing equitable and sustainable compensation is critical to retaining employees that are essential to the City's ability to perform at levels expected by residents and taxpayers;

RESOLVED, That the employment agreement between Stephen K. Postema and the City of Ann Arbor be amended to:

- Effective July 1, 2014, the City agrees to compensate the City Attorney at an annual base salary of One Hundred and Fifty-Three Thousand, Six Hundred and Thirty One Dollars (\$153,631) payable in biweekly installments at the

same time as other employees of the City are paid.

- Allow Stephen K. Postema to cash in up to 150 hours of accumulated banked vacation time prior to December 31, 2014.

RESOLVED, That the funds needed to satisfy the above contract amendments come from the General Fund balance.

Sponsored by: Council Administration Committee

At a meeting of the City Council on 10/20/2014, a motion was made by Sally Petersen, seconded by Margie Teall, that this Resolution R-14-345 be Approved. The motion passed.

## Council Action

Resolution: R-12-507

File Number: 12-1450

Enactment Number: R-12-507

Resolution Approving Amendment to the Employment Agreement between the City of Ann Arbor and City Attorney Stephen Postema

Whereas, City Council appointed Stephen Postema as City Attorney effective April 7, 2003;

Whereas, The City has an Employment Agreement with City Attorney Postema;

Whereas, The City Council Administrative Committee has solicited comments from the Council for the City Attorney's review and the City Council has completed Mr. Postema's annual review;

Whereas, Mr. Postema's salary has not been adjusted since July 1, 2007;

Whereas, The Councilmembers of the Administrative Committee recommend the following adjustment to the employment contract:

A 2.4% salary increase from current salary effective July 1, 2012. ✓

The City Attorney may, at his discretion before June 30, 2013, cash in up to 300 hours of accrued banked time; and

Whereas, The City Attorney has offered to eliminate his contractual car allowance of \$330/month as of January 1, 2013, as has been done with the City Administrator's contract;

RESOLVED, That the City Attorney's employment agreement be amended as follows: The City Attorney's salary shall be increased by 2.4% effective July 1, 2012. The City Attorney may, at his discretion before June 30, 2013, cash-in up to 300 hours of accrued banked time. Section 2.14 of the employment agreement shall be eliminated at the request of the City Attorney as of January 1, 2013; and

RESOLVED, That the Council Administrative Committee prepare a final review document to be placed in the City Attorney's personnel file.

Submitted By: Councilmembers Higgins, Teall, Derezenski, Taylor and Mayor Hieftje

At a meeting of the City Council on 11/8/2012, a motion was made by Marcia Higgins, seconded by Christopher Taylor, that this Resolution R-12-507 be Approved. The motion passed.

## Council Action

Resolution: R-16-364

---

File Number: 16-1313

Enactment Number: R-16-364

Proposed Resolution to Amend the Employment Agreement for City Attorney Stephen K. Postema

Whereas, The Employment Agreement between the City of Ann Arbor and the City Attorney Stephen K. Postema dated April 3, 2003 calls for the City to conduct an annual performance review using mutually agreed upon criteria and allows for a review of the terms of the agreement and change by written agreement.

Whereas, The Council Administration Committee's current performance evaluation of Stephen K. Postema is based on preliminary material received, including anonymous evaluations from City Council Members, his direct reports, and the Service Area Administrators as well as other related information;

Whereas, The City Attorney Council Administration Committee has reviewed the performance evaluations and finds the City Attorney's performance to be between above average and excellent on a majority of constructs; and

Whereas, The City Council believes providing equitable and sustainable compensation is critical to retaining employees that are essential to the City's ability to perform at levels expected by residents and taxpayers;

Whereas, The City Attorney is the attorney and counsel for the City, and is responsible solely to the Council;

Whereas, The City Attorney provides and coordinates all manner of legal advice and services to the City Council, the City Administrator, the Service Area Administrators, and others in the City;

Whereas, The City Attorney position is one of significant responsibility and leadership; Whereas the City Attorney is well suited to plan for successions in the planned City Attorney's office over the next three years and is experienced at recruiting and hiring;

Whereas, The City Attorney currently earns a base salary of \$157,500.00

RESOLVED, that the employment agreement between Stephen K. Postema and the City of Ann Arbor be amended as follows:

- 1) Section 2.1 of the Agreement be changed to reflect an increase to an annual salary of \$180,000.00 effective July 1, 2016.

- 2) Section 2.1 be amended to provide a one-time lump sum payment of \$10,000.00.
- 3) Section 4.1 be amended so that the City Attorney will provide at least one year written notice of termination. Furthermore, the City Attorney agrees that he will not voluntarily leave City employment for other employment before July 1, 2020 so that he can follow through with succession planning and hiring for the City Attorney Office over the next several years. If either of these provisions are breached, the City Attorney will return the lump sum payment in paragraph 2 above. Neither of these provisions alters his employment at will status.
- 4) Section 4.2 be amended to increase the severance period from 180 days to one year.
- 5) Section 5.1 be amended to set his future performance evaluations no later than February of the year based on the activities of the prior calendar year, with this schedule to begin in February 2018. Paragraph 3 above presumes that the city will complete the performance evaluation and compensation review under the time frame provided in Paragraph 4 above.

RESOLVED, that the Council Administration Committee place a final written performance evaluation in the City Attorney's personnel file.

RESOLVED, that the funds needed to satisfy the above contract amendments come from the General Fund balance.

RESOLVED, that the Employment Agreement be amended to reflect the above Resolved Clauses and that the Mayor and City Clerk are authorized to execute the amendment.

Sponsored by: Mayor Taylor, Councilmembers Briere, Warpehoski, Krapohl, Lumm and Krapohl

## Council Action

Resolution: R-18-070

---

File Number: 18-0399

Enactment Number: R-18-070

Resolution to Amend the Employment Agreement for City Attorney Stephen K. Postema

Whereas, The Employment Agreement between the City of Ann Arbor and the City Attorney Stephen K. Postema dated April 3, 2003 calls for the City to conduct an annual performance review using mutually agreed upon criteria and allows for a review of the terms of the agreement and change by written agreement;

Whereas, The Council Administration Committee's current performance evaluation of Stephen K. Postema is based on preliminary material received, including anonymous evaluations from City Council Members, his direct reports, and the Service Area Administrators as well as other related information;

Whereas, The Council Administration Committee has reviewed the performance evaluations and finds the City Attorney's performance to be between above average and excellent in all areas;

Whereas, The City Council believes providing equitable and sustainable compensation is critical to retaining employees that are essential to the City's ability to perform at levels expected by residents and taxpayers;

Whereas, The City Attorney has over 30 years of legal experience and has provided stability for the Office of City Attorney in the position for almost 15 years;

Whereas, The City Attorney is one of only two direct reports to the City Council, the other being the City Administrator, and those positions have had similar compensation structure over the tenure of the City Attorney;

Whereas, The City Attorney is the attorney and counsel for the City, and is responsible solely to the City Council;

Whereas, The City Attorney provides and coordinates all manner of legal advice and services to the City Council, the City Administrator, the Service Area Administrators, and others in the City;

Whereas, The City Attorney position is one of significant responsibility and leadership;

Whereas, The City Attorney has provided excellent leadership to the City over the past 18 months in many areas, including the execution of an excellent succession planning model; and

Whereas, The City Attorney currently earns a base salary of \$180,000;

RESOLVED, That the employment agreement between Stephen K. Postema and the City of Ann Arbor be amended as follows:

 1) Section 2.1 of the Agreement be changed to reflect an 2.5% increase to an annual salary of \$184,500 effective January 1, 2018.

2) Section 2.1 be amended to also provide a one-time lump sum payment of \$4151.25;

RESOLVED, That the Council Administration Committee place the final written performance evaluation in the City Attorney's personnel file; and

RESOLVED, That the Employment Agreement be amended to reflect the above Resolved Clauses and that the Mayor and City Clerk are authorized to execute the amendment.

Sponsored by: Mayor Taylor, Councilmembers Grand, Warpehoski, Krapohl, Lumm

**As Amended by Ann Arbor City Council on March 5, 2018**

At a meeting of the City Council on 3/5/2018, a motion was made by Graydon Krapohl, seconded by Jane Lumm, that this Resolution R-18-070 be Approved as Amended. The motion passed.

**EMPLOYMENT AGREEMENT**

**between**

**THE CITY OF ANN ARBOR**

**and**

**PRELIMINARY STATEMENT**

1. The City is a municipal corporation under the laws of the State of Michigan whose legislative body is the Council and Mayor (“Council”), consisting of eleven members elected pursuant to Chapter 13 of the Charter for the City of Ann Arbor.
2. Under the provisions of Chapter 12 of the Charter of the City of Ann Arbor, the Council appoints a City Attorney who serves at its pleasure as the Attorney and Counsel for the City.
3. Employee has the special expertise, experience and knowledge necessary to perform as the City Attorney and will serve as the head of the legal department.

**COPY**

ARTICLE I  
EMPLOYMENT

**Section 1.1 Employment.** The City and the Employee agree that the terms and conditions of this Agreement shall govern Employee's employment as City Attorney. The Employee, as the City Attorney, shall be an **employee at will** who serves at the pleasure of the Council as provided in the Section 12.4(b) of the City Charter, notwithstanding any personnel regulations, practices, or representations to the contrary.

**Section 1.2 Term.** The term of employment shall commence on the date specified below and shall then continue until terminated in accordance with the provision of Article IV of this Agreement. The commencement date of the term shall be as specified by the Employee by written notice to the Council, with such notice delivered at least ten (10) days prior to the effective date of commencement; provided, however, that if the term of employment is not commenced by April 7, 2003 and if the City and the Employee have not mutually agreed in writing to extend that date, then the City, by written notice to the Employee, may declare this Agreement null and void and, upon such notice, all rights and obligations of the City and the Employee under this Agreement will be cancelled.

**Section 1.3 Best Efforts.** During the term of his Agreement, Employee shall devote his best efforts to advance the interests of the City and shall perform his duties to the best of his ability, subject to the instruction, direction, judgment and control of the Council.

**Section 1.4 Exclusive Employment.** During the term of this Agreement and any extensions, Employee agrees to be employed exclusively by the City.

**Section 1.5 Personnel Duties.** Except as provided otherwise in this Agreement, Employee shall be subject to the personnel rules of the City of Ann Arbor.

**ARTICLE II**  
**COMPENSATION**

**Section 2.1 Salary.** During the first year of this Agreement, the City shall pay Employee at the rate of \$127,000 annually, to be paid in accordance with the standard City personnel practices and procedures. The Council may adjust Employee's salary as it deems appropriate following an evaluation of Employee by Council in accordance with Article V of this Agreement.

**Section 2.2 Business Expenses.** Employee is authorized to incur such reasonable budgeted travel, cell phone expenses, entertainment and other professional expenses as are necessary in the performance of his duties. The City will reimburse Employee for such expenses in accordance with standard City procedures.

**Section 2.3 Vacation.** Employee shall be entitled to twenty (20) working days per year as paid vacation leave days, the time of such leave to be determined by the mutual agreement of the parties. Such leave shall be accrued bi-weekly in accordance with standard City personnel practices and procedures. In the first year of employment, Employee may use vacation time prior to actual accrual if necessary.

**Section 2.4 Holidays.** In addition to the vacation leave specified in Section 2.3, Employee shall be entitled to all legal holidays provided under the City personnel practices and procedures.

**Section 2.5 Sick Leave.** Employee shall be entitled to sick leave days in accordance with standard City personnel practices and procedures.

**Section 2.6 Personal Leave.** Employee shall be entitled to personal leave days in accordance with standard City personnel practices and procedures.

**Section 2.7 Health Insurance.** The City shall provide Employee and his immediate family with comprehensive health insurance, including hospitalization, medical, dental, and major

medical insurance in accordance with and subject to standard City personnel practices and procedures.

**Section 2.8 Life Insurance.** The City shall provide Employee with term life insurance equal to two times his annual salary, subject to an employee contribution in accordance with standard City personnel practices and procedures.

**Section 2.9 Pension Plan.** Employee may participate in the Employees Retirement System in accordance with and to the extent authorized by the City's pension ordinance, personnel practices, and procedures.

**Section 2.10 Professional Organizations.** The City agrees to budget for and pay for professional dues, bar association dues, reasonable travel and subsistence expenses for Employee's participation in professional organizations which are necessary for him to perform his duties as City Attorney, or which will enhance his ability to perform his duties and benefit the City.

**Section 2.11 Continuing Legal Education.** Employee shall be entitled to reasonable expenses for seminars and professional conferences and the time to participate in these activities.

**Section 2.12 Professional Development.** Notwithstanding Section 1.4 above, Employee is specifically allowed to serve as a mediator, case evaluator, facilitator, and arbitrator in community disputes (which are not adverse to the City of Ann Arbor) as referred from the Washtenaw County Bar Association, the Dispute Resolution Center, the courts, or from other sources. Such service should not exceed an average of 8 hours per month, not including any vacation time or other personal time used for this purpose, and shall be scheduled in a reasonable manner given other duties.

**Section 2.13 Parking.** Employee shall receive a parking place at no charge on the City Hall property or in a comparable location in the event of any construction or renovation to the City facilities.

**Section 2.14 Car Allowance.** Employee shall receive a car allowance calculated at \$330/per month.

**Section 2.15 Computer.** Employee shall receive a laptop computer for use outside the office.

### **ARTICLE III**

#### **DUTIES**

**Section 3.1 General Duties.** Employee shall be engaged as the City Attorney and as such shall be the Attorney and Counsel for the City. He shall be responsible for management of the Office of the City Attorney, shall have all the duties described in the Charter of the City of Ann Arbor and shall perform such other duties as required by him by Council.

### **ARTICLE IV**

#### **TERMINATION**

**Section 4.1 Termination.** This Agreement, and the appointment of the Employee with the City, may be terminated as follows:

- (a) The Council may terminate this Agreement at any time, with or without cause (as defined below), in accordance with the provisions of Section 12.4(b) of Chapter 12 of the Charter for the City of Ann Arbor.
- (b) The Employee may terminate this Agreement at any time, with or without cause (as defined below), by delivery of written notice to the Council at least ninety (90) days prior to the effective date of termination.
- (c) Unless waived in writing by the Council, this Agreement shall automatically terminate if the Employee is precluded by any mental or physical disability from

performing substantially all of his duties hereunder in competent and professional manner for a continuous period of sixty (60) days, effective as of the last day of such 60-day period.

- (d) This Agreement shall automatically terminate upon the death of the Employee, effective as of the date of death.

**Section 4.2 Rights and Duties upon Termination.**

Upon termination of this Agreement, the rights and duties of the City and the Employee shall be as follows:

- (a) Upon termination in all circumstances: (i) the Employee shall be entitled to his regular salary and benefits (payable when and as otherwise due) through the effective date of termination and the Employee shall be required to perform all services as herein required through the effective date of termination; (ii) the Employee shall be paid (when and as due) for all accumulated but unused vacation time, sick leave time and personal leave time in accordance with standard City personnel procedures; and (iii) the Employee shall be paid any contributions due to him from the City Retirement Fund in accordance with standard City procedures.
- (b) Upon termination by the City pursuant to Section 4.1(a) , unless the termination was with “cause” (as defined below), the Employee shall be entitled as severance, in addition to his regular salary (when and as otherwise due), for the period of 180 days following the effective date of the termination of this Agreement. Employee shall also be eligible for all benefits during this 180 day period. Such severance shall not be payable by the City if the termination was with “cause.”
- (c) Upon termination by the Employee, if the termination was with “cause” (as defined below), then the Employee shall be entitled as severance to his regular salary (payable when and as otherwise due) payment and benefits for the period of 180 days following the effective date of termination. No severance will be payable to the Employee if he terminates this Agreement without “cause.”

- (d) Upon termination due to the disability of the Employee, the Employee shall be entitled as severance to his regular salary and benefits (payable when and as otherwise due) for the period following the effective date of termination through the 180th day following the onset of the Employee's disability; provided, however, that if the Employee receives any benefits under any disability insurance policy during such period, then the amount payable by the City to the Employee shall be reduced by the amount of such benefits.

For purposes of this Section 4.2, the City will have "cause" for termination if the Employee is in breach of material obligation specified in this Agreement and fails to remedy such breach within thirty (30) days after written demand by the City; if the Employee is guilty of any material misrepresentation to the City, either in connection with the signing of this Agreement or the performance by the Employee of his duties under this Agreement; if the Employee is guilty of willful misconduct or willful insubordination in the performance of his duties under this Agreement; if the Employee commits any act of moral turpitude; if the Employee is convicted of a felony or of any misdemeanor which reflects negatively upon the City (including, but without limitation, any offense involving drug abuse or sexual misconduct). The Employee will have "cause" for termination if the City breaches any material obligation specified in this Agreement (including, but not limited to, decreasing the salary of the City Attorney position) and fails to remedy such breach within thirty (30) days after written demand. Any party seeking to terminate this Agreement with "cause" shall, in the notice of termination to the other party, state specifically the "cause" for such termination.

**Section 4.3 Dispute Resolution.** If any dispute arises as to whether the Employee is afflicted with a disability, that dispute will be submitted to and conclusively resolved by a panel of three licensed physicians, the first of whom shall be selected (and compensated) by the Employee, the second of whom shall be selected (and compensated) by the City, and the third of whom shall be selected by the two physicians first selected (and compensated in equal shares by the Employee and the City). If any dispute arises as to whether a party has "cause" for termination of this Agreement, then the City and the Employee may mutually agree to submit that dispute for resolution by a panel of three licensed attorneys, the first of whom shall be selected (and compensated) by the Employee, the second of whom shall be selected (and compensated) by the

City, and the third of whom shall be selected by the two attorneys first selected (and compensated in equal shares) by the employee and the City. In either instance, the determination by the selected panel shall be conclusive and binding upon the City and the Employee and shall not be subject to challenge of appeal.

**ARTICLE V**  
**EVALUATION**

**Section 5.1 General.** The Council will review and evaluate the performance of the Employee. The first evaluation should be completed within one year after the anniversary date of the beginning of employment and thereafter annually not later than the anniversary date of the Employee.

The Council and the Employee shall jointly develop specific criteria as soon as possible that will be used by the Council in the evaluation. The criteria may be revised periodically by the Council and the Employee. The results of the evaluation shall be in writing and shall be discussed with the Employee in closed session.

**ARTICLE VI**  
**OTHER TERMS AND CONDITIONS**

**Section 6.1 Indemnification.** The City shall defend, save harmless and indemnify Employee against any tort or professional liability claim or demand or any other legal action, whether groundless or otherwise, arising out of an alleged act or omission occurring in the performance of Employee's duties as City Attorney. The City may, at its discretion, compromise and settle any claim or suit and pay the amount of any settlement or judgment rendered thereon. Indemnification shall not be provided to the Employee by the City if the claim, demand or other

legal action results from the willful misconduct or willful insubordination of the Employee or if the claim, demand or legal action involves any proceeding where the Employee is the plaintiff or an adverse party to the City. Employee agrees to fully cooperate with the City in its defense of Employee pursuant to this Agreement.

**Section 6.2 Miscellaneous Provisions.** All provisions of the City Charter and Code, general policies, regulations and rules of the City relating to vacation, sick leave, holiday and other fringe benefits as they now exist or hereafter may be amended, also shall apply to Employee as they would to other employees of the City in addition to the benefits enumerated specifically for the benefit of the Employee as herein provided.

**Section 6.3 Transition Issues.** Notwithstanding Section 1.4 above, Employee can assist his former law firm and clients in transitioning his cases after the effective date of employment with the City, but only to the extent that such assistance is done after business hours or on personal time (to the extent possible), is done without compensation from his law firm or clients, requires minimal time, and does not involve matters adverse to the City.

## **ARTICLE VII**

### **CONCLUDING PROVISIONS**

**Section 7.1 Entire Agreement.** This Agreement contains the entire understanding of the parties. There are no oral understandings, terms or conditions, and no party has relied on any representations, express or implied, not contained in this Agreement. This Agreement may be changed on by a written amendment signed by parties. Michigan law shall govern this Agreement.

**Section 7.2 Effective Date.** This Agreement shall be effective upon its signing by both parties.

**Section 7.3 Notices.** Any notice permitted or required under this Agreement shall be in writing and shall be deemed delivered when sent to the addressed at the following address (or such other address as may be hereafter specified in writing.):

If to City: CITY OF ANN ARBOR

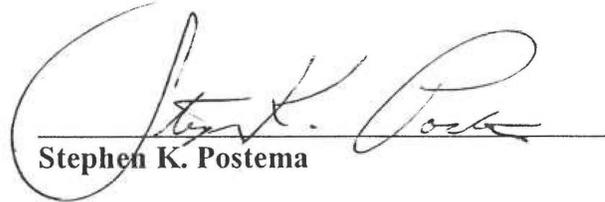

100 North Fifth Avenue  
Ann Arbor, MI 48104

Attention: Mayor

If to Employee: Stephen K. Postema  
1017 Woodbridge  
Ann Arbor, MI 48103

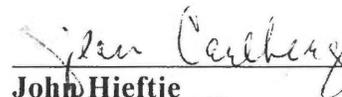

Any notice delivered by mail shall be by certified mail, return receipt requested, and shall be deemed delivered on the third after confirmed deposit with the U. S. Postal Service. Any notice delivered by courier shall be deemed delivered on the next business day following the date of confirmed delivery. Any notice delivered in person shall be deemed delivered on the date of actual delivery to the addressee.

Ms. Higgins,

My apologies for not responding sooner.

I have attached a revised version of the resolution. I added a whereas clause that describes what the energy commission did and modified the Resolved clause to indicate more clearly that it is the Council directing staff to work on the ordinance.

Thank you,  
Jack

Lauren,

Following up on our concerns about the police oversight commission appointment process.

Please note that the Coity Council meeting on March 4 includes a public hearing on the changes to the oversight ordinance. This public hearing is for the change in the ordinance that allows current and former City employees who were temporary and received fewer than 7 paychecks in any year to be appointed to the Commission. It provides an opportunity for the public to speak about the appointments. Public hearings give anyone the opportunity to speak without need to sign up in advance. As usual, each speaker gets three minutes. Public hearings happen rather early in the meeting, after the general comment opportunity, the vote on the consent agenda and comments from the mayor and council, but before most other business on the agenda.

Hi Elizabeth and Jack,

I'm curious if you are aware of this. Below is a rejection letter, received by Janet Haynes, a member of the task force, written by Julie Grand informing her she did not get selected for the ICPOC. I heard they also rejected Dick Soble, a lawyer and the only other Task Force member who applied. I was completely

shocked that they are already rejecting people as I had thought the city council vote would come before such final decision making. I know, Jack, you seemed to be expecting to have influence on who is considered via that vote, so these emails seem to fly in the face of that. It made me wonder if the two of you are aware this is happening.

I am so deeply dismayed they rejected such solid and relatively moderate Task Force members. It seems, if their goal is to erase the history of this work, they are doing that quite well. Am anxious to hear your thoughts. Thanks so much.  
Lauren

Subject: Thank you

Dear Janet,

We are profoundly grateful for your application to the Independent Police Community Oversight Committee (ICPOC). With almost 6 times more applicants than available spots on the commission, we were faced with the difficult task of nominating a group of only 11. While we are unable to offer you a place on the ICPOC at this time, we strongly encourage you to apply as spots open in the years ahead.

As a nominating committee, we were struck by the willingness of every single applicant to serve as a resource for the ICPOC. The work involved in creating a successful police oversight commission will not be accomplished by the commissioners alone. We strongly encourage you to join subcommittees, participate in public forums, or provide skills and expertise as you are able.

The experience of reviewing the applications to the ICPOC has been both humbling and inspiring. Thank you for sharing your insight, life experiences, and passion for improving our community. Because of community members like you, we are confident that we can work towards making Ann Arbor more equitable, inclusive, and welcoming for everyone.

With gratitude,  
Zach Ackerman, Julie Grand, Jane Lumm, and Ali Ramlawi

## **Resolution Requesting the City of Ann Arbor Adopt a Solar Access Ordinance**

**January 9, 2019 Update**

WHEREAS neither the State of Michigan, Washtenaw County, or City of Ann Arbor have adopted an ordinance restricting new construction, including real property, signs, and landscaping/vegetation and other property improvements, from blocking solar access<sup>1</sup> to adjacent properties and landowners; and,

WHEREAS in December, 2012 the Ann Arbor City Council passed the Climate Action Plan (CAP) and committed to an ambitious multi-strategy vision to address climate change by reducing its community-wide greenhouse emissions and encouraging use of renewable energy sources; and,

WHEREAS the Energy Commission's CAP-supporting Solar Goals were unanimously endorsed by the Ann Arbor City Council in their June, 2016 Resolution Authorizing a Commitment to Making the City of Ann Arbor a Solar Ready Community and to advance use of renewable solar energy by its citizens, businesses, industry, and other owners, and the City itself;

WHEREAS landowner investment in solar energy systems (SESs) is significant and may be obviated by shading from new construction or other improvements on adjacent properties;

RESOLVED that the Energy Commission recommends that the City Council direct the City Administrator and City Planning Manager to work with the City Attorney, Office of Sustainability and Innovations, and Energy and Planning Commissions in 2019 to: (1) develop a "solar access ordinance" to ensure landowners who already have an SES on their rooftops or property or who may desire to add such in the future, and (2) introduce said ordinance requirements to the Washtenaw County Clerk/Register of Deeds for possible adoption at a County level given the benefits of preserving solar access. This ordinance language will either be specifically included in the Code of Ordinances as new or added via amendment to an existing ordinance (e.g., Chapter 55, Unified Development Code) and will consider the following best practices:

- Specific quantification of solar access "boundaries". As an example, the City of Boulder, CO sets limits on the amount of permitted shading by any new construction as defined by either a 12-foot or 25-foot hypothetical "solar fence" on the existing property lines or adjacent building perimeters (tied to a specific calendar year metric).
- Formalization of a "solar easement" that can be registered with the Washtenaw County Clerk by a landowner to preserve solar access boundaries and enable SES construction into perpetuity;
- Formalization of a "solar permit" that can be secured by a landowner from the City Building Department for SES construction with defined solar access boundaries and valid time period;
- Inclusion of minimum requirements for solar access in the City Master Plan and other relevant documents (e.g., Sustainability Framework, Unified Development Code if language is adopted as its own ordinance, Capital Improvement Plan, and others);
- Standard for vegetation trimming on adjacent properties that reduce or prevent SES production
- Setback requirements in current zoning ordinance that appropriately address solar access.

---

<sup>1</sup> "Solar access" is defined as the direct access to the sun's rays without shading by a land owner desiring to install equipment used for collecting, transferring, converting, storing, or using incident solar energy for water heating, space heating, cooling, generating electricity, or other applications (SES) that would otherwise require the use of a conventional source of energy such as petroleum products, natural gas, manufactured gas, or electricity produced from a nonrenewable resource.

Preparation of ordinance language needs to consider that future City development may involve taller building heights particularly in the Downtown Development Area, impacts on greenhouse gas emission, means of preserving solar access on adjacent properties, and lessons learned from similar ordinances adopted at other locales (see “References”).

---

Brian,

Feel free to include as many neighbors as you wish.

I look forward to meeting with you.

Best wishes,  
Jack

On Feb 26, 2019, at 1:13 PM, Brian Smith <[REDACTED]> wrote:

Thanks Jack, the Bogdan's (Rosemary and Mike) have graciously offered to host. Their address is [REDACTED]. We have had significant interest in speaking to you and Anne, so we would like to open it up to a bigger group if that is ok with you?

On Tuesday, February 26, 2019, 9:56:38 AM EST, Eaton, Jack <[JEaton@a2gov.org](mailto:JEaton@a2gov.org)> wrote:

Brian,

I touched base with Anne Bannister and Saturday works for her. We will see you Saturday at 1:30 at a place of your choice.

Good morning Jack. Can we say Sat @ 1:30?

On Monday, February 25, 2019, 12:22:46 PM EST, Brian Smith <[REDACTED]> wrote:

Thanks Jack, now I understand. Given that, I think that Juliet (and maybe her husband Jim), myself, Peter Avram and Rosemary Bogdan were interested in meeting. Same group as last time plus Rosemary. So if it is Sat I will participate and if Sunday Peter. Thanks again for facilitating this.

Best, Brian

On Monday, February 25, 2019, 10:17:44 AM EST, Eaton, Jack <[JEaton@a2gov.org](mailto:JEaton@a2gov.org)> wrote:

Sorry. The limit of five applies only to Council Members. The neighborhood can have as many or as few as you think is productive.

Under the Open Meetings Act, we can't have a quorum of Council (6 members).

On Feb 25, 2019, at 8:36 AM, Brian Smith <[REDACTED]> wrote:

Good morning all! Thanks Jack (and Anne) for meeting with us. So I am clear Jack were you saying we needed to limit the group to 5 total (including you and Anne) for 5 neighbors. I could meet on Sat, but Sunday at noonish will be out for me (sorry). Peter (who you met last time Jack) also expressed interest in attending. However, I know that Sunday will be his only day. So maybe we will put some group of neighbors together. If you can please let us know the numbers Jack we can fix a time.

Best, Brian

On Sunday, February 24, 2019, 11:39:31 PM EST, Juliet Pressel <[REDACTED]> wrote:

Thanks for this. Jim and I am available either time. Rose and Brian, what works for you?

Juliet,

That Sunday is pretty busy for me. I have a library green meeting at 2:00 and Council Caucus at 7:00.

Is it possible to meet on Saturday or noonish on Sunday?

Council member Bannister will join us. I may bring another Council Member too. We can't have more than 5.

Jack

On Feb 24, 2019, at 6:43 PM, Juliet Pressel <[REDACTED]> wrote:

Jack, will Sunday March 3 at 3 p.m. work for you and Anne? If so, I'll let everyone in our group know. We are definitely looking forward to meeting with the two of you.

A question - should we invite any other Council members to join us? Or should we approach them more individually and/or at other times?

Thanks again. Juliet

**Subject:** Re: Brightdawn proposal - 2d response

Hi there. I think there was some miscommunication amongst my group, in part because we have a neighbor named Jack - sorry for the confusion.

The meeting today at 3 p.m. is primarily to honor our neighbor Dick Fortune, who died Wednesday, a victim of homicide. We (our group) were also thinking we'd touch on the Brightdawn proposal as an ancillary matter, which is why I figured that asking everyone at that time about meeting with you and Anne might be a good opportunity.

But - to cut to the chase - I think next weekend will be an excellent time to meet, and I'll ask about that specifically. If it's okay with the Bogdans ([REDACTED]) whom I've copied on this email, maybe we could meet at their house. I'll get back to you very soon. And, THANKS SO MUCH! Again. Juliet

wrote:

Anne and will be  
unable to meet with  
you today. Normally a  
weekend meeting at a  
time like this would be  
good but today is  
busy for both of us.

There is a fair amount  
of time before this  
reaches Council. So,  
waiting won't hurt.

Are you available next  
weekend?

Jack Eaton  
Ward 4 Council member  
[jeaton@a2gov.org](mailto:jeaton@a2gov.org)

**Messages to and from me regarding City matters are subject to disclosure under the Michigan Freedom of Information Act**

**From:** [Eaton, Jack](#)  
**To:** [Lumm, Jane](#)  
**Subject:** Multi-community solid waste authority  
**Date:** Tuesday, February 26, 2019 12:22:26 PM

---

Jane,

Thank your your excellent questions about the solid waste authority last night. I have a few concerns about the proposed authority and the request to join it now without a full and frank policy discussion.

The resolution and supporting documents can be found here:

<http://a2gov.legistar.com/LegislationDetail.aspx?ID=3866598&GUID=7D5329C5-9B1B-40F1-884D-52EB036A38A2&Options=Advanced&Search=&FullText=1>

Here are a few of my concerns.

1. Council passed a resolution on May 21, 2018 directing the City Administrator not to pursue contracting of solid waste services. This effort seems to contradict that resolution.

<http://a2gov.legistar.com/LegislationDetail.aspx?ID=3504800&GUID=B186B70D-ED25-4EDE-94E5-0BD624FD4253&Options=&Search=&FullText=1>

[https://www.mlive.com/news/ann-arbor/index.ssf/2018/05/ann\\_arbor\\_council\\_shuts\\_down\\_t.html](https://www.mlive.com/news/ann-arbor/index.ssf/2018/05/ann_arbor_council_shuts_down_t.html)

2. On April 16, 2018, the City Council approved a contract to hire a consultant to make recommendations for a solid waste master plan. The recommendations are expected in June or July 2019. Adopting the Articles of Incorporation and joining the multi-community authority before the consultant makes recommendations, seems premature.

[https://www.mlive.com/news/ann-arbor/index.ssf/2018/04/ann\\_arbor\\_officials\\_express\\_re.html](https://www.mlive.com/news/ann-arbor/index.ssf/2018/04/ann_arbor_officials_express_re.html)

3. The Articles of incorporation for the authority provide each participating unit of government the same representation and vote. The Articles of incorporation allow amendment only by unanimous consent. Ann Arbor has the biggest population, would pay the most for these services and generates the most solid waste, but would have the same single vote as Dexter or other small communities. If Ann Arbor adopts the current version of the Articles of Incorporation, it would need the consent of every other participating community to amend the Articles of Incorporation. The City's only alternative would be to completely withdraw from the authority, which seems extreme.

The Environmental Commission heard a presentation about the proposed regional authority at its January 24 meeting. That presentation starts at 1:25:00 on this video:

<https://a2ctn.viebit.com/player.php?hash=1BkB1CB1IDav>

Again, thank you for the clarity of your concerns. Moving this forward with so little deliberation leaves us few options.

Jack

**Subject:** Fwd: Brightdawn proposal - UPDATE  
**Date:** Monday, February 25, 2019 3:21:19 PM

---

Hi Anne,

Are you available on Saturday after 1:00 pm to meet with neighbors about the Brightdawn development?

Jack

Begin forwarded message:

**From:** Rosemary Bogdan <[REDACTED]>  
**Subject: Re: Brightdawn proposal - UPDATE**  
**Date:** February 25, 2019 at 1:19:15 PM EST  
**To:** Brian Smith <[REDACTED]>  
**Cc:** "Eaton, Jack" <[JEaton@a2gov.org](mailto:JEaton@a2gov.org)>, Juliet Pressel <[REDACTED]>, Peter Avram <[REDACTED]>, Angie Smith <[REDACTED]>

We can meet on Saturday after about 1:00 or on Sunday, any time.

Rosemary

On Mon, Feb 25, 2019 at 8:36 AM Brian Smith <[REDACTED]> wrote:

Good morning all! Thanks Jack (and Anne) for meeting with us. So I am clear Jack were you saying we needed to limit the group to 5 total (including you and Anne) for 5 neighbors. I could meet on Sat, but Sunday at noonish will be out for me (sorry). Peter (who you met last time Jack) also expressed interest in attending. However, I know that Sunday will be his only day. So maybe we will put some group of neighbors together. If you can please let us know the numbers Jack we can fix a time.

Best, Brian

On Sunday, February 24, 2019, 11:39:31 PM EST, Juliet Pressel <[REDACTED]> wrote:

Thanks for this. Jim and I am available either time. Rose and Brian, what works for you?

Juliet,

That Sunday is pretty busy for me. I have a library green meeting at 2:00 and Council Caucus at 7:00.

Is it possible to meet on Saturday or noonish on Sunday?

Council member Bannister will join us. I may bring another Council Member too. We can't have more than 5.

Jack

On Feb 24, 2019, at 6:43 PM, Juliet Pressel <[REDACTED]> wrote:

Jack, will Sunday March 3 at 3 p.m. work for you and Anne? If so, I'll let everyone in our group know. We are definitely looking forward to meeting with the two of you.

A question - should we invite any other Council members to join us? Or should we approach them more individually and/or at other times?

Thanks again. Juliet

**Cc:** [REDACTED] Brian Smith  
<[REDACTED]>  
**Subject:** Re: Brightdawn proposal - 2d response

Hi there. I think there was some miscommunication amongst my group, in part because we have a neighbor named Jack - sorry for the confusion.

The meeting today at 3 p.m. is primarily to honor our neighbor Dick Fortune, who died Wednesday, a victim of homicide. We (our group) were also thinking we'd touch on the Brightdawn proposal as an ancillary matter, which is why I figured that asking everyone at that time about meeting with you and Anne might be a good opportunity.

But - to cut to the chase - I think next weekend will be an excellent time to meet, and I'll ask about that specifically. If it's okay with the Bogdans ([REDACTED]) whom I've copied on this email, maybe we could meet at their house. I'll get back to you very soon. And, THANKS SO MUCH! Again.

Anne and will be unable to meet with you today. Normally a weekend meeting at a time like this would be good but today is busy for both of us.

There is a fair amount of time before this reaches Council. So, waiting won't hurt.

Are you available next weekend?

<[JEaton@a2gov.org](mailto:JEaton@a2gov.org)> wrote:

Ms. Pressel,

It has been a while since we have met to discuss the Brightdawn project proposal. The developer has been meeting with Council members to discuss the project in anticipation of it coming to Council soon.

First Ward Council member Anne Bannister expressed interest in meeting with a few neighbors to hear your concerns. I wonder if we could get together sometime soon. Please let me know when you and

your neighbors  
could meet.

Best wishes,  
Jack

Mr.Bahr,

I have forwarded your email to staff to share your concerns. I also asked for an explanation of how staff determines the priority of street projects. As you note, Greenview isn't the only terrible street in town. I am sure there is some rational method for determining which street gets attention first. Hopefully e will learn about that process and perhaps the panned day for improving Greenview.

Best wishes,  
Jack

Hello CM Nelson:

Thank you for your quick response and for validating my appraisal of Greenview Drive's condition between 7th and Scio. Please note that I have copied CM Eaton in my response so that he is aware of your response and the content contained therein.

I look forward to hearing from CM Eaton and learning of the steps to address the street's condition this year.

Thank you again,  
Mike

On Mon, Feb 25, 2019 at 12:47 PM Nelson, Elizabeth <[ENelson@a2gov.org](mailto:ENelson@a2gov.org)> wrote:

Hi,

I know exactly what you're talking about, from the perspective of a cyclist. I biked your street a lot this summer and it's atrocious (it was only slightly better than Seventh, which was also terrifying in terms of road surface).

I appreciate you reaching out—I am new to Council so I suspect CM Eaton might have a clearer idea than me about how we advocate for specific streets in the capital improvement plans. I don't know how opaque or transparent the process is, but CM Eaton might have a better idea about that.

Elizabeth

**Subject:** 4th Ward Street Construction Projects

Hello Council Members Eaton and Nelson:

I am a 4th ward resident residing on Greenview between Scio and 7th and I am contacting you in regards to the recently announced plans for road improvements throughout the city. I understand that a significant number of our roads need to be addressed, but my concern is the condition of our stretch of road in particular which is not on the list.

If you haven't had a reason to recently drive this little stretch please do so. It was not in the best condition prior to the closure of the 7th and Scio intersection for an extended period of time and now it is horrible condition. The increased traffic during that time, its frequent use as an access point/drop-off point for Lawton Elementary, and the continued freeze/thaw conditions of this year's winter require it to be addressed. Add to this that the 7th and Scio intersection will be closing again shortly to finish that project, and the ensuing increased use during that closure, will leave our road in desperate need of being addressed.

My request is that you each take a moment out of your day to drive that short stretch to see its condition for yourself. As an avid runner I can confidently say it is in the bottom quarter of our city's road quality.

I am hoping that my email will begin a conversation with the road team within city hall and possibly lead to it being addressed this year due to its condition, its location adjacent to one of our elementary schools, and its frequent/increased use due to the road construction projects in our area.

I look forward to hearing from one or both of you.

Thank you,

Mike

Mr. Lazarus,

I am forwarding the email below from a Ward 4 resident about the condition of Greenview Drive. This is one of many streets in the Ward that are in terrible condition. I wonder if you could have staff explain the process for prioritizing street projects. As the City struggles to catch up on street paving, it would be helpful for residents to know what goes into the decision making process for determine the order in which streets are improved.

Thank you,  
Jack

**Subject:** Brightdawn Village - Meeting Request

Good afternoon Councilwoman Bannister -

I am reaching out to you, to facilitate a meeting regarding the Brightdawn Village Project (off-of Burton Road). You may already be familiar with this intergenerational, accessible, work force housing project as we have recently been before the planning commission, and there have been multiple stakeholder meetings to review the project

The owners of the property and project developers will be in town for the upcoming planning commission meeting (meeting on the 21st). As such, and if you are amenable, they would like to meet with you and review their project and goals. They have actually tried to contact you via email in the past but we suspect that being sent from overseas, their emails did not reach you. Haim and Iddo will happily meet you on your own or together with your fellow Council people that you chose to come along with.

Haim and Iddo Schwartz have availability on Friday February 22nd (all day) and Monday February 25th (morning). If you find it difficult to accommodate in this window please let us know and the Schwartzes will extend their stay by a couple of days.

Please advise if you would be amenable to meet over coffee or tea, at a location that would work best and be most convenient for you? We would offer our office as a meeting location if that his helpful?

Thank you for your consideration to meeting and reviewing our very interesting project as we move through the process.

Tom

---

Ms. Wilkerson,

Thank you for providing the employment contracts for the Administrator and Attorney. Please accept my apologies for not responding sooner.

I am having trouble using the documents in the form you sent. Is it possible to get these contracts in a word processor format, such as Micro Soft Word. If that is not possible, could I get these in a PDF file that allows for word searches?

Thank you,  
Jack

Mr. Lazarus,

A Ward 4 resident contacted me with an issue that I don't believe is appropriate for reporting through A2FixIt. A residential site on the west side of Maple Road clears snow from its private road across Maple onto the lawn extension. When doing so, the snow also covers the sidewalk that this resident is responsible for clearing. Could you provide me advice on how this situation can be addressed? His description of the problem and photos are included below.

Thank you,  
Jack

**Subject:** Need help  
**Date:** February 18, 2019 at 6:30:49 PM EST  
**To:** "Eaton, Jack" <[JEaton@a2gov.org](mailto:JEaton@a2gov.org)>, Eaton Jack <[REDACTED]>

Evening;

I know we have a rule that requires citizens to shovel their sidewalks.

So as a good citizen We always shovel our sidewalk along south maple.

Over the years, I've dealt with city plow trucks shoveling South Maple and dumping street snow back on my sidewalk, it's frustrating, but I understand that so I try to time my shoveling.

But today, i became fed up.

Spent time shoveling sidewalk along south maple especially near bus stop for many folks use AATA.

Then the contractor who plows Country Village decided to dump the snow from their street right up on my sidewalk! 3-4 feet high after we had just shoveled. It's too high and heavy to shovel and why should I?

Please advise

See pictures below

Don't contractors have to follow certain rules where to dump their snow ?

Mike

Barry,

Yes, I was informed of these contributions. Just to be clear, the \$12,000 represents about 2.5% of the cost to buy the development rights for Lepkowski farm.

I am interested in hearing what other local contributions are offered.

Best wishes,  
Jack

I imagine you've caught wind that the Washtenaw County parks commission last week committed \$10,000 toward the Lepkowski conservation easement, and the Northfield Township board of trustees committed \$2,000. There may be other contributions forthcoming but based on our conversations I trust these two are adequate for a favorable vote on the city's share at next week's council meeting.

Let me know if you have any questions, and thanks for your support.

Barry

Ms. Wilkerson,

Please also extend the availability of the online evaluation form for me, too. I began filling out the form this afternoon and was blocked from going from one page to the next. I will need to restore all of the answers I previously typed and complete those I had not yet completed.

Thank you,  
Jack

**Subject:** City Attorney Evaluation - City Council

As part of the City Attorney's annual evaluation by City Council for the past year, the Council seeks input from multiple sources. I have been requested by the Council Administration Committee to send to you the 360 evaluation survey of the City Attorney.

This 360 survey is just one part of the preliminary fact-finding necessary to prepare the final written review. Some, or all, of this preliminary information may be used in formulating a final review with all answers being considered confidential.

Please use the following link to get to the survey and instructions:

<https://www.surveygizmo.com/s3/4626140/City-Attorney-2018-Performance-Evaluation-City-Council>

Your participation in the evaluation process is essential in being able to provide a thorough evaluation for the City Attorney. Please complete the survey by **November 15, 2018**. If you have any questions, concerns, or problems in completing the survey, please feel free to contact me.

Thank you for your help and participation in this important process.

Robyn

**Subject:** Fwd: Cross walk  
**Date:** Thursday, January 31, 2019 1:35:41 PM

---

Ms. Hinkle-Eaton,

City Administrator Howard Lazarus provided the reply below to the concerns you raised in your email of January 17. It sounds as if the City will be taking some small short-term actions while it considers long-term improvements. The City Administrator did not specifically respond to your suggestion that the intersection of Edgewood and Stadium have a traffic signal. I will follow-up on that to determine what would need to be done to accomplish that.

If you have further questions or concerns about this, feel free to contact me.

Best wishes,  
Jack

**Date:** January 31, 2019 at 11:47:36 AM EST  
**To:** "Eaton, Jack" <[JEaton@a2gov.org](mailto:JEaton@a2gov.org)>

Councilmember Eaton:

I am writing to provide an informal update concerning the crosswalk on Stadium at Edgewood. Our intent is to install an overhead RRFB at this location, and staff is working on expediting this effort. Installing a pedestrian refuge island at this location will require widening the roadway, which would be a significant effort. Engineering staff is looking at the feasibility of syncing the related underground utility projects so that these projects can be moved ahead in the CIP.

Please let me know if you have any additional questions.

**Subject:** Re: Cross walk

Ms. Eaton,

I share your concerns about the crosswalk at Stadium and Edgewood. I am copying Council Member Kathy Griswold and City Administrator Howard Lazarus to make them aware of your concerns.

Council Member Griswold is a long-time pedestrian safety advocate, with whom I am working to address poorly designed crosswalks. Ms. Griswold and I have been working with Ward 4 resident Eric Lipson to get improvements at this particular site. Ms. Griswold also is the Council representative to the School Transportation Safety Committee, a body composed of school and City staff to address safety, including problems such as this.

City Administrator Lazarus shares our concerns about pedestrian safety and has made the commitment that the City will make necessary improvements and will not allow cost to interfere with making needed changes.

I am confident that working together we will respond to neighborhood concerns about the Stadium-Edgewood crosswalk. The safety of all residents and especially our school-aged children must be foremost in our actions.

Best wishes,  
Jack

On Jan 17, 2019, at 12:00 PM, Kristina Hinkle-Eaton  
[REDACTED] wrote:

Hello, my name is Kristina Eaton and I live on Edgewood Ave.

I have a concern regarding the cross walk at the corner of Edgewood Ave and Stadium. I have witnessed over the past few months, 3 car accidents. There may have been more that I am unaware of. Also, countless near misses to pedestrians. This includes my own child while crossing to attend Pioneer high school, WITH the lights flashing.

I would like to recommend an actual traffic signal be placed here. A signal that flashes yellow and red, one that is only functional during school hours or during events held at the high school.

I would hate for another sentinel event to take place at this location before something is done.

I have also sent this letter to [credinger@a2gov.org](mailto:credinger@a2gov.org).

I am uncertain to whom would be the most appropriate person to help with this situation.

Kind Regards,  
Kristina Eaton

---

Hi Jane,

Hope you're warm.

School Board member Jeff Gaynor posted a comment on the mLive article:

“The School Board meeting scheduled for tomorrow, Jan. 30, has been cancelled due to extremely low temperatures, and also due to the agenda being relatively light. It did not include a vote on a bond issue for May.”

This means the school bond issue will not be on the May ballot. According to the article, they are considering putting it on the November ballot.

**Subject:** RE: Q RE: placing a Q on the May ballot

Thanks again, Jackie, for the information about the school's bond proposal and that if it's not on the May ballot, my non-partisan charter ballot Q would be the only May ballot item. Again, if the AAPS decides to not place a bond proposal Q on the May ballot, I intend to withdraw my resolution as I am not interested in causing/requiring a Special Election for this one Q.

I see the agenda that was released yesterday does not include the title, and sorry for any confusion caused. Because the AAPS will be making their decision tonight (see link to MLive article below), I would like to keep the title (and will send you an updated resln.) on the agenda just in case the AAPS does decide to place the bond proposal before voters in May.

Hope you're staying warm, and thanks so much! Jane

p.s., Would the next election be the August primary?

From the MLive article:

“If trustees want to put a bond proposal on the May ballot, they would need to vote on a resolution to do so at their 7 p.m. meeting Wednesday, Jan. 30, at Forsythe Middle School. Discussion at the study session indicated trustees prefer to wait until the November election so they have more time to weigh options and educate the public.”

Assuming you are aware that City Hall is closed tomorrow and Thursday? We are going to push the agenda out this evening so I will get the title on for the website. The download packet will go out Friday morning when the office is open again. Also, making sure you are aware that as of right now, there is nothing scheduled for a May election, so, if approved, this would require a Special Election for this amendment specifically.

**To:** "'[CityCouncil@a2gov.org](mailto:CityCouncil@a2gov.org)'" <[CityCouncil@a2gov.org](mailto:CityCouncil@a2gov.org)>  
**Subject:** parking restrictions during snowstorms

Dear Mayor Taylor & City Council,

In my 20+ years living in Ann Arbor, I've never understood why the city fails to ban street parking during snowstorms. Parking on the street during snowstorms: (1) reduces the efficiency of city plowing efforts, (2) worsens the driving conditions for others, since the streets are not cleared, and (3) decreases the availability of street parking post-storm because cars are plowed in. These negative impacts are not trivial.

I raised this issue several years back, and was told that the city did not know how to implement parking restrictions.

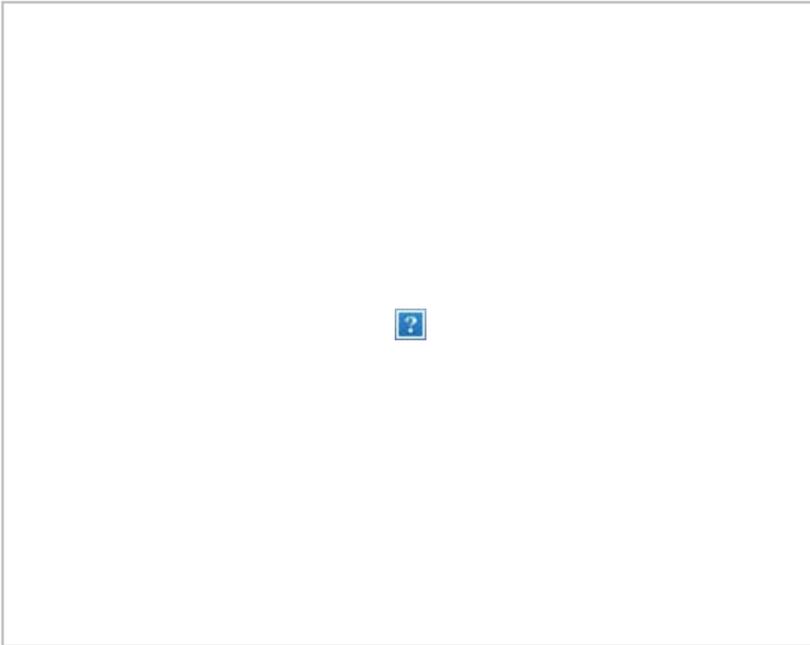

So below is a list of cities currently showing on "[clickondetroit.com](http://clickondetroit.com)" as restricting street parking for this snowstorm.

*And for those who argue "but they're not college towns, please note that East Lansing is currently in a snow emergency, banning on-street parking from 6 pm to 6 am tomorrow; Grand Rapids has odd/even parking throughout the winter, as does Madison, WI; Mt. Pleasant prohibits street parking from 2-5 am throughout the winter, etc. In short, other college towns DO ban on-street parking during snowstorms.*

I sincerely hope you will reach out to one or more of these cities to learn more about their policies and implementation process with the goal of improving snow removal and enhancing winter driving conditions for all Ann Arborites.

Thank you.

Sarah Clark

**To:** Jack Eaton <[JEaton@a2gov.org](mailto:JEaton@a2gov.org)>  
**Subject:** **Art Commission reception this Sunday: 3-5pm**

Hi Jack,

I am writing to invite you to a reception for the Ann Arbor Public Art Commission this Sunday, January 27, at my home from 3-5pm.

You are welcome to bring a guest and meet our art commissioners: Connie Brown, Jonah Copi, Colleen Crawley, David Esau, Mary Thiefels, David Zinn, Deb Mexicotte, Allison Buck, and myself. Our new Council liaison, Ali Ramlawi, will also be there. Allison and Deb are our new chair and vice chair, respectively.

As you know, I have served for six years on the Art Commission with the last three as chair. Our bylaws prevent the chair from serving more than three years and I am thrilled to serve now as a commissioner following the leadership of Allison and Deb.

I am also pleased with what the art commission has achieved in the

last three years.

Because the City budget does not provide for a full time dedicated staff, the art commission has transitioned from a group that administered the selection of artwork to a group that provides strategic advice. This has actually benefited Ann Arbor's broader creative community by leveraging their expertise and their network of supporters to help the city instead of the art commission administer the selection process.

### **Recommendations to Staff and Council**

#### Art Selection Process

We have advised staff that there are art projects that can be handle in-house, like the award-winning repainting of the Manchester Water Tower. Other projects, like wrapping traffic signal electrical boxes in vinyl artwork, are best outsourced to local arts organizations who have dedicated staff like the Art Alliance. Selecting public art is more than just picking the art. It involves building stakeholders for the project and promoting it. There is no better way to do that than to activate our creative community by contracting for their expertise.

The art commission can offer oversight to identify best practices and provide important feedback on what went right and how it could be done better.

#### CIP Potential

We have also developed criteria to identify potential in municipal construction. As we build our physical infrastructure, we should also build our cultural infrastructure. The most cost-effective way we show the world that we are the creative capitol of our region, is to leverage the materials we use in constructing our buildings, bridges, walls, and roads. Creative design can mean we design a water tower other than the typical mushroom shape or it can mean we use a mural for wayfinding. The art commission has carefully developed measurable criteria and a process to identify those infrastructure projects that have the most potential for creative design. It has used that data to identify several construction projects (see report link below). It is now up to the individual project managers, and the artists they enlist, to take advantage of this potential.

#### Public Art as Public Asset

Ann Arbor's public art is a valuable public asset worth more than \$2M. Prudent management requires that it be treated as other municipal assets. The art commission has recommended that city staff develop an inventory of all public art, listing a description, location, value, and maintenance schedule. This is necessary to keep our cultural assets in as good a condition as our infrastructure. This inventory will also allow for maps, walking tours, and other promotional information so that residents and visitors can fully appreciate our unique culture.

Private Donations

Our wealthier citizens need an opportunity to leave their mark on our City. They could do this through a cash donation for public art. Additionally, some artists would welcome an opportunity to donate artwork to a city with our demographic profile. Both of these initiatives are in the planning stage and I trust our new leadership will develop them.

Student Involvement

Finally, the art commission strongly believes that building a shared public art collection demands inclusion. We want Ann Arbor's young, creative, energetic citizens - our students - to join in our effort. Connie Brown, Deb Mexicotte, Jonah Copi, and Mary Thiefels are leading that initiative.

**Subject:** Art Commission reception this Sunday: 3-5pm

Hi Jack,

I am writing to invite you to a reception for the Ann Arbor Public Art Commission this Sunday, January 27, at my home from 3-5pm.

You are welcome to bring a guest and meet our art commissioners: Connie Brown, Jonah Copi, Colleen Crawley, David Esau, Mary Thiefels, David Zinn, Deb Mexicotte, Allison Buck, and myself. Our new Council liaison, Ali Ramlawi, will also be there. Allison and Deb are our new chair and vice chair, respectively.

As you know, I have served for six years on the Art Commission with the last three as chair. Our bylaws prevent the chair from serving more than three years and I am thrilled to serve now as a commissioner following the leadership of Allison and Deb.

I am also pleased with what the art commission has achieved in the last three years.

Because the City budget does not provide for a full time dedicated staff, the art commission has transitioned from a group that administered the selection of artwork to a group that provides strategic advice. This has actually benefited Ann Arbor's broader creative community by leveraging their expertise and their network of supporters to help the city instead of the art commission administer the selection process.

### **Recommendations to Staff and Council**

#### Art Selection Process

We have advised staff that there are art projects that can be handle in-house, like the award-winning repainting of the Manchester Water Tower. Other projects, like wrapping traffic signal electrical boxes in vinyl artwork, are best outsourced to local arts organizations who have dedicated staff like the Art Alliance. Selecting public art is more than just picking the art. It involves building

stakeholders for the project and promoting it. There is no better way to do that than to activate our creative community by contracting for their expertise.

The art commission can offer oversight to identify best practices and provide important feedback on what went right and how it could be done better.

### CIP Potential

We have also developed criteria to identify potential in municipal construction. As we build our physical infrastructure, we should also build our cultural infrastructure. The most cost-effective way we show the world that we are the creative capitol of our region, is to leverage the materials we use in constructing our buildings, bridges, walls, and roads. Creative design can mean we design a water tower other than the typical mushroom shape or it can mean we use a mural for wayfinding. The art commission has carefully developed measurable criteria and a process to identify those infrastructure projects that have the most potential for creative design. It has used that data to identify several construction projects (see report link below). It is now up to the individual project managers, and the artists they enlist, to take advantage of this potential.

### Public Art as Public Asset

Ann Arbor's public art is a valuable public asset worth more than \$2M. Prudent management requires that it be treated as other municipal assets. The art commission has recommended that city staff develop an inventory of all public art, listing a description, location, value, and maintenance schedule. This is necessary to keep our cultural assets in as good a condition as our infrastructure. This inventory will also allow for maps, walking tours, and other promotional information so that residents and visitors can fully appreciate our unique culture.

### Private Donations

Our wealthier citizens need an opportunity to leave their mark on our City. They could do this through a cash donation for public art. Additionally, some artists would welcome an opportunity to donate artwork to a city with our demographic profile. Both of these initiatives are in the planning stage and I trust our new leadership will develop them.

### Student Involvement

Finally, the art commission strongly believes that building a shared public art collection demands inclusion. We want Ann Arbor's young, creative, energetic citizens - our students - to join in our effort. Connie Brown, Deb Mexicotte, Jonah Copi, and Mary Thiefels are leading that initiative.

Hi Tish,

Happy to have you as a constituent!

The Capital Improvement Plan (CIP) is, by state law, prepared and adopted by the City's Planning Commission. It reflects the "wish list" of those participating in its formation. The City Council has no role in adopting or approving the CIP.

Conversely, the City Council has authority over the City budget. While the CIP is meant to advise the Council, the Council can and has disregarded the projects and priorities in the CIP. I'm am pretty confident that Council will not approve \$14 million MORE dollars for train station planning. Similarly, before anything in the CIP advances, it must first be approved as part of the Council's Capital Improvement Budget.

Hope that answers your questions and concerns.

Best wishes,  
Jack

On Jan 18, 2019, at 1:19 PM, Letitia Simmons [REDACTED] wrote:

Hi Jack and Elizabeth,

How nice to be able to write to you two and not my former council people in my old neighborhood!

I just read the article about the projects around town and I have a couple of questions.

1. Why is the train station still on the table? \$14.5 million seems fiscally negligent to me.
2. Is the intersection at Hill/State on the list to be repaired? I take Hill all the way to Geddes every day for work and it is a mess from Packard all the way to Tappan with the aforementioned intersection being the absolute worst.
3. Is the airport also funded by Pittsfield Twp.? Isn't this where it is located?

Thanks for your time and your service to our community.

Sincerely,

Letitia Simmons

**Subject: Comments from the Council Planning Session**

Councilmember Eaton:

I am writing in response to concerns I have resulting from Mondays' Council Planning Session. I've taken a few days to weigh whether or not I should bring these to your attention, and in the best interest of working relationships and staff morale I think it prudent to do so.

During the discussions that took place, which were very beneficial, there were several comments about our staff that I and others have found to be a bit demeaning to our administrative and non-union workforce. While I am sure your intentions were not to be hurtful, the words used do matter and I hope you can clarify your intent as we go through the budget process.

The use of the term "administrative staff" in a manner that implies these members of the City team do not do "real work" can (and is) perceived as mean-spirited. We have many exceptional administrators throughout the City, including staff that provide critical customer service, planning and permitting, financial management, legal, judicial, engineering, communications, clerical, technological, and utilities operation functions.

Factually, we have not added many positions to the City staff over the past five years. I laid out the hiring history to you in a December 18<sup>th</sup> memo to you. Out of the 51.75 FTEs added, 28 (54%) are employees of the Ann Arbor Housing Commission that were made City staff by Council resolution, and 9.5 (18%) are enterprise funded and are not

carried within the General Fund. Of the 14.25 (28%) of the new positions within the General Fund, the largest gain was in AAPD (5). A total of three (3.25) FTE are the result of part-time to full time status. Of the remaining six (6) FTE, five (5) of these positions support planning, human resources, information technology, and boards and commissions. The remaining FTE is the Assistant City Administrator, whose actions to date more than justify the need for this position. The tracking of these positions can be a bit complicated, and I can go through these with you at your convenience.

In the end, the culture of being a lean, efficient, and high-performing team is well established throughout our City staff. Everyone plays an important role, and their work is valued. I am available to discuss the above concerns with you, and I appreciate your support going forward.

Ms. Eaton,

I share your concerns about the crosswalk at Stadium and Edgewood. I am copying Council Member Kathy Griswold and City Administrator Howard Lazarus to make them aware of your concerns.

Council Member Griswold is a long-time pedestrian safety advocate, with whom I am working to address poorly designed crosswalks. Ms. Griswold and I have been working with Ward 4 resident Eric Lipson to get improvements at this particular site. Ms. Griswold also is the Council representative to the School Transportation Safety Committee, a body composed of school and City staff to address safety, including problems such as this.

City Administrator Lazarus shares our concerns about pedestrian safety and has made the commitment that the City will make necessary improvements and will not allow cost to interfere with making needed changes.

I am confident that working together we will respond to neighborhood concerns about the Stadium-Edgewood crosswalk. The safety of all residents and especially our school-aged children must be foremost in our actions.

Best wishes,  
Jack

wrote:

Hello, my name is Kristina Eaton and I live on Edgewood Ave.

I have a concern regarding the cross walk at the corner of Edgewood Ave and Stadium. I have witnessed over the past few months, 3 car accidents. There may have been more that I am unaware of. Also, countless near misses to pedestrians. This includes my own child while crossing to attend Pioneer high school, WITH the lights flashing.

I would like to recommend an actual traffic signal be placed here. A signal that flashes yellow and red, one that is only functional during school hours or during events held at the high school.

I would hate for another sentinel event to take place at this location before something is done.

I have also sent this letter to [credinger@a2gov.org](mailto:credinger@a2gov.org).

I am uncertain to whom would be the most appropriate person to help with this situation.

Kind Regards,  
Kristina Eaton

Hi Rita,

You do not need to submit your application again. The Mayor has opened the process up to Council members and we are now able to review everyone who's applied for Boards and Commissions. You are on that list as seeking a position on the Environmental Commission. If you are interested in any other commissions, you would need to update your application.

There are many others on the list whose applications are much older than your. That doesn't seem to be a problem.

Best wishes,  
Jack

Good Afternoon Councilmember Bannister,

To answer your question about communication with the general public:  
The vacant seat is posted online at on the Boards and Commissions  
module. If you'd like a link to share the best address to give out is:

<http://a2gov.granicus.com/boards/w/fe6c5e22e6f4a331/vacancies>

This link lists all vacant seats, not just the Environmental Commission and  
includes a button to apply.

As for the process of filling this seat:

I'd be happy to send out weekly updates of new applications received to  
both you and Councilmember Smith.

Once an applicant is selected to move forward in the process, either you  
or Councilmember Smith can let me know and I will get the nomination  
added as a resolution to an upcoming City Council agenda.

Sincerely,

Kelly Beattie | Boards and Commissions Coordinator

Hi Nate,

You may remember that we corresponded back in the summer of 2017 about the need for lights at the crosswalk on W. Liberty at Liberty Pt. condos. Tonight I noticed that two LED lights have been installed! I just want to thank you. They are fantastic! Attached is a picture showing how well they illuminate the crosswalk. It can actually be seen from much father away.

I hope you don't mind that I have cc'd Jane Lumm, Kathy Griswold, and Jack Eaton, who knew of my concern about that crosswalk and consider pedestrian/driver safety to be a top priority.

Thank you again, Nate, and for your helpful correspondence when the city was conducting the streetlight assessment in 2017.

Best,

Judith Hoffman

**Subject: RE: Scio Church Road - Add Streetlights**

Julie,

I've communicated with the appropriate staff here in the Public Services Area with regard to your question of January 14, 2019 concerning street lighting along Scio Church Road between S. Seventh Street and S. Main Street.

Staff has previously reviewed the proposed installation of street lights along Scio Church between S. Seventh Street and S. Main Street, but when placed in our prioritization model and compared with the other City-wide priorities, this location was not ranked high enough to warrant performing the project at this time. Currently, we have three other locations prioritized above this locations.

Also, new street lighting does not have a dedicated, ongoing, funding source, so funds for the installation of the street lights at this time are not available. This location will stay on our list of potential projects for future consideration in upcoming Capital Improvement Plans.

We appreciate your inquiry and follow-up regarding this topic and should you have any additional questions please let us know.

Thank you.

Michael G. Nearing, P.E.

Subject: Scio Church Road - Add Streetlights

Hi Mike.

I'm the Treasurer of The Meadows neighborhood association (The Meadows is located on Marra Drive - very close to the intersection of Main Street and Scio Church Road). Last year I was informed that adding streetlights (where there are none today) was not included in the budget for the Scio Church road repairs & sidewalk addition. At that time, I was told it would be submitted as part of the 2019 budget. Can you please provide an update on this — was it approved and if so, when will the added streetlights be installed?

[Jack — I'm including you on this email since I contacted you last summer regarding this issue. As a reminder, there presently are no streetlights from Scio Church/Marra Drive intersection to Scio Church/Main Street intersection. Now there will be a new sidewalk (where there was no sidewalk before) on the north side of Scio Church from S. 7th to Main Street (along Pioneer Prairie). The addition of streetlights is needed along this sidewalk for pedestrian safety.]

Thank you,  
Julie Fritz

Two typos. I will mark up a written copy.  
The deadline for June 4 is tomorrow.  
The June 4 agenda may be pretty packed, so June 18 may be a better target.

*Please note that I cannot send or receive emails in excess of 25MB. If you need to send me an email with a large attachment, please contact me to arrange how to get the attachment(s) to me.*

**Subject:** Extended curbing at 7th and Scio Church

Mr Eaton,

I have left you a message and have not received a reply. I spoke with Nick Nearing a few days ago about the objectionable over extension of the curbing at the intersection which impedes right hand turning for cars leaving the subdivision. I also directed my disappointment at the way things were left... should they be permanent... with those white pvc pipe looking posts which they have placed there to mark the overextensions. I understand there are many unhappy with what's been constructed there. Right now I'm concerned too about the aesthetic look of the entrance in an area of homes that sell for a 1/2 million dollars. One just posted for \$100,000 over that. There is no reason the bike sign need be present other than it's just one more objectionable added look. I would like to have a conversation about how better those curbs could be landscaped, or moved back by the city to provide a less distasteful entrance to our homes. I feel this project has devalued our homes here.

Thank you,  
Gail Light

## Council Members:

This note is a reminder to please confirm your ability to attend one of the two briefings on the Y-Lot projects for Peter's graduate Business and Urban Design course. The first one is January 11, and the second one is January 18th. Both are at the Ross Business School, room 0320, in the area immediately under the Starbucks at Ross. They go from 11:00 – 12:30pm, and a light lunch will be provided.

The objectives for the briefings to City Council are to:

- 1) Provide Council Members an opportunity to review Y-lot projects defined by the students last semester that address affordability, transportation, and climate challenges facing the City.
- 2) Obtain feedback on the structure of the projects based on the proposed building's mass,

uses, timing, design elements, and cost and revenue projections.

3) Secure guidance and recommendations on the specific stakeholders Council would expect to be involved in any development on the Y-lot.

4) Define key junctures during the semester for follow-up participation by Council, including mid-term and final projects reviews, and a charrette / design workshop in early May.

Mayor Taylor and Howard Lazarus have already agreed to join the meetings, with Mayor Taylor on January 11th and the Howard Lazarus on the 18th. City Hall staff including Derek Delacourt, Jennifer Hall, Missy Stults, and Susan Polly have also been invited.

As I previously stated, this graduate course in real estate could easily serve as a first, very

inexpensive step  
towards a City-  
wide Task Force on  
Affordability and  
Climate to  
formalize a public  
engagement  
process similar to  
the 2005 Calthorpe  
Strategy Initiative.  
That initiative  
started with a  
Downtown  
Residential Task  
Force in 2003.  
Given the current  
dynamics regarding  
development of  
City owned land,  
the student teams  
could serve as a  
cogent sounding  
board for Ann  
Arbor stakeholders,  
while considering  
options and  
direction for just  
such a new City-  
wide Task Force.

Please confirm if  
you can attend  
either the January  
11th or the January  
18th briefings.  
We'll need a head-  
count for the lunch  
order.

Thank you, again,  
for your  
consideration. We  
hope to see you  
there!

## **MDEQ announces a “second call” for projects Over \$60 million available in drinking water infrastructure loans**

The Michigan Department of Environmental Quality (MDEQ) is soliciting for more Drinking Water Revolving Fund (DWRf) projects to receive below market rate loan financing in the present fiscal year (FY) 2019. There is substantially more DWRf loan funding available than the currently demonstrated \$53 million demand for FY 2019 drinking water infrastructure projects. Fund resources could support over \$60 million in additional drinking water project loans for a combined total in excess of \$113 million inside FY 2019.

Eligible drinking water infrastructure projects for this “second call” of DWRf loan applicants are those that will address an identified public health threat, such as lead, per- and polyfluoroalkyl substances (PFAS), or other contaminants.

An [Intent-to-Apply form](#) for this “second call” is due no later than January 14, 2019, and the final DWRf project plans are due no later than March 15, 2019. Following receipt and review of the final DWRf project plans, the MDEQ will amend the FY 2019 Intended Use Plan (IUP) and make it available to the public before issuing the final document.

Some principal forgiveness is expected to be allocated to disadvantaged communities, as in the September 2018 IUP, and potentially to projects addressing contamination. The MDEQ’s final determination will be made once additional projects and cost estimates are known. Projects on the September 2018 IUP will not see a decrease in their principal forgiveness amount. Some projects may be offered new/additional principal forgiveness.

The DWRf provides low-interest loan financing for necessary public drinking water facility improvements to enhance water quality and protect public health. The [21st Century Infrastructure Commission](#) reported an \$800 million annual gap in funding water-related infrastructure needs. The DWRf is an opportunity to help narrow that gap through interest rates below those otherwise available on the open market and opportunities to receive principal loan forgiveness. Participation in the DWRf loan program also allows communities to pass the savings along to their system customer base.

The DWRf was established in 1997 and has since provided below market rate loan financing totaling \$980 million for drinking water infrastructure projects. A portion of the DWRf is provided by the United States Environmental Protection Agency through capitalization grants. The MDEQ is working on proposals to improve the DWRf based upon recommendations of the 21st Century Infrastructure Commission, as well as stakeholder feedback, in order to enhance opportunities for communities to access capital funds necessary to improve Michigan’s water-related infrastructure. The MDEQ has developed [educational videos to help communities that are interested in obtaining funding from the DWRf](#) prepare a quality final project plan.

For more information on the DWRf loan program visit:

[www.michigan.gov/drinkingwaterrevolvingfund](http://www.michigan.gov/drinkingwaterrevolvingfund).

Hi,

One new initiative of the current Council is an effort to open the process for appointments to Boards and Commissions. The Mayor has been receptive to this idea. He has made available to Council members all of the applications for Boards and Commissions. He has also sought input on the appointments he intends to make before announcing them. This is a good start and we will be working on improving the process.

I want to stress how important it is to have many more applicants available to select from. It is not enough that Council can refuse to confirm a really bad appointment. We need to have really good candidates to propose as a suitable appointment.

Please consider applying for a Board or Commission. You can find information about Boards and Commissions and the application here:

<https://www.a2gov.org/departments/city-clerk/Boards-and-Commissions/Pages/default.aspx>

Apply. Encourage your friends to apply. Help us improve the advice Council receives from Boards and Commissions by improving the appointments to those Boards and Commissions. When you apply, be sure to fill out the entire application and be sure to apply for all of the Boards and Commissions you are interested in.

Thanks,  
Jack

Constituent Coffee Hour

9:30 - 10:30 am at Argus Farm Stop (325 W. Liberty Street)

***Council meeting highlights:***

**Water and Sewer Rate Ordinance**

At the January 7<sup>th</sup> Council meeting, I supported the decision to break the water and sewer rate increases into two separate ordinances. I recognize that both

water and sewer rate increases are essential in order to maintain the financial health of our systems and separating the two revenue streams allowed Council to move forward on the sewer rate increase.

Late last year, Council instructed Staff to re-examine the revenue neutral, water rate restructure plan that was adopted in July 2018. I believe it is prudent to wait for the results from this re-examination before approving an additional water rate increase onto single-family homeowners that have experienced the greatest financial impact under new water rate restructure plan.

### Trespass Ordinance

As one of the Council liaisons to the Human Rights Commission, I was asked to co-sponsor this change to our City Ordinance. The change came with unanimous consent from the Human Rights Commission, the Ann Arbor Police Department along with the City Attorney's Office. The revised ordinance now gives those who have been read trespass or ticketed trespass better access to due process and also help connect them with the City's and County's Human Services.

The revised ordinance can be read [here](#).

### Two-Year Budget Planning Process

Council began our work on the FY20 & FY21 planning process at the Budget Retreat held December 10<sup>th</sup>, with our discussions on prioritize spending continuing at several Work Sessions scheduled with Staff.

The City Administrator will present his recommended budget to Council at our April 15<sup>th</sup> meeting and there is a public hearing scheduled for May 6<sup>th</sup>. Council will vote on the FY20 budget at our May 20<sup>th</sup> meeting.

---

I want to recognize our first responders and staff for their efforts during our recent winter storms and polar vortex. My thoughts continue to be with our injured fire fighter for a speedy recovery. We are fortunate to have these

injured the righter for a speedy recovery. We are fortunate to have these  
dedicated individuals to keep us safe.

The City does not have a Whistleblower protection ordinance. The State Whistleblower law protects those who report violations of law. This particular employee reported terrible things, but no violations of law.

I think we need to follow up with Postema and Lazarus to make it clear that if anything happens to this employee as a result of reporting the problems in HR, it would lead to us seeking removal of the person responsible (eg: Lazarus or Postema).

Thank you for all you do!

Jack

On Apr 8, 2019, at 12:43 PM, Jane Lumm <[REDACTED]> wrote:

Jack, made a copy of the 9 txt. messages I just referenced. Postema asked for the file and will give him tonight. Just want you to know I made a back-up copy. Do we have a protection policy for whistleblowers? Was irritated that he immediately chimed in to say [REDACTED]. That had nothing to do with what we were bringing to their attn., but it felt like blame the victim. So glad you were there! Jane

**From:** Jack Eaton [REDACTED]  
**Subject:** Re: Two questions, RE: [A2NA] Fwd: Mayor's letter justifying his veto.  
**Date:** April 8, 2019 at 11:29 AM  
**To:** a2na@googlegroups.com

James,

I believe the last time an Ann Arbor Mayor used the veto was in December 2013, when Mayor Hieftje vetoed changes to the local pedestrian ordinance.

[https://www.mlive.com/news/ann-arbor/2013/12/ann\\_arbor\\_mayor\\_using\\_veto\\_pow.html](https://www.mlive.com/news/ann-arbor/2013/12/ann_arbor_mayor_using_veto_pow.html)

The City Charter says this about the Mayor's veto power:

SECTION 4.5.

(a) Within seventy-two hours, exclusive of Sundays and holidays, after a meeting of the Council, the Clerk shall present the record of the meeting to the Mayor for approval. Except in cases of appointment or removal of officers by the Council, the Mayor may disapprove, in whole or in part, any action taken by the Council by resolution, order, or otherwise. The Mayor shall file the disapproval and reasons therefor, in writing, with the Clerk within seventy-two hours, exclusive of Sundays and holidays, following presentation of the record to the Mayor. Such disapproval shall be reported by the Clerk at the next regular meeting of the Council or at a special meeting called for consideration thereof. Council action disapproved by the Mayor shall be of no effect, unless re-affirmed by the concurring vote of at least eight members of the Council within thirty days from the time such disapproval is reported by the Clerk.

That provision applied to resolutions and other actions by the Council. Section 4.5, paragraph (b) is very similar and addresses the use of the veto regarding ordinances.

Jack

On Apr 8, 2019, at 11:19 AM, James Carl D'Amour <[REDACTED]> wrote:

It has been quite some time since a mayor exercised his or her veto power. Without going into the merits of this one, curious if anyone here can remember the last time this has occurred?

I am assuming an eight-vote requirement for override. Is this correct?

My thanks to the answer folk here. 😊

From: Elizabeth Nelson [REDACTED]  
Subject: Elizabeth Nelson's City Council Newsletter (Apr 27, 2019)  
Date: April 27, 2019 at 4:11 PM  
To: [REDACTED]

## Hello neighbors!

Although it's been two weeks since the last City Council meeting, due to the recent holiday weekend the next meeting will be held **Monday May 6th**. I will be holding my regular coffee hours NEXT Sunday May 5th.

Even though there isn't a Council agenda to review this week, there are a few upcoming events I'd like to make people aware of before I send out my usual newsletter next weekend.

## Road Construction Updates

It's the season for road construction, and I post regular updates on my website about projects that affect Ward 4 residents. My posts include links to the City's website, so that you can find more information and contact info.

### **Scio Church construction (including Scio/Seventh intersection)**

As I'm sure many of you have noticed, road construction on Scio Church Road between Seventh and Main resumed, closing the east-bound lane of Scio Church. Construction involves resurfacing Scio Church Road, and completing the sidewalk along the north side of Scio Church Road. This project also includes changes to the Seventh and Scio Church intersection, which was the subject of several public meetings held by City staff.

<https://www.a2elnel.com/blog/scio-church-road-construction-begins-april-18th-including-scio-seventh-intersection>

## **Ann Arbor Saline Road lane closures**

A lane in each direction of Ann Arbor Saline Road is closed for local storm sewer, sidewalk and curb work.

<https://www.a2inel.com/blog/ann-arbor-saline-road-construction-begins-april-11>

## **Hoover Avenue, Greene Street, and Hill Street construction starts May 6th**

Road construction on Hoover Avenue, Greene Street, and Hill Street will start on May 6th, and is scheduled to complete in November. This is a big project - I've included a map of the affected area in my post, along with a copy of the letter sent by the City to local residents.

<https://www.a2inel.com/blog/hoover-greene-hill-construction-begins-may-6th>

## **Public Meetings and Surveys**

### **Snyder Edgewood Flooding Public Meeting May 1st**

There will be another public meeting from City staff to discuss upcoming plans to mitigate flooding that occurs in and around the Snyder and Edgewood intersection.

<https://www.a2inel.com/blog/may-1st-meeting-about-snyder-edgewood-stormwater-improvement-project>

**Wednesday, May 1, 2019 (7:00-9:00 PM)**

Pioneer High School (Cafeteria Annex)

[601 W Stadium Blvd](#)

### **Online Survey for Ann Arbor Transportation Plan open until May 20th**

The City of Ann Arbor has opened an online survey in preparation for updating

the Comprehensive Transportation Plan. The survey will be open until May 20th.

<https://www.a2inel.com/blog/online-survey-for-ann-arbor-transportation-plan-open-until-may-20th>

The survey is available at:

<https://www.surveymonkey.com/r/A2MovingTogether>

## Boards and Commissions Applications

Membership on Ann Arbor Boards and Commissions is constantly changing as terms end and appointees step down. We need you! You can find openings at the following link (or contact me directly)

<https://a2gov.granicus.com/boards/w/fe6c5e22e6f4a331/vacancies>

## Ann Arbor Center of the City Task Force applications accepted until May 31st

The Ann Arbor City Council is accepting applications for the new **Center of the City Task Force**, created to engage citizens in visioning, long-term planning, immediate and intermittent uses and building toward the final vision for the Center of the City on the Ann Arbor District Library Downtown Branch block.

<https://www.a2inel.com/blog/apply-to-serve-on-the-ann-arbor-center-of-the-city-task-force>

The application is available at:

<http://a2gov.granicus.com/boards/forms/460/apply>

## A reminder about a few city resources:

**A2 Fix It** This is an online system for alerting the city to problems in your

**A2 FIX IT** THIS IS AN ONLINE SYSTEM FOR ALERTING THE CITY TO PROBLEMS IN YOUR neighborhood (e.g. potholes, graffiti, garbage pickup). This is the city's preferred method for hearing your complaint so they can direct appropriate staff to address it. I'm happy to hear from you, too, but city staff tell me that **the online A2FixIt system is actually the quickest and fastest way to get a response to the problem.** Information about A2FixIt (and explanation of more urgent issues and appropriate numbers to call) is here:

<https://www.a2gov.org/services/pages/report-a-problem.aspx>

**City News and Announcements** This is a helpful link to updates on events and opportunities in Ann Arbor through City Hall:

<https://www.a2gov.org/news/pages/default.aspx>

**City Department Updates** If you have specific interests related to the city's work, e.g. construction projects, deer management, recycling, you can subscribe to receive emailed updates on various topics found here:

<https://www.a2gov.org/services/Pages/E-mailAlertSubscription.aspx>

## Additional thoughts...

With time off from City Council, why not see a performance of **FAME The Musical** put on by the wonderful [Pioneer Theatre Guild](#)? I've been fortunate to see some behind-the-scenes preparations, and I can tell you the show will be amazing! We have been involved with PTG for a couple years, and it is a FANTASTIC organization for students, families, and our community.

### **FAME The Musical**

Presented by the Pioneer Theatre Guild

**Pioneer High School (Schreiber Auditorium)**

[601 W Stadium Blvd](#)

Saturday, April 27th @ 7:30pm

Sunday, April 28th @ 2:00pm

Friday, May 3rd @ 7:30pm

Saturday, May 4th @ 7:30pm

Sunday, May 5th @ 2:00pm

Tickets: \$15/Adults, \$10/Students & Seniors

<https://a2ptguild.org/showdates/#springmusical>

Thank you for helping me represent Ward 4!

## Hello neighbors!

This week on City Council, we have a somewhat long agenda up for discussion that includes ten public hearings (!), a few ordinances each in first or second reading, and some new/unfinished business that revisits the structuring of water rates.

Before I jump into my summary of items on the agenda, I'd like to invite you to my coffee hours tomorrow (Sunday May 5th) from 3-4:30 p.m. at RoosRoast on Rosewood. I hope this is a convenient opportunity for us to meet in person and hear perspectives.

## Council Caucus

Some of us on City Council have decided to resume a tradition of "Council Caucus" on Sunday nights. I am looking forward to this opportunity for additional open, public conversation around the issues that matter to you!

**Council Caucus**  
**Sunday May 5th (7:00-9:00 PM)**  
City Hall 2nd Floor  
301 E Huron St

### Agenda:

- Public comment general time. (Three minutes, no need to signup in advance and speakers will be assigned in the order of arrival.)
- Discussion, primarily topics on the next day's Council agenda.

### More Information:

- One or more council members will be present for each caucus.
- Children are welcome. (Books and crayons provided)

If there is public interest, then the caucus sessions will continue every Sunday before regular Council meetings.

For more information about Council Caucus, see the city website at:

<https://www.a2gov.org/departments/city-council/Pages/CityCouncilMeetings.aspx>

## **Boards and Commissions Applications**

Membership on Ann Arbor Boards and Commissions is constantly changing as terms end and appointees step down. We need you! You can find openings at the following link (or contact me directly)

<https://a2gov.granicus.com/boards/w/fe6c5e22e6f4a331/vacancies>

## **Ann Arbor Center of the City Task Force applications accepted until May 31st**

The Ann Arbor City Council is accepting applications for the new Center of the City Task Force, created to engage citizens in visioning, long-term planning, immediate and intermittent uses and building toward the final vision for the Center of the City on the Ann Arbor District Library Downtown Branch block.

<https://www.a2elnl.com/blog/apply-to-serve-on-the-ann-arbor-center-of-the-city-task-force>

The online application for Boards and Commissions is here:

<http://a2gov.granicus.com/boards/forms/460/apply>

## **Road Construction Updates**

It's the season for road construction, and I post regular updates on my website about projects that affect Ward 4 residents. My posts include links to the City's

website, so that you can find more information and contact info.

For information about these and other projects, the City has a page of road and lane closures, and a page of scheduled construction projects:

<https://www.a2gov.org/departments/engineering/traffic/Pages/Road-and-Lane-Closure.aspx>

<https://www.a2gov.org/departments/engineering/Pages/Construction-Projects.aspx>

### **Scio Church construction (including Scio/Seventh intersection)**

Road construction on Scio Church Road between Seventh and Main has closed the east-bound lane of Scio Church. Construction involves resurfacing Scio Church Road, and completing the sidewalk along the north side of Scio Church Road. This project also includes changes to the Seventh and Scio Church intersection, which was the subject of several public meetings held by City staff.

<https://www.a2elnel.com/blog/scio-church-road-construction-begins-april-18th-including-scio-seventh-intersection>

### **Ann Arbor Saline Road lane closures**

A lane in each direction of Ann Arbor Saline Road is closed for local storm sewer, sidewalk and curb work.

<https://www.a2elnel.com/blog/ann-arbor-saline-road-construction-begins-april-11>

### **Hoover Avenue, Greene Street, and Hill Street construction starts May 6th**

Road construction on Hoover Avenue, Greene Street, and Hill Street will start on May 6th, and is scheduled to complete in November. This is a big project - I've included a map of the affected area in my post, along with a copy of the letter sent by the City to local residents.

<https://www.a2elnel.com/blog/hoover-greene-hill-construction-begins-may-6th>

[6th](#)

Additionally the City has announced a traffic control plan for Hoover Ave in effect May 6-30.

<https://www.a2elnel.com/blog/traffic-control-plan-may-6th-30th-on-hoover-ave>

## **Maywood Storm Sewer and Water Main Upgrade Project (June to August 2019)**

Storm sewers and water mains will be upgraded along Maywood Avenue. Construction is currently scheduled to begin in early June and be completed by mid-August.

<https://www.a2elnel.com/blog/maywood-storm-sewer-and-water-main-upgrade-project-jun-aug-2019>

## **Website Updates**

In addition to writing this newsletter, I post updates to my website with my perspectives on how issues were resolved at City Council and details on how Council voted at each meeting. I also post information about meetings and issues that affect Ward 4 residents, along with news that affects all city residents.

You can see a listing of all my posts here: <https://www.a2elnel.com/blog/>

## **City Council Voting Chart for Apr 15, 2019**

<https://www.a2elnel.com/blog/city-council-voting-chart-for-apr-15-2019>

## **Friends of Greenview and Pioneer Woods Spring Workday May 18th**

## HIGHLIGHTS Council Meeting Agenda 5/6/19

Below is my summary of some issues on the City Council Agenda this week, with links to more information about each of them.

The full agenda in PDF format (along with links to each proposed ordinance/resolution) can be found on the A2Gov Legistar website here:

<https://a2gov.legistar.com/MeetingDetail.aspx?ID=6560048&GUID=8107E002>

<https://a2gov.registar.com/MeetingDetail.aspx?ID=656004&GUID=64C7E995-4064-4FF2-AB11-CB0242EF4B0C&Options=info&Search=>

If you have comments about any of these issues, feel free to email me at my official City email: [ENelson@A2gov.org](mailto:ENelson@A2gov.org)

## **Public hearings**

Anyone wanting to comment on these issues may speak for 3 minutes, without having specifically reserved time. **Issues subject to public hearing will also be up for a vote by Council later in the meeting**

### **PH-1/DB-1 ([19-0717](#)) Resolution to Approve the 309 N. Ashley Brownfield Plan (BRC Recommendation: Approval - 4 Yeas and 0 Nays)**

The developer of a property (four parcels) at 309 N. Ashley is pursuing tax increment financing through the Washtenaw County Brownfield Redevelopment Authority, which requires consent from the City of Ann Arbor. The property is eligible for Brownfield funds due to gasoline contamination, likely from a former gas station at an adjoining property (202 Miller Avenue).

### **PH-2/DB-2 ([18-2007](#)) Resolution to Approve 309 North Ashley Street Site Plan and Development Agreement, (CPC Recommendation: Approval - 9 Yeas and 0 Nays)**

This is a site plan for 309 N. Ashley Street, four parcels which are currently two vacant lots and two single family homes. The plan proposes a 39,080-square foot, five story residential building with two below-ground parking lots (34 spaces). It will have 17 to 25 units, depending on the preferences of potential buyers.

### **PH-3/DB-3 ([19-0403](#)) Resolution to Approve Bristol Ridge Site Plan and Development Agreement, 2750 Pontiac Trail (CPC Recommendation: Approval - 8 Yeas and 0 Nays)**

A site plan for 2750 Pontiac Trail called “Bristol Ridge” will allow construction of 69 townhouse dwelling units accessed from one drive off of Pontiac Trail. The Zoning Board of Appeals granted a variance from the required 138 parking spaces (current zoning requires two spaces per unit). This project will include

94 legal parking spaces in garages and surface spaces, plus an additional 34 “tandem” garage spaces and 69 driveway spaces.

**PH-4/DB-4 ([19-0703](#)) Resolution to Approve the Allen Annexation, 0.6 Acre, 595 Riverview Drive (CPC Recommendation: Approval - 9 Yeas and 0 Nays)**

A parcel of 0.6 acre at 595 Riverview Drive would be annexed into the city. It is currently part of Ann Arbor Township. The property is already within city water and sewer service area, current use is consistent with adjacent zoning, land uses, and master plan. The planning commission approved this annexation in a 9-0 vote.

**PH-5/B-1 ([19-0608](#)) An Ordinance to Amend Section 2:63 of Chapter 29 (Water Rates) of Title II of the Code of the City of Ann Arbor**

This is an adjustment (6% increase) to water rates, due to increasing operating and maintenance costs and to increase funding for capital improvement projects.

**PH-6/B-2 ([19-0607](#)) An Ordinance to Amend Section 2:64 of Chapter 29 (Sewer Rates) of Title II of the Code of the City of Ann Arbor**

This is an adjustment (7% increase) to sewer rates, in order to recover revenues required for the purposes of debt coverage and increasing operational costs of the sewage disposal system. In addition, revenue from this rate increase will be utilized for capital expenditures required to maintain and rehabilitate the sewer collection system.

**PH-7/B-3 ([19-0609](#)) An Ordinance to Amend Sections 2:69 of Chapter 29 (Stormwater Rates) of Title II of the Code of the City of Ann Arbor (ORD-19-13)**

This is an adjustment (13% increase) to stormwater rates to increase the level of service, including: best management practices, green infrastructure, monitoring of the conveyance systems, tree pruning, education and rehabilitation of infrastructure.

**PH-8/DS-1 ([19-0707](#)) Resolution to Approve FY 2020 Fee Adjustments for the Community Services Area**

#### **the Community Services Area**

Fee adjustments and new fees for Fiscal Year 2020 would increase charges for a long list of services within departments of Planning and Parks & Recreation. The charges reflect increases in expenses such as labor, materials and supplies, equipment, overhead, staffing, and utility costs.

#### **PH-9/DS-2 ([19-0601](#)) Resolution to Approve Fiscal Year 2020 Fee Adjustments for Public Services Area - Engineering, Public Works, Systems Planning, and Water Treatment Services Unit**

Fee adjustments for Fiscal Year 2020 would generate more revenue within the departments of Public Services: Engineering, Public Works, Systems Planning and Water Treatment Units. The increased revenue would balance expenditures and revenues in the proposed budget.

#### **PH-10 ([19-0805](#)) Resolution to Adopt Ann Arbor City Budget and Related Property Tax Millage Rates for Fiscal Year 2020**

This is a hearing on the proposed FY 2020 City Budget, totalling \$462 Million in revenue and \$430 million in expenditures. The city's total of full time employees (FTEs) is expected to increase from 745 to 758. (See link for extensive details). Also note that this public hearing topic will not be voted on at this meeting - the budget will be voted on at a future Council meeting.

### **Unfinished/New Business**

#### **B-1 ([19-0608](#)) An Ordinance to Amend Section 2:63 of Chapter 29 (Water Rates) of Title II of the Code of the City of Ann Arbor**

This is the same as PH-5 above.

#### **B-2 ([19-0607](#)) An Ordinance to Amend Section 2:64 of Chapter 29 (Sewer Rates) of Title II of the Code of the City of Ann Arbor**

This is the same as PH-6 above.

#### **B-3 ([19-0609](#)) An Ordinance to Amend Sections 2:69 of Chapter 29 (Stormwater Rates) of Title II of the Code of the City of Ann Arbor (ORD-19-13)**

This is the same as PH-7 above.

**C-1 ([19-0654](#)) An Ordinance to Amend Chapter 55 (Unified Development Code), Rezoning of 2.25 Acres from TWP (Township District) to R1A (Single Family Dwelling District), Admiraal/O'Brien Property, 1448 Warrington Drive (CPC Recommendation: Approval - 8 Yeas and 0 Nays)**

A 2.25 acre property at 1448 Warrington Drive has officially been annexed in the city and would now be zoned R1A (Single Family Dwelling District). This proposed zoning is consistent with adjacent zoning, the surrounding land uses, and the City's Master Plan. The Planning Commission recommended approval, 8-0.

**C-2 ([19-0722](#)) An Ordinance to Amend Section 5.15 (Table 5-15) and Section 5.16.6 of Chapter 55 (Unified Development Code) of Title V of the Code of the City of Ann Arbor (Accessory Dwelling Units)**

The zoning ordinance would be amended to revise the standards regulating the placement of Accessory Dwelling Units (ADUs) in the city. Proposed amendments would increase the number of zoning districts in which ADUs are allowed; approximately 2,900 more properties would be eligible to add an ADU. A detached ADU would be allowed in any legally conforming detached accessory structure (e.g. a garage). The minimum 5,000 sq. ft. lot size requirement would be removed.

**C-3 ([19-0560](#)) An Ordinance to Amend Section 5.15 (Table 5-15), Section 5.16.3, 5.16.7 and 5.37.2 of Chapter 55 (Unified Development Code) of Title V of the Code of the City of Ann Arbor (Temporary Outdoor Activities)**

Three new land uses would be added to the Unified Development Code: Temporary Outdoor Activity, Short Term Car Storage and Medium Car Storage. These are considered as an alternative to re-zoning a portion of a large parcel at the Briarwood Mall and would allow special sales and events in exceptionally large parking lots. Temporary activity longer than eight days or more than 16 days in a calendar year would require a special exception.

**C-4 ([19-0725](#)) An Ordinance to Amend Section 5.15 (Table 5-15), Section 5.16.3, and 5.37.2 of Chapter 55 (Unified Development Code) of Title V of the Code of the City of Ann Arbor (Mobile Food Vending Service)**

Mobile Food Vending Service (a.k.a. “food trucks”) would be permitted in all areas except for residential zoning districts. A Mobile Food Vending Service (MFVS) may occupy a parking area of 20 or fewer spaces, and it will not occupy other properties at a rate exceeding one MFVS per 20 parking spaces.

**DC-1 ([19-0710](#)) Resolution to Appoint Rosanne Bloomer to the Greenbelt Advisory Commission (7 Votes Required)**

Rosanne Bloomer will be appointed to the Greenbelt Advisory Commission. Her appointment fulfills an ordinance requirement that one member of the GAC be an “agricultural landowner/business operator.” She is not a registered elector of Ann Arbor so this appointment requires seven votes.

**DC-2 ([19-0857](#)) Resolution Recognizing the Service of Interim Police Chief Robert Pfannes**

The service of Interim Police Chief Robert Pfannes is recognized by this resolution. He has served the Ann Arbor community for more than 21 years in roles of Officer, Sergeant, Lieutenant, Deputy Chief, and (for the last year) as Interim Police Chief. In acknowledgement of his work, Robert Pfannes will be given the title of Chief for the period of time between now and the date of his retirement on May 24, 2019.

**DC-3 ([19-0878](#)) Resolution to Replace Councilmember Ackerman with Councilmember Ramlawi on the Independent Community Police Oversight Commission**

Council Member Ackerman would step down as liaison to the Independent Community Police Oversight Commission and Council Member Ramlawi would be appointed. Council Member Ramlawi is already the council liaison to the Human Rights Commission and previously participated in the choosing of appointees to the Independent Community Police Oversight Commission. This change assigns CM Ramlawi as liaison to both the Human Rights Commission and the Independent Community Police Oversight Commission.

**DC-4 ([19-0896](#)) Resolution to Authorize Settlement of Levenson v City of Ann Arbor, 22nd Circuit Court, Case No. 15-1284-NO**

A lawsuit (Levenson v. City of Ann Arbor) would be settled for \$40,000.

**DC-5 ([19-0887](#)) Resolution Supporting the Environmental Protection Agency’s Active Involvement with the Gelman Site and Encouraging its Listing of the same as a “Superfund” Site**

The City would communicate its desire for active involvement from the federal EPA, for response to and cleanup of contamination under CERCLA (the “Superfund” Act). The City Administrator would communicate this resolution to the Governor, requesting a concurrence letter in support of adding the Gelman Site to the National Priorities List (i.e. making Gelman a “Superfund” site). Support for this measure would be further communicated to all other relevant state and federal representatives for Washtenaw County.

**DC-6 ([19-0905](#)) Resolution Directing the City Administrator to Provide a Revised Residential Water Rate Structure**

The City Administrator would revise current residential water rate structure in accordance with a recent recommendation from Arcadis (Option 2). The current rate structure includes four tiers. This proposal would combine the top two tiers, for a residential water rate structure of three tiers.

**DC-7 ([19-0906](#)) Resolution to Adopt the FY 2019-2020 City Council Legislative Policy Agenda**

This resolution comes from the Council Policy Agenda committee. Long-term policy goals are listed under categories of inclusive community, financial stability, responsible economic development, protecting the environment, sustainable infrastructure, and workplace safety/security/rights to organize. The list addresses a range of issues: strictly local (e.g. parking assets downtown), state-wide (e.g. reform of the Headlee Amendment), and nationally relevant (e.g. federal funding of affordable housing). See link for comprehensive list.

**DC-8 ([19-0912](#)) Resolution to Negotiate Potential Purchase of “Canoe Fan” Artwork Installation in Gallup Park**

The City would negotiate purchase of the “Canoe Fan” artwork installation at Gallup Park for a sum of \$45,000. (This artwork was on loan with the hope that a buyer might subsequently donate it to the city; this has not occurred.) The expenditure is not part of the Capital Improvements Plan which already

includes over 20 pieces of public art. If negotiations are successful, the City Administrator would offer a proposal with recommended funding source for the May 20th City Council meeting.

**DB-1 ([19-0717](#)) Resolution to Approve the 309 N. Ashley Brownfield Plan (BRC Recommendation: Approval - 4 Yeas and 0 Nays)**

This is the same as PH-1 above.

**DB-2 ([18-2007](#)) Resolution to Approve 309 North Ashley Street Site Plan and Development Agreement, (CPC Recommendation: Approval - 9 Yeas and 0 Nays)**

This is the same as PH-2 above.

**DB-3 ([19-0403](#)) Resolution to Approve Bristol Ridge Site Plan and Development Agreement, 2750 Pontiac Trail (CPC Recommendation: Approval - 8 Yeas and 0 Nays)**

This is the same as PH-3 above.

**DB-4 ([19-0703](#)) Resolution to Approve the Allen Annexation, 0.6 Acre, 595 Riverview Drive (CPC Recommendation: Approval - 9 Yeas and 0 Nays)**

This is the same as PH-4 above.

**DS-1 ([19-0707](#)) Resolution to Approve FY 2020 Fee Adjustments for the Community Services Area**

This is the same as PH-8 above.

**DS-2 ([19-0601](#)) Resolution to Approve Fiscal Year 2020 Fee Adjustments for Public Services Area - Engineering, Public Works, Systems Planning, and Water Treatment Services Unit**

This is the same as PH-9 above.

## **Consent Agenda**

Below is the list of items included on tomorrow's Consent Agenda. If no one on Council specifically requests that an item be pulled for discussion, the whole of this list will be approved in a single vote. I encourage you to look at

this list and offer suggestions to me about anything you would like to see pulled for discussion.

**CA-1 ([19-0829](#)) Resolution to Close N. Fourth Avenue and E. Ann Street for the 24th Annual African-American Downtown Festival, Friday, May 31, 2019 to Saturday, June 1, 2019**

**CA-2 ([19-0660](#)) Resolution to Close North University for the Townie Street Party - Sunday, July 14, 2019 to Wednesday, July 17, 2019**

**CA-3 ([19-0662](#)) Resolution to Close Streets for the Townie Street Party - Ann Arbor Mile-Dart for Art on Monday, July 16, 2018**

**CA-4 ([19-0704](#)) Resolution to Approve Street Closings for the 2019 Rolling Sculpture Car Show - Friday, July 12, 2019**

**CA-5 ([19-0706](#)) Resolution to Approve Street Closing for the NTI Block Party - Wednesday, July 31, 2019 from Noon to Midnight**

**CA-6 ([19-0858](#)) Resolution to Approve Street Closings for the UA Block Party and Plumbers & Pipefitters 5K - Monday, August 12, 2019**

**CA-7 ([19-0776](#)) Resolution to Approve the 2019 Ann Arbor Jaycees Summer Carnival at Pioneer High School - June 17 to June 24, 2019**

**CA-8 ([19-0575](#)) Resolution to Award Construction Contract for the Geddes Dam Gate Recoating and Repairs Project to Gerace Construction Company, Inc. (\$828,000), to Appropriate Funds, and to Amend the Project Budget (8 Votes Required)**

**CA-10 ([19-0604](#)) Resolution to Approve a Contract with Liberty Security Group Inc. for Guest Services at the Guy C. Larcom City Hall (\$102,500.00) RFP #19-01**

**CA-11 ([19-0655](#)) Resolution to Approve Schedule 30 to the Interagency**

**Agreement for Collaborative Technology and Services for a Merit Networks Shared Internet Connection with Washtenaw County and the Ann Arbor Area Transportation Authority (AAATA) (\$38,743.34 over a 6-year period)**

**CA-12 ([19-0726](#)) Resolution Levying Certain Delinquent Water Utility, Board Up, Clean Up, Vacant Property Inspection Fees, Housing Inspection Fees, and Fire Inspection Fees as Special Assessments and Ordering Collection Thereof**

**CA-13 ([19-0729](#)) Resolution to Accept a Sanitary Sewer Easement at 609, 611, 613 and 615 Ironwood Drive from Charles Zent and Pamela Gearhart (8 Votes Required)**

**CA-14 ([19-0871](#)) Resolution Recognizing The Word of Life DBA: University Christian Outreach as a Civic Nonprofit Organization Operating in Ann Arbor for the Purpose of Obtaining a Charitable Gaming License**

**CA-15 ([19-0635](#)) Resolution to Authorize Professional Services Agreements with Tetra Tech of Michigan, PC for up to \$500,000.00 Hubbell, Roth, & Clark, Inc. for up to \$500,000.00 and OHM Advisors for up to \$300,000.00, all for General Civil Engineering Services (RFP #19-05)**

**CA-16 ([19-0640](#)) Resolution to Award Construction Contracts to E.T. MacKenzie Company and Inner City Contracting LLC. For On-Call Construction Services in the Amount of \$250,000.00 each per Year for a Period of Three Fiscal Years (RFP No. 19-04)**

**CA-17 ([19-0745](#)) Resolution to Award a Construction Contract to Cadillac Asphalt LLC (ITB. 4570, \$8,995,000.00) for the 2019 Street Resurfacing/Restoration Project, and to Appropriate \$675,000.00 from the Major Street Fund and \$1,917,500.00 from the Local Street Fund (8 Votes Required)**

**CA-18 ([19-0730](#)) Resolution to approve a Professional Services Agreement with Materials Testing Consultants, Inc. for Material Testing Services for**

**the 2019 Street Resurfacing/Restoration Project (\$139,530.00)**

**CA-19 ([19-0576](#)) Resolution to Award a Construction Contract to J. Ranck Electric, Inc. (ITB No. 4574) for 2019 RRFB Installations (\$95,750.00)**

**CA-20 ([19-0580](#)) Resolution to Award a Construction Contract to Douglas N. Higgins, Inc. for the 2019 Miscellaneous Utility Project (\$1,512,263.50)**

**CA-21 ([19-0630](#)) Resolution to Approve a Professional Services Agreement with Professional Services Industries, Inc., for Material Testing Services for the 2019 Miscellaneous Utility Project (\$37,250.00).**

**CA-22 ([19-0694](#)) Resolution to Award a Construction Contract to Fonson Company, Inc. (ITB No. 4569, \$853,846.00) and Appropriate the Remaining Fund Balance of \$1,285,227.00 from the Maintenance Facility Capital Projects Fund and Amend the Existing Maintenance Facility Construction Project for the W.R. Wheeler (Swift Run) Service Center PUD Non-motorized Improvements - Phase 2 Project (8 Votes Required)**

## **Additional thoughts...**

I've gotten a mixed bag of emails this week: a number of folks expressing concerns about Accessory Dwelling Units, people asking questions about construction projects, and a few emails about board and commission re-appointments.

Until very recently, the process of appointments to boards and commissions was controlled pretty tightly by the mayor, in terms of knowing the pool of applicants and making choices. i.e. Until very recently, council members could vote to approve or reject a candidate but had no idea who was being chosen ahead of who. To his credit, when new members of council raised concerns about this process (asking for more transparency), Mayor Taylor opened up the database of applicants. Council can now see the pool of applicants to these

database of applicants. Council can now see the pool of applicants to these boards and commissions, which certainly gives better context to the approve/reject vote for any individual person. Now that we can know who the applicants are and see resumes, Council can offer significantly more input than it once did.

To the extent that the appointment process is now more transparent (i.e. no longer Mayor-eyes-only), it's not surprising that there would be more discussion around the choices. When these terms end, it offers an opportunity to expand the circle of volunteer participation. There are other members of our community who would like to serve.

Council has discretion to approve or reject re-appointments that the Mayor brings forward. The Mayor, also, has the discretion to set aside applications for re-appointment and simply not present them to Council. I am aware of at least one well-respected commissioner whose re-appointment has been set aside by the Mayor. Several people have called me to express concerns about that, because this commissioner's leadership is highly valued among members of our community who feel marginalized. I hope the Mayor will change his mind.

To be perfectly honest, when I think about re-appointments, I consider how those positions are meant to be representative of our residents, an opportunity to hear more voices from our community. Appointees are not accountable to voters in the same way that elected officials are; appointments are subject to approval by the mayor and council. I do not "own" my seat any more than an appointee "owns" a seat on a board or commission.

On that note, I urge everyone to visit the link for board and commission openings in this newsletter, which I've included in every newsletter since the beginning. I meant it when I campaigned on a platform of transparency and I also meant it when I said that I wanted residents more involved in city decision making. I do believe there is an opportunity for more thoughtful discussion when we include a wider range of viewpoints.

Thank you for helping me represent Ward 4!

**Subject:** Introduction of Heidi Poscher

Jack,

I'm writing to introduce you and Heidi Poscher. Heidi is friend from long ago with whom I recently reconnected. My sister Sara and Heidi were best friends as teenagers. She and her family actually lived in your neighborhood. Although she now resides in California, Heidi maintains her Ann Arbor connection as a property owner. Some of her property is in Ward 4. That's why I want to put the two of you in touch.

Heidi is working on a residential development on Henry Street. I talked with her about the project and it struck me as being the kind of infill development that can help address the need for "workforce" housing along busy corridors, residential development that doesn't rely on cars to get to and from the downtown or other necessities such as grocery shopping.

At the same time, I recognize that the number of bedrooms (6) in each unit may raise questions about whether the housing is marketed towards students. Heidi shared with me both the logic behind the design as well as the zoning constraints. I concluded that this project could serve as an example of how market rate development can address "non-luxury" housing needs.

Heidi would welcome the opportunity to meet with you to explain the thinking behind the development and answer any questions you may have. I'd be glad to tag along and introduce the two of you in person.

- Will

Milshte....1.docx

**From:** Jack Eaton [REDACTED]  
**Subject:** Appointments  
**Date:** May 13, 2019 at 1:35 PM  
**To:** Jane Lumm [REDACTED]

I want to address the City's appointment process for Boards and Commissions. (I have also posted this on my FB page)

Let me begin with an apology for the length of this post.

Appointments must follow the process established in state law, the City Charter, City ordinance and Council resolution. For example, the Michigan Planning Enabling Act, MCL 125.3801, et seq, provides that appointments to the Planning Commission will be made by the Mayor and requires support from a majority of Council. Section 5.14 of the City Charter reflects the requirements of the State Act. Local and state law give the power of appointment to the Mayor but subject that power to the approval of a majority on Council.

Issues related to appointments and reappointments have been raised recently because the Council is about to consider dozens of reappointments. I believe that it is important that we all understand how the appointment process works and the appropriate roles of the Mayor and Council in that process.

Section 12.12 of the City Charter recognizes that there are three kinds of appointments, those made by the Mayor, those made by Council and those made by Council on the recommendation of the City Administrator. The method of appointment is usually provided for in the ordinance creating the Board or Commission. The process for removal of appointed officers is detailed in section 12.12. Notably, Section 4.5(a) of the City Charter provides that the powers of appointment and removal are not subject to the Mayor's veto.

Under the Planning Enabling Act, an appointee to the Planning Commission continues to hold that position until a new planning commission member has been appointed to replace them. Section 12.14 of the Charter requires vacancies to be filled within 30 days but allows that period to be extended to 60 days by Council resolution. Charter section 12.4 provides that an appointed officer may, with the consent of Council, continue to serve beyond the end of the officer's term until a new appointee has been appointed and assumes the duties of office. Thus, Planning Commission members continue to serve until replaced but all other Board and Commission members stop serving at the end of their terms unless Council passes a resolution allowing them to continue to serve.

An appointment to a Board or Commission typically requires the announcement of the intended appointment at one meeting and a vote of Council to approve the appointment at a subsequent meeting. It is possible to make an appointment at a single meeting if eight members of Council support the instant appointment. Some Commissions have term limits, other do not. It is well within the Mayor's discretion to choose not to reappoint a member of a Board or Commission. Similarly, it is well within the discretion of Council to not support an appointment or reappointment. These are the roles the Mayor and Council have.

In the past, Mayors have handled appointments differently. When Ingrid Shelton served as Mayor, she consulted Council prior to announcing appointments to ensure the appointments had majority support. That collaboration avoided public discord and the potential for embarrassment of the nominee. The current and prior Mayor enjoyed majority support on Council and could typically make appointments without consulting the whole Council.

Because the Mayor and Council exercise discretion at different points in the process, there are special challenges. For example, the Mayor can decide not to reappoint a Board or Commission member that Council would like to have reappointed. Similarly, the Mayor may choose to reappoint a person to a Board or Commission that the Council does not support. These two circumstances present different issues.

Opposition to appointments and reappointments is not unprecedented. During Mayor Hieftje's service he was warned that two potential appointees would face opposition. One of the potential nominees was a close political ally of the Mayor who accepted that warning by withdrawing from consideration. The other potential nominee was a young professional who was being considered for the DDA. That second nominee did not withdraw and the discussion at Council likely caused him embarrassment. Nonetheless he was approved on a 6-5 vote.

More recently, members of the former Taxicab Board proposed and crafted the transition of that Board to the current Transportation Commission. The Taxicab Board members who had worked so hard to fashion the new Transportation Commission were not appointed to that new Commission.

No one is entitled to any particular appointment. Similarly, no member of a Board or Commission is entitled to reappointment. The period during which the current Mayor and the prior Mayor had strong majorities on Council allowed them considerable leeway in the appointment process. The November 2018 Council election has added a few very independent voices to the Council and that has had an impact on the appointment process.

Shortly after the November election, I approached the Mayor and suggested that he change the way he made appointments to open up that process. I explained that allowing Council to have input before names were publicly announced would allow the nominee to avoid the embarrassment of not receiving Council support. He was receptive to that suggestion. After that discussion, two new members of Council followed up with the Mayor about opening up the appointment process. After that discussion, staff created a secure web page where Council members can see every application for Boards and Commissions. Now, when we consider an appointment, we also know who else has applied for that position.

Using the information available on the secure web page, Council members have lobbied to have vacancies filled with people other than the ones initially floated by the Mayor. This has resulted in private discussions and has avoided public embarrassment of nominees.

nominees.

On April 19, the Mayor emailed a list of about 46 names of people that he intended to reappoint to Boards and Commissions. I, and probably others, approached the Mayor to let him know which nominees might not have majority support. Of the 46 names, I believe I challenged 7. The Mayor informed me that he would let those people know that they faced being challenged and let them decide whether to face a public vote. One of the 7 appears to have withdrawn. Others remain on the list of reappointments. Some of those, have publicly lobbied for public support of their reappointment.

In the meantime, a very important voice on the Human Rights Commission has learned that she will not be reappointed. She represents an important minority perspective and has the respect of her HRC colleagues. It appears that she is not being reappointed because she was a forceful advocate for the Police Oversight Task Force's recommended ordinance.

The Mayor has the authority to offer the appointments he wants and the Council has the authority to push back on those appointments by not voting to confirm. Similarly, the Mayor has the right not to reappoint any Board or Commission member as he sees fit. Again, the Council has the right to push back on that by, among other things, not supporting a replacement for the position.

My approach to the appointments and reappointments coming to Council on May 20 is to seek diverse perspectives. I believe that deliberations on matters that come before Boards and Commissions benefit from an exchange of differing points of view. For example, the Planning Commission will be involved in the review and revision of our Master Plan. I would like that process to include many different community voices. Similarly, the Transportation Commission needs to be considerate of all modes of transportation as we improve our biking and pedestrian infrastructure. Those who have served on these commissions deserve our thanks and appreciation. They are not, however, entitled to reappointment merely because they have served one or more terms already.

It has been just six months since the voters dramatically changed the composition of Council. The Mayor and Council will establish a working relationship that serves the best interests of the City. The changes to the appointment process are an important step in establishing that relationship. The appointment process requires the Mayor and Council to work together to reach agreement on appointments that are acceptable to both.

Please remember to apply to serve on Boards and Commissions.

## Hello neighbors!

This week on City Council, our agenda includes the proposed budget for FY2020, three public hearings, a couple re-zonings in second reading, and some new/unfinished business appointing members to our boards and commissions.

Before I jump into my summary of items on the agenda, I need to announce that my usual coffee hours at RoosRoast are not taking place this Sunday. I will instead be participating in Council Caucus at 3 p.m., at City Hall. (We re-scheduled Caucus earlier, due to a Sunday evening event honoring John Dingell.) If you were already planning to attend my coffee hours at 3 p.m., I invite you to attend our Council Caucus instead at City Hall (2nd floor). Council Caucus is a great opportunity to ask questions and raise concerns among a larger group of council members. (I might be late for the 3 p.m. start time, because my son is in a theater performance at Pioneer that afternoon.)

This month, I also held a coffee hour at Brookhaven Manor (401 W. Oakbrook). I will be at Brookhaven again on Tuesday, June 11th at 9:30 a.m. All are welcome!

## Council Caucus

Some of us on City Council have decided to resume a tradition of “Council Caucus” on Sunday nights. I am looking forward to this opportunity for additional open, public conversation around the issues that matter to you!

**NOTE: Due to a previously scheduled gathering to celebrate John Dingell, Council Caucus for Sunday May 19th has been rescheduled to 3:00-5:00pm**

**Council Caucus**  
**Sunday May 19th (3:00-5:00 PM)**  
City Hall 2nd Floor  
301 E Huron St

**Agenda:**

- Public comment general time. (Three minutes, no need to signup in advance and speakers will be assigned in the order of arrival.)
- Discussion, primarily topics on the next day's Council agenda.

**More Information:**

- One or more council members will be present for each caucus.
- Children are welcome. (Books and crayons provided)

If there is public interest, then the caucus sessions will continue every Sunday before regular Council meetings.

For more information about Council Caucus, see the city website at:

<https://www.a2gov.org/departments/city-council/Pages/CityCouncilMeetings.aspx>

## **Boards and Commissions Applications**

Membership on Ann Arbor Boards and Commissions is constantly changing as terms end and appointees step down. We need you! You can find openings at the following link (or contact me directly)

<https://a2gov.granicus.com/boards/w/fe6c5e22e6f4a331/vacancies>

## **Ann Arbor Center of the City Task Force applications accepted until May 31st**

The Ann Arbor City Council is accepting applications for the new Center of the City Task Force. created to engage citizens in visioning. long-term planning.

...ing, planning, construction, engaging citizens in planning, long term planning, immediate and intermittent uses and building toward the final vision for the Center of the City on the Ann Arbor District Library Downtown Branch block.  
<https://www.a2inel.com/blog/apply-to-serve-on-the-ann-arbor-center-of-the-city-task-force>

The online application for Boards and Commissions is here:  
<http://a2gov.granicus.com/boards/forms/460/apply>

## Road Construction Updates

It's the season for road construction, and I post regular updates on my website about projects that affect Ward 4 residents. My posts include links to the City's website, so that you can find more information and contact info.

For information about these and other projects, the City has a page of road and lane closures, and a page of scheduled construction projects:

<https://www.a2gov.org/departments/engineering/traffic/Pages/Road-and-Lane-Closure.aspx>

<https://www.a2gov.org/departments/engineering/Pages/Construction-Projects.aspx>

## Updates since last newsletter

### Packard/Granger detour May 17th-19th

This weekend there is a detour around construction at the intersection of Packard and Granger.

<https://www.a2inel.com/blog/packard-granger-detour-may-17-19>

### Scio Church/Seventh new detour May 21st

A new detour will be put in place Tuesday May 21st at the intersection of Scio Church and Seventh Ave. Weather permitting, construction is scheduled to conclude June 14th.

<https://www.a2inel.com/blog/scio-church-road---seventh-ave-detour-begins-may-21st>

## **ITC State-Pioneer Transmission Line Project Update**

ITC Michigan provided an update on the State-Pioneer transmission line project.

<https://www.a2enel.com/blog/itc-state-pioneer-transmission-line-project-update-may-2019>

## **Previous Updates**

### **Ann Arbor Saline Road lane closures**

A lane in each direction of Ann Arbor Saline Road is still closed for local storm sewer, sidewalk and curb work.

<https://www.a2enel.com/blog/ann-arbor-saline-road-construction-begins-april-11>

### **Hoover Avenue, Greene Street, and Hill Street construction**

Road construction on Hoover Avenue, Greene Street, and Hill Street has started, and is scheduled to complete in November.

<https://www.a2enel.com/blog/hoover-greene-hill-construction-begins-may-6th>

<https://www.a2enel.com/blog/traffic-control-plan-may-6th-30th-on-hoover-ave>

### **Maywood Storm Sewer and Water Main Upgrade Project (June to August 2019)**

Storm sewers and water mains will be upgraded along Maywood Avenue. Construction is currently scheduled to begin in early June and be completed by mid-August.

<https://www.a2enel.com/blog/maywood-storm-sewer-and-water-main-upgrade-project-jun-aug-2019>

---

## **Additional Website Updates**

In addition to writing this newsletter, I post updates to my website

with my perspectives on how issues were resolved at City Council and details on how Council voted at each meeting. I also post information about meetings and issues that affect Ward 4 residents, along with news that affects all city residents.

You can see a listing of all my posts here: <https://www.a2inel.com/blog/>

### **City Council Voting Chart for May 6, 2019**

<https://www.a2inel.com/blog/city-council-voting-chart-for-may-6-2019>

### **Online Survey for Ann Arbor Transportation Plan open until May 20th**

<https://www.a2inel.com/blog/online-survey-for-ann-arbor-transportation-plan-open-until-may-20th>

## **A reminder about a few city resources:**

**A2 Fix It** This is an online system for alerting the city to problems in your neighborhood (e.g. potholes, graffiti, garbage pickup). This is the city's preferred method for hearing your complaint so they can direct appropriate staff to address it. I'm happy to hear from you, too, but city staff tell me that **the online A2FixIt system is actually the quickest and fastest way to get a response to the problem.** Information about A2FixIt (and explanation of more urgent issues and appropriate numbers to call) is here:

<https://www.a2gov.org/services/pages/report-a-problem.aspx>

**City News and Announcements** This is a helpful link to updates on events and opportunities in Ann Arbor through City Hall:

<https://www.a2gov.org/news/pages/default.aspx>

**City Department Updates** If you have specific interests related to the city's work, e.g. construction projects, deer management, recycling, you can subscribe to receive emailed updates on various topics found here:

<https://www.a2gov.org/services/Pages/E-mailAlertSubscription.aspx>

## HIGHLIGHTS Council Meeting Agenda 5/20/19

Below is my summary of some issues on the City Council Agenda this week, with links to more information about each of them.

The full agenda (including a link to the latest published PDF agenda) can be found on the A2Gov Legistar website here:

<https://a2gov.legistar.com/MeetingDetail.aspx?ID=656005&GUID=56DB3034-EB45-409A-820F-E3F0C42D104A&Options=info&Search=>

If you have comments about any of these issues, feel free to email me at my official City email: [ENelson@A2gov.org](mailto:ENelson@A2gov.org)

### Communications from the Mayor

#### **MC-1 ([19-0880](#)) Appointments - Confirmations**

Forty (40) current commissioners are presented for re-appointment; four (4) new people are presented for appointment. This list was first presented at the May 6th Council meeting, and will therefore be voted on at this (May 20th) Council meeting.

#### **MC-2 ([19-1044](#)) Resolution to appoint David Blanchard to the Housing and Human Services Advisory Board (7 Votes Required)**

David Blanchard is not a resident of the City of Ann Arbor, so this appointment requires 7 votes. This will be voted on at the next Council meeting.

### Consent Agenda

Below is the list of items included on tomorrow's Consent Agenda. If no one on Council specifically requests that an item be pulled for discussion, the whole of this list will be approved in a single vote. I encourage you to look at this list and offer suggestions to me about anything you would like to see pulled for discussion.

**CA-1 ([19-0914](#)) Resolution to Accept an Easement for Public Right-of-Way at 1550 Washtenaw Avenue from Zeta Tau Alpha Fraternity Housing Corporation (8 Votes Required)**

**CA-2 ([19-0916](#)) Resolution to Approve March 28, 2019 Recommendations of the Board of Insurance Administration**

**CA-3 ([19-0785](#)) Resolution to Approve an Agreement with CenturyLink Communications, LLC (CenturyLink) for up to \$35,000.00 for Relocation of Fiber Optic Lines for the Allen Creek Railroad Berm Opening Project**

**CA-4 ([19-0833](#)) Resolution to Approve a Construction Contract with Miller-Boldt Inc. for Replacement of the Primary Chiller at Guy C. Larcom City Hall and to Appropriate Funding from the General Capital Fund (\$190,000.00) and the General Fund Fund Balance (\$25,700.00) (ITB #4576 - \$349,000.00) (8 Votes Required)**

## **Public hearings**

Anyone wanting to comment on these issues may speak for 3 minutes, without having specifically reserved time. **Issues subject to public hearing will also be up for a vote by Council later in the meeting**

**PH-1/DS-1 ([19-0631](#)) Resolution No. 4 - Confirming the Northside STEAM Safe Routes to School Sidewalk Gap Special Assessment Roll**

Twenty-seven properties in the vicinity of Northside STEAM will be assessed for the cost of sidewalk improvements totaling \$94,339.78. Individual assessments range from \$1,257.86 to \$8,469.62. Assessments over \$1,200 will be divided into equal, annual installments.

**PH-2/B-1 ([19-0453](#)) An Ordinance to Amend Chapter 55 (Unified Development Code), Rezoning of 0.96 Acre from TWP (Township District) to R1C (Single-Family District), Dantzler Property, 2861 Stone School (CPC Recommendation: Approval - 7 Yeas and 0 Nays) (ORD-19-09)**

*A property at 2861 Stone School (south of Packard) is now officially annexed*

A property at 2861 Stone School (south of Packard) is now officially annexed into the city and will be zoned R1C, single family district.

**PH-3/B-2 ([19-0457](#)) An Ordinance to Amend Chapter 55 (Unified Development Code), Rezoning of 0.52 Acre from TWP (Township District) to R1B (Single-Family District), Ganger Property, 2660 Apple Way (CPC Recommendation: Approval - 7 Yeas and 0 Nays)**

A property at 2660 Apple Way is now officially annexed into the city and will be zoned R1B, single family district.

## **Ordinances - Second Reading**

**B-1 ([19-0453](#)) An Ordinance to Amend Chapter 55 (Unified Development Code), Rezoning of 0.96 Acre from TWP (Township District) to R1C (Single-Family District), Dantzler Property, 2861 Stone School (CPC Recommendation: Approval - 7 Yeas and 0 Nays) (ORD-19-09)**

This is the same as PH-2 above.

**B-2 ([19-0457](#)) An Ordinance to Amend Chapter 55 (Unified Development Code), Rezoning of 0.52 Acre from TWP (Township District) to R1B (Single-Family District), Ganger Property, 2660 Apple Way (CPC Recommendation: Approval - 7 Yeas and 0 Nays)**

This is the same as PH-3 above.

## **Motions and Resolutions**

**DC-1 ([19-0719](#)) Resolution to Reappoint Stephen Brown to the Environmental Commission**

**DC-2 ([19-0807](#)) Resolution to Reappoint Jonathan Overpeck to the Environmental Commission (7 Votes Required)**

Seven votes are required because Jonathan Overpeck is not a resident of Ann Arbor.

**DC-3 ([19-0849](#)) Resolution to Reappoint Jennifer Fike and John Ramsburgh to the Greenbelt Advisory Commission**

**DC-4 ([19-0892](#)) Resolution to Appoint Peter Greenfield to the Airport Advisory Committee (7 Votes Required)**

Seven votes are required because Peter Greenfield is not a resident of Ann Arbor.

**DC-5 ([19-0893](#)) Resolution to Appoint Bonnie Gabowitz to the Cable Communications Commission (7 Votes Required)**

Seven votes are required because Bonnie Gabowitz is not a resident of Ann Arbor.

**DC-6 ([19-0894](#)) Resolution to Appoint Dale Leslie and Tim Marshall to the Economic Development Corporation (7 Votes Required)**

Seven votes are required because Dale Leslie and Tim Marshall are not residents of Ann Arbor.

**DC-7 ([19-0895](#)) Resolution to Appoint Wayne Appleyard to the Energy Commission (7 Votes Required)**

Seven votes are required because Wayne Appleyard is not a resident of Ann Arbor.

**DC-8 ([19-0898](#)) Resolution to Appoint Molly Maciejewski to the Huron River Watershed Council (7 Votes Required)**

Seven votes are required because Molly Maciejewski is not a resident of Ann Arbor.

**DC-9 ([19-0899](#)) Resolution to Appoint Mohamed Al-Azem to the Human Rights Commission (7 Votes Required)**

Seven votes are required because Mohamed Al-Azem is not a resident of Ann Arbor.

**DC-10 ([19-0900](#)) Resolution to Appoint Paula Sorrell to the Local Development Finance Authority (7 Votes Required)**

Seven votes are required because Paula Sorrell is not a resident of Ann Arbor.

**DC-11 ([19-0902](#)) Resolution to Appoint Patricia Jenkins to the Housing Commission (7 Votes Required)**

Seven votes are required because Patricia Jenkins is not a resident of Ann Arbor.

**DC-12 ([19-0903](#)) Resolution to Appoint Howard Lazarus and Tom Crawford to the Ann Arbor Building Authority**

**DC-13 ([19-1037](#)) Resolution to Confirm Appointments to the Independent Community Police Oversight Commission of Members Who Are Not Registered Electors of the City (7 Votes Required)**

This confirmation of ICPOC appointments is necessary in order to reconcile language from the previous resolution with the City Charter. The original resolution describes an appointee as a “resident”; the charter refers to an appointee as “a registered elector of this City.” Appointees to the ICPOC who are not “a registered elector of this City” are confirmed with seven votes.

**DC-14 ([19-1039](#)) Motion to Reconsider the May 6, 2019 Vote that Approved the Resolution to Approve a Contract with Liberty Security Group, Inc. for Guest Services at the Guy C. Larcom City Hall (\$102,500.00) RFP #19-01**

A contract for \$102,500 with Liberty Security Group was passed at the last meeting (5/6/19). I am bringing it back for reconsideration (I can do this because I was on the prevailing side). See my “Additional Thoughts” section below for more explanation.

**DC-15 ([19-0709](#)) Resolution to Authorize Purchase of Canoe Fan Artwork and Appropriate \$40,000 from General Fund Unobligated Fund Balance (8 Votes Required)**

As authorized by Council on 5/6/19, the City has negotiated purchase of the “Canoe Fan” artwork installation at Gallup Park. The City will pay \$40,000, which will come from General Fund Unobligated Fund Balance.

**DC-16 ([19-0621](#)) Resolution No. 4 Confirming the Northside STEAM Safe**

**DS-1 ([19-0031](#)) Resolution NO. 4 - Confirming the Northside STEAM Safe Routes to School Sidewalk Gap Special Assessment Roll**

This is the same as PH-1 above.

**DS-2 ([19-0412](#)) Resolution to Approve a Contract with the Michigan Department of Transportation for the Northside STEAM Safe Routes to School Sidewalk Gap Project (\$415,874.00)**

Contract with MDOT (Michigan Dept. of Transportation) for construction related to the Northside STEAM Safe Routes to School Sidewalk Gap Project. The contract utilizes \$416,000 of federal grant funds, \$538,000 of millage funds, and \$94,000 in special assessments.

**DS-3 ([19-0805](#)) Resolution to Adopt Ann Arbor City Budget and Related Property Tax Millage Rates for Fiscal Year 2020**

The following budget amendments have been proposed:

1. Additional \$3 million for street resurfacing (Lumm)
2. Acceleration of Nixon Corridor Improvement Projects from FY2025 to FY2021 (Lumm)
3. Increase Police Staffing by two officers (Lumm)
4. Restore fall leaf and holiday tree pickup (Lumm)
5. Additional \$100,000 one-time funding (FY2020) for new streetlights (Lumm)
6. End deer culling operations in FY 2020 (Hayner)
7. Increase recurring annual contributions to fund pension liability (Hayner, Eaton)
8. Prioritization of Oakbrook asphalt path (Nelson)
9. Change the millage rate for the Streets, Bridges and Sidewalks Millage (Taylor)

Additionally - the amendment "Recognition of Parks Fairness Resolution with Budget Amendments" will be calculated after all amendments are considered.

---

**Additional thoughts...**

Two items appearing on the agenda this week were put there by me. I brought back DC-14 and I am offering an amendment to the budget to fix asphalt multi-modal paths on Oakbrook Drive.

At the last meeting, Council voted to approve a contract with Liberty Security Group, so that a newly-built desk in the lobby could be staffed for up to 80 hours a week. When I first heard about it, I was unsure about several aspects of the plan and considered voting against it. However, a few hours before our meeting, a City Hall employee emailed Council to express the idea that staff truly does feel exposed and vulnerable in our city building, and that security is needed. That single email was significant to me and it convinced me to vote for the contract. I do not spend forty hours a week at City Hall but I want to support the needs of people who do.

I am bringing back this contract for another vote because I realize now that I let that email influence me too much. More importantly, I don't believe that the contract is the solution to the problem described in that email. The approved contract would put a "security" person in the lobby, but this person would not be armed. The person would be available to identify problematic situations, but that person's ability to actually address a situation would be extremely limited.

Since the vote, I have gotten more detailed explanation from our city administrator about other significant security measures, soon to be implemented at City Hall. The other planned improvements will be much more effective in protecting our city employees and they do not require a person sitting at that desk. (I look forward to supporting those measures if they come before council for approval.) This past week, I also chatted with the city employee who sent Council that original email - he was able to share more details about his (and other staff) concerns, we talked about various strategies to address them.

I now believe that the Liberty Security Group contract is an expenditure with minimal impact or added safety benefit. Insofar as this person might act as a "greeter" to help visitors navigate City Hall, I don't feel good about spending

over \$100,000 (and out-sourcing) to provide that service. At our last meeting, this vote split 6-5, so when I bring it back and change my vote, it should change the result.

My other item on the agenda is a budget amendment to get multi-modal paths on West Oakbrook Drive repaired in FY2020. For anyone who doesn't know: Oakbrook Drive connects Ann Arbor Saline Road and South Main (south of Busch's, north of Whole Foods). It is an area where many residents walk to catch buses or access nearby retail. Many of these residents are older, living at Brookhaven Manor and Cranbrook Towers (both located on the south side of Oakbrook). When the 146 units at Balfour senior living development are completed at the corner of Oakbrook and Main, this area will have even more older residents in need of safe walkways.

The asphalt paths on Oakbrook have been in poor repair for years and are particularly terrible where they lead to the bus stop in front of Brookhaven Manor. The city's original plan for repairs was scheduled for FY2021. My amendment will allocate budget earlier, so that the crumbling path can be repaired sooner (at the same time as other needed pedestrian improvements on South Main). I hope my amendment passes and that the pedestrians on Oakbrook feel safer, sooner!

Thank you for helping me represent Ward 4!

To: Elizabeth Nelson [REDACTED] Jack Eaton [REDACTED] kgriswold@gmail.com, Jeffrey Hayner [REDACTED]

Per the two screenshots from Twitter... he/she's invited me to tea... yikes.

tina

@curtmark59

Come visit anytime. Ill serve you tea & show you how Jewett street, where i live, needs a continuous sidewalk on both sides of the street.

Have a nice day, councilmember Bannister, and change your vote tomorrow to support sidewalks on both sides of Traver. Your conscience will thank you.

Curt Mark, [REDACTED] ann arbor

P.s. why is Julie Weatherbee being let go? Why is Victoria Chang being let go? Don't do this! What about comity? Going after CM Ackerman was a grave error.

May 19

For argument sake let's say you're successful in blocking the sidewalk project. If someone gets hit by a car because of that effort on your part—how will you feel?

Why do you & Kathy Griswold talk the talk but vote against pedestrian safety at every turn?

If a child dies on Traver because of your efforts you'll never be the same again.

The majority of citizens in this town and in your district are for this project. It is not your job to advocate for the economic interests of a MINORITY of affected landowners.

5h

Thanks for replying, Curt, and for your advice. I did not expect serving on Council to be as much a quagmire as its turned out to be. Like you said, people mean well but are ill informed. Transparency, communication, plain language, these all need to be continually worked on.

**tina**  
@curtmark59

Please let us know who you really are, Tina Curt Mark...  
Everyone else steps out of the shadows, why not you, too?

May 19 ✓

Curt Mark is my name. tina is a nickname. And you can tell @A2indy not to bother since im self-employed, have very few friends, and am impervious to any 1954 dramshop laws you all might invoke to have me removed from office.

But you seem like a very nice person; well meaning if ill informed.

You should read more about urban planning, the use of infrastructure to incentivize use of public transit & bike paths, and you should understand that climate policy & housing policy are utterly linked. Unless we get density at the core of our city our fight for a decent TREE FILLED future is hamstrung.

Come visit anytime. Ill serve you tea & show you how Jewett street, where i live, needs a continuous sidewalk on both sides of the street.

Have a nice day, councilmember Bannister, and change your vote tomorrow to support sidewalks on both sides of Traver. Your conscience will thank you.
